One Italian Summer Rebecca Serle 2022-03-01 INSTANT NEW YORK TIMES BESTSELLER In this “magical trip worth taking” (Associated Press), the New York Times bestselling author of In Five Years returns with a powerful novel about the transformational love between mothers and daughters set on the breathtaking Amalfi Coast. When Katy’s mother dies, she is left reeling. Carol wasn’t just Katy’s mom, but her best friend and first phone call. She had all the answers and now, when Katy needs her the most, she is gone. To make matters worse, their planned mother-daughter trip of a lifetime looms: to Positano, the magical town where Carol spent the summer right before she met Katy’s father. Katy has been waiting years for Carol to take her, and now she is faced with embarking on the adventure alone. But as soon as she steps foot on the Amalfi Coast, Katy begins to feel her mother’s spirit. Buoyed by the stunning waters, beautiful cliffsides, delightful residents, and, of course, delectable food, Katy feels herself coming back to life. And then Carol appears—in the flesh, healthy, sun-tanned, and thirty years old. Katy doesn’t understand what is happening, or how—all she can focus on is that she has somehow, impossibly, gotten her mother back. Over the course of one Italian summer, Katy gets to know Carol, not as her mother, but as the young woman before her. She is not exactly who Katy imagined she might be, however, and soon Katy must reconcile the mother who knew everything with the young woman who does not yet have a clue. “Rebecca Serle is known for her powerful stories that tug at the heartstrings—and her latest is just as unforgettable” (Woman’s World) as it effortlessly shows us how to move on after loss, and how the people we love never truly leave us.

Take Your Kids to Europe Cynthia Harriman 2007-12-01 From planning and survival tips to youth hostels, restaurants, camping, language, and renting homes, this guide makes it possible to take the kids to Europe safely and, perhaps more importantly, sanely. *The Whole-Brain Child* Daniel J. Siegel 2011-10-04 NEW YORK TIMES BESTSELLER • More than 1 million copies in print! • The authors of *No-Drama Discipline* and *The Yes Brain* explain the new science of how a child's brain is wired and how it matures in this pioneering, practical book. "Simple, smart, and effective solutions to your child's struggles."—Harvey Karp, M.D. In this pioneering, practical book, Daniel J. Siegel, neuropsychiatrist and author of the bestselling *Mindsight*, and parenting expert Tina Payne Bryson offer a revolutionary approach to child rearing with twelve key strategies that foster healthy brain development, leading to calmer, happier children. The authors explain—and make accessible—the new science of how a child's brain is wired and how it matures. The "upstairs brain," which makes decisions and balances emotions, is under construction until the mid-twenties. And especially in young children, the right brain and its

emotions tend to rule over the logic of the left brain. No wonder kids throw tantrums, fight, or sulk in silence. By applying these discoveries to everyday parenting, you can turn any outburst, argument, or fear into a chance to integrate your child's brain and foster vital growth. Complete with age-appropriate strategies for dealing with day-to-day struggles and illustrations that will help you explain these concepts to your child, *The Whole-Brain Child* shows you how to cultivate healthy emotional and intellectual development so that your children can lead balanced, meaningful, and connected lives. "[A] useful child-rearing resource for the entire family . . . The authors include a fair amount of brain science, but they present it for both adult and child audiences."—Kirkus Reviews "Strategies for getting a youngster to chill out [with] compassion."—The Washington Post "This erudite, tender, and funny book is filled with fresh ideas based on the latest neuroscience research. I urge all parents who want kind, happy, and emotionally healthy kids to read *The Whole-Brain Child*. This is my new baby gift."—Mary Pipher, Ph.D., author of *Reviving Ophelia* and *The Shelter of Each Other* "Gives parents and teachers ideas to get all parts of a healthy child's brain working together."—Parent to Parent
