Champagne Becky Sue Epstein 2011-10-15 From the smash of a bottle on the side of a new ship to the pop of the cork at a New Year's Eve party champagne signals celebration, fun, and camaraderie all over the world. Bubbly, as we affectionately call it, is a symbol of luxury and decadence and the go-to drink whenever there is an important toast. This history from Becky Sue Epstein is a celebration of the world's most celebratory drink. Here, Epstein chronicles champagne's story, from the world's first sparkling wine, produced in Limoux, Languedoc, in 1531 by monks at an abbey in Saint-Hilaire to the celebrities who made champagnes famous and continue to do so today— from Dom Perignon to the widow Veuve Cliquot. Most important, Epstein fully explains the distinction between champagne and sparkling wine. In this informative chronicle, she answers whether French champagne is really better than other sparkling wines and elucidates the science behind that characteristic fizz and bubble. She takes the reader on a tour of vineyards in wine regions around the world and teaches the correct techniques for storing and serving champagne and sparkling wines. Whether you prefer magnums of Cristal or the affordable thrill of Cold Duck, Champagne is an invaluable complement to any bubbly glass and an informative, elegant gift for connoisseurs, beginners, and wine lovers of all kinds.

Champagne, Uncorked Alan Tardi 2016-05-24 The epitome of effervescence and centerpiece of celebration, Champagne has become a universal emblem of good fortune, and few can resist its sparkle. In *Champagne, Uncorked*, Alan Tardi journeys into the heartland of the world's most beloved wine. Anchored by the year he spent inside the prestigious and secretive Krug winery in Reims, the story follows the creation of the superlative Krug Grande Cuv'e. Tardi also investigates the evocative history, quirky origins, and cultural significance of Champagne. He reveals how it became the essential celebratory toast (merci Napoleon Bonaparte!), and introduces a cast of colorful characters, including Eugè Mercier, who in 1889 transported his "Cathedral of Champagne," the largest wine cask in the world, to Paris by a team of white horses and oxen, and Joseph Krug, the reserved son of a German butcher who wound up in France, fell head over heels for Champagne, and risked everything to start up his own eponymous house. In the vineyards of Champagne, Tardi discovers how finicky grapes in an unstable climate can lead to a nerve-racking season for growers and winemakers alike. And he ventures deep into the caves, where the delicate and painstaking alchemy of blending takes place -- all of which culminates in the glass we raise to toast life's finer moments.

Champagne Don Kladstrup 2010-05-18 Throughout history, waves of invaders have coveted the northeast corner of France: Attila the Hun in the fifth century, the English in the Hundred Years War, the Prussians in the nineteenth century. Yet this region - which historians say has suffered more battles and wars than any other place on earth - is also the birthplace of one thing the entire world equates with good times, friendship and celebration: champagne. Champagne is the story of the world's favourite wine. It tells how a sparkling beverage that became the toast of society during the Belle Epoque emerged after World War I as a global icon of fine taste and good living. The book celebrates the gutsy, larger-than-life characters whose proud determination nurtured and preserved the land and its grapes throughout centuries of conflict.

What She Ate Laura Shapiro 2017-07-25 A Washington Post Notable Nonfiction Book of The Year One of NPR Fresh Air's "Books to Close Out a Chaotic 2017" NPR's Book Concierge Guide To the Year's Great Reads "How lucky for us readers that Shapiro has been listening so perceptively for decades to the language of food." —Maureen Corrigan, NPR Fresh Air Six "mouthwatering" (Eater.com) short takes on six famous women through the lens of food and cooking, probing how their attitudes toward food can offer surprising new insights into their lives, and our own. Everyone eats, and food touches on every aspect of our lives—social and cultural, personal and political. Yet most biographers pay little attention to people's attitudes toward food, as if the great and notable never bothered to think about what was on the plate in front of them. Once we ask how somebody relates to food, we find a whole world of different and provocative ways to understand her. Food stories can be as intimate and revealing as stories of love, work, or coming-of-age. Each of the six women in this entertaining group portrait was famous in her time, and most are still famous in ours; but until now, nobody has told their lives from the point of view of the kitchen and the table. What She Ate is a lively and unpredictable array of women; what they have in common with one another (and us) is a powerful relationship with food. They include Dorothy Wordsworth, whose food story transforms our picture of the life she shared with her famous poet brother; Rosa Lewis, the Edwardian-era Cockney caterer who cooked her way up the social ladder; Eleanor Roosevelt, First Lady and rigorous protector of the worst cook in White House history; Eva Braun, Hitler's mistress, who challenges our warm associations of food, family, and table; Barbara Pym, whose witty books upend a host of stereotypes about postwar British cuisine; and Helen Gurley Brown, the editor of Cosmopolitan, whose commitment to "having it all" meant having almost nothing on the plate except a supersized portion of diet gelatin.

