He is best known for his thrilling stories about the adventures of Sherlock Holmes. He published four novels and more than 50 short-stories starring the detective and Dr Watson, and they play an important role in the history of crime fiction. An Empty House Carlos Cerda 2003-01-01 A story of contemporary Chile by one of its most prominent novelists, *An Empty House* depicts the dissolution of an upper-middle-class family against a chilling background of exile, return, and discovery. The stark and moving narrative suggests the enormity of the horrors perpetrated in Chile over the last decades, horrors that resonate through the culture to this day. Cecilia and Manuel accept her father's gift of a house, in hope of repairing their unraveling marriage along with the badly scarred building. Instead, the couple's efforts expose the horrifying truth about the building and reveal the subtle strands of complicity, responsibility, and indifference that bind them to each other, their country, and its dark past. ø With its deftly drawn characters, play of ideas, and vivid dialogue, *An Empty House* gives English-speaking readers a memorable portrait of Chile today: honest, brutally realistic, but with a redemptive touch of lyricism and hope.

The Best of Sherlock Holmes Arthur Conan Doyle 2009 These 15 short stories, chosen by David Stuart Davies, former editor of 'Sherlock' magazine, show the master detective at his most ingenious.

Empty Houses David Kurnick 2012 According to the dominant tradition of literary criticism, the novel is the form par excellence of the private individual. *Empty Houses* challenges this consensus by reexamining the genre's development from the mid-nineteenth to the mid-twentieth century and exploring what has until now seemed an anomaly--the frustrated theatrical ambitions of major novelists. Offering new interpretations of the careers of William Makepeace Thackeray, George Eliot, Henry James, James Joyce, and James Baldwin--writers known for mapping ever-narrower interior geographies--this book argues that the genre's inward-looking tendency has been misunderstood. Delving into the critical role of the theater in the origins of the novel of interiority, David Kurnick reinterprets the novel as a record of dissatisfaction with inwardness and an injunction to rethink human identity in radically collective and social terms. Exploring neglected texts in order to reread canonical ones, Kurnick shows that the theatrical ambitions of major novelists had crucial formal and ideological effects on their masterworks. Investigating a key stretch of each of these novelistic careers, he establishes the theatrical genealogy of some of the signal techniques of narrative interiority. In the process he illustrates how the novel is marked by a hunger for palpable collectivity, and argues that the genre's discontents have been a shaping force in its evolution. A groundbreaking rereading of the novel, *Empty Houses* provides new ways to consider the novelistic imagination.

Certain houses, like certain persons, manage somehow to proclaim at once their character for evil. With houses it is the aroma of evil deeds committed under a particular roof, long after the actual doers have passed away, that makes the gooseflesh come and the hair rise. Something of the original passion of the evil-doer, and the horror felt by his victim, enters the heart of the innocent watcher, and he becomes suddenly conscious of tingling nerves, creeping skin, and a chilling of the blood. He is terror-stricken without apparent cause.

