*Olivononics* Francis Olivo 2000-06 Olivononics (Oh-Lee-Vo-Non-Ecks) is a basic look at the philosophies of the human mind, reality, ethics, and logic to see if it's possible for an inmate to philosophically earn an early parole through the Olivononics program. Philosophy is like a breath of fresh air that blows away all the haze that sometimes blurs our vision. Unlike psychology, philosophy looks at the conceptual questions like what is reality. Philosophy has been around for thousands of years and it's answered thousands of questions. Now it's time to answer the question of is it possible to get out of prison early and stay out for life. This book was written in easy to understand English and is intended to help inmates earn an early parole.

*Inequality, Geography and Global Value Chains* Jong Min Lee 2023-04-24 This contributed volume provides theoretical and empirical insights into a variety of contemporary issues about inequality, geography, and global value chains in today's world, where global disruptions are prevalent, globalization is being transformed, and multinational enterprises (MNEs) are under pressure to promote sustainability. Many challenges and tensions created by growing inequality within and between countries, cities, and individuals, coupled with recent disruptions in the global economy, beg important questions regarding the role of MNEs. A valuable resource for scholars and students in international business, the book provides a richer understanding of how MNE activities are being affected by the complex dynamics of the modern global business environment and discusses what strategies they need to implement in order to adapt to a changing world, while accounting for the interests of a broader range of stakeholders.

*Central American Young People Migration* Henry Parada 2023-11-20 This book examines the social construction and representation of 'youth on the move' in the context of the migration process, using El Salvador, Guatemala, and Honduras as a case study to reinterpret the immigration process under the frameworks of coloniality and epistemologies of the South. The discussion surrounding Central American migrants has increased exponentially with the emergence of the caravans and the increased security measures along Mexican and US borders. Explicitly focused on the plight of children and young people, the examination of migration includes exploring the global context and dynamics that influence migratory trends and framing Central American migrant processes and youth strategies of survival and resistance. Contributing to existing conversations about the migration of people from Central America, this text seeks to understand the phenomenon's roots. This book will interest scholars and students across the social sciences, particularly those studying the global dynamics of power, and migration and governance, as well as practitioners involved in decision-making with governments and international organizations.

**Destined Souls** Amaris Olivo-Brito 2012-09 *Destined Souls* begins five hundred years ago when a battle rages that will set seventeen-year-old Aiyana's destiny in stone. Flash forward to present day, when Aiyana meets Razael, a boy who is far from human. Aiyana, who does not believe in true love, comes to find that there is such a thing as soul mates and Razael is hers. However, their love is unavoidable and neither of them is able to fight it for long. A single touch starts an uncontrollable electric stream that intensifies everything they feel. To make matters worse, a love triangle develops when Jeremy also falls in love with Aiyana. Is either young man her true destiny? *Destined Souls: Volume One* tells of forbidden and timeless love that cannot be denied.

**ARTIFICIAL ILLUMINATIONS** Enrico Ghezzi 1998-10-17 The photographs of Olivo Barbieri depict nocturnal urban landscapes that are saturated in color and light. Bursting with evidence of human activity, Barbieri's cities seem nevertheless devoid of life. Accompanied by descriptive text, the images in Barbieri's collection resonate with dreamlike potency. 22 color photos.

**Old Growth** Michael Olivo 2020-03-18 This candy-colored visual feast of a book is an exploration of prophetic dreams, personal and cultural mythology, and blind ambition in relation to individualistic and communal philosophies. Ultimately, these polarized mindsets manifest their flaws when brought to their extremes, and the major characters in the book are dragged and pulled about by their stubborn ideologies. Along the way, the story finds function in youth as a clumsy challenge to authority and a naive catalyst of change, while cryptic angels silently steer the fate of all below.

*Site Specific* Olivo Barbieri 2013 'Site Specific' is a summary of Olivo Barbieri's ten-year project to record the world's cities in aerial photographs. On the one hand, the book offers remarkable documentation, by a thrilling image-maker, of twenty-five cities throughout the world.

*River of Life* Sam Olivo 2011-11 From the outpouring of his soul and the Holy Spirit as his guide, come the words that fill his heart and now line the pages of this book. "it's you who waits for all who seek, it's you who changes stone to meek, it's you who fulfills each and every soul, it's you who teaches each one his or her role. it's you who ignites my heart on fire, it's you who drives my desire." It is apparent that Sam Olivo is a man after God's own heart. Consumed with a passion to serve and live for our Savior, Sam is a clear voice in a chaotic world that beckons people to trust in anything and everything but the Lord. There has been a clear calling on Sam's life to share the good news of the gospel in his gifted, down-to-earth, humble fashion. He is a blessing to those around him. This book encapsulates his love for the Lord and the Lord's love for all of us.

