

Altered Carbon

Spares Michael Marshall Smith 2009-05-01 Talking fridges, human clone farms, flying shopping malls - we must be in the Michael Marshall Smith zone. A world all too close to our own...

Broken Angels Richard K. Morgan 2004-03-02 Welcome back to the brash, brutal new world of the twenty-fifth century: where global politics isn't just for planet Earth anymore; and where death is just a break in the action, thanks to the techno-miracle that can preserve human consciousness and download it into one new body after another. Cynical, quick-on-the-trigger Takeshi Kovacs, the ex-U.N. envoy turned private eye, has changed careers, and bodies, once more . . . trading sleuthing for soldiering as a warrior-for-hire, and helping a far-flung planet's government put down a bloody revolution. But when it comes to taking sides, the only one Kovacs is ever really on is his own. So when a rogue pilot and a sleazy corporate fat cat offer him a lucrative role in a treacherous treasure hunt, he's only too happy to go AWOL with a band of resurrected soldiers of fortune. All that stands between them and the ancient alien spacecraft they mean to salvage are a massacred city bathed in deadly radiation, unleashed nanotechnology with a million ways to kill, and whatever surprises the highly advanced Martian race may have in store. But armed with his genetically engineered instincts, and his trusty twin Kalashnikovs, Takeshi is ready to take on anything—and let the devil take whoever's left behind.

Atomic Habits James Clear 2022 O cale ușoară și eficientă de a-ți forma obiceiuri bune și a scăpa de cele proaste Schimbări mici, rezultate remarcabile „O carte extrem de practică și utilă. James Clear extrage informațiile fundamentale despre formarea obiceiurilor, astfel ca tu să poți realiza mai mult concentrându-te pe mai puține lucruri.” - Mark Manson, autorul bestsellerului *Arta subtilă a nepăsării* „James Clear a petrecut ani de zile perfecționând arta și studiind știința obiceiurilor. Această carte antrenantă și practică este ghidul de care ai nevoie ca să scapi de deprinderile proaste și să-ți formezi unele bune.” - Adam Grant, autorul bestsellerurilor *Originalii* și *Option B*. Inspirându-se din cele mai noi descoperiri din biologie, psihologie și neuroștiințe, James Clear a conceput un ghid ușor de asimilat, cu ajutorul căruia obiceiurile bune devin inevitabile, iar cele rele, imposibile. Învață: * să-ți construiești un sistem pentru a deveni cu 1% mai bun în fiecare zi; * să renunți la obiceiurile rele și să le păstrezi pe cele bune; * să eviți greșelile comise în general de cei care încearcă să-și schimbe obiceiurile; * să depășești lipsa de motivație și de voință; * să-ți dezvolti o identitate mai puternică și să crezi în tine însuși; * să-ți faci timp pentru noile obiceiuri (chiar și când viața o ia razna); * să-ți concepi un mediu care să favorizeze succesul; * să faci schimbări mici, ușoare, care oferă rezultate mari; * să-ți revii atunci când te abați de la drum; * și, cel mai important, cum să aplici aceste idei în viața reală... și multe altele Indiferent dacă e vorba de o echipă care încearcă să câștige un campionat, o organizație care speră să redefinească o industrie sau pur și simplu un om care vrea să se lase de fumat, să slăbească, să reducă stresul ori să realizeze orice alt obiectiv, *Atomic Habits* este soluția. „Nu mă consider un expert și nu dețin toate răspunsurile, dar sunt fericit să împărtășesc ceea ce am învățat până acum.” - James Clear „O carte deosebită, care îți va schimba felul în care îți organizezi ziua și îți trăiești viața.” - Ryan Holiday, autorul bestsellerurilor *The Obstacle is the Way* și *Ego is the Enemy* „În *Atomic Habits*, Clear îți va arăta cum să depășești lipsa de motivație, cum să schimbi mediul înconjurător ca să încurajezi succesul și cum să-ți faci timp pentru obiceiuri noi și mai bune.” - Glamour.com

Altered Carbon: Download Blues Collection Richard K. Morgan 2019-06-26 In the distant future, the human body is a temporary and interchangeable commodity - if you can pay. For the interstellar elite, bodies are swapped out and reused without a second thought. You never grow old; you never die. However, some bodies are more temporary than others ... Takeshi Kovacs was once a member of the Envoy Corps, stormtroopers for the Interstellar Earth Protectorate, ultra-lethal adepts in switching bodies across the stars. While he served, he was known by a variety of names--Mamba Lev, One Hand Rending, the Icepick--all testament to his capacity for rapid response and extreme

violence in whatever flesh he wore. Now he's out of the service and trying to live a different life. But the Protectorate hasn't changed its spots, no matter what world Kovacs drifts to, and with that old combat rage still burning deep inside him, will he ever really be able to walk away? Created by Richard K. Morgan, *Altered Carbon* was previously adapted as a Netflix television series. This original graphic novel, written by Rik Hoskin (Brandon Sanderson's *White Sand*/Pierce Brown's *Red Rising*), expands upon the *Altered Carbon* universe.

