Duke McKenna's run more guns, cooked more meth, and killed more men than anyone around. *A Little History of Poetry* John Carey 2020-04-21 A vital, engaging, and hugely enjoyable guide to poetry, from ancient times to the present, by one of

our greatest champions of literature The Times and Sunday Times, Best Books of 2020 “[A] fizzing, exhilarating book.”—Sebastian Faulks, Sunday Times What is poetry? If music is sound organized in a particular way, poetry is a way of organizing language. It is language made special so that it will be remembered and valued. It does not always work—over the centuries countless thousands of poems have been forgotten. But this Little History is about some that have not. John Carey tells the stories behind the world’s greatest poems, from the oldest surviving one written nearly four thousand years ago to those being written today. Carey looks at poets whose works shape our views of the world, such as Dante, Chaucer, Shakespeare, Whitman, and Yeats. He also looks at more recent poets, like Derek Walcott, Marianne Moore, and Maya Angelou, who have started to question what makes a poem “great” in the first place. For readers both young and old, this little history shines a light for readers on the richness of the world’s poems—and the elusive quality that makes them all the more enticing.

In the years since he first had the idea of prescribing short, powerful poems for all manner of spiritual ailments, William Sieghart has taken his Poetry Pharmacy around the length and breadth of Britain, into the pages of the Guardian, onto BBC Radio 4 and onto the television, honing his prescriptions all the time. This pocket-sized book presents the most essential poems in his dispensary- those which, again and again, have really shown themselves to work. Whether you are suffering from loneliness, lack of courage, heartbreak, hopelessness, or even from an excess of ego, there is something here to ease your pain.

In England, impoverished blue-bloods are queuing up for introductions to American heiresses, overlooking the sometimes lowly origins of their fortunes. **Six Poets** Alan Bennett 2015-01-01 The inimitable Alan Bennett selects and comments upon six favorite poets and the pleasures of their works In this candid, thoroughly engaging book, Alan Bennett creates a unique anthology of works by six well-loved poets. Freely admitting his own youthful bafflement with poetry, Bennett reassures us that the poets and poems in this volume are not only accessible but also highly enjoyable. He then proceeds to prove irresistibly that this is so. Bennett selects more than seventy poems by Thomas Hardy, A. E. Housman, John Betjeman, W. H. Auden, Louis MacNeice, and Philip Larkin. He peppers his discussion of these writers and their verse with anecdotes, shrewd appraisal, and telling biographical detail: Hardy lyrically recalls his first wife, Emma, in his poetry, although he treated her shabbily in real life. The fabled Auden was a formidable and off-putting figure at the lectern. Larkin, hoping to subvert snooping biographers, ordered personal papers shredded upon his death. Simultaneously profound and entertaining, Bennett's book is a paean to poetry and its creators, made all the more enjoyable for being told in his own particular voice. its creators, made all the more enjoyable for being told in his own particular voice.

Catching Life by the Throat Josephine Hart 2008 Catching Life by the Throat unites the sound, sense, and sensibility that lie at the heart of great poetry. It features eight great poets, with brief, accessible essays concerning their life and work and a selection of their poems, and it is accompanied by an 80-minute CD recorded live at the British Library: Ralph Fiennes reading Auden, Edward Fox reading Eliot, Roger Moore reading Kipling, Harold Pinter reading Larkin, and more. Whether you believe (like Robert Frost, who inspired the title) that poetry is a way of "taking life by the throat" or (like T. S. Eliot) that it "is one person talking to another," nobody does it better than the poets featured in this book. For a novice

discovering the rich heritage of English-language verse or a seasoned poetry reader, *Catching Life by the Throat* is an extraordinary introduction to eight iconic poets.

The third, 'Cambodia', comes from the radio drama *The Violence of Silence* set 30 years after the Khmer Rouge

**Aqa GCSE English Language Papers 1 and 2 Revision Guide** Darren Coxon 2018-10-09 The only book you'll need to ace your AQA GCSE English Language exam. Written for anyone preparing for their AQA GCSE English Language exam, this book gets you right inside the head of the examiner so that every single thing you write gets a mark. You see, this exam is all about technique, and once you know the skills the examiner will mark you on, you can focus all your attention on the things that pile on the marks rather than wasting time on vague or irrelevant details. Learn how to:- Approach each of the Section A questions in the right way so that you get right down to the important stuff and spend as little time as possible on the questions that award the lowest marks;- Understand the difference between each of the questions and what the examiner is looking for when they mark (aka assessment objectives);- Plan the longer questions so that your writing is tight and controlled and easy to read;- Think originally when writing for Section B, so that your creative responses aren't the same as everyone else's;- Write in such a way as to give yourself the best possible chance of a Grade 8 or 9. Darren Coxon has been teaching English for more than twenty years. In that time he estimates he's put at least 1,000 students through GCSE exams. He can count on the fingers of one hand the number who haven't obtained a Grade 5 or above (and that was always teaching in non-selective schools). He puts this success down to a unique method which he'll share with you inside these pages. By buying this book you'll also have access to the Examiner's Head Facebook community, for further support and guidance. So come with him on a journey inside the head of the examiner! He's with you all the way.

**Short and Sweet** Simon Armitage 2012 With an introduction by Simon Armitage, this book is an anthology arranged to show how the short poem (defined here as shorter than a sonnet) can tell a story, present a complex argument, and be packed with as much passion, wisdom and music as any more extended piece of writing.

**Hard Water** Jean Sprackland 2011-05-31 Though firmly rooted in the domestic, natural world, Jean Sprackland's poems are thrilling excursions into the lives that we live alongside our everyday ones: the lives we are aware of in dreams, in grief, in love. She shows us the vertigo and vulnerability of human experience with great clarity and precision, tenderness and care. These are vivid poems full of light and weather and water: a flooded forest, acid rain, an inland tidal wave, an ocean of broken glass; jellyfish washed up on the beach that 'lay like saints/ unharvested, luminous'. There is an arresting imagination at work here, one as relaxed and at home in an alternative world of babies in filing cabinets, light collectors or the visiting dead, as it is in the world we think we know: supermarkets, empty flats, the A580 from Liverpool to Manchester. Lucid, sensuous and informed by an unusually tactile curiosity, the poems in *Hard Water* mark the assured arrival of an important poet.
