Black Fire Robert Graysmith 2013-10-29 The first biography of the little-known real-life Tom Sawyer, told through a harrowing account of Sawyer's involvement in the hunt for a serial arsonist who terrorized mid-nineteenth century San Francisco. When San Francisco Daily Morning Call reporter Mark Twain met Tom Sawyer in 1863, he was seeking a subject for his first novel. He learned that Sawyer was a volunteer firefighter, local hero, and a former "Torch Boy," racing ahead of hand-drawn fire engines at night carrying torches to light the way. When a mysterious serial arsonist known as "The Lightkeeper" was in the process of burning San Francisco to the ground, Sawyer played a key role in stopping him, helping to contain what is now considered the most disastrous and costly series of fires ever experienced by an American metropolis. By chronicling how Sawyer took it upon himself to investigate, expose, and stop the arsonist, *Black Fire* details Sawyer's remarkable life and illustrates why Twain would later feel compelled to name his iconic character after him when writing *The Adventures of Tom Sawyer*. A vivid portrayal of the gritty, corrupt, and violent world of the Gold Rush-era West, *Black Fire* is the most vibrant and thorough account of Sawyer's relationship with Mark Twain, and of the devastating fires that baptized San Francisco.

Send a Girl! Jessica M. Rinker 2021-03-09 Brenda Berkman was often told that she couldn't do certain things because she was a girl. When she grew up, she longed for a job that was challenging, different every day, and required physical and mental strength. In 1977 when the New York City Fire Department finally complied with the Civil Rights Act (from 1964) by allowing women to take the FDNY exam, Brenda jumped at the chance. But the FDNY changed the rules of the exam so women wouldn't be able to pass it. Even a lot of men couldn't pass this new exam. So Brenda Berkman took the FDNY to court. In 1982, they finally made a fair test, and Brenda and 41 other women passed. Brenda went on to serve in the FDNY for 25 years, reaching the positions of Lieutenant and Captain, and was a first responder during the attacks on the Twin Towers on 9/11. After her retirement, Brenda founded the United Women Firefighters, an organization that helps train and prepare women to be firefighters. *Send a Girl!* is Brenda Berkman's inspiring story.

The Dating Dilemma Mariah Ankenman 2022-01-24 Lexi's Reminders * Work. * Don't think about your birthday tomorrow. Or debt, your crappy apartment, and nonexistent social life. * Re-stock wine and ice cream. * Die in a raging blaze of humiliation when the super-hot and very delicious fireman waiting in your office is not, in fact, a strip-o-gram birthday present. * Reschedule the fire safety inspection you 100 per cent failed because of said humiliation. * Agree to fake date Mr. Not-A-Strip-O-Gram-Fireman to help him win a bet. * Note: do not fall for anyone known as "One Night O'Neil." Red flag. * Remember that this is fake. Even if his very talented, very real lips are doing sexy things you definitely like. * Do not bend that one tiny rule. (Well, maybe just a little bit.) * Don't be too surprised that when you bend a rule, something is bound to break... Each book in *The Mile High Firefighters* series is STANDALONE: * *The Dating Dilemma* * *The Wedding Dilemma* * *The Firefighter's Dilemma*

Last Man Down Richard Picciotto 2003-05-06 A first responder's harrowing account of 9/11—the inspirational true story of an American hero who gave nearly everything for others during one of New York City's darkest hours. On September 11, 2001, FDNY Battalion Chief Richard "Pitch" Picciotto answered the call heard around the world. In minutes, he was at Ground Zero of the worst terrorist attack on American soil, as the Twin Towers of the World Trade Center began to burn—and then to buckle. A veteran of the 1993 bombing of the World Trade Center, Picciotto was eerily familiar with the inside of the North Tower. And it was there that he concentrated his rescue efforts. It was in its smoky stairwells where he heard and felt the South Tower collapse. He made the call for firemen and rescue workers to evacuate, while he stayed behind with a skeleton team of men to help evacuate a group of disabled and infirm civilians. And it was in the rubble of the North Tower where Picciotto found himself buried—for more than four hours after the building's collapse.

Breathing Fire Jaime Lowe 2021-07-27 A dramatic, revelatory account of the female inmate firefighters who battle California wildfires. Shawna was overcome by the claustrophobia, the heat, the smoke, the fire, all just down the canyon and up the ravine. She was feeling the adrenaline, but also the terror of doing something for the first time. She knew how to run with a backpack; they had trained her physically. But that's not training for flames. That's not live fire. California's fire season gets hotter, longer, and more extreme every year — fire season is now year-round. Of the thousands of firefighters who battle California's blazes every year, roughly 30 percent of the on-the-ground wildland crews are inmates earning a dollar an hour. Approximately 200 of those firefighters are women serving on all-female crews. In *Breathing Fire*, Jaime Lowe expands on her revelatory work for *The New York Times Magazine*. She has spent years getting to know dozens of women who have participated in the fire camp program and spoken to captains, family and friends, correctional officers, and camp commanders. The result is a rare, illuminating look at how the fire camps actually operate — a story that encompasses California's underlying catastrophes of climate change, economic disparity, and historical injustice, but also draws on deeply personal histories, relationships, desires, frustrations, and the emotional and physical intensity of firefighting. Lowe's reporting is a groundbreaking investigation of the prison system, and an intimate portrayal of the women of California's Correctional Camps who put their lives on the line, while imprisoned, to save a state in peril.

Things You Save in a Fire Katherine Center 2019-08-13 **INDIE NEXT PICK FOR AUGUST** **AN AUGUST 2019 LIBRARYREADS SELECTION** **BOOK OF THE MONTH PICK FOR JULY** **AN AMAZON EDITOR'S PICK FOR AUGUST** "Center gives readers a sharp and witty exploration of love and forgiveness that is at once insightful, entertaining, and thoroughly addictive." — KIRKUS, STARRED REVIEW "An appealing heroine, a compelling love story, a tearjerking twist, and a thoroughly absorbing story. Another winner from Center." — BOOKLIST, STARRED REVIEW "A spirited, independent heroine meets a smoking-hot fireman in Center's smart romance... If you enjoyed 'The Kiss Quotient,' by Helen Hoang, read Things You Save in a Fire" - THE WASHINGTON POST From the New York Times bestselling author of How to Walk Away comes a stunning new novel about courage, hope, and learning to love against all odds. Cassie Hanwell was born for emergencies. As one of the only female firefighters in her Texas firehouse, she's seen her fair share of them, and she's a total pro at other people's tragedies. But when her estranged and ailing mother asks her to give up her whole life and move to Boston, Cassie suddenly has an emergency of her own. The tough, old-school Boston firehouse is as different from Cassie's old job as it could possibly be. Hazing, a lack of funding, and poor facilities mean that the firemen aren't exactly thrilled to have a "lady" on the crew—even one as competent and smart as Cassie. Except for the infatuation-inspiring rookie, who doesn't seem to mind having Cassie around. But she can't think about that. Because love is girly, and it's not her thing. And don't forget the advice her old captain gave her: Never date firefighters. Cassie can feel her resolve slipping...and it means risking it all—the only job she's ever loved, and the hero she's worked like hell to become. Katherine Center's Things You Save in a Fire is a heartfelt and healing tour-de-force about the strength of vulnerability, the nourishing magic of forgiveness, and the life-changing power of defining courage, at last, for yourself.
