Ayya's Accounts Anand Pandian 2014-03-17 "An absorbing exploration of one man's life" —as an orphan, refugee, shopkeeper, and grandfather—through a century of upheaval in India (Library Journal). Born in colonial India into a despised caste of former tree climbers, Ayya lost his mother as a child and came of age in a small town in lowland Burma. Forced to flee at the outbreak of World War II, he made a treacherous 1,700-mile journey by foot, boat, bullock cart, and rail back to southern India. Becoming a successful fruit merchant, Ayya educated and eventually settled many of his descendants in the United States. Luck, nerve, subterfuge, and sorrow all have their place along the precarious route of his advancement. Emerging out of tales told to his American grandson, Ayya's Accounts embodies a simple faith—that the story of a place as large and complex as modern India can be told through the life of a single individual. "At once a mesmerizing memoir of an ordinary man's life and an anthropologist's revealing examination of the astounding changes experienced by persons and families . . . impossible to put down." —South Asia "No one deemed a superhero by the movies has had a more interesting life with such extraordinary sweep." —Scott Simon, NPR Weekend Edition

The Boy in the Garden Allen Say 2010-10-18 There was a story that Mama read to Jiro: Once, in old Japan, a young woodcutter lived alone in a little cottage. One winter day he found a crane struggling in a snare and set it free. When Jiro looks out the window into Mr. Ozu's garden, he sees a crane and remembers that story. Much like the crane, the legend comes to life—and, suddenly, Jiro finds himself in a world woven between dream and reality. Which is which? Allen Say creates a tale about many things at once: the power of story, the allure of the imagined, and the gossamer line between truth and fantasy. For who among us hasn't imagined ourselves in our own favorite fairy tale?

Prairie Days Patricia MacLachlan 2020-05-26 A delicate, stunning account of life on the prairie from Newbery medalist Patricia MacLachlan. There are wagon rides, farm dogs, trips into town, and games of kick the can. These are prairie days. Patricia MacLachlan applies her lyrical, sparse voice and vibrant, tender art from Micha Archer to transport readers to the prairie of her youth in this stunning celebration of the beauty in the world.

Honoring the Doughboys Jeffrey A. Lowdermilk 2014 The author's passion for World War I and of military history began as a lad when he listened to his grandfather, George A. Carlson, tell his life's stories about serving as a 'doughboy' in Europe during the Great War. When his grandfather passed away in 1982, his mother gave to Jeff her father's amazing diary, which included not only lengthy

Grandfather's Journey (Read-Aloud) Allen Say 2013-11-05 In this Caldecott Medal-winning picture book, master storyteller Allen Say chronicles his family's history between Japan and California. A lyrical, breathtaking tale of one man's love for two countries, *Grandfather's Journey* is perfect for fans of *Last Stop on Market Street* and *Thank You, Omu!* Through pensive portraits and delicately faded art, Allen Say pays tribute to his grandfather's persistent longing for home that continues within Allen. This restlessness and constant desire to be in two places speaks to a universal experience as well as the deeply personal ties of family to place, and what it means to be at home in more than one country. Both a celebration of heritage and a poignant exploration of the struggles we inherit, *Grandfather's Journey* is a modern classic perfect for every household.

