*Advertising & Art* Alessia Alberti 2007 This is neither a manual claiming to be a popular summary nor a systematic treatment of the art of the wall poster. It is an original work, of vast scope, structured into independent essays organised along a cohesive timeline, from 1880 to the second half of the twentieth century, reflecting on various aspects of artistic advertising graphics in an interdisciplinary dimension and with an international perspective. From the establishment of the poster as an innovative form of large-circulation visual communication and from its emancipation from the painting aesthetics of the nineteenth century to the understanding of the influences of advertising on the Pop Art experiences of the 1960s, according to a logic of inverted relations. The constant points of reference show the relations not only with painting but also with graphic processing and design, publishing graphics, original prints and photography; in the background, there also is cinema, decorative arts and urban furnishing. Artists, schools, movements, trade magazines, the book industry, exhibitions and performances, business advertising, political and war propaganda, social topics: these are some of the subjects and phenomena that interact in the history of advertising languages, which have been framed here by the specialist expertise of six authors. There is also the recurrent emergence of the dialects around the instruments and purposes of advertising communication, between practice and experimentation, commercial requirements, professional training and creative demands.

in a one-volume paperback. Begging comparisons to Tolstoy and Joyce, this “magnificent, sprawling cosmic epic” (Guardian) by Alan Moore—the genre-defying, “groundbreaking, hairy genius of our generation” (NPR)—takes its place among the most notable works of contemporary English literature. In decaying Northampton, eternity loiters between housing projects. Among saints, kings, prostitutes, and derelicts, a timeline unravels: second-century fiends wait in urine-scented stairwells, delinquent specters undermine a century with tunnels, and in upstairs parlors, laborers with golden blood reduce fate to a snooker tournament. Through the labyrinthine streets and pages of Jerusalem tread ghosts singing hymns of wealth and poverty. They celebrate the English language, challenge mortality post-Einstein, and insist upon their slum as Blake’s eternal holy city in “Moore’s apotheosis, a fourth-dimensional symphony” (Entertainment Weekly). This “brilliant . . . monumentally ambitious” tale from the gutter is “a massive literary achievement for our time—and maybe for all times simultaneously” (Washington Post).

**Corto Maltese: Ballad of the Salty Sea** Hugo Pratt 2020 "In this final entry of Hugo Pratt's epic series, the master graphic novelist returns to the theme he first explored in the initial episode--the search for the lost continent of Mu, the mythical Atlantis. A premonition hovers over the entire dreamlike story, as if fate had decided in advance that this would be Corto Maltese's last adventure. The feeling is underscored by the return of most of the major characters seen throughout the long-running saga, like actors giving their final curtain call"--Amazon.com.

years. World authority on comic art Paul Gravett details the evolving meanings of the myths and legends told and retold by manga artists of every decade and reveals the development and cross pollination of ideas between manga artists throughout Asia. He explores the explosion of creativity in manga after the Second World War and highlights how creators have responded to political events since 1950 in the form of propaganda, criticism, and commentary in manga magazines, comics, and books. With maps, timelines, and reproductions from Japan, China, Taiwan, North Korea, South Korea, Thailand, Malaysia, Indonesia, Cambodia, the Philippines, Vietnam, India, and Bangladesh, this book is the first to explain the significance of key themes, the meanings of embodied myths, and the connections between various manga traditions.
