The Encyclopaedia Britannica: Refectory-Sainte Beuve 1911 "The last great work of the age of reason, the final instance when all human knowledge could be presented with a single point of view ... Unabashed optimism, and unabashed racism, pervades many entries in the 11th, and provide its defining characteristics ... Despite its occasional ugliness, the reputation of the 11th persists today because of the staggering depth of knowledge contained with its volumes. It is especially strong in its biographical entries. These delve deeply into the history of men and women prominent in their eras who have since been largely forgotten - except by the historians, scholars"-- The Guardian, <https://www.theguardian.com/books/booksblog/2012/apr/10/encyclopedia-britannica-11th-edition>.

Deep Sea One P. W. Child 2015-02-04 After barely escaping the perilous expedition to the Antarctic to locate a WW2 Nazi Ice Station Dave Purdue once more elicits the help of historian Dr. Nina Gould and award winning investigative journalist Sam Cleave. When the maintenance submersible from Purdue's oil drill, Deep Sea One, goes missing off the coast of Scotland in the North Sea, he discovers the wreck of a sunken WWII German submarine beneath. Inside, Purdue, Sam and Nina find an ancient book containing various ciphers and clues implicating the location of one of Hitler's most sought after relics, the legendary Spear of Destiny. With Purdue's new and mysterious bodyguard, Calisto, they hire a guide and set out to the breath taking beauty and danger of the mighty Tibetan Himalayas to seek out a shrine mentioned in the antique book. They manage to obtain an important clue before having to escape the wrath of the mountain shrine's guardians. When unexplained freak storms start to plague the offshore oil platform, some of the crew fear that something ancient and powerful is at work. The discovery of an antique Roman chest reveals what Nina, Sam and Purdue may have been looking for, but is it the real thing or is it a decoy? While examining the artifact, Nina realizes that there is much more to the legendary sovereignty of the Spear and the real reasons why Hitler coveted it. But with the British Secret Service infiltrating Purdue's consorts and the notorious Order of the Black Sun making their appearance, there is another kind of storm brewing on the horizon. A menacing and primordial tempest from obscurity is creeping over the North Sea to engulf Deep Sea One. Deep Sea One leads the reader on a roller-coaster ride in search of a legend. Packed with breathtaking suspense and nerve-shredding action, Deep Sea One is a thrilling read for all fans of action, suspense, and intrigue.

The Vault of Hercules (Order of the Black Sun Book 16) P. W. Child 2017-03-04 Billionaire explorer David Purdue accidentally steals the wrong relic from under the nose of an old foe, archaeologist Prof. Rita Medley. What he doesn't know, however, is that her husband, who is always by her side, is part of the mafia family Cosa Nostra and harbors some secrets of his own. Meanwhile, investigative journalist Sam Cleave learns that the daughter of his best friend, MI6 agent Patrick Smith, has been abducted from her home. Patrick blames his involvement with Sam Cleave and Dave Purdue for his daughter's kidnapping. But Sam, investigating the kidnappings, realizes that the young girl is but one of seven girls taken from all over Europe. What they've been kidnapped for, is the awful question. When Prof. Medley and her unsavory husband track Purdue down for the relic he stole, Purdue cuts a deal with them to help locate the Vault of Hercules, an arcane legend known only to those who have possessed the stolen relic before. Historian Dr. Nina Gould accompanies Purdue, Cleave, and Prof. Medley's people on an expedition to Greece to find the vault, which reputedly alters regular children into proverbial demigods. But both Prof. Medley's husband and Sam have hidden agendas fueling their reasons for locating the chamber. Sam finds out that the abduction of the girls is linked to the search for the vault, but will he be able to save the children without exposing his mission? Time is running out for the kidnapped girls, while the expedition party barely functions in the midst of all the distrust and danger. Will they be able to make it to Greece on time to discover the Vault of Hercules before falling prey to forces on their tracks? A word from the author: Hello and thank you for your interest in my book. It has come to my attention that some people have been mistaking my books for those written by the famous author duo Douglas Preston and Lincoln Child. This is not the case. I wish to clarify that I am not, by any means, related to Douglas Preston or Lincoln Child, Lee Child or any other author called Preston Child. I hope this clears up the confusion. The Vault of Hercules leads the reader on a roller-coaster ride in search of a legend. Packed with breathtaking suspense and nerve-shredding action, The Vault of Hercules is a thrilling read for all fans of action, suspense, and intrigue.