Al Capone Does My Shirts Gennifer Choldenko 2006-04-20 The Newbery Honor Book and New York Times Bestseller that is historical fiction with a hint of mystery about living at Alcatraz not as a prisoner, but as a kid meeting some of the most famous criminals in our history. *Al Capone Does My Shirts* has become an instant classic for all kids to read! Today I moved to Alcatraz, a twelve-acre rock covered with cement, topped with bird turd and surrounded by water. I'm not the only kid who lives here. There are twenty-three other kids who live on the island because their dads work as guards or cooks or doctors or electricians for the prison, like my dad does. And then there are a ton of murderers, rapists, hit men, con men, stickup men, embezzlers, connivers, burglars, kidnappers and maybe even an innocent man or two, though I doubt it. The convicts we have are the kind other prisons don't want. I never knew prisons could be picky, but I guess they can. You get to Alcatraz by being the worst of the worst. Unless you're me. I came here because my mother said I had to. Seven Days in May Kim Izzo 2017-04-25 "In this, her third novel, Kim Izzo renders the last voyage of the Lusitania in such terrifyingly accurate detail that we readers cannot help but feel we too are aboard that doomed ship—and in Winston Churchill's ultra-secret lair, Room 40—as the ineluctable forces of history converge." — Erik Larson, bestselling author of *The Splendid and the Vile* For readers of Kate Williams, *Beatriz Williams* and Jennifer Robson, a captivating novel of love and resilience during the Great War, inspired by the author's family history. As the First World War rages in continental Europe, two New York heiresses, Sydney and Brooke Sinclair, are due to set sail for England. Brooke is engaged to marry impoverished aristocrat Edward Thorpe-Tracey, the future Lord Northbrook, in the wedding of the social calendar. Sydney has other adventures in mind; she is drawn to the burgeoning suffragette movement, which is a constant source of embarrassment to her proper sister. As international tempers flare, the German embassy releases a warning that any ships making the Atlantic crossing are at risk. Undaunted, Sydney and Brooke board the Lusitania for the seven-day voyage with Edward, not knowing that disaster lies ahead. In London, Isabel Nelson, a young woman grateful to have escaped her blemished reputation in Oxford, has found employment at the British Admiralty in the mysterious Room 40. While she begins as a secretary, it isn't long before her skills in codes and cyphers are called on, and she learns a devastating truth and the true cost of war. As the days of the voyage pass, these four lives collide in a struggle for survival as the Lusitania meets its deadly fate.

Kamishibai Man Allen Say 2005-10-24 The Kamishibai man used to ride his bicycle into town where he would tell stories to the children and sell them candy, but gradually, fewer and fewer children came running at the sound of his clappers. They were all watching their new televisions instead. Finally, only one boy remained, and he had no money for candy. Years later, the Kamishibai man and his wife made another batch of candy, and he pedaled into town to tell one more story—his own. When he comes out of the reverie of his memories, he looks around to see he is surrounded by familiar faces—the children he used to entertain have returned, all grown up and more eager than ever to listen to his delightful tales. Using two very different yet remarkable styles of art, Allen Say tells a tale within a tale, transporting readers seamlessly to the Japan of his memories.

Grandfather's Wrinkles Kathryn England 2007-10-01 Lucy and her grandfather are the focus of this poignant and warm story that teaches that wrinkles are badges of happiness rather than signs of age. Lucy asks Granddad, "Why doesn't your skin fit you? It's all crinkly," to which he replies, "Those

crinkles are called wrinkles,” each of which he got when he smiled especially big. As Lucy traces Granddad's joy-filled face, he describes his memories and shares the cause of each line—his wedding day, Lucy's mother's birth, precious moments from her childhood, and Lucy's birth, among others. Beautiful drawings recreate each thoughtful memory, and the recollections showcase an intimate bond between the two generations.

Grandfather's Journey Allen Say 2013-11-05 When he was a young man, Allen Say's grandfather left his home in Japan to explore the world. He began his journey by crossing the Pacific Ocean on a steamship, then wandered the deserts, farmlands, and cities of North America. This twentieth-anniversary edition of the modern classic features an introduction by Allen Say.

