I tempi e i luoghi del cibo Giovanna Motta 2016-05-31 Nel corso della storia il cibo è protagonista, l'uomo deve nutrirsi prima ancora di abitare e di diventare homo aeconomicus. L'alimentazione muta in ragione di un “ordine”, cioè di quanto accade nell'economia e nella società cancellando in tutto o in parte i dati tradizionali sostituendoli o mescolandoli alle nuove tendenze e opportunità. La realtà della vita materiale è straordinariamente mutevole nel tempo e nello spazio, convivono lusso e miseria, tradizioni e cambiamenti, “segni” che diventano linguaggi per mostrare la gestione del potere, la mobilità delle classi emergenti, il modo di produrre, il miglioramento delle condizioni di vita, i simboli di cui si nutrono le società. Il divenire storico si frantuma in ritmi differenti - uno più rapido degli avvenimenti, un altro di media velocità della congiuntura, il terzo più lento della lunga durata - e si intreccia con il tema dell'alimentazione che diventa così essa stessa simbolo del cambiamento, “scambio” fra classi e fra popoli, confondendosi e sovrapponendosi alle ideologie e alla politica, all'economia e all'antropologia, mentre scandisce i periodi dell'abbondanza e della carestia, racconta di pellegrinaggi, di cicli climatici e liturgici, di digiuni penitenziali, di libri di cucina, di cultura umanistica, di informazioni medico/scientifiche, insomma racconta in molti modi la storia degli uomini.

Sushi che passione! 500 ricette per preparare sushi, sashimi e altre specialità giapponesi Jeffrey Elliot 2016

Introduction to Japanese Cuisine Japanese Culinary Academy 2016-02-01 Interest in Japanese food in North America has grown exponentially in the last fifteen years, moving well beyond sushi and sashimi. More and more people now appreciate the variety and complex tastes and textures of Japanese food, as well as its emphasis on fresh, seasonal ingredients, and presentation. Words like "dashi" and "umami" are part of our vocabulary. Along with this interest has come an abundance of Japanese cookbooks, most often with a focus on ease of preparation, and recipes that accommodate local tastes and ingredients. However, professional chefs, who are increasingly acknowledging the influence of Japanese cooking on their own work, are looking for expert information about authentic, traditional Japanese cuisine. "The Complete Japanese Cuisine" series meets this demand. INTRODUCTION TO JAPANESE CUISINE is the first in this definitive multi-volume series. Created by the renowned Japanese Culinary Academy, an organization dedicated to advancing Japanese cuisine throughout the world, the series is authoritative, comprehensive, and wide-ranging in scope. The writing, design, and photography of each volume meet the highest standards. And although the books are targeted primarily to a professional readership, serious amateur chefs will also find them to be an invaluable resource. The INTRODUCTION offers an overview and all the fundamentals needed to understand the cuisine and its cultural context. Main chapters include Nature and Climate, History and Development, Artistic Awareness, The Essentials, and Dishes for Seasonal Festivals. Here too are discussions of the health benefits of Japanese food; making dashi and other basics like sushi rice; recipes for the dishes featured earlier in the book; and useful tools like a glossary and a conversion chart for measurements.

The Sleeping Dictionary Sujata Massey 2013-08-20 From an award-winning novelist, a stunning portrait of late Raj India—a sweeping saga and a love story set against a background of huge political and cultural upheaval. YOU ASK FOR MY NAME, THE REAL ONE, AND I CANNOT TELL. IT IS NOT FOR LACK OF EFFORT. In 1930, a great ocean wave blots out a Bengali village, leaving only one survivor, a young girl. As a maidservant in a British boarding school, Pom is renamed Sarah and discovers her gift for languages. Her private dreams almost die when she arrives in Kharagpur and is recruited into a secretive, decadent world. Eventually, she lands in Calcutta, renames herself Kamala, and creates a new life rich in books and friends. But although success and even love seem within reach, she remains trapped by what she is . . . and is not. As India struggles to throw off imperial rule, Kamala uses her hard-won skills—for secrecy, languages, and reading the unspoken gestures of those around her—to fight for her country's freedom and her own happiness.

In punta di forchetta Bee Wilson 2013-10-09 Da qualche anno chef osannati come rockstar, libri di ricette e programmi televisivi hanno conquistato un pubblico sempre più vasto: le cucine "postmoderne" hanno completamente rivoluzionato le nostre pietanze, al punto da stravolgere diete e abitudini che negli ultimi decenni si erano un po' fossilizzate. Eppure, nonostante questa profonda fase di cambiamento, sui nostri fornelli e sulle nostre tavole ci sono cose che, salvo qualche piccola miglioria tecnica, resistono da secoli uguali a se stesse: posate, pentole, bicchieri, piatti Oggetti in apparenza semplici che sono in realtà il risultato di millenni di evoluzione, di modifiche e ripensamenti indissolubilmente legati alla storia dell'uomo e delle sue abitudini: quando gli antichi Romani inventarono la patella, per esempio, non potevano certo immaginare che avrebbe conservato un posto d'onore nelle nostre credenze. Con la penna leggera e ironica dei grandi divulgatori, Bee Wilson - che è anche gourmande e cuoca sopraffina - racconta la storia del mondo dalla prospettiva inedita delle rivoluzioni tecnologiche che hanno interessato le nostre cucine: dalla scoperta del fuoco all'uso del ghiaccio, dall'invenzione della ciotola alla batterie de cuisine di Julia Child, dalle dimore vittoriane di fine Ottocento alle tormentatissime vicende della forchetta, che dall'essere un'arma appuntita associata con il diavolo è diventata il piè indispensabile attrezzo dell'Occidente. Il risultato è un viaggio millenario fra antropologia e storia del costume attraverso ciò che gli uomini hanno utilizzato per preparare e consumare il loro cibo; una riflessione su come le piccole rivoluzioni della tavola siano state scatenate da grandi rivoluzioni politiche o, viceversa, mutamenti del modo di nutrirsi siano la causa di avanzamenti impensabili. Una lezione: perché la storia si ripete sempre, e il carosello tra produttori e consumatori è uguale nei secoli; una dichiarazione d'amore per la cucina.

