Dragonfly Leila Meacham 2019-07-09 Read the USA Today bestseller from the author of *Roses*, a "sumptuous, full-bodied, and emotional" novel about five young spies embedded among the highest Nazi ranks in occupied Paris (Adriana Trigiani, NYT bestselling author of *Tony's Wife*). At the height of World War II, a handful of idealistic young Americans receive a mysterious letter from the government, asking them if they are willing to fight for their country. The men and women from very different backgrounds -- a Texan athlete with German roots, an upper-crust son of a French mother and a wealthy businessman, a dirt-poor Midwestern fly fisherman, an orphaned fashion designer, and a ravishingly beautiful female fencer -- all answer the call of duty, but each for a secret reason of her or his own. They bond immediately, in a group code-named Dragonfly. Thus begins a dramatic cat-and-mouse game, as the group seeks to stay under the radar until a fatal misstep leads to the capture and the firing-squad execution of one of their team. But is everything as it seems, or is this one more elaborate act of spycraft?

The Girl from Berlin Ronald H. Balson 2018-10-09 In the newest novel from internationally-bestselling author Ronald H. Balson, Liam and Catherine come to the aid of an old friend and are drawn into a property dispute in Tuscany that unearths long-buried secrets An old friend calls Catherine Lockhart and Liam Taggart to his famous Italian restaurant to enlist their help. His aunt is being evicted from her home in the Tuscan hills by a

Catherine and Liam's only clue is a bound handwritten manuscript, entirely in German, and hidden in its pages is a story long-forgotten... Ada Baumgarten was born in Berlin in 1918, at the end of the war. The daughter of an accomplished first-chair violinist in the prestigious Berlin Philharmonic, and herself a violin prodigy, Ada's life was full of the rich culture of Berlin's interwar society. She formed a deep attachment to her childhood friend Kurt, but they were torn apart by the growing unrest as her Jewish family came under suspicion. As the tides of history turned, it was her extraordinary talent that would carry her through an unraveling society turned to war, and make her a target even as it saved her, allowing her to move to Bologna—though Italy was not the haven her family had hoped, and further heartache awaited. What became of Ada? How is she connected to the conflicting land deeds of a small Italian villa? As they dig through the layers of lies, corruption, and human evil, Catherine and Liam uncover an unfinished story of heart, redemption, and hope—the ending of which is yet to be written. Defending Britta Stein Ronald H. Balson 2021-09-07 One of Newsweek's 20 New Books to Cozy Up With this Fall Defending Britta Stein is a story of bravery, betrayal, and redemption—from Ronald H. Balson, the winner of the National Jewish Book Award Chicago, 2018: Ole Henryks, a popular restaurateur, is set to be honored by the Danish/American Association for his many civic and charitable contributions. Frequently appearing on local TV, he is well known for his actions in Nazi-occupied Denmark during World War II—most consider him a hero. Britta Stein, however, does not. The ninety-year-old Chicago woman levels public accusations against Henryks by spray-painting “Coward,” “Traitor,” “Collaborator,” and “War Criminal” on the walls of his restaurant. Mrs. Stein is ultimately taken into custody and charged with criminal defacement of property. She also becomes the target of a bitter lawsuit filed by Henryks and his son, accusing her of defamation and intentional infliction of emotional distress. Attorney Catherine Lockhart, though hesitant at first, agrees to take up Mrs. Stein's defense. With the help of her investigator husband, Liam Taggart, Lockhart must reach back into wartime Denmark and locate evidence that proves Mrs. Stein's innocence. Defending Britta Stein is critically-acclaimed author Ronald H. Balson's thrilling take on a modern day courtroom drama, and a masterful rendition of Denmark's wartime heroics.