Grandfather and the Moon Stéphanie Lapointe 2017-05-01 An award-winning graphic novel from Quebec — for fans of *Jane, the Fox and Me* and *A Year Without Mom* This moving graphic novel tells the story of the affection between a girl and her grandfather. When the grandfather withdraws in grief after his wife dies, the girl is determined to live life fully herself and enters an extraordinary contest — the result is a sensitive portrayal of pursuing a dream. Grandfather, a man of few words, is devastated when his beloved wife succumbs to cancer, and he sinks into depression. His granddaughter (“Mémère,” as he calls her) has a different response. She decides to enter the Who Will Go to the Moon Contest, and when she actually wins, she hopes that Grandfather will be proud of her. She embarks on the thrilling journey and at first it is wonderful, but just as she is about to reach the moon, her journey takes an unexpected turn. Written by Stéphanie Lapointe and beautifully illustrated by Rogé, this imaginative graphic novel explores intergenerational relationships, love, death, dreams and illusions. Granddaddy's Turn Michael S. Bandy 2015 A young boy witnesses his proud, hardworking grandfather dress in his best suit and go to town so that he can vote for the first time.

Grandfather's Journal Tom Maxwell 2014-10-15 In 2012, after sharing a number of sea stories with my only grandson, I was told I needed to write a life journal to include my years as a child in the Philippine Islands just following World War II. The journal, which addressed a time from June 7, 1935 to December 28, 2013, includes the important events of my life, including my twenty-seven years in the US Navy. As could be expected, there are more reflections from my years as a naval aviator, flying combat missions in Vietnam and numerous secret missions against the Soviet Union during the Cold War. Not as exciting, but just as important, was my journal following my naval service after my retirement in December 1982. Most importantly, I have shared what took place in my life on June 9, 1977, two days after my 42nd birthday and two days before my oldest son graduated from high school, when I accepted Jesus Christ as the Lord and Savior of my life. This event radically changed my life and immediately healed a broken family. It also addressed the thirty-plus years in which I was called as a volunteer to serve the least of these in our prison systems. If I have a desire for the journal, it would be that it encourage others to address the importance of their spiritual needs before age forty-two and that it would challenge my grandchildren in their walk with Christ.

Grandfather's Journey 1993 A Japanese American man recounts his grandfather's journey to America which he later also undertakes, and the feelings of being torn by a love for two different countries.

The Sign Painter Allen Say 2000-10-30 In his Caldecott acceptance speech for GRANDFATHER'S JOURNEY, Allen Say told of his difficulty in separating his dreams from reality. For him this separation was not as important as finding a meaning behind the contradictions and choices we all must make in life and their consequences. Early one morning a boy comes into town, hungry, and looking for work. He meets a sign painter who takes him on as a helper. The boy yearns to be a

painter. The man offers him security. The two are commissioned to paint a series of billboards in the desert. Each billboard has one word, Arrowstar. They do not know its meaning. As they are about to paint the last sign, the boy looks up and sees in the distance a magnificent structure. Is it real? They go to find out. Through a simple text and extraordinary paintings, the reader learns of the temptation of safe choices and the uncertainties of following a personal dream. Here Allen Say tells a haunting and provocative story of dreams and choices for readers of all ages.

The Bicycle Man Allen Say 1989-03-27 The amazing tricks two American soldiers perform on a borrowed bicycle are a fitting finale for the school sports day festivities in a small village in occupied Japan.

Remembering Our Grandfathers' Exile Gail Y. Okawa 2020-08-31 When author Gail Okawa was in high school in Honolulu, a neighbor mentioned that her maternal grandfather had been imprisoned in a World War II concentration camp on the US mainland. Questioning her parents, she learned only that "he came back a changed man." Years later, as an adult salvaging that grandfather's memorabilia, she found a mysterious photo of a group of Japanese men standing in front of an adobe building, compelling her eventually to embark on a project to learn what happened to him. *Remembering Our Grandfathers' Exile* is a composite chronicling of the Hawai'i Japanese immigrant experience in mainland exile and internment during World War II, from pre-war climate to arrest to exile to return. Told through the eyes of a granddaughter and researcher born during the war, it is also a research narrative that reveals parallels between pre-WWII conditions and current twenty-first century anti-immigrant attitudes and heightened racism. The book introduces Okawa's grandfather, Reverend Tamasaku Watanabe, a Protestant minister, and other Issei prisoners—all legal immigrants excluded by law from citizenship—in a collective biographical narrative that depicts their suffering, challenges, and survival as highly literate men faced with captivity in the little-known prison camps run by the U.S. Justice and War Departments. Okawa interweaves documents, personal and official, and internees' firsthand accounts, letters, and poetry to create a narrative that not only conveys their experience but, equally important, exemplifies their literacy as ironic and deliberate acts of resistance to oppressive conditions. Her research revealed that the Hawai'i Issei/immigrants who had sons in military service were eventually distinguished from the main group; the narrative relates visits of some of those sons to their imprisoned fathers in New Mexico and elsewhere, as well as the deaths of sons killed in action in Europe and the Pacific. Documents demonstrate the high degree of literacy and advocacy among the internees, as well as the inherent injustice of the government's policies. Okawa's project later expanded to include New Mexico residents having memories of the Santa Fe Internment Camp—witnesses who provide rare views of the wartime reality.