May it touch your heart and soul.

She describes her work as a "poetic memoir of diasporic despair and delight," where she speaks to the trauma, healing, and growth that comes with discovering your most authentic self. Every poem takes you on an emotional ride through the struggle of learning who you are and embracing the love you deserve. Clara Olivo (she/her/ella) is an Afro-Salvi poet living in diaspora. Born and raised in South Central L.A. to Salvadorean refugees, Clara weaves history and lived experience, creating transcendental poetry that amplifies ancestral power and pride. A chef by trade, Clara took her love of the kitchen into the nonprofit sector in 2007 where she combined her passion for food with her love of community building. For over ten years, she worked in urban agriculture, nutrition education, and food access in Houston, Texas before moving to Seattle, Washington in 2017. In 2020, her work shifted from working the frontlines to taking up space in leadership roles and side hustling as a racial equity consultant within nonprofits—a challenge and duty she currently embraces and executes. She firmly believes that by sharing her lived experience and analysis of oppressive systems, she can challenge and transform the nonprofit world and all they touch. Writing for her lost inner child, Clara steps into her poetry with the intention of healing the hurts of her past and inspiring hope for the future. Since finding her voice, she has performed in open mics and art receptions from Seattle to Washington D.C., and has been featured in publications such as *The South Seattle Emerald*, *Valiant Scribe*, and *Quiet Lightning's Literary Mixtape*. In her debut collection, *The Whisper, The Storm and The Light in Between*, Clara vulnerably reveals her experience as a racialized being surviving Predominantly White Institutions (PWIs) and colonization. She describes her work as a "poetic memoir of diasporic despair and delight," where she speaks to the trauma, healing, and growth that comes with discovering your most authentic self. Every poem takes you on an emotional ride through the struggle of learning who you are and embracing the love you deserve. Clara lives in a quiet home on unceded Duwamish land with her partner, dog, and an ever-growing number of plants. **The olivo-cerebellar system** Egidio D'Angelo 2016-04-29 During the last decades, investigations on the olivo-cerebellar system have attained a high level of sophistication, which led to redefinitions of several structural and functional properties of neurons, synapses, connections and circuits. Research has expanded and deepened in so many directions and so many theories and models have been proposed that an ensemble review of the matter is now needed. Yet, hot topics remain open and scientific discussion is very lively at several fronts. One major question, here as well as in other major brain circuits, is how single neurons and synaptic properties emerge at the network level and contribute to behavioural regulation via neuronal plasticity. Other major aspects that this Research Topic covers and discusses include the development and circuit organization of the olivo-cerebellar network, the established and recent theories of learning and motor control, and the emerging role of the cerebellum in cognitive processing. By touching on such varied and encompassing subjects, this *Frontiers Special Topic* aims to highlight the state of the art and stimulate future research. We hope that this unique collection of high-quality articles from experts in the field will provide scientists with a powerful basis of knowledge and inspiration to enucleate the major issues deserving further attention.

*No Gun In Prison* Wildfred Olivio 2022-07-15 Life in prison is a risky business. You're surrounded by death every moment. Even your existence in peace can cause trouble. The prison world has its horror. You can either become a friend or a foe, and there is no in-between. It is like being trapped in a dead body, but you can see and feel it. The vultures, like inmates, are always on the hunt for a weakness to exploit. Aiming to be a rapper, Young Capo got influenced by the bad company, and seeing his fame, he got trapped for a murder he didn't commit. But unfortunately, life in prison brought no redemption; rather, he found himself entangled with the other inmates. Lefty avenging his brother's murder, instead of joining the Marines, he became a prisoner for half of his life. This book is a story of four young inmates who are in for different crimes yet trying their best to survive. They face fights, arguments, and even death threats by utilizing their skills and adjusting to a completely different world. The prison was hell for everyone, unique to each their own. They hoped for a second chance at life, to start all over, but fate had something else planned for them...