When Champagne Became French Kolleen M. Guy 2007-09 This work explains how nationhood emerges by viewing countries as cultural artifacts, a product of "invented traditions." In the case of France, scholars disagree, not only over the nature of French national identity but also over the extent to which diverse and sometimes hostile provincial communities became integrated into the nation. The author offers a new perspective by looking at one of the central elements in French national culture -- luxury wine -- and the rural communities that profited from its production

But First, Champagne David White 2016-10-18 There's never been a better time to get into Champagne! Both the region of Champagne and its wines have always been associated with prestige and luxury. Knowledgeable wine enthusiasts have long discussed top Champagnes with the same reverence they reserve for the finest wines of Bordeaux and Burgundy. But everyday Americans usually keep Champagne way back on the high shelf. It's for big celebrations, send-offs, and wedding toasts and, more often than not, is bought by the case. The good stuff costs plenty—and frankly, rarely seems worth the price. Today, though, Champagne is in the midst of a renaissance—no longer to be unjustly neglected. Over the past decade, an increasing number of wine enthusiasts have discovered the joys of grower Champagne—wines made by the farmers who grow the grapes. Thanks to a few key wine importers and America's newfound obsession with knowing where food comes from, these shipments have been climbing steadily. In *But First, Champagne*, author David White details Champagne's history along with that of its wines, explains how and why the market is changing, and profiles the region's leading producers. This book is essential reading for wine enthusiasts, adventurous drinkers, foodies, sommeliers, and drinks professionals. With a comprehensive yet accessible overview of the region, its history, and its leading producers, *But First, Champagne* will demystify Champagne for all. From the foreword: "Smart, entertaining, and valuable . . . one of those rare wine books that should appeal to people just getting into Champagne and longtime Champagne obsessives." —Ray Isle, Executive Wine Editor, *Food & Wine*

Jackpot Michael Mechanic 2022-04-12 "A senior editor at Mother Jones dives into the lives of the extremely rich, showing the fascinating, otherworldly realm they inhabit—and the insidious ways this realm harms us all"--

A Scent of Champagne Richard Juhlin 2016-10-04 Champagne may be the most misunderstood category of wine in the world, as many labels of sparkling wines bear the name in error. True champagne comes only from the French province of Champagne and contains three specific grape varieties. But figuring out more about the wine can be confusing: what is the difference between cuvée de prestige, blanc de noirs, and rosé? What is the best kind of food to pair with champagne? How many different kinds of sweetness are there? What is the best method of storage? Richard Juhlin, the world's foremost champagne expert, answers these questions and more as he takes the reader on a journey to the geographical area of Champagne and through the history of the drink. He explains how to arrange tastings and develop one's sense of smell, and why the setting where you drink champagne is important, including personal anecdotes about his lifelong journey from PE teacher to connoisseur. Also included is a catalog section that describes and ranks different

champagne houses, types, and vintages. Sit back and enjoy Juhlin's graceful prose with a lovely glass of champagne, the sparkling wine that has come to epitomize luxury and elegance. Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. The Food and Wine of France Edward Behr 2016-06-14 One of Christopher Kimball's Six Favorite Books About Food A beautiful and deeply researched investigation into French cuisine, from the founding editor of *The Art of Eating* and author of *50 Foods*. In *THE FOOD AND WINE OF FRANCE*, the influential food writer Edward Behr investigates French cuisine and what it means, in encounters from Champagne to Provence. He tells the stories of French artisans and chefs who continue to work at the highest level. Many people in and out of France have noted for a long time the slow retreat of French cuisine, concerned that it is losing its important place in the country's culture and in the world culture of food. And yet, as Behr writes, good French food remains very, very delicious. No cuisine is better. The sensuousness is overt. French cooking is generous, both obvious and subtle, simple and complex, rustic and utterly refined. A lot of recent inventive food by comparison is wildly abstract and austere. In the tradition of great food writers, Edward Behr seeks out the best of French food and wine. He shows not only that it is as relevant as ever, but he also challenges us to see that it might become the world's next cutting edge cuisine. France remains the greatest country for bread, cheese, and wine, and its culinary techniques are the foundation of the training of nearly every serious Western cook and some beyond. Behr talks with chefs and goes to

see top artisanal producers in order to understand what "the best" means for them, the nature of traditional methods, how to enjoy the foods, and what the optimal pairings are. As he searches for the very best in French food and wine, he introduces a host of important, memorable people. THE FOOD AND WINE OF FRANCE is a remarkable journey of discovery. It is also an investigation into why classical French food is so extraordinarily delicious--and why it will endure.