The Encyclopaedia Britannica 1911

The Raven Edgar Allan Poe 1898

Market Forces Richard K. Morgan 2005-03-01 From the award-winning author of *Altered Carbon* and *Broken Angels*—a turbocharged new thriller set in a world where killers are stars, media is mass entertainment, and freedom is a dangerous proposition . . . A coup in Cambodia. Guns to Guatemala. For the men and women of Shorn Associates, opportunity is calling. In the superheated global village of the near future, big money is made by finding the right little war and supporting one side against the other—in exchange for a share of the spoils. To succeed, Shorn uses a new kind of corporate gladiator: sharp-suited, hard-driving gunslingers who operate armored vehicles and follow a Samurai code. And Chris Faulkner is just the man for the job. He fought his way out of London's zone of destitution. And his kills are making him famous. But unlike his best friend and competitor at Shorn, Faulkner has a side that outsiders cannot see: the side his wife is trying to salvage, that another woman—a porn star turned TV news reporter—is trying to exploit. Steeped in blood, eyed by common criminals looking for a shot at fame, Faulkner is living on borrowed time. Until he's given one last shot at getting out alive. . . .

Altered Carbon: One Life, One Death Richard K. Morgan 2021-02-23 From the world of the best-selling trilogy of books and the hit Netflix show comes a new chapter in the ALTERED CARBON universe! In the future, bodies can be changed like clothes, giving life an entirely new meaning—or lack of meaning. Takeshi Kovacs—once a member of the Envoy Corps, the elite, deadly troops of the Interstellar Earth Protectorate—now finds himself imprisoned . . . both in a jail and in an extremely weak body. When he learns that Envoys he served with in a battle he somehow can't remember have been stolen and sold to one of the richest people in the universe, Kovacs vows to rescue them and get revenge. Leaving behind a staggering body count as he blazes across the galaxy, he wonders why he has a hole in his memory . . . and what secrets that gap holds for understanding his future and himself. ALTERED CARBON writer/creator RICHARD K. MORGAN is joined by writer SCOTT BRYAN WILSON (*Batman Annual*, *Batman: Gotham Nights*) and artist MAX FUCHS (*Halcyon Days*) to deliver the original graphic novel ALTERED CARBON: ONE LIFE, ONE DEATH, a violent, galaxy-spanning adventure of prison breaks, political intrigue, and sinister machinations.

Altered Carbon Richard K. Morgan 2003-03-04 In the 25th century, humankind has spread throughout the galaxy, monitored by the watchful eye of the U.N. While divisions in race, religion, and class still exist, advances in technology have redefined life itself - a person's consciousness can be easily downloaded into a new body, making death nearly obsolete. Ex-U.N. envoy Takeshi Kovacs has been killed before, but his last death was particularly brutal. Resleeved into a new body in Bay City (formerly San Francisco), Kovacs is thrown into a shady, far-reaching conspiracy that is vicious even by the standards of a society that buys and sells human existence. As a warrior-for-hire, he is called to help a far-flung planet's government put down a bloody revolution. But when a rogue pilot and a sleazy corporate fat cat offer him a lucrative role in a treacherous treasure hunt, he's only too happy to go AWOL with a band of resurrected soldiers of fortune. All that stands between them and the ancient alien spacecraft they mean to salvage are a massacred city bathed in deadly radiation, unleashed nanotechnology with a million ways to kill, and whatever surprises the highly advanced Martian race may have in store.

Sex, Death and Resurrection in Altered Carbon Aldona Kobus 2020-01-28 The 2018 Netflix series *Altered Carbon* is a vital contribution to the cyberpunk renaissance, among such titles as *Snowpiercer* or *Blade Runner 2049*. This collection of new essays answers the question: is this increasing popularity of cyberpunk a sign of recognition of the genre's transgressive aspects, such

as a stark critique of capitalism, or is it the opposite--a sign of the genre's failure to successfully criticize modernity? The contributors consider the series as taking on current issues, from a critique of neoliberalism, through the ethical aspects of biotechnology, up to thanatology. They provoke questions about what it means to be human in a world in which death does not exist. Essays evaluate the surging popularity of the series and cyberpunk at large from a variety of critical perspectives, shedding new light on a challenging and inventive series.

Measure What Matters John Doerr 2018-04-24 #1 New York Times Bestseller Legendary venture capitalist John Doerr reveals how the goal-setting system of Objectives and Key Results (OKRs) has helped tech giants from Intel to Google achieve explosive growth—and how it can help any organization thrive. In the fall of 1999, John Doerr met with the founders of a start-up whom he'd just given \$12.5 million, the biggest investment of his career. Larry Page and Sergey Brin had amazing technology, entrepreneurial energy, and sky-high ambitions, but no real business plan. For Google to change the world (or even to survive), Page and Brin had to learn how to make tough choices on priorities while keeping their team on track. They'd have to know when to pull the plug on losing propositions, to fail fast. And they needed timely, relevant data to track their progress—to measure what mattered. Doerr taught them about a proven approach to operating excellence: Objectives and Key Results. He had first discovered OKRs in the 1970s as an engineer at Intel, where the legendary Andy Grove ("the greatest manager of his or any era") drove the best-run company Doerr had ever seen. Later, as a venture capitalist, Doerr shared Grove's brainchild with more than fifty companies. Wherever the process was faithfully practiced, it worked. In this goal-setting system, objectives define what we seek to achieve; key results are how those top-priority goals will be attained with specific, measurable actions within a set time frame. Everyone's goals, from entry level to CEO, are transparent to the entire organization. The benefits are profound. OKRs surface an organization's most important work. They focus effort and foster coordination. They keep employees on track. They link objectives across silos to unify and strengthen the entire company. Along the way, OKRs enhance workplace satisfaction and boost retention. In *Measure What Matters*, Doerr shares a broad range of first-person, behind-the-scenes case studies, with narrators including Bono and Bill Gates, to demonstrate the focus, agility, and explosive growth that OKRs have spurred at so many great organizations. This book will help a new generation of leaders capture the same magic.

