My Best Self Kathleen V. Hurley 1993-05-14 The authors of the popular What's My Type? break through to a dramatic new level of Enneagram work by exploring the Original -- or Hidden -- Wound and outlining the recovery of our Repressed Center -- the key to releasing our power to love ourselves, love others, and put our unique talents to work in the world. Reclaiming the Hidden Self or Repressed Center completes, heals, and integrates our personality. Through real-life examples and questions for personal or group use, the authors detail this soul-making process by which we become rounded, capable of love, and empowered to create and contribute. Hurley and Dobson explore the three centers of human intelligence -- the Intellectual, the Relational, and the Creative -- and how they operate in our lives. Each of the nine personality types prefers one center, relies on another for backup support, and represses one center altogether. The Enneagram challenge is to recover the lost resources of our personality's repressed center. Freed to be fully intellectual, creative, and relational in our living, we become able to achieve harmony, joy, love, and creativity.

The Enneagram of Passions and Virtues Sandra Maitri 2005 How the mysterious nine-pointed symbol of the enneagram illuminates the worst pitfalls and highest virtues of our psyches. The Enneagram of Passions and Virtues elucidates human experience beyond the personality structure. In the tradition of the enneagram, the Virtues are said to be the affective atmosphere that replaces the compulsive and reactive emotional patterns-called the Passions-as one becomes freer of the ego. Sandra Maitri shows how the shift in our consciousness, or soul, from being informed by the Passions to being informed by the Virtues, is one of the hallmarks of inner development. In this book, Maitri explores how our awareness of the Passions, in turn, leads to the manifestation of the Virtues. This shift supports growth on the level of personality as well as on the level of what is beyond-Being, or True Nature. Maitri is widely known as one of the most literate and in-depth writers and teachers on the uses of the enneagram as a tool of inner development. In this book she provides what can be for some an entry into inner work, and for others, who have been engaged in the journey for a longer time, a uniquely incisive explication of concepts they may have missed.
