Aesthetic Pleasure in Twentieth-Century Women's Food Writing
Alice McLean 2012-05-22 This book explores the aesthetic pleasures of eating and writing in the lives of M. F. K. Fisher (1908-1992), Alice B. Toklas (1877-1967), and Elizabeth David (1913-1992). Growing up during a time when women's food writing was largely limited to the domestic cookbook, which helped to codify the guidelines of middle class domesticity, Fisher, Toklas, and David claimed the pleasures of gastronomy previously reserved for men. Articulating a language through which female desire is artfully and publicly sated, Fisher, Toklas, and David expanded women's food writing beyond the domestic realm by pioneering forms of self-expression that celebrate female appetite for pleasure and for culinary adventure. In so doing, they illuminate the power of genre-bending food writing to transgress and reconfigure conventional gender ideologies. For these women, food encouraged a sensory engagement with their environment and a physical receptivity toward pleasure that engendered their creative aesthetic.

Women Who Run with the Wolves Clarissa Pinkola Estés Phd
1995-08-22 NEW YORK TIMES BESTSELLER • One million copies sold! "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for Emma Watson's Our Shared Shelf

Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and

stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

The Best of "The Spirit of Medjugorje" June Klins 2007-09-24

In 1981 a beautiful lady appeared to 6 young people in the village of Medjugorje in what is now Bosnia-Herzegovina. She told them that She was the Blessed Virgin Mary, the Queen of Peace, and came with a message of peace. She has continued to appear since 1981 to give messages to the world of peace, love and joy. She is confiding ten secrets to each visionary (some are chastisements for the world) and promises to leave a visible sign at the place of the apparitions in Medjugorje for all humanity. This time, this period of grace, is for conversion and deepening faith. After the visible sign, those living will have little time for conversion. Many books have been written about Medjugorje, but this one and Volume I of this series are different. They both include not only information about Medjugorje and talks and interviews with the visionaries, but also heartfelt testimonies of those who have been healed and changed through Medjugorje, as well as advice, written from the heart, on how to live the messages. This book is for EVERYONE - all Our Lady's children, Catholic and non-Catholic. If you have not heard about Medjugorje, it will tell you everything you need to know. If you have been following the

However, he'll soon find himself buried in more information and theories and "secrets" than he knows what to do with-and much of it conflicting! So, what is he to do? The truth is that true leadership comes from within, and what an aspiring leader or an established leader desiring to increase his successes really needs is to push aside all the excess of unnecessary clutter and get to the heart of the matter! What is the essence of true leadership? Is it the special techniques a leader uses? Is it a "power nap"? Is it psychological tricks a leader uses while gazing into a mirror in the morning? Does he need twenty-five laws of leadership (and if so, why not forty)? So much information abounds on this subject-some of it nonsense and some of it legitimate-that I felt it was time that a book was written that kept things real and explained the realities of true leadership while not overcomplicating things. Herein you will find just that. It's time to get back to the bread and butter of leadership!

centers around Abby, who takes pride in her residence in one of the most coveted rooms in the rest home. Things turn sour quickly when she must take in Marilyn, a new roommate to share her precious space. In a satirical conflict of territory and control, Lindsay-Abaire spins a benign, typically mundane setting into an absurdist, colorful battleground. This high-stakes comedy examines our expectations of what it means to grow old in twenty-first century America, and what happens when a sense of possession collides with a mania of obsession. Her Honor LaDoris Hazzard Cordell 2021-10-26 In *Her Honor*, Judge LaDoris Hazzard Cordell provides a rare and thought-provoking insider account of our legal system, sharing vivid stories of the cases that came through her courtroom and revealing the strengths, flaws, and much-needed changes within our courts. Judge Cordell, the first African American woman to sit on the Superior Court of Northern California, knows firsthand how prejudice has permeated our legal system. And yet, she believes in the system. From ending school segregation to legalizing same-sex marriage, its progress relies on legal professionals and jurors who strive to make the imperfect system as fair as possible. *Her Honor* is an entertaining and provocative look into the hearts and minds of judges. Cordell takes you into her chambers where she haggles with prosecutors and defense attorneys and into the courtroom during jury selection and sentencing hearings. She uses real cases to highlight how judges make difficult decisions, all the while facing outside pressures from the media, law enforcement, lobbyists, and the friends and families of the people involved. Cordell's candid account of her years on the bench shines light on all areas of the legal system, from juvenile delinquency and the shift from rehabilitation to punishment, along with the racial biases therein, to the thousands of plea bargains that allow our overburdened courts to stay afloat—as long as innocent people are willing to plead guilty. There are tales of marriages and divorces, adoptions, and contested wills—some humorous, others heartwarming, still others deeply troubling. *Her Honor* is for anyone who's had the good or bad fortune to stand before a judge or sit on a jury. It is

for true-crime junkies and people who vote in judicial elections. Most importantly, this is a book for anyone who wants to know what our legal system, for better or worse, means to the everyday lives of all Americans.