Thirteen Richard Morgan 2008-09-18 One hundred years from now, and against all the odds, Earth has found a new stability; the political order has reached some sort of balance, and the new colony on Mars is growing. But the fraught years of the 21st century have left an uneasy legacy ... Genetically engineered alpha males, designed to fight the century's wars have no wars to fight and are surplus to requirements. And a man bred and designed to fight is a dangerous man to have around in peacetime. Many of them have left for Mars but now one has come back and killed everyone else on the shuttle he returned in. Only one man, a genengineered ex-soldier himself, can hunt him down and so begins a frenetic man-hunt and a battle survival. And a search for the truth about what was really done with the world's last soldiers. *BLACK MAN* is an unstoppable SF thriller but it is also a novel about prejudice, about the ramifications of playing with our genetic blue-print. It is about our capacity for violence but more worrying, our capacity for deceit and corruption. This is another landmark of modern SF from one of its most exciting and commercial authors.

Woken Furies Richard K. Morgan 2007-05-29 Mixing classic noir sensibilities with a searing futuristic vision of an age when death is nearly meaningless, Richard K. Morgan returns to his saga of betrayal, mystery, and revenge, as Takeshi Kovacs, in one fatal moment, joins forces with a mysterious woman who may have the power to shatter Harlan's World forever. Once a gang member, then a marine, then a galaxy-hopping Envoy trained to wreak slaughter and suppression across the stars, a bleeding, wounded Kovacs was chilling out in a New Hokkaido bar when some so-called holy men descended on a slim beauty with tangled, hyperwired hair. An act of quixotic chivalry later and Kovacs was in deep: mixed up with a woman with two names, many powers, and one explosive history. In a world where the real and virtual are one and the same and the dead can

come back to life, the damsel in distress may be none other than the infamous Quellcrist Falconer, the vaporized symbol of a freedom now gone from Harlan's World. Kovacs can deal with the madness of AI. He can do his part in a battle against biomachines gone wild, search for a three-centuries-old missing weapons system, and live with a blood feud with the yakuza, and even with the betrayal of people he once trusted. But when his relationship with "the" Falconer brings him an enemy specially designed to destroy him, he knows it's time to be afraid. After all, the guy sent to kill him is himself: but younger, stronger, and straight out of hell. Wild, provocative, and riveting, *Woken Furies* is a full-bore science fiction spectacular of the highest order—from one of the most original and spellbinding storytellers at work today.

Amortals Matt Forbeck 2010-11-04 THE VERY BEST PERSON TO CATCH YOUR KILLER...IS YOU.

Matt Forbeck arrives as the new king of high-concept - with a blockbuster action movie in a book. In the near future, scientists solve the problem of mortality by learning how to backup and restore a person's memories into a vat-bred clone. When Secret Service agent Ronan "Methusaleh" Dooley is brutally murdered, he's brought back from the dead one more time to hunt his killer, but this time those who wanted him dead are much closer to home. FILE UNDER: Science Fiction [Future Thriller / Cheat Death / Rogue Agents / Who Killed Who?] From the Paperback edition.

Altered Carbon Richard K. Morgan 2006 In a twenty-fifth-century world in which death is nearly obsolete, thanks to a technology that allows a person's consciousness to be downloaded into a new body, former U.N. envoy Takeshi Kovacs, re-sleeved into a new body after a brutal death, finds himself caught in the middle of a deadly far-reaching conspiracy that could have horrifying repercussions. Reprint.

Altered Carbon Deluxe RPG Christopher J. De La Rosa 2020-09-09

Altered Carbon (Netflix Series Tie-in Edition) Richard K. Morgan 2018-02-13 NEW YORK TIMES BESTSELLER • NOW AN EXCITING SERIES FROM NETFLIX • The shell that blew a hole in his chest was only the beginning in this "tour de force of genre-bending, a brilliantly realized exercise in science fiction."—The New York Times Book Review In the twenty-fifth century, humankind has spread throughout the galaxy, monitored by the watchful eye of the U.N. While divisions in race, religion, and class still exist, advances in technology have redefined life itself. Now, assuming one can afford the expensive procedure, a person's consciousness can be stored in a cortical stack at the base of the brain and easily downloaded into a new body (or "sleeve") making death nothing more than a minor blip on a screen. Ex-U.N. envoy Takeshi Kovacs has been killed before, but his last death was particularly painful. Dispatched one hundred eighty light-years from home, re-sleeved into a body in Bay City (formerly San Francisco, now with a rusted, dilapidated Golden Gate Bridge), Kovacs is thrown into the dark heart of a shady, far-reaching conspiracy that is vicious even by the standards of a society that treats "existence" as something that can be bought and sold.

The Steel Remains Richard K. Morgan 2009-01-20 A dark lord will rise. Such is the prophecy that dogs Ringil Eskiath—Gil, for short—a washed-up mercenary and onetime war hero whose cynicism is surpassed only by the speed of his sword. Gil is estranged from his aristocratic family, but when his mother enlists his help in freeing a cousin sold into slavery, Gil sets out to track her down. But it soon becomes apparent that more is at stake than the fate of one young woman. Grim sorceries are awakening in the land. Some speak in whispers of the return of the Aldrain, a race of widely feared, cruel yet beautiful demons. Now Gil and two old comrades are all that stand in the way of a prophecy whose fulfillment will drown an entire world in blood. But with heroes like these, the cure is likely to be worse than the disease.

