Black Lies Alessandra Torre 2014 Brant: Became a tech billionaire by his twentieth birthday. Has been in a relationship with me for 3 years. Has proposed 4 times. Been rejected 4 times. Lee: Cuts grass when he's not banging housewives. Good with his hands, his mouth, and his cock. Has been pursued relentlessly by me for almost 2 years, whether he knows it or not. Go ahead. Judge me. To Seduce a Dragon Poppy Rhys 2020-06-26 My name is Jaya, a dreamer, bola slinger, and one of ten guardians in my tribe. I was content to live out my days keeping watch on the village, hunting, and batting away insects that flew too close to the prissy women chosen to birth the next generation. My life was nothing like theirs. I spent way too much time burying my secret in the dirt, over and over, to make sure of it. Gods no. That wasn't my future... Until the sky lit up and an angry star sent all the Mist tribes into a desperate frenzy for the beasts of legend to bleed new life into our people. It wasn't supposed to turn out this way. I didn't mean to touch him, but what's done is done. Do I have what it takes to seduce a dragon? Don't know, but hold my bola-I'm about to find out.

The Alien's Little Sister Amanda Milo 2021-12-24 MATT: When my employee propositions me, I'm taken aback. Yeah, she's gorgeous, exotic, and adventuresome, but besides the issue of me being her boss, she proposes something casual. Which is reason enough to give me pause, because I'm not a casual kind of guy. But long story short, we get together, it's great, and I'm crazy about her, which means I have a big problem. Seven of them, actually-that's how many brothers she has. And I don't know about you, but to me, that sounds like the recipe for an @\$\$ whooping. *Seven* super overprotective brothers means they aren't going to hesitate to beat me into a whimpering bag of meat for touching their little sister. Yippee. Is that enough to deter me from falling for her? Evidently not, and I guess it's because Inara is an alien, and there are a couple of pretty big galaxies separating me from her bad@\$\$ family, so I'm safe. Or so I pretend. Because it isn't the threat of her brothers that worries me. It's these damn inconvenient feelings that stubbornly refuse to quit growing. I care about Inara. A lot. And that's a problem, because as far as she's concerned, she still thinks she's just having a simple fling. Me? Here's the whole truth: I freaking love her. And she's going to break my heart when she goes back home without me... Unless I convince her to take me with her. ***The Alien's Little Sister is a laugh-out-loud 67K rom-com with a little sci-fi twist.

Craving Maul Sean Moriarty 2017-09-22 I went into space looking for my sister, what I found is an alien claiming I'm his. Five years ago, Earth made contact with the Twenty-Three Tribunal, a government of twenty-three superior alien races that rule over the known universe. Deemed too primitive to protect ourselves, the Tribunal slapped a 'Protected' status on Earth, declaring us off-limits to the more advanced races that would exploit or enslave us. Someone has been violating the status. Last year, like so many others before her, my sister Isla disappeared without a trace. And with the Tribunal unwilling, or simply unable to help us, I'll do anything, even something really crazy, to get her back. With the help of my best friend and an alien smuggler I've captured, I've got a crazy plan. A plan that involves a neurotransmitter, a one-way ticket off of Earth, and a very powerful drug that will help me infiltrate an illegal alien slave market. I expect to be used, abused, and violated in my quest to gather evidence. What I don't expect is to be captured and claimed by a huge silver alien ...

Tempest Poppy Rhys 2018-02-15 They can't break me. I wasn't prepared for what came after I got arrested and sent to prison. Finding my sister in that hellhole should've been easy. I wasn't prepared to survive an alien planet straight out of a prehistoric nightmare. Facing my fears to withstand the creatures that wanted to eat me, and the four alien men that watched me like a morsel they wanted to sink their teeth into... I wasn't prepared for any of it. But I sure as hell wouldn't let it break me. --- This story contains a reverse harem (m/m/f/m/m) of fish-man, element wielding, alien heroes, mature content, violence, and probably too much language! Tempest is best enjoyed after reading Alluvial (Valos of Sonhadra #1) The Valos of Sonhadra series is the shared vision of nine sci-fi and fantasy romance authors. The Scorpion's Mate Susan Trombley 2018-02-16 This is a full-length, science-fiction, alien abduction romance that was previously released as part of a two-book collection introducing the first books in two series. Each book is now being released separately. This revised edition of The Scorpion's Mate has some small changes from the original. Claire has never really fit in with everyone around her, but she's carved out a life for herself using her own unique style and artistic ability to support herself on the Internet. The last thing she expects is to be abducted by aliens and dropped into a research facility, where a genetically-engineered alien soldier chooses her as his life-

