Discovering 'Who I Am' - From A Life Lived And Learned Anup Gawdi 2020-10-14 The book is a summarization of the journey which I have had till date. It contains snippets of my interactions with various people who have entered my life at different points of time and what lessons I have learned during my interactions with them and how they have shaped my personality and my belief system. Life for me is all about the experiences I have had and I have tried to put forth through this book the way I used the lessons learned in my personal and professional life in situations that I have encountered. The situations which I faced and the manner in which I handled them gave rise to some simple formulas which I have tried to put forth through this book to people who are interested in looking at life from a very simplistic nature. The book is a small effort from my side to put myself in front of the world and hopefully is a start in my literary life.

A Holly Jolly Diwali Sonya Lalli 2021-10-05 "Lalli's prose is deft, her characters are delightful and her book is the just-right holiday romance."--USA Today One type-A data analyst discovers her free-spirited side on an impulsive journey from bustling Mumbai to the gorgeous beaches of Goa and finds love waiting for her on Christmas morning. Twenty-nine-year-old Niki Randhawa has always made practical decisions. Despite her love for music and art, she became an analyst for the stability. She's always stuck close to home, in case her family needed her. And she's always dated guys that seem good on paper, rather than the ones who give her butterflies. When she's laid off, Niki realizes that practical hasn't exactly paid off for her. So for the first time ever, she throws caution to the wind and books a last-minute flight for her friend Diya's wedding. Niki arrives in India just in time to celebrate Diwali, the festival of lights, where she meets London musician Sameer Mukherji. Maybe it's the splendor of Mumbai or the magic of the holiday season, but Niki is immediately drawn to Sam. At the wedding, the champagne flows and their flirtatious banter makes it clear that the attraction is mutual. When Niki and Sam join Diya, her husband and their friends on a group honeymoon, their connection grows deeper. Free-spirited Sam helps Niki get in touch with her passionate and creative side, and with her Indian roots. When she gets a new job offer back home, Niki must decide what she wants out of the next chapter of her life—to cling to the straight and narrow like always, or to take a leap of faith and live the kind of bold life the old Niki never would have dreamed of.

Ordinary People, Extraordinary Violence Chitralkha 2020-11-29 The book engages with an urgent and disturbing question: how are ordinary people readied to willingly kill others in the name of a cause? It compares narratives of actors in domains often assumed incomparable in academic discourse: Naxalites studied within the framework of peasant rebellion, social movement or recently even terrorism, and Hindu rioters viewed mostly under the broad rubric of ethnic violence. The book draws from the author's extensive and painstaking fieldwork, first with Naxalite armed cadre across seven districts in Jharkhand and Bihar, and later with participants in the 2002 riots in Gujarat. Viewed from the standpoint of the perpetrator or foot soldier, the book bridges hitherto sacrosanct boundaries between left-extremist and communal violence, making available a whole new dimension to the study of social mobilisation, the politics of identity and, with far reaching implications, discovers deep commonalities in the life-worlds and aspirations of those motivated to kill in the name of a cause in apparently disparate contexts. The findings of this compelling analysis of human actors — ordinary people driven to extraordinary violence — will interest the informed general reader, as also those interested in sociology, politics, violence studies, ethnic movements, Naxalism, policy studies, and peace & conflict studies.

The Artisans of Banaras Nita Kumar 2017-03-14 Nita Kumar offers an evocative and sensitive portrayal of rarely explored aspects of Hindu culture through her analysis of the way leisure time is used by Hindu and Muslim artisans of Banaras--the weavers, metalworkers, and woodworkers. Music, festivals, the place of physical culture, and the importance of going "to the outer side" all are examined as Kumar looks at changes that have occurred in leisure-time activities over the last century. The discussion raises questions of the cultural and conceptual aspects of working-class life, the role of fun and play in Indian thought, the importance of public activities in terms of personal identity, and the meaning of an Indian city to its residents. This analysis turns away from the usual models of Hindu-Muslim conflict by seeing divisions based on occupation, income level, education, and urban neighborhood as more relevant for the construction of identity than those based on religion or community. Kumar draws her information from police station records, Hindi newspapers and periodicals, publications of local individuals and organizations, oral history, and ethnographic data. Originally published in 1988. Encyclopedia of New Year's Holidays Worldwide William D. Crump 2014-04-25 Among the world's myriad cultures and their associated calendars, the idea of a "New Year" is relative and hardly specifies a universal celebration or even a universal point in time. Ways of celebrating the New Year range from the observances of religious rituals and superstitions to social gatherings featuring particular foods, music, dancing, noisemaking, fireworks and drinking. This first encyclopedia devoted exclusively to the New Year includes 320 entries that give a global perspective on the New Year, beyond its traditional Western associations with Christmas. National or regional entries detail the principal traditions and customs of 130 countries, while 27 entries discuss major calendar systems in current use or of significant historical interest. The remaining entries cover a wide variety of subjects including literary works, movies, and television specials; the customs of specific ethnic groups; universal customs such as toasting and drinking; football bowl games and parades; and the New Year celebrations at the White House and the Vatican.
