Incardination and the Universal Dimension of the Priestly Ministry Michael J. The Perfect Genre Kristin Phillips-Court 2011 Through a combination of interpretive literary criticism, art historical analysis and cultural and intellectual historiography, Kristin Phillips-Court offers detailed readings of individual plays juxtaposed with specific developments and achievements in the realm of painting. Revealing more than historical connections between artists and poets such as Giorgione and Tasso, Mantegna and Trissino, or Michelangelo and Caro, the author locates the history of Renaissance art and drama securely within the history of ideas.

Discourse on the State of the Jews Simone Luzzatto 2019-07-08 In 1638, a small book of no more than 92 pages in octavo was published "appresso Gioanne Calleoni" under the title "Discourse on the State of the Jews and in particular those dwelling in the illustrious city of Venice." It was dedicated to the Doge of Venice and his counsellors, who are labelled "lovers of Truth." The author of the book was a certain Simone (Simḥa) Luzzatto, a native of Venice, where he lived and died, serving as rabbi for over fifty years during the course of the seventeenth century. Luzzatto's political thesis is simple and, at the same time, temerarious, if not revolutionary: Venice can put an end to its political decline, he argues, by offering the Jews a monopoly on overseas commercial activity. This plan is highly recommendable because the Jews are "wellsuited for trade," much more so than others (such as "foreigners," for example). The rabbi opens his argument by recalling that trade and usury are the only occupations permitted to Jews. Within the confines of their historical situation, the Venetian Jews became particularly skilled at trade with partners from the Eastern Mediterranean countries. Luzzatto's argument is that this talent could be put at the service of the Venetian government in order to maintain - or, more accurately, recover - its political importance as an intermediary between East and West. He was the first to define the role of the Jews on the basis of their economic and social functions, disregarding the classic categorisation of Judaism's alleged privileged religious status in world history. Nonetheless, going beyond the socio-economic arguments of the book, it is essential to point out Luzzatto's resort to sceptical strategies in order to plead in defence of the Venetian Jews. It is precisely his philosophical and political scepticism that makes Luzzatto's texts so unique. This edition aims to grant access to his works and thought to English-speaking readers and scholars. By approaching his texts from this point of view, the editors hope to open a new path in research into Jewish culture and philosophy that will enable other scholars to develop new directions and new perspectives, stressing the interpenetration between Jews and the surrounding Christian and secular cultures.

On the Requirement of Sufficient Maturity for Candidates to the Presbyterate (c. 1031, 1), with a Consideration of Canonical Maturity and Matrimonial Jurisprudence (1989-1990) Robert Geisinger 1999 Maturitas and canonical maturity escape definition. Can one speak instead of presbyteral maturity or of matrimonial maturity? Maybe. Uncertain standards for what constitutes a sufficiency or a minimum compound a more basic confusion as to what might constitute maturity. Recent discourse between the social sciences and theology perhaps has created an ambiguity not previously associated with presbyteral maturity, and has exacerbated the ambiguity currently associated with the notion of matrimonial maturity developing in praxis.

Canon 17 CIC 1983 and the Hermeneutical Principles of Bernard Lonergan Phillip J. Brown 1999 Canon 17 Cic 1983 suggests a hermeneutical approach to the interpretation of ecclesiastical laws. The author presents a concise summary of traditional canonical interpretative doctrine, new theories of interpretation elaborated during what he calls the intercodal period (between announcement in 1959 that the 1917 Codex Iuris Canonici would be completely revised and the promulgation of CIC 1983), and commentaries on interpretative doctrine and c. 17 since promulgation of the new Code, as background for a consideration of the hermeneutical principles of Bernard Lonergan and their potential usefulness in the interpretation of canon 17 itself.

The Term "privilege" Alan McCormack 1997 The term privilege has been used for a multiplicity of provisions including particular laws, indulgences, indults or dispensations to do what the general law forbids or to omit what is requires. The goal of the dissertation is to ascertain how changes to the 1983 code have served to clarify a notion which has been the object of debate for centuries. This provides the opportunity for comment upon individual canons which do not harmonize with the new definition or with other developments occasioned by the law's reform.