Altered Carbon Richard K. Morgan 2002 Four hundred years from now mankind is strung out across a region of interstellar space inherited from an ancient civilization discovered on Mars. The colonies are linked together by the occasional sublight colony ship voyages and hyperspatial data-casting. Human consciousness is digitally freighted between the stars and downloaded into bodies as a matter of course. But some things never change. So when ex-envoy, now-convict Takeshi Kovacs has his consciousness and skills downloaded into the body of a nicotine-addicted ex-thug and

presented with a catch-22 offer, he really shouldn't be surprised. Contracted by a billionaire to discover who murdered his last body, Kovacs is drawn into a terrifying conspiracy that stretches across known space and to the very top of society. For a first-time SF writer to be so surely in command of narrative and technology, so brilliant at world-building, so able to write such readable and enjoyable SF adventure, is simply extraordinary.

Altered Carbon : The Art and Making of the Series Abbie Bernstein 2020-03-31 Go behind the scenes of *Altered Carbon* in this exclusive collection of art. Packed with concept art, final designs, and artist commentary plus previously unseen storyboards. Awaken into the cyberpunk world of Skydance's *Altered Carbon*. Stacks - implanted chips that store human consciousness - have made death obsolete. When Envoy Takeshi Kovacs finds himself sleeved in an unfamiliar body and assigned to investigate the murder of a wealthy businessman, he begins to uncover the seedy underbelly of a society where death is no longer permanent. This richly detailed and beautiful coffee table book takes readers from the glittering Aerium to the gritty streets of Bay City. Featuring development art, stills, set photos, storyboards, and VFX builds from the first two seasons, plus interviews with cast and crew. *Altered Carbon: The Art and Making of the Series* will bring readers into this visually stunning futuristic world where technology has transformed mortality.

Ever the Hero Darby Harn 2020-01-18 Superheroes are big business. Imagine not being able to afford them. Kit Baldwin just wants to make rent. The only work she can find in the ruins of her devastated city is scavenging for alien technology. When she finds a powerful alien weapon, her discovery pays off more than she could have hoped: it draws the attention of the most powerful of the superhuman Empowered, Valene. Valene hears everything, everywhere. She suffers for it, and as they begin a precipitous romance, Kit believes she can use the weapon she's scavenged to mitigate Valene's pain. If she can't, Valene will retreat to the soundlessness of space. Without Valene's compassion, the stricken city is left to the mercy of Valene's ruthless father, who denies the assistance the city needs unless it can pay for it. As Valene's condition worsens, Kit becomes more desperate and unleashes the full power of the alien weapon. In an instant, she is transformed into a being of cosmic power. She can acquire the knowledge and energy of anything - or anyone - she touches.

The Wrong Stars Tim Pratt 2017-11-07 Philip K. Dick Award Finalist: A ragtag space crew discovers alien technology that could change the fate of humanity—or awaken an ancient evil that could destroy all life in the galaxy. The shady crew of the *White Raven* run freight and salvage at the fringes of our solar system. They discover the wreck of a centuries-old exploration vessel floating light years away from its intended destination and revive its sole occupant, who wakes with news of First Alien Contact. When the crew informs her that humanity has alien allies already, she reveals that these are very different extra-terrestrials—and the gifts they bestowed on her could kill all humanity, or take it out to the most distant stars. “Ridiculously fun with a well-thought-out space opera setting and lots of fancy reveals.” —Charlie Jane Anders, author of *All the Birds in the Sky* “Through his wit, dialogue, and vast, diverse world, Tim Pratt has created a space opera for today—one filled with diverse characters and cultures that feel nuanced enough to be real—while still delivering the sense of wonder that made you love the genre in the first place.” —Barnes & Noble Sci-Fi & Fantasy Blog

The Cold Commands Richard K. Morgan 2011-10-11 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Kirkus Reviews • Fantasy Book Critic “Pulpy and hard-core, but with a heart of gold.”—io9 The otherworldly Kiriath once used their advanced technology to save the world from the dark magic of the Aldrain, only to depart as mysteriously as they arrived. Now one of the Kiriath's uncanny machines has fallen from orbit, with a message that humanity once more faces a grave danger: the Ilwrack Changeling, a boy raised to manhood in the ghostly realm of the Gray Places. Wrapped in sorcerous slumber on an island that drifts between this world and the Gray Places, the Ilwrack Changeling is stirring. When he wakes, the Aldrain will rally to him and return in force. But with the Kiriath long gone, humankind's fate now depends on warrior Ringil Eskiath and his few, trusted allies. Undertaking a perilous journey to strike first against the Ilwrack Changeling, each of them

seeks to outrun a haunted past and find redemption in the future. But redemption won't come cheap. Nor, for that matter, will survival.