In the Footsteps of Crazy Horse Joseph Marshall 2015-11-10 Jimmy McClean is a Lakota boy—though you wouldn't guess it by his name: his father is part white and part Lakota, and his mother is Lakota. When he embarks on a journey with his grandfather, Nyles High Eagle, he learns more and more about his Lakota heritage—in particular, the story of Crazy Horse, one of the most

important figures in Lakota and American history. Drawing references and inspiration from the oral stories of the Lakota tradition, celebrated author Joseph Marshall III juxtaposes the contemporary story of Jimmy with an insider's perspective on the life of Tasunke Witko, better known as Crazy Horse (c. 1840–1877). The book follows the heroic deeds of the Lakota leader who took up arms against the US federal government to fight against encroachments on the territories and way of life of the Lakota people, including leading a war party to victory at the Battle of the Little Bighorn. Along with Sitting Bull, Crazy Horse was the last of the Lakota to surrender his people to the US army. Through his grandfather's tales about the famous warrior, Jimmy learns more about his Lakota heritage and, ultimately, himself. American Indian Youth Literature Award

Home of the Brave Allen Say 2002-04-30 In dreamlike sequences, a man symbolically confronts the trauma of his family's incarceration in the Japanese internment camps during World War II. This infamous event is made emotionally clear through his meeting a group of children all with strange name tags pinned to their coats. The man feels the helplessness of the children. Finally, desperately he releases the name tags like birds into the air to find their way home with the hope for a time when Americans will be seen as one people—not judged, mistrusted, or segregated because of their individual heritage. Sixty years after thousands of Japanese Americans were unjustly imprisoned, the cogent prose and haunting paintings of renowned author and illustrator Allen Say remind readers of a dark chapter in America's history.

Silent Days, Silent Dreams Allen Say 2017-10-31 Caldecott Medal winner Allen Say brings his lavish illustrations and hybrid narrative and artistic styles to the story of artist James Castle. James Castle was born two months premature on September 25, 1899, on a farm in Garden Valley, Idaho. He was deaf, mute, autistic, and probably dyslexic. He didn't walk until he was four; he would never learn to speak, write, read, or use sign language. Yet, today Castle's artwork hangs in major museums throughout the world. The Philadelphia Museum of Art opened "James Castle: A Retrospective" in 2008. The 2013 Venice Biennale included eleven works by Castle in the feature exhibition "The Encyclopedic Palace." And his reputation continues to grow. Caldecott Medal winner Allen Say, author of the acclaimed memoir *Drawing from Memory*, takes readers through an imagined look at Castle's childhood, allows them to experience his emergence as an artist despite the overwhelming difficulties he faced, and ultimately reveals the triumphs that he would go on to achieve.

The Ink-Keeper's Apprentice Allen Say 2006-09-25 Thirteen-year-old Kiyoi, an apprentice to the famous cartoonist, Noro Shinpei, tries to develop his talent and become self-reliant, in this novel based upon the author's own boyhood in Japan.