mate. Thrax's pheromones are compelling, and his status as a fellow unwilling test subject makes them allies, but Claire isn't certain she can trust someone who is convinced she belongs to him, when all she wants to do is find a way to return home to Earth—a place that her devoted alien can never follow, because there's no way the scorpion-like alien would ever be able to pass for human. Still, she'll accept help where she can find it, so she doesn't hesitate to escape with Thrax from the facility, though their time running from their pursuers in the warrens beneath the research facility will forever change Claire, and could make it impossible for her to return to Earth. But will there be anywhere else in the galaxy they can go where their love will be accepted? Author's Note: 18+ only, this book contains scenes of graphic intimacy and violence that are not intended for younger readers. Also, please note that the hero in this book is not human-looking and possesses an appearance and attributes that may not be comfortable for some readers to read about.

The (Alien) Nanny for Christmas Amanda Milo 2020-10-12 Hi. I'm Gwen. I'm a single mom to two growing boys—and now I'm the brand new owner of an alien whose greatest wish in life is to become a live-in nanny. It's been kind of a weird day. I wholeheartedly recommend adding an alien to your household though. He cooks, he cleans—and the kids love him. But three things you should know if you're going to keep a seven-foot-tall alien in your basement? You might want to invest in flameproof cookware. He will think of you as his planet's equivalent of a princess. And my alien is totally stealing my underwear. **This is a 37K, sweet Standalone Novella. Note: Explicit language and adult scenes are contained in this book. **Heads up for readers of the Stolen series: this is an interconnected standalone, so hop in and have some fun "Ha!" moments with me!

Unfrozen Regine Abel When the penitentiary ship she's incarcerated in gets sucked into an anomaly, Lydia barely survives the crash onto an alien planet. Only the sadistic experiments performed on her by the prison's scientist allow her to survive this harsh and dangerous world. The future looks grim until she stumbles upon a magnificent city of ice and its most unusual inhabitant. Kai is fascinated by the delicate stranger fallen from the stars with the power to bring his hibernating city back to life. She stirs emotions long forgotten by his frozen heartstone. Can she be the salvation of his people or will the trap set by the Creator bring about their collective doom?

The Quarry Master Amanda Milo 2020-07-25 BASH: I dislike people. I despise humans. A cruel mandate from one of my region's rulers has saddled me with a slew of little alien humans: I'm to put them to work. One problem? I run a rock quarry, where humans' thin skin is a detriment to productivity. Overseeing these humans is like trying to herd yanaks. If I don't burn, beat, or strangle them to death by the day's end, it will be a miracle. ISLA: I can tell the boss likes me, because I'm not dead. Bash is abrasive and acerbic, like some sort of alien love child between Michael Caine and Miss Hannigan. And maybe Ebenezer Scrooge. Bash is a little... anti-human race. But he's not all bad. Sure, he's a little growly and he sets things on fire when he gets mad, but even villains need a friend. And here? Bash is everybody's villain. Everybody's but mine. Warning: This book is the slowest of slow burns. It's a 127K story with the personal puzzle parts not snapping together until the last stretch of the book. If you want to sink your teeth into a romance that hits the fireworks level fast,

skip on this one. But if you want a sweet slow burn, then this one might be the book for you. (Especially if you love super grouchy heroes with big horns and bigger attitudes.)

Enduring Marina Simcoe 2020-09-23 They say crime doesn't pay . . . but what if it's done in the name of love? Being left behind by my boyfriend and getting arrested wasn't part of the plan. Neither was becoming a test subject for a mad scientist, a crash landing in the prison spaceship, and then struggling to survive in a deadly alien jungle. I could have paid with my life, instead, I was given two incredible reasons to love again, and this time the thing I need to do is to hold on to them. Love condemned me, now it's the only thing left that can save everything I hold dear. Simply enduring is no longer enough. I want to truly live. The Valos of Sonhadra series is the shared vision of nine sci-fi and fantasy romance authors. Each book is a standalone, containing its own Happy Ever After, and can be read in any order. _____ Warning: Enduring is a

FMM sci-fi romance that contains graphic descriptions of intimacy. Intended for mature readers.

