The Flavor Matrix James Briscione 2018 One of Smithsonian Magazine's Ten Best Food Books of the Year A revolutionary new guide to pairing ingredients, based on a famous chef's groundbreaking research into the chemical basis of flavor As an instructor at one of the world's top culinary schools, James Briscione thought he knew how to mix and match ingredients. Then he met IBM Watson. Working with the supercomputer to turn big data into delicious recipes, Briscione realized that he (like most chefs) knew next to nothing about why different foods taste good together. That epiphany launched him on a quest to understand the molecular basis of flavor--and it led, in time, to The Flavor Matrix. A groundbreaking ingredient-pairing guide, The Flavor Matrix shows how science can unlock unheard-of possibilities for combining foods into astonishingly inventive dishes. Briscione distills chemical analyses of different ingredients into easy-to-use infographics, and presents mind-blowing recipes that he's created with them. The result of intensive research and incredible creativity in the kitchen, The Flavor Matrix is a must-have for home cooks and professional chefs alike: the only flavor-pairing manual anyone will ever need.

Matching Food & Wine Michel Roux 2005 This is Michel's very personal view of pairing food and wine, experience honed over the last 25 years by an appreciation of the classic combinations and experimenting with new and different ones. The right combinations, he explains, will make both taste better. Michel advises on how to store wine at home, at which temperatures it should be served, when to decant, which glasses to use, and how to pick a corked wine. MATCHING FOOD AND WINE covers pre-dinner drinks, starters, the main course, cheese and dessert. With each recipe Michel recommends three or four accompanying wines or drinks and explains why he has chosen them. His recipes will appeal to the modern cook - simple, elegant and delicious. He mentions the foods which react badly to wine, and the drinks which do no favours to food. The wines chosen come from around the world with the emphasis on styles of wine and predominant grape varieties. Occasionally he selects a grand chateau or vintage. Michel also selects 15 great wines and creates the ideal meal around them. MATCHING FOOD AND WINE will introduce you to a whole new dimension of enjoying yourself at the table.

More-with-Less Cookbook Doris Longacre 2003-09-26 This is a new edition of Herald Press's all-time best-selling cookbook, helping thousands of families establish a climate of joy and concern for others at mealtime. The late author's introductory chapters have been edited and revised for today's cooks. Statistics and nutritional information have been updated to reflect current American and Canadian eating habits, health issues, and diet guidelines. The new U.S. food chart "My Plate" was slipped in at the last minute and placed alongside Canada's Food Guide. But the message has changed little from the one that Doris Janzen Longacre promoted in 1976, when the first edition of this cookbook was released. In many ways she was ahead of her time in advocating for people to eat more whole grains and more vegetables and fruits, with less meat, saturated fat, and sugars. This book is part of the World Community Cookbook series that is published in cooperation with Mennonite Central Committee, a worldwide ministry of relief, development, and peace. "Mennonites are widely recognized as good cooks. But Mennonites are also a people who care about the world's hungry."—Doris Janzen Longacre

Good and Cheap Leanne Brown 2015-07-14 A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition

to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”; and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.

Mastering the Art of French Cooking, Volume 1 Julia Child 2011-10-05 NEW YORK TIMES BESTSELLER • The definitive cookbook on French cuisine for American readers: "What a cookbook should be: packed with sumptuous recipes, detailed instructions, and precise line drawings. Some of the instructions look daunting, but as Child herself says in the introduction, 'If you can read, you can cook.'" —Entertainment Weekly "I only wish that I had written it myself." —James Beard Featuring 524 delicious recipes and over 100 instructive illustrations to guide readers every step of the way, *Mastering the Art of French Cooking* offers something for everyone, from seasoned experts to beginners who love good food and long to reproduce the savory delights of French cuisine. Julia Child, Simone Beck, and Louisette Bertholle break down the classic foods of France into a logical sequence of themes and variations rather than presenting an endless and diffuse catalogue of dishes—from historic Gallic masterpieces to the seemingly artless perfection of a dish of spring-green peas. Throughout, the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations—bound to increase anyone's culinary repertoire. "Julia has slowly but surely altered our way of thinking about food. She has taken the fear out of the term 'haute cuisine.' She has increased gastronomic awareness a thousandfold by stressing the importance of good foundation and technique, and she has elevated our consciousness to the refined pleasures of dining." —Thomas Keller, *The French Laundry*