Olivononics Two Francis Olivo 2000-07 Author bio: Francis A Olivo is an auxiliary member of the APPA, American Philosophical Practitioners Association. Book Description: *Olivononics (Oh-Lee-Vo-Non-Eks) Two* is a short but effective way to get into a philosopher's way of thinking. I've been a philosopher for years and I'm here to tell you it makes a difference in my life. In *How to Think Like a Philosopher*, I'm going to look at the questions that philosophy tries to examine. In doing so I hope to help people who are thinking about taking philosophy in college get a better idea of what philosophical or critical thinking is. By the same token, it is my hope that if you a person who is unsure of what they want or how to get it, *Olivononics Two: How to Think Like a Philosopher* will help. Philosophy is like a breath of fresh air that blows away the haze that sometimes blurs our vision. Studying philosophy opens a new door and new possibilities for people to examine. After all, it's been said, "Success is getting what you want, but happiness is wanting what you get."

**Creating a Democratic Civil Society in Eastern Germany** C. Olivo 2001-05-03 This book examines normative theories of civil society and deliberative democracy by using a case study of the East German 'citizen movements' that led the democratic opposition against the communist regime. These movements espoused political ideals and engaged in public activities with striking affinities to recent normative theoretical conceptions of civil society. Tracing the history of the citizen movements from the 1970s through the 1990s, this study analyzes their attempts to transform German politics through a 'politics of civil society.' This case reveals the democratic potential of civil society theories as well as the obstacles facing the realization of alternative visions of democracy in contemporary liberal democracies.

Olivo Oliva Philippe Poloni 2005 The setting is an olive orchard in Sicily, where an olive quivers at the end of a branch, longing for his freedom. In the grass below, the orchard owner's daughter, Pina da Vita, has been seduced by the son of her father's enemy. From this unusual tableau is conceived our hero, Olivo Oliva -- part man, part olive, a bastard who grows up to be a prodigious killer and obsessive artist.

*Renegades for Jesus* Maria Estelle Olivo 2022-06-21 It was the year 2027 when the world was going through horrible times, and Jesus was observing everything from heaven. He came up with a perfect solution to fix it. Jesus turns to the Father and he says, "Father the world's problems are escalating and the people are more coldhearted. They are loving evil and hurting others because their love has diminished from their hearts. Many of them are committing heinous crimes and others are taking their lives because of the dilemmas of life pressure. The governments are becoming more corrupted. Do you see what the leader of Iran is planning to do? We must come up with an answer to the circumstances. We should select three souls to do our bidding on earth? What about these three?" "Yes, Son, let us select them. Matter of fact, we will call them the Renegades for Jesus." Meanwhile, the devil was observing everything that was happening on the earth, for people's hearts were wicked. Mother Nature was getting worse; therefore, he decides to come up with a plan of his own. His, son, Adam Bismarck was nearby him when he shares the plan. "You will disguise yourself as the savior of the world and make sure that everyone in the world takes the Mark of the Beast. I will assist you with the agenda.

*Back To Black* Simonetta Olivo 2022-09-13 Narrativa - racconto (13 pagine) - Una ragazza di periferia, una psicologa. E un angolo nero in fondo all'anima. Una storia ispirata dalla canzone Back to Black, di Amy Winehouse. Aveva appena finito la sua birra scura, seduta sulla panchina dello skatepark, le gambe nude al sole, e non poteva credere d'essere lì, dove aveva sempre voluto essere. Bojan tirò su una canna, l'erba era buona, e mentre lui cantava canzoni stonate Sara giocava con Carlo a chi rideva per primo, guardandosi fissi; perdeva sempre, poi per pegno doveva tenere il tiro in gola per mezzo minuto. Sapeva che tutti e due erano innamorati di lei, ma non aveva idea di cosa provare a sua volta. Non era abituata a niente che fosse meno che doloroso: aveva un padre e una madre di merda, tossici, figli del servizio sociale e irrimediabili alcolisti, che non si erano mai accorti di lei, mentre figliavano avanti, come se avessero qualcosa di buono da rendere a questo mondo. Quando era incinta, la madre era felice, persino bella: poi tornava a gridare, bere e puzzare di fumo. Simonetta Olivo è nata a Udine, in Italia, nel 1976. Vive a Trieste, dove lavora come psicologa in un servizio pubblico. Si dedica anche alla scrittura dal 2016. Ha pubblicato racconti sulla rivista Robot e in appendice a Urania Mondadori, oltre che in varie antologie tra cui Distopia (Millemondi Urania Mondadori), FantaTrieste (Kipple), 2050 - Quel che resta di noi (Delos Digital). Ha curato, assieme a Linda De Santi, l'antologia Atterraggio in Italia (Delos Digital). Come narratrice, ha al suo attivo due raccolte di racconti: Fantafiabe e Insogno (entrambe per Delos Digital). Con Speculative Fiction in Translation ha pubblicato Microverses nella rivista Words Without Borders. È membro fondatore del Collettivo Italiano Fantascienza.