My Italian Bulldozer Alexander McCall Smith 2017-04-04 The best-selling author of the No. 1 Ladies' Detective Agency series returns with an irresistible new novel about one man's adventures in the Italian countryside. Paul Stuart, a renowned food writer, finds himself at loose ends after his longtime girlfriend leaves him for her personal trainer. To cheer him up, Paul's editor, Gloria, encourages him to finish his latest cookbook on-site in Tuscany, hoping that a change of scenery (plus the occasional truffled pasta and glass of red wine) will offer a cure for both heartache and writer's block. But upon Paul's arrival, things don't quite go as planned. A mishap with his rental-car reservation leaves him stranded, until a newfound friend leads him to an intriguing alternative: a bulldozer. With little choice in the matter, Paul accepts the offer, and as he journeys (well, slowly trundles) into the idyllic hillside town of Montalcino, he discovers that the bulldozer may be the least of the surprises that await him. What follows is a delightful romp through the lush sights and flavors of the Tuscan countryside, as Paul encounters a rich cast of characters, including a young American woman who awakens in him something unexpected. In Search of Amrit Kaur Livia Manera Sambuy 2023-01-12 'Remarkable and compelling. I loved this book' EDMUND DE WAAL 'An exemplary sleuth, both astute and open-minded . . . Manera Sambuy writes with impassioned style and insight' TELEGRAPH A lost princess and a vanished world: a remarkable true story that moves from the Punjab of the Raj to 1930s Paris and the cataclysm of the Second World War On a sweltering day in 2007, Italian writer Livia Manera Sambuy encounters a photograph of Princess Amrit Kaur in a Mumbai museum. The picture is arresting, gorgeous - but the caption will change Livia's life forever. It claims that the Punjabi princess sold her jewels in occupied Paris to save Jewish lives, only to be arrested by the Gestapo and sent to a concentration camp where she died within a year. It's a sensational story - and for Livia, the beginning of a compulsive search for the truth as she delves into the history of the British Raj, the diamonds and sapphires of the twentieth-century aristocracy, and the lives of extraordinary figures: bankers, jewellers, explorers and spies. Past and present converge when Livia travels to meet Bubbles, the princess's daughter, now in her eighties. Striving to reconnect Bubbles with the elusive woman who abandoned her in 1933, Livia unearths a strange and complicated family history; one that diverges unexpectedly from the story that she set out to uncover. Filled with glamour and terror, beauty and sorrow, *In Search of Amrit Kaur* is an engrossing detective story, a kaleidoscopic history lesson, and a moving portrait of mothers, lovers and daughters across the century, seeking personal freedom. * WINNER OF THE CAPALBIO PIAZZA MAGENTA LITERARY PRIZE 2023 *

The October Horse Colleen McCullough 2002-11-26 In her new book about the men who were instrumental in establishing the Rome of the Emperors, Colleen McCullough tells the story of a famous love affair and a man whose sheer ability could lead to only one end -- assassination. As *The October Horse* begins, Gaius Julius Caesar is at the height of his stupendous career. When he becomes embroiled in a civil war between Egypt's King

Ptolemy and Queen Cleopatra, he finds himself torn between the fascinations of a remarkable woman and his duty as a Roman. Though he must leave Cleopatra, she remains a force in his life as a lover and as the mother of his only son, who can never inherit Caesar's Roman mantle, and therefore cannot solve his father's greatest dilemma -- who will be Caesar's Roman heir? A hero to all of Rome except to those among his colleagues who see his dictatorial powers as threats to the democratic system they prize so highly, Caesar is determined not to be worshiped as a god or crowned king, but his unique situation conspires to make it seem otherwise. Swearing to bring him down, Caesar's enemies masquerade as friends and loyal supporters while they plot to destroy him. Among them are his cousin and Master of the Horse, Mark Antony, feral and avaricious, priapic and impulsive; Gaius Trebonius, the nobody, who owes him everything; Gaius Cassius, eaten by jealousy; and the two Brutuses, his cousin Decimus, and Marcus, the son of his mistress Servilia, sad victim of his mother and of his uncle Cato, whose daughter he marries. All are in Caesar's debt, all have been raised to high positions, all are outraged by Caesar's autocracy. Caesar must die, they decide, for only when he is dead will Rome return to her old ways, her old republican self. With her extraordinary knowledge of Roman history, Colleen McCullough brings Caesar to life as no one has ever done before and surrounds him with an enormous and vivid cast of historical characters, characters like Cleopatra who call to us from beyond the centuries, for McCullough's genius is to make them live again without losing any of the grandeur that was Rome. Packed with battles on land and sea, with intrigue, love affairs, and murders, the novel moves with amazing speed toward the assassination itself, and then into the ever more complex and dangerous consequences of that act, in which the very fate of Rome is at stake. The October Horse is about one of the world's pivotal eras, relating as it does events that have continued to echo even into our own times.

Affective Health and Masculinities in South Africa Hans Reihling 2020-04-03 Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