Buddhagram Chen Qiufan 2022-01-24 Zhou Chongbo, a marketing agent in Beijing, comes up with an absurd though effective idea to promote Mr. Wan's photo-editing app: blessed by a mysterious Buddhist master, the app becomes a cult phenomenon, shared by millions of users. However, when people begin to bless everything, often with ambiguous purposes, the situation turns into a nightmare and Zhou Chongbo must run away... from the city, from the company and from his own family, to take refuge in a Buddhist temple with unexpected consequences for himself... and the entire universe. Inspired by the famous short story by Chen Qiufan, "Buddhagram" was adapted by the Chinese Science Fiction author himself and illustrated by Jacopo Cigarini.

La cucina trevigiana Giuseppe Maffioli 2013-12-23 Quest'opera di Maffioli, è testimonianza d'amore per questa nobile terra, e soprattutto un punto di riferimento autorevole e ineguagliabile, la cui importanza può essere colta da ognuno quando si pensi che Treviso e la sua Marca sono divenute la città e la provincia gastronomicamente al primo posto in Italia. Il volume illumina, attraverso rapidi excursus storici, personali memorie di tempi più vicini e una ricchissima proposta di ricette remote e attuali (sono ben 850), un aspetto non trascurabile della civiltà di questa terra, che ha saputo usare con amore, intelligenza e continua creatività le risorse di una natura ricca, varia e amabile come quella trevigiana.

Colloquies on the simples & drugs of India Garcia de Orta 1913

The Art of Impermanence Adriana Proser 2020 The book includes works ranging in date from the Final Jomon period (ca. 1000-300 B.C.E.) to the 20th century. This dazzling range of art reflects the broad, yet nuanced ways that the notion of impermanence manifests itself in the arts of Japan. That the world is constantly in flux is a basic tenant of Japanese philosophy and recognizing the aesthetic or symbolic suggestion of ephemerality is key to the appreciation of much of Japan's artistic production. In Buddhism, which has had a major impact on Japanese culture, the concept of impermanence is closely related to the desire to escape the cycle of rebirth and death through enlightenment. During the Heian period (794-1185), courtiers regularly incorporated allusions to impermanence into literature and other arts. By the sixteenth century, tea masters commonly organized Chanoyu, the Way of Tea, to stimulate participants to tap into feelings of wistfulness associated with the transience of life.

Il potere curativo dei succhi di frutta e verdura Michael T. Murray 2018-04-05 I succhi di frutta e di verdura consentono all'organismo di recuperare nutrienti fondamentali con un minimo sforzo di assimilazione, e rappresentano una scelta salutare e piacevole al tempo stesso. Tutte le informazioni riunite nel libro vanno in questa direzione, supportate da una grande mole di documentazione scientifica raccolta dall'autore nella sua attività sul campo. Il secolo 20. rivista popolare illustrata 1924

LA DAMA BIANCA Walter Esposito 2018-12-10 È una raccolta di leggende legate a tanti degli innumerevoli castelli, soprattutto medioevali, disseminati in territorio italiano. Protagoniste di queste leggende sono per lo più donne che hanno trovato la morte, quasi sempre atroce, fra le mura o nei sotterranei di un castello. Quasi sempre si tratta di donne vittime di un marito tradito o semplicemente geloso. Alcune di queste infelici sono state chiamate "dame bianche" e le loro antiche storie ci portano inevitabilmente a pensare ai sempre più frequenti casi di "femminicidio" di questa nostra epoca.

Daily Life in Japan Louis Frederic 2010-11-01 From the tenth century onwards the emperors of Japan gradually lost power. The local lords or clan chiefs waged ceaseless war against each other, while the court, wholly steeped in Chinese culture, seemed to take no further interest in the affairs of the nation. In 1191 the Minamoto clan mastered the disturbances and finally imposed its rule. Hard work, respect for the hierarchy, the cult of nationalism, a sense of self-sacrifice and duty - such was the new trend. The Buddhist doctrine of Zen made its appearance. It gave mystical support to the samurai, and the Japanese spirit was henceforth directed towards a political and religious asceticism which had an enormous influence on all aspects of art, thought and daily life. An acknowledged authority on the 'classical' period of Japanese history, the author reveals what the life of the Japanese people was like during these five centuries, and shows how a transformation of heart and mind produced a civilization as original as it was profound.

Modern Japan Elise K. Tipton 2002 Ranging from the Tokugwa period to the present day, this text provides a concise and fascinating introduction to the social, cultural and political history of modern Japan. Her survey covers traditional political history as well as areas growing in interest: gender issues, labor conditions and ethnic minorities.

Using Italian J. J. Kinder 2004-07 This 2002 book is a guide to Italian usage for students who have already acquired the basics of the language and wish to extend their knowledge. Unlike conventional grammars, it gives special attention to those areas of vocabulary and grammar which cause most difficulty to English-speakers. Careful consideration is given throughout to questions of style, register, and politeness which are essential to achieving an appropriate level of formality or informality in writing and speech. It surveys the contemporary linguistic scene in Italy and gives ample space to the new varieties of Italian that are emerging in modern Italy. The influence of the dialects in shaping the development of Italian is also acknowledged. Clear, readable and easy to consult via its two indexes, this is an essential reference for learners seeking access to the finer nuances of the Italian language.
