What kind of wussy-crap name is that?" Ishmael's perfected the art of making himself virtually invisible. But all that changes when James Scobie joins the class. Unlike Ishmael, James has no sense of fear - he claims it was removed during an operation. The Architecture of Pica Ciamarra Associati Antonietta Iolanda Lima 2019-04 Since 1970, based in an isolated building situated on the peninsula of Posillipo, Pica Ciamarra Associati (www.pcaint.eu) has acted as a laboratory of architectural and urban design which has gradually incorporated new members and new energies over the time: using a multidisciplinary approach, the roots of the architectural practice lie in the intensive theoretical and practical work begun in the early 1960s by Massimo Pica Ciamarra. Since then the practice has been marked by a continuous relationship with Le Carré Bleu Feuille internationale d'architecture and leading members of the cultural milieu of Team 10: this has led to constant attention to everything that lies beyond form, to the relationship with contexts that also include non-spatial contexts, and to high levels of integration and dialectical discussion. According to Pica Ciamarra Associati, a design transcends the approaches of a single sector, providing simultaneous solutions to contradictory requirements, combining utopia and practicality. The poetics of the fragment: it mediates between architecture and the urban dimension; some designs also have the aim of becoming absorbed within a context as 'informed fragments'. This monograph is the result of an intensive period of work and consists of two interacting parts. It stems from research into the archive of the studio Pica Ciamarra and conversation with the members of the architectural practice. Organised diachronically, the book tells the long story, unfolding over a period of over fifty years of a team of Neapolitan architects and designers, who have maintained the lively spirit of the practice which is still geared towards the future. The textual and iconographic account tells a story and offers an interpretation that highlight the vibrant atmosphere of the studio, based on a consistency of thought and action, and fuelled by an interest in many different forms of knowledge. The contextualisation of the events related to the studio, as they unfolded over time, is wide-ranging, coherent and connotative. Antonietta Iolanda Lima, professor of history of architecture at the University of Palermo, has always tried, through theory, teaching and design, to disseminate the importance of history which can embracing innovation and tradition to an equal degree, forming a new architectural language. According to her view of architecture, history and design are closely connected, a 'single entity' as is reflected by her career. Since the 1980s, her academic work has gained increasing importance, a way of avoiding narrow sectoral approaches in the training of future architects, offering a holistic stance of the history of architecture and an architecture that contributes to shaping critical thought and a thriving cultural life.

Uncle Vampire Cynthia D. Grant 2015-08-04 Everyone knows vampires don't really exist—so why are Carolyn and her sister haunted by the same nocturnal visits? Twin sisters Honey and Carolyn have a secret: Uncle Toddy must be a vampire. What else could explain the fact that his nightmarish nocturnal visits are sucking the life out of their family? Honey doesn't want to talk about it. She's a popular, pretty cheerleader with the perfect high school life. Why can't Carolyn pretend it isn't

happening and concentrate on good things, instead of asking questions about what happens when he knocks at her door in the middle of the night? Both girls' grades are suffering under the strain of keeping their secret, threatening their school activities and plans for the future. Carolyn feels like she's going crazy, seeing things that no one else can. How can she convince Honey that she's only trying to stop the vampire from killing them both? Her only option is to force Uncle Toddy into the one place he doesn't want to be: the light.

The House of Life Mario Praz 2009-10-15 In simplest terms, it is a house tour, but Mario Praz's Roman apartment was no ordinary house it was a wunderkammer, a house of wonders, rooms replete with objects d'art and sculpture, walls hung with paintings and prints, bureaus overflowing with postcards and ephemera. And Praz is no ordinary guide; he leads you, the reader, through each room discussing the objects therein. What emerge are his passions, his immense erudition, his insatiable curiosity, his undeniable amiability, his infectious enthusiasm. What emerges is a multi-layered disquisition on the nature of art, on the challenge of investigation and discovery, on the way in which art and the objects we choose to surround us tell stories.

The Years of Alienation in Italy Alessandra Diazzi 2019-06-11 The Years of Alienation in Italy offers an interdisciplinary overview of the socio-political, psychological, philosophical, and cultural meanings that the notion of alienation took on in Italy between the 1960s and the 1970s. It addresses alienation as a social condition of estrangement caused by the capitalist system, a pathological state of the mind and an ontological condition of subjectivity. Contributors to the edited volume explore the pervasive influence this multifarious concept had on literature, cinema, architecture, and photography in Italy. The collection also theoretically reassesses the notion of alienation from a novel perspective, employing Italy as a paradigmatic case study in its pioneering role in the revolution of mental health care and factory work during these two decades.