A New Culture of Learning Douglas Thomas 2011 The twenty-first century is a world in constant change. In A New Culture of Learning, Doug Thomas and John Seely Brown pursue an understanding of how the forces of change, and emerging waves of interest associated with these forces, inspire and invite us to imagine a future of learning that is as powerful as it is optimistic. Typically, when we think of culture, we think of an existing, stable entity that changes and evolves over long periods of time. In A New Culture, Thomas and Brown explore a second sense of culture, one that responds to its surroundings organically. It not only adapts, it integrates change into its process as one of its environmental variables. By exploring play, innovation, and the cultivation of the imagination as cornerstones of learning, the authors create a vision of learning for the future that is achievable, scalable and one that grows along with the technology that fosters it and the people who engage with it. The result is a new form of culture in which knowledge is seen as fluid and evolving, the personal is both enhanced and refined in relation to the collective, and the ability to manage, negotiate and participate in the world is governed by the play of the imagination. Replete with stories, this is a book that looks at the challenges that our education and learning environments face in a fresh way. PRAISE FOR A NEW CULTURE OF LEARNING "A provocative and extremely important new paradigm of a 'culture of learning', appropriate for a world characterized by continual change. This is a must read for anyone interested in the future of education." James J. Duderstadt, President Emeritus, University of Michigan "Thomas and Brown are the John Dewey of the digital age." Cathy Davidson, Professor of Interdisciplinary Studies, Duke University "A New Culture of Learning may provide for the digital media and learning movement what Thomas Paine's Common Sense did for the colonists during the American Revolution- a straightforward, direct explanation of what we are fighting for and what we are fighting against." Henry Jenkins, Provost's Professor, USC "A New Culture of Learning is at once persuasive and optimistic - a combination that is all too rare, but that flows directly from its authors' insights about learning in the digital age. Pearls of wisdom leap from almost every page." Paul Courant, Dean of Libraries, University of Michigan "Brilliant. Insightful. Revolutionary." Marcia Conner, author of The New Social Learning "Douglas Thomas and John Seely Brown portray the new world of learning gracefully, vividly, and convincingly." Howard Gardner, Professor, Harvard Graduate School of Education "Thomas and Brown make it clear that education is too often a mechanistic, solo activity delivered to the young. It doesn't have to be that way-learning can be a messy, social, playful, embedded, constant activity. We would do well to listen to their message." Clay Shirky, author of Cognitive Surplus "Anyone who fears, as I do, that today's public schools are dangerously close to being irrelevant must read this book. The authors provide a road map-and a lifeline-showing how schools can prosper under the most difficult conditions. It is a welcome departure from all the school bashing." John Merrow, Education Correspondent, PBS NewsHour "American education is at a crossroads. By illuminating how play helps to transform both information networks and experimentation, and how collective inquiry unleashes the power of imagination, A New Culture of Learning provides an irresistible path to the future." Joel Myerson, Director, Forum for the Future of Higher Education.

While attending an evening course at Columbia in 1942, Nathan notices a recruitment poster on a university wall and decides to enlist in the military and help fight the Nazi regime. The Trust Norb Vonnegut 2012-07-17 "Mr. Vonnegut dreams up diabolically elegant business crimes, then sends smart-talking characters to follow the money. He draws upon his own Wall Street experience (with Morgan Stanley, among other employers) to provide the sound of insider acumen.... There's enough novelty to this plot to set "The Trust" apart from garden-variety business thrillers, the ones in which Bernard Madoff stand-ins run Ponzi schemes. Anyway, Mr. Vonnegut is just getting started." -The New York Times Norb Vonnegut lends his unique insider's perspective and his darkly humorous writing to a fast-talking suspense thriller that takes readers inside the high-rolling world of global finance. Palmer's daughter calls Grove O'Rourke, stockbroker and hero of *Top Producer*, for help getting her family's affairs in order. Palmer was Grove's mentor and client, the guy who opened doors to a world beyond Charleston. Grove steps in as the interim head of the Palmetto Foundation, an organization Palmer created to encourage philanthropy. Community foundations, like the Palmetto Foundation, are conduits. Philanthropists gift money to them and propose the ultimate beneficiaries. But in exchange for miscellaneous benefits-anonymity, investment services, and favorable tax treatment-donors lose absolute control. Once funds arrive, community foundations can do whatever they decide. For years Palmer showed great sensitivity to his donors, honoring their wishes to funnel funds into the charities of their choice-his unspoken pledge-and it was this largesse which made him a respected pillar of the Charleston community. But after Grove authorizes a \$25 million transfer requested by a priest from the Catholic Fund, he discovers something is terribly wrong. He gets a call from Biscuit Hughes, a lawyer representing the people of Fayetteville, North Carolina, against a new sex superstore in their town. Biscuit has traced the store's funding to a most unlikely source: the Catholic Fund. Together, Grove and Biscuit launch an investigation into the fund, but the deeper they dig, the more evidence they find that the fund's money isn't being used to support the impoverished-it's going somewhere much more sinister. When someone close to him disappears and the FBI starts breathing down his neck, Grove knows he has to figure out who's pulling all the strings before the shadowy figure who will stop at nothing to keep the fund a secret gets to him.

