The 10 Cent War Trischa Goodnow 2017-01-20 Contributions by Derek T. Buescher, Travis L. Cox, Trischa Goodnow, Jon Judy, John R. Katsion, James J. Kimble, Christina M. Knopf, Steven E. Martin, Brad Palmer, Elliott Sawyer, Deborah Clark Vance, David E. Wilt, and Zou Yizheng One of the most overlooked aspects of the Allied war effort involved a surprising initiative--comic book propaganda. Even before Pearl Harbor, the comic book industry enlisted its formidable army of artists, writers, and editors to dramatize the conflict for readers of every age and interest. Comic book superheroes and everyday characters modeled positive behaviors and encouraged readers to keep scrapping. Ultimately, those characters proved to be persuasive icons in the war's most colorful and indelible propaganda campaign. *The 10 Cent War* presents a riveting analysis of how different types of comic books and comic book characters supplied reasons and means to support the war. The contributors demonstrate that, free of government control, these appeals produced this overall imperative. The book discusses the role of such major characters as Superman, Wonder Woman, and Uncle Sam along with a host of such minor characters as kid gangs and superhero sidekicks. It even considers novelty and small presses, providing a well-rounded look at the many ways that comic books served as popular propaganda.

Tycoon's War Stephen Dando-Collins 2009-09-22 Written by a master storyteller, *Tycoon's War* is the remarkable account of an epic imperialist duel—a violent battle of the capitalist versus the idealist, money versus ambition, and a monumental clash of egos that resulted in the deaths of thousands of Americans. This incredible true story—impeccably researched and never before told in full—is packed with greed, intrigue, and some of the most hair-raising battle scenes ever written.

War and Drugs Dessa K. Bergen-Cico 2015-11-17 *War and Drugs* explores the relationship between military incursions and substance use and abuse throughout history. For centuries, drugs have been used to weaken enemies, stimulate troops to fight, and quell post-war trauma. They have also served as a source of funding for clandestine military and paramilitary activity. In addition to offering detailed geopolitical perspectives, this book explores the intergenerational trauma that follows military conflict and the rising tide of substance abuse among veterans, especially from the Vietnam and Iraq-Afghan eras. Addiction specialist Bergen-Cico raises important questions about the past and challenges us to consider new approaches in the future to this longest of US wars.

Upper West Side Story Peter Salwen 1989 "As any resident, restaurateur, or realtor will tell you, New York's Upper West Side--that swath of Manhattan between Central Park and the Hudson River, from roughly Columbus Circle to Columbia University--is the place for fashionable dining, dwelling, and dressing up. But the Young Urban Professionals now discovering the area (and many oldtimers, too) might be surprised to learn that other colonists had preceded them by two or three hundred years--Dutch farmers and English gentry with names like Theunis Idens van Huys, Hendrick Hendrickon Bosch, Charles Ward Apthorpe, and Oliver De Lancey. The names of many later residents are more familiar: Edgar Allan Poe, William Tecumseh Sherman, Lillian Russell, Diamond Jim Brady, Florenz Ziegfeld, Arturo Toscanini, Fanny Brice, William Randolph Hearst, Theodore Dreiser, Lewis Mumford, Humphrey Bogart (he was a child there), Lauren Bacall (so was she), Gertrude Stein, Mae West, Leonard Bernstein, John Lennon. Quite a neighborhood. And Peter Salwen's *Upper West Side Story* is quite a book: an engaging, often hilarious history of this fabulous city-within-a-city. It is a treasury of colorful biographies--of farmers, tycoons, thieves, and artists. It is an architectural grand tour--of the Dakota, the Ansonia, Lincoln Center, and the romantic residential skyscrapers of Central Park West. It is a compendium of Manhattan lore and delightful as well as occasionally horrifying trivia, enough to turn even a casual browser into the Compleat Upper West Sider. The story of this dynamic neighborhood begins with the colonial period, when merchant princes commanded royal views of the Hudson--until the approach of Washington's troops drove them from their mansions--and continues through the bucolic nineteenth century, when the Bloomingdale Lunatic Asylum at 116th and Broadway (site of today's Columbia University) was the Upper West Side's prime tourist attraction. the turn of the [twentieth] century, the fashionable "West End," as the neighborhood was then known, boasted extravagant mansions and private homes, grand parks and equestrian boulevards, and its own unique theatrical and night life. Author Peter Salwen chronicles those high-living years, and the half century of inexorable decline that followed--with its poverty and often sensational crime--and brings us up-to-date with a lively account of [the 1980s'] galloping renaissance. [This book] is living history--an unfinished story--generously illustrated with vintage engravings and photos of the buildings and people great and humble (those still with us and those that are no more). Also included are special walking tours to suit all levels of ambition and energy, and a who's who of famous and infamous residents and where they lived."--Dust jacket.