Altered Carbon Proof Richard Morgan 2002-02

Last Tango in Cyberspace Steven Kotler 2019-05-14 It was a new skill... One that might change the world. What could a person do who could track empathy? His friends call him Lion, he is the first of his kind. Some describe it as emotional foresight, but really, he can see cultural trends before they emerge. What he didn't expect was for Big Pharma to come calling. In 2025, technology has made massive leaps forward. Not every group wants to use it for good. Artic Pharmaceuticals has a new drug and a bad idea. They call on Lion, because he is the key to getting the formula they need. But when he starts to sense their hidden agenda, will they take drastic action? Then Lion discovers a decapitated human head... Is he being hunted? Can he stop a global disaster? You'll love this edge-of-your seat cyberpunk thriller, because it will keep you turning the pages late into the night. Get it now.

Bay city Richard K. Morgan 2006

Thin Air Richard K. Morgan 2018-10-23 An atmospheric tale of corruption and abduction set on Mars, from the author of the award-winning science fiction novel *Altered Carbon*, now an exciting new series from Netflix. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN Hakan Veil is an ex-corporate enforcer equipped with military-grade body tech that's made him a human killing machine. His former employers have abandoned him on a turbulent Mars where Earth-based overlords battle for profits and power amid a homegrown independence movement. But he's had enough of the red planet, and all he wants is a ticket back home—which is just what he's offered by the Earth Oversight organization, in exchange for being the bodyguard for an EO investigator. It's a beyond-easy gig for a heavy hitter like Veil . . . until it isn't. When Veil's charge starts looking into the mysterious disappearance of a lottery winner, it stirs up a hornet's nest of intrigue and murder. And the deeper Veil is drawn into the game, the more long-buried secrets claw their way to the Martian surface. Now it's the expert assassin poised against powerful enemies hellbent on taking him down—by any means necessary. Praise for *Thin Air* “Kick-ass . . . Mixed in with the thriller-esque action and cyberpunk backdrop is a hard-boiled noir story complete with a twisting and turning plot that keeps readers on their toes.”—Los Angeles Times “Richard K. Morgan wants to destroy your Mars fantasies. . . . It's a grim vision, but one that Morgan finds far more plausible than the cheerful visions of plucky Mars colonists common in sci-fi.”—Wired “A robotically enhanced Jack Reacher [in a] dazzlingly intricate game of political double- and triple-cross, spiced with tastily kinetic battle sequences.”—The Guardian “If you ever imagined that the core esthetics and themes of cyberpunk—lowlifes and high tech; corporate dominance; future noir; post-human evolution and cyborg adaptations; hardscrabble urban environments—were played out, *Thin Air* will set you straight, and kick your butt in the process. . . . Both kinematic and cinematic, [*Thin Air* is] limned by Morgan with balletic precision and smashmouth grace.”—Paul Di Filippo, *Locus*

The Dark Defiles Richard K. Morgan 2014-10-07 Joe Abercrombie's *Best Served Cold* meets George R. R. Martin's *A Game of Thrones* in the final novel in Richard K. Morgan's epic *A Land Fit for Heroes* trilogy, which burst onto the fantasy scene with *The Steel Remains* and *The Cold Commands*. Ringil Eskiath, a reluctant hero viewed as a corrupt degenerate by the very people who demand his help, has traveled far in search of the Illwrack Changeling, a deathless human sorcerer-warrior raised by the bloodthirsty Aldrain, former rulers of the world. Separated from his companions—Egar the Dragonbane and Archeth—Ringil risks his soul to master a deadly magic that alone can challenge the might of the Changeling. While Archeth and the Dragonbane embark on a trail of blood and tears that ends up exposing long-buried secrets, Ringil finds himself tested as never before, with his life and all existence hanging in the balance. Praise for *The Dark Defiles* “A finale that displays all the purposefully hard edges and grim magnificence that made the first two volumes stand out.”—Kirkus Reviews “Morgan brings his mammoth *A Land Fit for Heroes* fantasy trilogy to a rousing conclusion. . . . Expect surprises and suspense, along with the usual derring-do and entertaining characters.”—Booklist Praise for Richard K. Morgan and his acclaimed series, *A Land*

Fit for Heroes “Bold, brutal, and making no compromises—Richard K. Morgan doesn’t so much twist the clichés of fantasy as take an axe to them. Then set fire to them.”—Joe Abercrombie “Morgan has taken traditional sword and sorcery tropes and given them a hard, contemporary kick. The anitithesis of the cosy fairytale, this one is for big boys.”—The Times (London) “A crisp stylist who demonstrates equal facility with action scenes and angst.”—The New York Times Book Review “A full-immersion experience, uncompromising and bleakly magnificent.”—Kirkus Reviews

Altered Carbon Richard K. Morgan 2003-03-01 In a twenty-fifth century world in which death is nearly obsolete, former UN envoy Takeshi Kovacs, re-sleeved into a new body after a brutal death, finds himself caught in the middle of a deadly far-reaching conspiracy.

Broken Angels Richard K. Morgan 2004-03-02 Welcome back to the brash, brutal new world of the twenty-fifth century: where global politics isn't just for planet Earth anymore; and where death is just a break in the action, thanks to the techno-miracle that can preserve human consciousness and download it into one new body after another. Cynical, quick-on-the-trigger Takeshi Kovacs, the ex-U.N. envoy turned private investigator, has changed careers, and bodies, once more . . . trading sleuthing for soldiering as a warrior-for-hire, and helping a far-flung planet's government put down a bloody revolution. But when it comes to taking sides, the only one Kovacs is ever really on is his own. So when a rogue pilot and a sleazy corporate fat cat offer him a lucrative role in a treacherous treasure hunt, he's only too happy to go AWOL with a band of resurrected soldiers of fortune. All that stands between them and the ancient alien spacecraft they mean to salvage are a massacred city bathed in deadly radiation, unleashed nanotechnology with a million ways to kill, and whatever surprises the highly advanced Martian race may have in store. But armed with his genetically engineered instincts, and his trusty twin Kalashnikovs, Takeshi is ready to take on anything—and let the devil take whoever's left behind.