Public History Thomas Cauvin 2016-05-20 Public History: A Textbook of Practice is a guide to the many challenges historians face while teaching, learning, and practicing public history. Historians

can play a dynamic and essential role in contributing to public understanding of the past, and those who work in historic preservation, in museums and archives, in government agencies, as consultants, as oral historians, or who manage crowdsourcing projects need very specific skills. This book links theory and practice and provides students and practitioners with the tools to do public history in a wide range of settings. The text engages throughout with key issues such as public participation, digital tools and media, and the internationalization of public history. Part One focuses on public history sources, and offers an overview of the creation, collection, management, and preservation of public history materials (archives, material culture, oral materials, or digital sources). Chapters cover sites and institutions such as archival repositories and museums, historic buildings and structures, and different practices such as collection management, preservation (archives, objects, sounds, moving images, buildings, sites, and landscape), oral history, and genealogy. Part Two deals with the different ways in which public historians can produce historical narratives through different media (including exhibitions, film, writing, and digital tools). The last part explores the challenges and ethical issues that public historians will encounter when working with different communities and institutions. Either in public history methods courses or as a resource for practicing public historians, this book lays the groundwork for making meaningful connections between historical sources and popular audiences.

Histoires Naturelles Jules Renard 2017-06-22 A delightful variation on the long tradition of bestiary writing, Jules Renard's short verse and prose poems have captured the imagination of readers and artists since they were originally written in 1894, with Ravel famously setting five of them to music. Presented in a new version by acclaimed translator Richard Stokes, this sumptuously produced volume will captivate and enchant new generations of readers the world over.

Sadhana Anthony De Mello 1984-09-01 Christian Exercises in Eastern Form Truly a one-of-a-kind, how-to-do-it book, this small volume responds to a very real hunger for self-awareness and holistic living. It consists of a series of spiritual exercises for entering the contemplative state -- blending psychology, spiritual therapy, and practices from both Eastern and Western traditions. Anthony de Mello offers here an unparalleled approach to inner peace that brings the whole person to prayer -- body and soul, heart and mind, memory and imagination. In forty-seven exercises that teach things such as awareness of physical sensations, stillness, healing of hurtful memories, and consciousness of self and world, de Mello succeeds in helping all who have ever experienced prayer as difficult, dull, or frustrating. The essential key, he notes, is to journey beyond mere thought-forms and discover satisfying new depths in prayer from the heart. This allows for a greater sense of awareness amid silence, and disposes the one who prays to untold riches, spiritual fulfillment, and ultimately, a mystical experience of God-centeredness. Drawing on Scripture, as well as insights from Eastern and Western spiritual masters, the author has a unique appeal that transcends time, culture, and religious background. For many years a bestseller in the English language, Sadhana has now been translated into more than two dozen foreign languages. Readers the world over have eagerly received this sincere spiritual leader, who has led many toward the wealth of insight and spirit that dwells within them.

The Ransom of Dond Siobhan Dowd 2013-11-07 Darra is an omen of unluck: a thirteenth child. To appease the dark god, Dond, and bring good fortune to her small island community, Darra must be sacrificed at the age of thirteen - by drowning. On the eve of her final birthday, Darra begins to dream of the twin brother she has watched from afar but never met, and dares to hope that she might escape her fate . . . The scouring wind and remorseless waves which beat against Darra's island world are matched in Pam Smy's powerful, wild and emotive illustrations. *The Ransom of Dond* is our final story from Siobhan, and a book to be treasured.

Sal Mick Kitson 2018-03-01 'Just *wonderful*. A breath of fresh air in a book. *Sal* is a story with incredible heart, told so beautifully and with such clarity and grace I can hardly believe it's a debut! I loved it' JOANNA CANNON, author of *THE TROUBLE WITH GOATS AND SHEEP AN OBSERVER* 'NEW FACE OF FICTION 2018' This is a story of something like survival. *Sal* planned it for almost a year before they ran. She nicked an Ordnance Survey map from the school library. She bought a compass, a Bear Grylls knife, waterproofs and a first aid kit from Amazon using stolen credit cards. She read the SAS Survival Handbook and watched loads of YouTube videos. And now *Sal* knows a lot of stuff. Like how to build a shelter and start a fire. How to estimate distances, snare rabbits and shoot an airgun. And how to protect her sister, Peppa. Because Peppa is ten, which is how old *Sal* was when Robert started on her. Told in *Sal*'s distinctive voice, and filled with the silent, dizzying beauty of rural Scotland, *Sal* is a disturbing, uplifting story of survival, of the kindness of strangers, and the irrepressible power of sisterly love; a love that can lead us to do extraordinary and unimaginable things.

The Value of Worthless Lives Ilaria Serra 2007 Publisher description

How to Be a Friend Molly Wigand 2014-08-19 Those long summer days and weekends spent with our best friends can be among the happiest memories of childhood. But the art of making friends isn't a skill that is taught in most schools. Teaching children how to be good friends and cultivate healthy

friendships is the work of parents, teachers, coaches, ministers, and caring adults. In *How to Be a Friend: A Book about Friendship . . . Just for Me!*, author, Molly Wigand, introduces children to those values that make for good friendships—loyalty, trust, and honesty—and to how they can become a good friend to others.

