What Was the World of Jesus? Carl Roemer 2014-06-06 In some ways, the Gospels are like the text of a drama. If you've read the script of a play and then seen it performed, you realize how different a text can be interpreted when it is transferred from page to stage. All of the Gospels were originally read aloud to an audience that was intimately familiar with the background, and that gave the words immediacy, meaning, and vibrancy. In today's world, we are no longer privy to that scenery. In order to fully grasp the message of the gospels, we must bring that context to our minds' eyes as much as possible. *What Was the World of Jesus?: A Journey for Curious Pilgrims* seeks to provide the necessary scenery so that the Gospels can again be heard in a way that is closer to the experience of

that original audience hearing them read aloud. Author Carl Roemer presents it in the form of a journey or pilgrimage, leading us on an adventure into a world that is very different from our own world. On this journey, we can encounter the story behind the story a background that opens up a fresh, new experience of the Gospels and shares the words and actions of Jesus as they were experienced by early Christians.

The Syriac Chronicle of Michael Rabo (the Great) a Universal History from the Creation

Michael I (the Syrian, Patriarch of Antioch) 2014-03-01 The Chronicle of Michael Rabo is perhaps the only voluminous Syriac manuscript surviving from the twelfth century, and is offered here for the first time in the English language. Michael Rabo was a Patriarch of the Syrian Orthodox Church from 1166 to 1199 and in his Chronicle, he systematically arranged and compiled Greek, Syriac, Armenian and Arabic historical sources encompassing events from the creation of the world to his own time. From this spectacular array of sources, the reader is offered deep insight into the history

of the many issues and conflicts -- political, geographical and theological -- that prevailed throughout the Middle East and surrounding regions. Of special historical note is the warfare between the Byzantine Roman and Sassanid Persian Empires, the factious contentions within the Syrian Orthodox Church which led to its split after the Council of Chalcedon, and the rise of the Muslim Arabs and their influence on the region. In the last chapter, Michael Rabo as an eyewitness describes the arrival of the Crusaders to the East and their warfare with the Turks over the domination of Antioch, Edessa and Jerusalem. Of particular importance is Michael Rabo's portrayal of the treatment of the native Christian Syrians and Armenians who were caught amidst the struggle between the Crusaders, Muslim Arabs and Turks. Also, a peculiar feature of Michael's Chronicle is the numerous accounts of strange natural phenomena of celestial objects, earthquakes, famine and plagues which devastated many cities and places in the East Roman Empire. With its extensive range of historical epochs and events, The Chronicle of Michael Rabo should be of great interest to church historians, theologians and to historians of the Byzantine and Persian Empires, as well as social scientists and those interested in historical astronomy and meteorology.