Altered Carbon Richard Morgan 2008-12-09 MAJOR NEW NETFLIX SERIES FEB 2018 This must-read story is a confident, action-and-violence packed thriller, and future classic noir SF novel from a multi-award-winning author. Four hundred years from now mankind is strung out across a region of interstellar space inherited from an ancient civilization discovered on Mars. The colonies are linked together by the occasional sublight colony ship voyages and hyperspatial data-casting. Human consciousness is digitally freighted between the stars and downloaded into bodies as a matter of course. But some things never change. So when ex-envoy, now-convict Takeshi Kovacs has his consciousness and skills downloaded into the body of a nicotine-addicted ex-thug and presented with a catch-22 offer, he really shouldn't be surprised. space and to the very top of society. For a first-time SF writer to be so surely in command of narrative and technology, so brilliant at world-building, so able to write such readable and enjoyable SF adventure, is simply extraordinary.

Altered Carbon: One Life, One Death Richard K. Morgan 2022

Thirteen Richard K. Morgan 2008-06-24 In *Thirteen*, Richard K. Morgan radically reshapes and recharges science fiction yet again, with a new and unforgettable hero in Carl Marsalis: hybrid, hired gun, and a man without a country . . . or a planet. Marsalis is one of a new breed. Literally. Genetically engineered by the U.S. government to embody the naked aggression and primal survival skills that centuries of civilization have erased from humankind, Thirteens were intended to be the ultimate military fighting force. The project was scuttled, however, when a fearful public branded the supersoldiers dangerous mutants, dooming the Thirteens to forced exile on Earth's distant, desolate Mars colony. But Marsalis found a way to slip back-and into a lucrative living as a bounty hunter and hit man before a police sting landed him in prison—a fate worse than Mars, and much more dangerous. Luckily, his “enhanced” life also seems to be a charmed one. A new chance at freedom beckons, courtesy of the government. All Marsalis has to do is use his superior skills to bring in another fugitive. But this one is no common criminal. He's another Thirteen—one who's already shanghaied a space shuttle, butchered its crew, and left a trail of bodies in his wake on a bloody cross-country spree. And like his pursuer, he was bred to fight to the death. Still, there's no question Marsalis will take the job. Though it will draw him deep into violence, treachery, corruption, and painful confrontation with himself, anything is better than remaining a prisoner. The real question is: can he remain sane—and alive—long enough to succeed?

Altered Carbon: Download Blues Signed Ed Richard K. Morgan 2019-08-06 In the distant future, the human body is a temporary and interchangeable commodity - if you can pay. For the interstellar elite, bodies are swapped out and reused without a second thought. You never grow old; you never die. However, some bodies are more temporary than others ... Takeshi Kovacs was once a member of the Envoy Corps, stormtroopers for the Interstellar Earth Protectorate, ultra-lethal adepts in switching bodies across the stars. While he served, he was known by a variety of names--Mamba Lev, One Hand Rending, the Icepick--all testament to his capacity for rapid response and extreme violence in whatever flesh he wore. Now he's out of the service and trying to live a different life. But the Protectorate hasn't changed its spots, no matter what world Kovacs drifts to, and with that old combat rage still burning deep inside him, will he ever really be able to walk away? Created by Richard K. Morgan, *Altered Carbon* was previously adapted as a Netflix television series. This original graphic novel, written by Rik Hoskin (Brandon Sanderson's *White Sand*/Pierce Brown's *Red Rising*), expands upon the *Altered Carbon* universe.

Sex, Death and Resurrection in Altered Carbon Aldona Kobus 2020-01-31 The 2018 Netflix series *Altered Carbon* is a vital contribution to the cyberpunk renaissance, among such titles as *Snowpiercer* or *Blade Runner 2049*. This collection of new essays answers the question: is this increasing popularity of cyberpunk a sign of recognition of the genre's transgressive aspects, such as a stark critique of capitalism, or is it the opposite--a sign of the genre's failure to successfully criticize modernity? The contributors consider the series as taking on current issues, from a critique of neoliberalism, through the ethical aspects of biotechnology, up to thanatology. They provoke questions about what it means to be human in a world in which death does not exist. Essays evaluate the surging popularity of the series and cyberpunk at large from a variety of critical perspectives, shedding new light on a challenging and inventive series.

Thin Air Richard Morgan 2018-10-25 Richard Morgan has always been one of our most successful SF authors with his fast-moving and brutal storylines, blistering plots and a powerful social conscience behind his work. And now he's back, with his first SF novel for eight years . . . and it promises to be a publication to remember. An ex-corporate enforcer, Hakan Veil, is forced to bodyguard Madison Madekwe, part of a colonial audit team investigating a disappeared lottery winner on Mars. But when Madekwe is abducted, and Hakan nearly killed, the investigation takes him farther and deeper than he had ever expected. And soon Hakan discovers the heavy price he may have to pay to learn

the truth.