Pescara Tales (1902) Gabriele D'Annunzio 2017-07 The setting for his collection of eighteen stories by Gabriele D'Annunzio (1863-1938) was the Adriatic seaport of Pescara and its hinterland in the Italian region of Abruzzo, the author depicting events and personalities from the time of his youth, but also drawing from bygone incidents that were yet memorable in the area's folk history. Pescara may not have had the cachet of celebrated cities such as Venice or Florence, but sympathetically and wryly revealed here by the pen of one of Italy's great writers it lives and breathes with a vitality probably best compared to that of James Joyce's 'dear dirty Dublin'. Indeed Joyce, who admired D'Annunzio, may well have been inspired by the Italian's cameos of small-town life, his parade of saints, voluptuaries and reprobates, their repressions, obsessions, individual dissolutions, collective explosions of anarchy, and their aptness for bizarre behavior that extended from the catatonic to the manic. D'Annunzio came to recognize just how exotic his native region was after he had left it for Rome, where he worked for some years as a journalist and essay writer in the employ of various literary magazines. His Abruzzo articles, and especially those in which he records examples of extraordinary devotional behavior (akin to what Mark Twain was witnessing at that time on the banks of the Ganges), became the basis of the stories in this collection. D'Annunzio was a published poet at the age of sixteen, and his verse has never been absent from the Western Canon since. Something of his painterly style, the layered brushwork of his descriptions, the gorgeous romantic renderings of rural scenes and the moods of the sea, his celebrations of sensuality, his aesthete's fascination with all the possible bodily conditions, from the virginal-voluptuous to the decayed and moribund (he has been hailed as 'the body's poet'), will amaze and delight the reader even in the blandest and most dictionary-dependent translation. The present one is no such, however. Vladislav Zhukov is an experienced translator who has rendered works from four languages into English, including a substantial book of poetry, three volumes of short stories, and a novel (all available on Amazon.com). His knowledge of Italian is that of someone who acquired the language while living in Italy during his youth.

The Guggenheim Mystery Robin Stevens 2018-10-16 The adventure that began in Siobhan Dowd's popular and acclaimed novel *The London Eye Mystery* at long last continues with Ted, Kat, and their cousin Salim investigating a theft at the Guggenheim Museum that's been pinned on Salim's mother! When Ted and his big sister, Kat, take a trip to New York to visit their cousin Salim and their aunt Gloria, they think they're prepared for big-city adventures. But when a famous painting is stolen from the Guggenheim Museum, where Aunt Gloria works, the surprises begin to mount faster than they could have anticipated. With the police looking at Aunt Gloria as the prime suspect, Ted, Kat, and Salim become sleuthing partners, following a trail of clues across NYC to prove her innocence--and to pinpoint the real thief. Ultimately, it comes down to Ted, whose brain works in its own very unique way, to find the key to the mystery. "Fast-paced, suspenseful, but never scary, a middle-grade mystery with a singular voice and a welcome continuation of the Sparks' adventures." -- Kirkus Reviews "Swift pacing and smartly integrated clues allow readers to make connections along with the characters. Stevens's portrayal of Ted, who is on the autism spectrum, is positive and empowering" -- School Library Journal "A welcome return for this dynamic trio." -- Booklist

Two Nests Laurence Anholt 2013 A gentle sensitive story about family separation.

Fantastic Tales Iginio Ugo Tarchetti 2020-09-29 Lawrence Venuti, winner of a Guggenheim fellowship and the Global Humanities Translation Prize, among many other awards, has translated into English these Italian Gothic tales of obsessive love, mysterious phobias, and the hellish curse of everlasting life. In this collection of nine eerie stories, Iginio Ugo Tarchetti switches effortlessly between the macabre and the breezily comical. Set in nineteenth-century Italy, his characters court

spirits and blend in with the undead: passionate romances filled with jealousy and devotion are fueled by magic elixirs. Time becomes fluid as characters travel between centuries, chasing affairs that never quite prosper. First published by Mercury House in 1992.

Lola and Me Chiara Valentine Segre 2015-06 When I first met Lola I was living in the countryside with my parents and brothers and sisters. The Forbidden Zone Mary Borden 2008 Mary Borden worked for four years in an evacuation hospital unit following the front lines up and down the European theater of the First World War. This beautifully written book, to be read alongside the likes of Sassoon, Graves, and Remarque, is a collection of her memories and impressions of that experience. Describing the men as they march into battle, engaging imaginatively with the stories of individual soldiers, and recounting procedures at the field hospital, the author offers a perspective on the war that is both powerful and intimate.