Empty Mansions Bill Dedman 2014-04-22 #1 NEW YORK TIMES BESTSELLER NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Janet Maslin, The New York Times • St. Louis Post-Dispatch When Pulitzer Prize-winning journalist Bill Dedman noticed in 2009 a grand home for sale, unoccupied for nearly sixty years, he stumbled through a surprising portal into American history. Empty Mansions is a rich mystery of wealth and loss, connecting the Gilded Age opulence of the nineteenth century with a twenty-first-century battle over a \$300 million inheritance. At its heart is a reclusive heiress named Huguette Clark, a woman so secretive that, at the time of her death at age 104, no new photograph of her had been seen in decades. Though she owned palatial homes in California, New York, and Connecticut, why had she lived for twenty years in a simple hospital room, despite being in excellent health? Why were her valuables being sold off? Was she in control of her fortune, or controlled by those managing her money? Dedman has collaborated with Huguette Clark's cousin, Paul Clark Newell, Jr., one of the few relatives to have frequent conversations with her. Dedman and Newell tell a fairy tale in reverse: the bright, talented daughter, born into a family of extreme wealth and privilege, who secrets herself away from the outside world. Huguette was the daughter of self-made copper industrialist W. A. Clark, nearly as rich as Rockefeller in his day, a controversial senator, railroad builder, and founder of Las Vegas. She grew up in the largest house in New York City, a remarkable dwelling with 121 rooms for a family of four. She owned paintings by Degas and Renoir, a world-renowned Stradivarius violin, a vast collection of antique dolls. But wanting more than treasures, she devoted her wealth to buying gifts for friends and strangers alike, to quietly pursuing her own work as an artist, and to guarding the privacy she valued above all else. The Clark family story spans nearly all of American history in three generations, from a log cabin in Pennsylvania to mining camps in the Montana gold rush, from backdoor politics in Washington to a distress call from an elegant Fifth Avenue apartment. The same Huguette who was touched by the terror attacks of 9/11 held a ticket nine decades earlier for a first-class stateroom on the second voyage of the Titanic. Empty Mansions reveals a complex portrait of the mysterious Huguette and her intimate circle. We meet her extravagant father, her publicity-shy mother, her star-crossed sister, her French boyfriend, her nurse who received more than \$30 million in gifts, and the relatives fighting to inherit Huguette's copper fortune. Richly illustrated with more than seventy photographs, Empty Mansions is an enthralling story of an eccentric of the highest order, a last jewel of the Gilded Age who lived life on her own terms.

The Adventure of the Empty House Sherlock Holmes Arthur Conan Doyle, Sir 2014-06-23 It can be imagined that my close intimacy with Sherlock Holmes had interested me deeply in crime, and that after his disappearance I never failed to read with care the various problems which came before the public. And I even attempted, more than once, for my own private satisfaction, to employ his methods in their solution, though with indifferent success. There was none, however, which appealed to me like this tragedy of Ronald Adair. As I read the evidence at the inquest, which led up to a verdict of willful murder against some person or persons unknown, I realized more clearly than I had ever done the loss which the community had sustained by the death of Sherlock Holmes.

person is missing, or a truth, or memory; some rooms are enticing, some unmoored, others empty. But in Samanta Schweblin's tense, visionary tales, something always creeps back inside: a ghost, a fight, trespassers, a list of things to do before you die, a child's first encounter with darkness or the fallibility of parents. It is a building deserving preservation for the British nation, and indeed the world, for all time. Sadly, the building is currently under threat from the property developers who wish to divide the house into 3 separate units and build a further 5 alongside. Planning permission for development has already been approved by Waverley Borough Council. The Undershaw Preservation Trust (UPT), with Mark Gatiss [BBC Sherlock] as Patron, is dedicated to the preservation and protection of this important literary building and are campaigning to get this decision overturned, so the house can be restored to its original glory and enjoyed as the single dwelling Sir Arthur Conan Doyle intended it to be. This book is a collection of short Sherlock Holmes stories and poems written by fans from around the world in support of the Save Undershaw campaign - even the cover has been designed by fans. Royalties from the book go towards the UPT to preserve this wonderful house for future generations of Doyleans, Sherlock Holmes enthusiasts and literary fans of all kinds. The Silence in an Empty House Maria M. Gillan 2013 Poetry. In *THE SILENCE OF AN EMPTY HOUSE*, Maria Mazziotti Gillan comes to the limit of human experience, stares death in the face, and struggles to keep moving. These moments she faces and speaks of so clearly are unavoidable, and the long illness and death of her husband, Dennis, is her personal version of the fundamental struggle we all face. *THE SILENCE OF AN EMPTY HOUSE* speaks of forgiveness, guilt and grace. With courage and a stubborn refusal to look away from the terrors that surround her on so many levels, Gillan documents the parallels between our own struggles with mortality and the struggles being played out on the world stage today. From wars to climate change to the death of whole species to her own struggles with the deaths of her husband, family and friends, she makes each of these battles the reader's own, and gives order and meaning to those fundamental things that otherwise threaten to capsize us.
