Now, we must work to correct the balance their female excesses have put out of whack. We must protect them from themselves, just as much as we must protect ourselves. In the words of our Lord, Jesus Christ: forgive them, for they know not what they do.

Imagine a world in which witchcraft is real. In which mothers hand down power to their daughters, power that is used harmlessly and peacefully. Then imagine that the US President is a populist demagogue who decides that all witches must be interned for their own safety, and the safety of those around them - creating a world in which to be female is one step away from being criminal... As witches across the world are rounded up, one girl begins to discover her power. It's a dangerous force and it brings her into contact with the Sentinel, a shadowy global organisation dedicated to the destruction of all witchcraft. Will Chloe and her helpers survive a breathless chase across Europe and the USA to find and save the source of all women's power before the Sentinel can destroy it?"--Provided by publisher.

All In Jennifer Lynn Barnes 2015-11-03 Three casinos. Three bodies. Three days. Crack the case with the Naturals series by

Jennifer Lynn Barnes, #1 New York Times bestselling author of *The Inheritance Games*. After a string of brutal murders in Las Vegas, Cassie Hobbes and the Naturals are called in to investigate. But even with the team's unique profiling talents, these murders seem baffling: unlike many serial killers, this one uses different methods every time. All of the victims were killed in public, yet the killer does not show up on any tape. And each victim has a string of numbers tattooed on their wrist. Hidden in the numbers is a code -- and the closer the Naturals come to unraveling the mystery, the more perilous the case becomes. Meanwhile, Cassie is dealing with an equally dangerous and much more painful mystery. For the first time in years, there's been a break in her mother's case. As personal issues and tensions between the team mount, Cassie and the Naturals will be faced with impossible odds -- and impossible choices.