The Veteran Next Door Randall Baxter 2013-08-08 The Veteran Next Door is a compilation of stories from the Nationally broadcast radio show of the same name. The stories are from survivors of World War II. From a Jewish girl being given away at age 2 to save her from Auschwitz, fighting in Bougainville, and Guadalcanal, the experience of being black in our army and navy during this time period. From love stories to fighting across Europe and even being captured on the first day of the Battle of the Bulge, seeing the new German jets shoot down the B-17 flying in front of your own Flying Fortress, earning as many medals as Audie Murphy and not being awarded the Medal of Honor, and being surrounded by sharks for 5 days, being on board a ship that is breaking in half in a typhoon. And coming home to a small Tennessee county that has been taken over by a corrupt political machine. All true stories about our Veterans of World War II, their heartbreaks, and their accomplishments told by the Veterans themselves.

after refusing military induction. Arriving at his ninth prison, America's most maximum security, he's stripped of his name becoming only a number, 9307. Here he's told under extremely unusual circumstances that James Earl Ray will kill Martin Luther King. About 6 ½ months later, this occurred. Out on parole, he immediately calls the F.B.I. with information about co-conspirators. They could care less and have him off the phone in about 45 seconds. By chance in 1970, he goes to a remote Western Pacific Island, Ponape, and ends up staying the next 40 years. Painting a scene from this island in prison, seen on this book cover, he never imagined he'd ever go there. Haunted by his connection to Martin Luther King, he agrees to help a German Businessman with land problems fueled by racism. It escalates over 20 years, cost 4 lives and the Author barely survives several attempts on his. All the while, he's occasionally contacting the F.B.I and Attorney Generals Office in Tennessee, trying to generate a response. Finally he decided to write this book. Find out who some of these co-conspirators are.

Confederate Women of Arkansas in the Civil War The United Confederate Veterans 2016-01-17 Most of the Union soldiers who experienced the wrath of Southern women during the American Civil War came away feeling that fighting the Southern men was a

more appealing proposition. General William Tecumseh Sherman said, "You women are the toughest set I ever knew. The men would have given up long ago but for you. I believe you would keep this war up for thirty years." The great value of the present volume is that it was not written for an audience outside the unreconstructed south. Even after forty years, the embers of bitterness and defense of the "Lost Cause" echo in these uncensored pages. Yet it's not all vitriol and horror. Included are stories of great humor and a remembrance of Ulysses S. Grant's kindness to a wounded rebel son. These are the women who lived through the pain and suffering of the Civil War in the South, some privileged and some...just folks. For the first time, this long out-of-print volume is available as an affordable, well-formatted book for e-readers and smartphones. I Have a Story to Tell You Seemah C. Berson 2010-08-04 I Have a Story to Tell You is about Eastern European Jewish immigrants living in Montreal, Toronto, and Winnipeg in the early twentieth century. The stories encompass their travels and travails on leaving home and their struggles in the sweatshops and factories of the garment industry in Canada. Basing her work on extensive interviews, Seemah Berson recreates these immigrants' stories about their lives in the Old Country and the hardship of finding work in Canada, and she tells how many of these newcomers ended up in the needle trades. Revealing a fervent sense of socialist ideology acquired in the crucible of the Russian Revolution, the stories tell of the influence of Jewish culture and traditions, of personal-and organized-fights against exploitation, and of struggles to establish unions for better working conditions. This book is a wonderful resource for teachers of Canadian,

I would love to make up stories about a happy world but for this there is no time. Reality is in the center of my writing and this journal will be about the ugly but in-between about moments that are beautiful. We try to see the beauty in every bad situation and may be even capable as human beings to write our story happily even in times of war.

So Far from Story Street J. P. LaVallee 2013-01-10 Based on the

life of the Author's great uncle, this novel begins in June of 1914, at the time of two apocalyptic events which took place within three days of each of each other: the Great Fire of Salem -when two thirds of the city burned to the ground; and the assassination of Archduke Ferdinand in Serbia, which sparked the beginning of the world conflict that was to scar the face of the Earth forever. Two parallel stories unfold: one told by Joseph of Salem, and the other by Philippe, a young Frenchman who has to join his compatriots in the fight against the Germans in August of 1914. The reader alternatively follows both young men through their adventures and trials as they face the very turbulent times of the era of 'the lost generation'. Joseph experiences adventure, love, and the hardships of being a young soldier in Texas and then in northeastern France, So Far from Story Street. Philippe struggles to remain close to his family members and best friend, Monique, while he faces the brutality of the battlefields near Verdun and other ordeals related to trench warfare. The Author makes use of her ancestor's personal journals and letters which have been preserved since 1918 to recount his portion of the story. Parts of the tale are told in both English and in French. This contribution to the genre of historical fiction comes at the time of the centennial of the Great War--a war that, unfortunately, did not end all wars... -J.P. LaVallee.