Saving Askara J. M. Link 2018-12-19 Victoria's day starts out like any other aboard the transorbital ship, Phoenix. Such is the life of an emergency medicine specialist in the age of "post-discovery". Sure, she had always dreamed of interacting with intelligent extraterrestrial life- the real thing, not those microbes on distant moons. Who wouldn't? She was still happy with her career, however mundane and demanding it might be. That's what it took to run a ship the size of a small city smoothly. Monotony. But all that changes one morning, and suddenly she's not so sure she didn't stick her foot in it... Be careful what you wish for. ***Escape had been their only drive, and even death was preferable to the alternative. But they never thought their flight for freedom would put them in an uncharted system. Forced to interact with an isolated world and its inferior, albeit curious people. When it affords them an unforeseen and unprecedented opportunity to take back their world from those who seek to destroy them, however, Aderus begins to wonder if it wasn't fate. Earth's proposal is shocking and uncomfortable for a fierce, independent race that relishes in their solitude. But the more he learns of humans, the more he comes to admire and respect them. One, in particular.*WARNING* Not intended for readers under 18. Contains explicit sexual content.

Iced Elise Faber 2020-05-21 Blocked This is her shot. Brit has the chance to make history by being the first female goalie to play for an NHL team, the San Francisco Gold. So, when she is introduced to Stefan, the Gold's captain, she is determinedly not interested. Stefan is sexy, charming, and has a publicly documented list of conquests a mile long. Brit is unwilling to risk mixing business with pleasure, even when that business is wrapped up in a six-foot-plus, gorgeously muscled package. When management pushes Brit and Stefan together in an effort to gain good press for the beleaguered team, Brit finds that her carefully calculated disinterest doesn't mask her body's desires. The more she falls for Stefan, the more she risks her career. Will she be able to have it all—a starting position and the heart of the captain? Or will she lose everything? Backhand Mike Stewart is a bad boy. Sleeping around. Boozing. Fighting with teammates. Name a bad behavior and he's done it—done it so well, in fact, that he almost tanked his career as a starting defenseman for the NHL's San Francisco Gold. But Mike is done with all that. He's starting with a fresh foot forward and putting his past behind him. That is, until his past quite literally reappears before his eyes. Sara Jetty is just as beautiful as she was a decade before, but Mike hasn't seen her since she scored a gold medal in women's figure skating. Now something has put shadows in her eyes, a familiar type of hurt he is all too well-versed in. This Sara wants nothing to do with him. Their easy friendship is gone and in its place is a hardened woman who's nothing like the girl from his past. Still, Mike hasn't become a top defenseman in the NHL by being afraid of hard work, and he isn't about to let Sara push him away. Come hell or high water, he's going to crack her tough outer shell and find the sweet, innocent woman he's lusted after and loved, in equal measure, for more than ten years. Boarding Muscles. Mandy's work was supposed to be regulated to muscles. Well, muscles and ligaments and tendons . . . and general body health and—Blane was her fantasy—literally her nightly fantasy. He was sexy, strong, talented, and normally she would have thrown herself at his feet and begged for a night—or, cough, more—showing him exactly what that fantasy was. But that would mean she would get fired . . . and worse, so would he. She couldn't have that on her conscience, not when Blane was a gifted player for the San Francisco Gold. Plus, he was a professional athlete and their relationships were doomed to fail. Mandy knew that firsthand and she also knew she couldn't live that life. Always being the one left behind, always way down on the priority list. Hockey was his job and it was all consuming. That was reality and everything was fine—

Until Blane got hurt. Until she was spending more time with him. Much more time. Until Blane told her she was his fantasy too. Empty Net: Never Before Released Novella Empty. That was her life—What? But, if she was being truthful, Shannon's life was a little empty. She had a steady and growing business, even helping Molly expand their joint venture into the Gold Mine, arena for the San Francisco Gold, but she was bored and well . . . a little empty. Until Evan moved into the other half of the duplex and tall, dark, and brooding took over her life with the ease of a fire alarm blaring through the quiet, night air.
