Many of the crime and detective stories of the Victorians, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

THE COLLECTED WORKS OF ETHEL LINA WHITE Ethel Lina White 2023-11-21 *Some Must Watch*: Set in early 20th century England, on the Welsh border, the novel tells the story of a serial killer who murders disabled young women in the community. His next victim apparently is Helen, a mute girl working as a maid for the wealthy, bedridden Mrs. Warren. Mrs. Warren urges her to leave the house, as does Dr. Parry, who knows the reason for Helen's loss of speech and hopes to help her get her voice back. *Fear Stalks the Village*: Series of poison pen letters cause panic in a small, quiet English village and soon after, the murders start happening. As the fear arises, Joan Brooks, who used to live a peaceful life, is forced to act fast in order to save the lives of her loved ones and her own. *She Faded into Air*: The story of the alleged disappearance of Evelyn Cross was too fantastic for credence. Yann Tiersen - Kerber Yann Tiersen 2021-07-01 (Piano Solo Songbook). "I think there is a similarity between the infinite big and the infinite smallness of everything," says Yann Tiersen. "It's the same experiment looking through a microscope as it is a telescope." Named after a chapel in a small village on the island of Ushant, Kerber marks a new chapter in critically-acclaimed composer Yann Tiersen's career. A chapter still true to Tiersen's nuanced and subtle approach but one that sets out with his most overtly electronic material to date. Beautifully textured, highly immersive and thoughtfully constructed, Tiersen creates an electronic world, providing an environment in which the piano source exists. A sense of place has often been a central theme in Tiersen's work and here that is no different. Each track is tied to a place mapping out the immediate landscape that surrounds Tiersen's home, linking back to his thoughts on the possibilities of the infinite smallness. This official, exclusive folio is beautifully printed on high-quality, uncoated paper with striking graphic artwork. All seven pieces are presented for solo piano and follow an exclusive introduction to

the project.

No-Signal Area Robert Perisic 2020-05-05 Oleg and Nikola—hustlers, entrepreneurs, ambassadors of capitalism—have come to the town of N to build an obsolete turbine, never mind why. Enlisting the help of former engineer Sobotka, they reopen the old turbine factory, preaching the gospel of “self-organization” and bringing new life to the depressed post-communist town. But as the project spins out of control, Oleg and Nikola find themselves increasingly entangled with the locals, for whom this return to past prosperity brings bitter reckonings and reunions. At once a savage sendup of our current political moment and a rueful elegy for what might have been, this sprawling novel blends tragedy and comedy in its portrayal of ordinary people wondering where it all went wrong, and whether it could have gone any other way.

With difficulty, she learned to read lips—an invaluable skill that may soon get her killed. She is at an art gallery when, quite by chance, she spies an interesting conversation across the room. Without meaning to, she eavesdrops, and learns of a shocking plan to commit a most fearsome robbery. She doesn't know what to do until she learns that, after she left, the two men asked after her, and learned about her special talent. Now only the demure detective Maud Silver can halt the robbery and save Paulina's life.