Altered Carbon Introduction

In the ever-evolving landscape of reading, eBooks have emerged as a game-changer. They offer unparalleled convenience, accessibility, and flexibility, making reading more enjoyable and accessible to millions around the world. If you're reading this eBook, you're likely already interested in or curious about the world of eBooks. You're in the right place because this eBook is your ultimate guide to finding eBooks online.

The Rise of Altered Carbon

The transition from physical Altered Carbon books to digital Altered Carbon eBooks has been transformative. Over the past couple of decades, Altered Carbon have become an integral part of the reading experience. They offer advantages that traditional print Altered Carbon books simply cannot match.

Imagine carrying an entire library in your pocket or bag. With Altered Carbon eBooks, you can. Whether you're traveling, waiting for an appointment, or simply relaxing at home, your favorite books are always within reach.

Altered Carbon have broken down barriers for readers with visual impairments. Features like adjustable font size and text-to-speech functionality have made reading accessible to a wider audience.

In many cases, Altered Carbon eBooks are more cost-effective than their print counterparts. No printing, shipping, or warehousing costs mean lower prices for readers.

Altered Carbon eBooks contribute to a more sustainable planet. By reducing the demand for paper and ink, they have a smaller ecological footprint.

Why Finding Altered Carbon Online Is Beneficial

The internet has revolutionized the way we access information, including books. Finding Altered Carbon eBooks online offers several benefits:

The online world is a treasure trove of Altered

Carbon eBooks. You can discover books from every genre, era, and author, including many rare and out-of-print titles.

Gone are the days of waiting for Altered Carbon book to arrive in the mail or searching through libraries. With a few clicks, you can start reading immediately.

Altered Carbon eBook collection can accompany you on all your devices, from smartphones and tablets to eReaders and laptops. No need to choose which book to take with you; take them all.

Online platforms often have robust search functions, allowing you to find Altered Carbon books or explore new titles based on your interests.

Altered Carbon are more affordable than their printed counterparts. Additionally, there are numerous free eBooks available online, from classic literature to contemporary works.

This comprehensive guide is designed to empower you in your quest for eBooks. We'll explore various methods of finding Altered Carbon online, from legal sources to community-driven platforms. You'll learn how to choose the best eBook format, where to find your favorite titles, and how to ensure that your eBook reading experience is both enjoyable and ethical.

Whether you're new to eBooks or a seasoned digital reader, this Altered Carbon eBook has something for everyone. So, let's dive into the exciting world of eBooks and discover how to access a world of literary wonders with ease and convenience.

Understanding Altered Carbon

Before you embark on your journey to find Altered Carbon online, it's essential to grasp the concept of Altered Carbon eBook formats. Altered Carbon come in various formats, each with its own unique features and compatibility. Understanding these formats will help you choose the right one for your device and

preferences.

Different Altered Carbon eBook Formats Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right Altered Carbon eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding Altered Carbon eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks. In the next chapters, we'll explore the various sources where you can find Altered Carbon eBooks in these formats.

Altered Carbon eBook Websites and Repositories

One of the primary ways to find Altered Carbon eBooks online is through dedicated eBook websites and repositories. These platforms offer an extensive collection of eBooks spanning various genres, making it easy for readers to discover new titles or access classic literature. In this chapter, we'll explore Altered Carbon eBook and discuss important considerations of

Altered Carbon.

Popular eBook Websites

1. Project Gutenberg:

Project Gutenberg is a treasure trove of over 60,000 free eBooks, primarily consisting of classic literature.

It offers eBooks in multiple formats, including EPUB, MOBI, and PDF.

All eBooks on Project Gutenberg are in the public domain, making them free to download and read.

2. Open Library:

Open Library provides access to millions of eBooks, both contemporary and classic titles.

Users can borrow eBooks for a limited period, similar to borrowing from a physical library.

It offers a wide range of formats, including EPUB and PDF.

3. Internet Archive:

The Internet Archive hosts a massive digital library, including eBooks, audio recordings, and more.

It offers an "Open Library" feature with borrowing options for eBooks.

The collection spans various genres and includes historical texts.

4. BookBoon:

BookBoon focuses on educational eBooks, providing free textbooks and learning materials.

It's an excellent resource for students and professionals seeking specialized content.

eBooks are available in PDF format.

5. ManyBooks:

ManyBooks offers a diverse collection of eBooks, including fiction, non-fiction, and self-help titles.

Users can choose from various formats, making it compatible with different eReaders.

The website also features user-generated reviews and ratings.

6. *Smashwords*:

Smashwords is a platform for independent authors and publishers to distribute their eBooks.

It offers a wide selection of genres and supports multiple eBook formats.

Some eBooks are available for free, while others are for purchase.

Altered Carbon Legal Considerations

While these Altered Carbon eBook websites provide valuable resources for readers, it's essential to be aware of legal considerations:

Copyright: Ensure that you respect copyright laws when downloading and sharing Altered Carbon eBooks. Public domain Altered Carbon eBooks are generally safe to download and share, but always check the copyright status.

Terms of Use: Familiarize yourself with the terms of use and licensing agreements on these websites. Altered Carbon eBooks may have specific usage restrictions.

Support Authors: Whenever possible, consider purchasing Altered Carbon eBooks to support authors and publishers. This helps sustain a vibrant literary ecosystem.

Public Domain eBooks

Public domain Altered Carbon eBooks are those whose copyright has expired, making them freely accessible to the public. Websites like Project Gutenberg specialize in offering public domain Altered Carbon eBooks, which can include timeless classics, historical texts, and cultural treasures.