Twelve Years A Slave, Illustrated Edition Solomon Northup 2014-04-08 Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. *Twelve Years a Slave* is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

Berlin, 1930—When a wave of change sweeps a radical political party to power, Sofie von Meyer Rhodes's academic husband benefits from the ambitions of its newly elected chancellor. Although Sofie and Jürgen do not share the social views growing popular in Hitler's Germany, Jürgen's position with its burgeoning rocket program changes their diminishing fortunes for the better. But as Sofie watches helplessly, her beloved Berlin begins to transform, forcing her to consider what they must sacrifice morally for their young family's security, and what the price for their neutrality will be. Twenty years later, Jürgen is one of the many German scientists offered pardons for their part in the war, and taken to America to work for its fledgling space program. For Sofie, this is the chance to exorcise the ghosts that have followed her across the ocean, and make a fresh start in her adopted country. But her neighbors aren't as welcoming or as understanding as she had hoped. When scandalous rumors about the Rhodes family's affiliation with Hitler's regime spreads, idle gossip turns to bitter rage, and the act of violence that results will tear apart Sofie's community and her family before the truth is finally revealed. No Accident Neil Arason 2014-04-29 It is possible to eliminate death and serious injury from Canada's roads. In other jurisdictions, the European Union, centres in the United States, and at least one automotive company aim to achieve comparable results as early as 2020. In Canada, though, citizens must turn their thinking on its head and make road safety a national priority. Since the motor vehicle first went into mass production, the driver has taken most of the blame for its failures. In a world where each person's safety is dependent on a system in which millions of drivers must drive perfectly over billions of hours behind the wheel, failure on a massive scale has been the result. When we neglect the central role of the motor vehicle as a dangerous consumer product, the result is one of the largest human-made means for physically assaulting human beings. It is time for Canadians to embrace internationally recognized ways of thinking and enter an era in which the motor vehicle by-product of human carnage is relegated to history. *No Accident* examines problems related to road safety and makes recommendations for the way forward. Topics include types of drivers; human-related driving errors related to fatigue, speed, alcohol, and distraction and roads; pedestrians, cyclists, and public transit; road engineering; motor vehicle regulation; auto safety design; and collision-avoidance technologies such as radar and camera-based sensors on vehicles that prevent crashes. This multi-disciplinary study demystifies the world of road safety and provides a road map for the next twenty years.

Karolina's Twins Ronald H. Balson 2016-09-06 Lena Woodward, an elderly woman, enlists the help of both lawyer Catherine Lockhart and private investigator Liam Taggart to appraise the story of her harrowing past in Nazi occupied Poland. At the same time, Lena's son Arthur presents her with a hefty lawsuit under the pretence of garnering her estate - and independence - for his own purposes. Where these stories intersect is through Lena's dubious account of her life in war-torn Poland, and her sisterhood with a childhood friend named Karolina. Lena and Karolina struggled to live through the atrocity of the Holocaust, and at the same time harboured a courageous, yet mysterious secret of maternity that has troubled Lena throughout her adult life. In telling her story to Catherine and Liam, Lena not only exposes the realities of overcoming the horrors of the Holocaust, she also comes to terms with her own connection to her dark past. *Karolina's Twins* is a tale of survival, love, and resilience in more ways than one. As Lena recounts her story, Catherine herself also recognises the unwavering importance of family as she prepares herself for the arrival of her unborn child. Through this association and many more, both Lena and Catherine begin to cherish the dogged ties that bind not only families and children, but the entirety of mankind.

And Then I Danced Mark Segal 2015-09-14 A gay-rights pioneer shares his stories, from Stonewall to dancing with his husband at the White House, in a memoir full of "funny anecdotes and heart" (Publishers Weekly). On December 11, 1973, Mark Segal disrupted a live broadcast of the CBS Evening News when he sat on the desk directly between the camera and news anchor Walter Cronkite, yelling, "Gays protest CBS prejudice!" He was wrestled to the studio floor by the stagehands on live national television, thus ending LGBT invisibility. But this one victory left many more battles to fight, and creativity was required to find a way to challenge stereotypes. Mark Segal's job, as he saw it, was to show the nation who gay people are: our sons, daughters, fathers, and mothers. This is a memoir of one man's role in modern LGBT history, from being on the scene of the Stonewall riots, to getting kicked off a 1970s TV show for dancing with another man—and then, decades later, dancing with his husband at a White House event for Gay Pride. "[Segal] vividly describes his firsthand experience as a teenager inside the Stonewall bar during the historic riots, his participation with the Gay Liberation Front, and amusing encounters with Elton John and Patti LaBelle....A jovial yet passionately delivered self-portrait inspiring awareness about LGBT history from one of the movement's true pioneers."—Kirkus Reviews "The stories are interesting, unexpected, and witty."—Library Journal "Much this book focuses on his work, but the more telling pages are filled with love gained and lost, raising other people's children, finding himself, and aging in the gay community. A must-read."—The Advocate