The New California Wine Jon Bonné 2013-11-05 A comprehensive guide to the must-know wines and producers of California's "new generation," and the story of the iconoclastic young winemakers who have changed the face of California viniculture in recent years. The New California Wine is the untold story of the California wine industry: the young, innovative producers who are rewriting the rules of contemporary winemaking; their quest to express the uniqueness of California terroir; and the continuing battle to move the state away from the overly-technocratic, reactionary practices of its recent past. Jon Bonné writes from the front lines of the California wine revolution, where he has access to the fascinating stories, philosophies, and techniques of top producers. Part narrative, part authoritative purchasing reference, The New California Wine is a necessary addition to any wine lover's bookshelf.

Uncorked Gérard Liger-Belair 2013-06-02 Uncorked quenches our curiosity about the inner workings of one of the world's most prized beverages. Esteemed for its freshness, vitality, and sensuality, champagne is a wine of great complexity. Mysteries aplenty gush forth with the popping of that cork. Just what is that fizz? Can you judge champagne quality by how big the bubbles are, how long they last, or how they behave before they fade? And why does serving champagne in a long-stemmed flute prolong its chill and effervescence? Through lively prose and a wealth of state-of-the-art photos, this revised edition of Uncorked unlocks the door to what champagne is all about. Providing an unprecedented close-up view of the beauty in the bubbles, Gérard Liger-Belair presents images that look surprisingly like lovely flowers, geometric patterns, even galaxies as the bubbles rise through the glass and burst forth on the surface. He illustrates how bubbles form not on the glass itself but are "born" out of debris stuck on the glass wall, how they rise, and how they pop. Offering a colorful history of champagne, Liger-Belair tells us how it is made and he asks if global warming could spell champagne's demise. In a brand-new afterword, he updates the reader on new developments in the world of bubble science and delves even more deeply into the processes that give champagne its unique and beautiful character. Bubbly may tickle the nose, but Uncorked tackles what the nose and the naked eye cannot--the spectacular science that gives champagne its charm and champagne drinkers immeasurable pleasure.

Sherry, Manzanilla and Montilla Peter Liem 2012-10-21 A detailed and thorough introduction to sherry from a contemporary perspective, including discussions of vineyards, production, aging and styles of wine, as well as extensive profiles of sherry bodegas and producers. Champagne Baby Laure Dugas 2016-05-03 One of the best memoirs of 2016 (Library Journal) and winner of the Northern California Book Festival Award! Fresh, charming, and irresistible, Champagne Baby turns a familiar tale on its head: Instead of yet another American seeking the French secret to good living, a Frenchwoman finds her purpose—much to her surprise—in the U.S. Laure Dugas was born into a family of winemakers from two storied regions of France: Champagne and the Rhône Valley. But she wants little to do with the family business. It is only when her uncle offers to send her to New York City to learn English and represent his wines to the American market that Laure bids adieu to her boyfriend and begins her journey of discovery. The job, it turns out, is both harder and easier than expected. Laure must speak in a new language about a subject in which she has no expertise. With the pedigree of an expert, even as she feels like a fraud, Laure dives into an industry still dominated by men, winning over restaurateurs and sommeliers, diligently developing her palate, and traveling across the vast country that is her new home. For the first time, Laure is able to distinguish among the famous wines of her native land. She learns to greet a wine

by the nose and judge a bottle not by its industry rating but by the balance of its flavors. Overcoming homesickness, culture shock, and the trials of a long-distance relationship, Laure manages to settle into her new milieu, her wine-glass-half-full attitude turning an eight-month stint into a three-year adventure. Part coming-of-age memoir, part travelogue, sprinkled throughout with regional maps and wine recommendations, *Champagne Baby* imparts the critical lessons that pair with both wine and life: You're Better Than the Cheapest Bottle, There's Always Occasion for Champagne, and Trust Your Palate. It encourages readers to view themselves and their surroundings with newfound appreciation, and to raise their glasses with open-mindedness and joy. Includes maps of wine regions throughout

Praise for Champagne Baby "A coming-of-age story of a French girl in love with America, *Champagne Baby* is a compulsive read filled with keen observations and sharp descriptions of place and culture—a modern, exuberant tale of two cities and discovery."—Mireille Guiliano, #1 New York Times bestselling author of *French Women Don't Get Fat* "Dugas's story of being a recent university student and eager to jump at life's chances will resonate with audiences both young and old, wine aficionados and newcomers."—Library Journal (starred review) "Champagne Baby is, like the best bottle of wine, fun and complex, sensual and smart, and totally satisfying."—Hannah Howard, columnist, "Scoop du Jour" "An enticing story that evolves and ventures into unexpected directions and nourishes a result that Dugas had never imagined."—Richard Vine, PhD, author of *The Curious World of Wine* "[A] delightful memoir . . . [Dugas] entertainingly reflects on what she learned about herself, her family's wine business, and wines in general while living in the U.S."—Kirkus Reviews "This insightful memoir has the capacity to inspire and charm the novice wine drinker while also reinforcing and reminding the well-seasoned palate of the romance, the seduction of wine."—Booklist