Historical Philology Bela Brogyanyi 1992-10-08 The present volume mainly contains contributions on the classical language, Greek and Latin. In addition to the historical comparative linguistic aspects of these languages, philological and historical questions are dealt with as well. Consideration of Italic and Romance topics is also included. The volume is divided into 7 sections: I. Greek linguistics, II. Greek lexicology, III. Mycenology. IV. Greek philology, V. Italic and Latin philology, VI. Latin and Romance languages, VII. Roman history.

Volume 18, Tome V: Kierkegaard Secondary Literature Jon Stewart 2017-02-24 In recent years interest in the thought of Kierkegaard has grown dramatically, and with it the body of secondary literature has expanded so quickly that it has become impossible for even the most conscientious scholar to keep pace. The problem of the explosion of secondary literature is made more acute by the fact that much of what is written about Kierkegaard appears in languages that most Kierkegaard scholars do not know. Kierkegaard has become a global phenomenon, and new research traditions have emerged in different languages, countries, and regions. The present volume is dedicated to trying to help to resolve these two problems in Kierkegaard studies. Its purpose is, first, to provide book reviews of some of the leading monographic studies in the Kierkegaard secondary literature so as to assist the community of scholars to become familiar with the works that they have not read for themselves. The aim is thus to offer students and scholars of Kierkegaard a comprehensive survey of works that have played a more or less significant role in the research. Second, the present volume also tries to make accessible many works in the Kierkegaard secondary literature that are written in different languages and thus to give a glimpse into various and lesser-known research traditions. The six tomes of the present volume present reviews of works written in Catalan, Chinese, Czech, Danish, Dutch, English, Finnish, French, Galician, German, Greek, Hebrew, Hungarian, Italian, Japanese, Norwegian, Polish, Portuguese, Romanian, Russian, Slovak, Spanish, and Swedish.

The Father's Eternal Freedom Dario Chiapetti 2022-06-30 John Zizioulas is renowned for his controversial reflection on the ontological freedom as the cause and cipher of God's being, which also has important implications for anthropology, ecclesiology and ecumenical dialogue. This view is bound up with a personalist conception of the Trinity, recognised in the teaching of the Greek Church Fathers, in which the person represents the primary ontological category. In particular, Zizioulas shows how, by virtue of the Father, personhood coincides with absolute freedom. In *The Father's Eternal Freedom*, Dario Chiapetti explores this ontology. Taking into account Zizioulas' epistemological principles, his patristic reading and his theological development, the author systematically presents Zizioulas' thesis, verifying its conformity to dogma and its internal coherence. Chiapetti analyses how Zizioulas' proposal brings back to the centre of systematic theology the teaching of the Greek Fathers, especially the Cappadocians, and the apophatic horizon of dogmatic reflection. Such reflection pushes the discourse on God to its maximum degree, identifying and bringing out, rather than resolving or attenuating, the aporetic terms that structure it.

Pastoral Care in Marriage Preparation (Can. 1063) Fintan Gavin 2004 This study, which is in three parts, sets out to examine canon 1063, which deals with the pastoral care of marriage preparation.... The final part explores how the provisions of canon 1063 have been implemented by some particular churches, through an analysis of the relevant legislation in Spain, Korea, Ireland and the United States.

The Separation of the Spouses with the Bond Remaining Juraj Kamas 1997 The novelty of the present work lies in its presentation of the many facets of the theme about relationship between the spouses and the well-being of their children. The concept of marital separation has existed in the Church for centuries. The code of Canon law reconized that certain situations call for the suspension of common life. The principle of indissolubility is not violated in the case of separated or divorced but not remarried persons. Their status does not put any obstacle regarding reception of the sacraments. They are to be a subject of special pastoral care.

In plant biology *Arabidopsis thaliana* is widely used as model plant because the availability of genetic information and culture protocols for studying root development. The investigation here described allowed to define the still unknown organization of the quiescent centre and stem cell niche in *A. thaliana* adventitious roots formed by intact hypocotyls and in vitro cultured stem thin cell layers. The aim was reached by the use of quiescent centre markers, auxin carriers, auxin biosynthesis genes, cytokinin localization and morphogenic and histological analyses of mutants.