As you explore Altered Carbon eBook websites and repositories, you'll encounter a vast array of reading options. In the next chapter, we'll delve

into the world of eBook search engines, providing even more ways to discover Altered Carbon eBooks online.

Altered Carbon eBook Search

eBook search engines are invaluable tools for avid readers seeking specific titles, genres, or authors. These search engines crawl the web to help you discover Altered Carbon across a wide range of platforms. In this chapter, we'll explore how to effectively use eBook search engines and uncover eBooks tailored to your preferences.

Effective Search Altered Carbon

To make the most of eBook search engines, it's essential to use effective search techniques. Here are some tips:

1. Use Precise Keywords:

Be specific with your search terms. Include the book title Altered Carbon, author's name, or specific genre for targeted results.

2. Utilize Quotation Marks:

To search Altered Carbon for an exact phrase or book title, enclose it in quotation marks. For example, "Altered Carbon."

3. Altered Carbon Add "eBook" or "PDF":

Enhance your search by including "eBook" or "PDF" along with your keywords. For example, "Altered Carbon eBook."

4. Filter by Format:

Many eBook search engines allow you to filter results by format (e.g., EPUB, PDF). Use this feature to find Altered Carbon in your preferred format.

5. Explore Advanced Search Options:

Take advantage of advanced search options offered by search engines. These can help narrow down your results by publication date, language, or file type.

Google Books and Beyond

Google Books:

Google Books is a widely used eBook search engine that provides access to millions of eBooks.

You can preview, purchase, or find links to free Altered Carbon available elsewhere.

It's an excellent resource for discovering new titles and accessing book previews.

Project Gutenberg Search:

Project Gutenberg offers its search engine, allowing you to explore its extensive collection of free Altered Carbon.

You can search by title Altered Carbon, author, language, and more.

Internet Archive's eBook Search:

The Internet Archive's eBook search provides access to a vast digital library.

You can search for Altered Carbon and borrow them for a specified period.

Library Genesis (LibGen):

Library Genesis is known for hosting an extensive collection of Altered Carbon, including academic and scientific texts.

It's a valuable resource for researchers and students.

eBook Search Engines vs. eBook Websites

It's essential to distinguish between eBook search engines and eBook websites:

Search Engines: These tools help you discover eBooks across various platforms and websites. They provide links to where you can access the eBooks but may not host the content themselves.

Websites: eBook websites host eBooks directly, offering downloadable links. Some websites specialize in specific genres or types of eBooks.

Using eBook search engines allows you to cast a wider net when searching for specific titles

Altered Carbon or genres. They serve as powerful tools in your quest for the perfect eBook.

Altered Carbon eBook Torrenting and Sharing Sites

Altered Carbon eBook torrenting and sharing sites have gained popularity for offering a vast selection of eBooks. While these platforms provide access to a wealth of reading material, it's essential to navigate them responsibly and be aware of the potential legal implications. In this chapter, we'll explore Altered Carbon eBook torrenting and sharing sites, how they work, and how to use them safely.

Find Altered Carbon Torrenting vs. Legal Alternatives

Altered Carbon Torrenting Sites:

Altered Carbon eBook torrenting sites operate on a peer-to-peer (P2P) file-sharing system, where users upload and download Altered Carbon eBooks directly from one another.

While these sites offer Altered Carbon eBooks, the legality of downloading copyrighted material from them can be questionable in many regions.

Altered Carbon Legal Alternatives:

Some torrenting sites host public domain Altered Carbon eBooks or works with open licenses that allow for sharing.

Always prioritize legal alternatives, such as Project Gutenberg, Internet Archive, or Open Library, to ensure you're downloading Altered Carbon eBooks legally.

Staying Safe Online to download Altered Carbon

When exploring Altered Carbon eBook torrenting and sharing sites, it's crucial to prioritize your safety and follow best practices:

1. Use a VPN:

To protect your identity and online activities, consider using a Virtual Private Network (VPN). This helps anonymize your online presence.

2. Verify Altered Carbon eBook Sources:

Be cautious when downloading Altered Carbon from torrent sites. Verify the source and comments to ensure you're downloading a safe and legitimate eBook.

3. Update Your Antivirus Software:

Ensure your antivirus software is up-to-date to protect your device from potential threats.

4. Prioritize Legal Downloads:

Whenever possible, opt for legal alternatives or public domain eBooks to avoid legal complications.

5. Respect Copyright Laws:

Be aware of copyright laws in your region and only download Altered Carbon eBooks that you have the right to access.

Altered Carbon eBook Torrenting and Sharing Sites

Here are some popular Altered Carbon eBook torrenting and sharing sites:

1. The Pirate Bay:

The Pirate Bay is one of the most well-known torrent sites, hosting a vast collection of Altered Carbon eBooks, including fiction, non-fiction, and more.

2. 1337x:

1337x is a torrent site that provides a variety of eBooks in different genres.

3. Zooqle:

Zooqle offers a wide range of eBooks and is known for its user-friendly interface.

4. LimeTorrents:

LimeTorrents features a section dedicated to eBooks, making it easy to find and download your desired reading material.

A Note of Caution

While Altered Carbon eBook torrenting and sharing sites offer access to a vast library of reading material, it's important to be cautious and use them responsibly. Prioritize legal downloads and protect your online safety. In the next chapter, we'll explore eBook subscription services, which offer legitimate access to Altered Carbon eBooks.
