Spanish Language: 3 Books 1 Sergio Rodriguez 2020-05-12 Hola! If you are looking to learn Spanish in a fast, simple and easy way without entering a classroom, then you have chosen the perfect audiobook. Spanish Language is the perfect guide for Beginners that allows you to learn Spanish while in your car or Working out with the purpose to reach a native-level fluency in no time. Through this audiobook, you will learn conversational Spanish for beginners through lessons that will help you develop your vocabulary and grammar, as well as simple phrases useful for travel in Spain, Mexico or Latin America!It's time to begin the adventure of learning Spanish through simple and

quick lessons you can listen to in your car! Estas pronto? Here's what you'll learn from the Spanish For Beginners book: Chapter 1: Learning Strategies Chapter 2: The Fundamentals of Spanish Chapter 3: Numbers, Colors, Time, and Date Chapter 4: Nouns and Articles Chapter 5: Pronouns Chapter 6: Verbs Chapter 7: Adjectives Chapter 8: Prepositions, Adverbs, and Conjunctions Chapter 9: Forming sentences Chapter 10: The Subjunctive & Imperative Mood Chapter 11: Making comparisons Chapter 12: Conversational phrases And much more! Here's what you'll learn from the Spanish Short Stories: The Spanish language is rich, full of small differences between the different countries. Things that might be one way in Argentina might be different in Spain or Mexico. But don't worry, with this book, you will have a firm grasp on the language, and you will be able to understand and have a conversation with any Spanish speaker. In this book, I will give you 20 short stories that will range from science fiction to romance, everything in between and sometimes even more. These stories will give you an entire picture of the Spanish language, and how to appreciate the subtlety of the language. After each story, there will be a questionnaire section where you will answer questions about the stories in Spanish. I really suggest to grab a blank page, and write down the answers, or the small assignments that you will be given (don't worry, they won't be long!). Remember to write them in Spanish, so you can practice and use the language. Also, in this section, you will find grammar and fun facts not just from the stories themselves, but from the inspirations behind them, and facts about living in a Spanish country. All these stories are written from my heart, and I deeply hope that you will find them funny, mysterious, romantic, or at least entertaining. Here's what you'll learn from the Spanish Language Lessons book: Traveling in Spanish countries can be hard. Believe me, I'm a frequent traveler, and I've been all around the world. I've been in Europe, Asia, and South America, and I have to say that of all the places that I've been, I've never

found more caring and lovely people than in Spanish countries. Maybe it is their past, maybe is their language, but they are always available to give you a hand, talk to you, have fun, grab a drink, and generally have a good time. But the language barrier might be hard. You might find yourself trying to say something, and the interlocutor understanding another thing entirely. It might be quite frustrating, and then you end up using your fingers or pointing to what you want, and to be honest, it's quite ridiculous and a bit childish. That's why I'm writing this book, to help you on your travels, so if you want to take a trip to a Spanish Country, you won't find it hard to express yourself. And I will not just explain you some phrases in Spanish to ease your life in your trip, I will also teach the differences between countries, and how to travel from one place to another. So, if you were planning a trip, or maybe you are already in one and found yourself in a problem, this is the book for you. I hope it helps you with anything that might arise on your trip. get your copy today

Language Hacking Spanish Benny Lewis 2017-11-14 It's true that some people spend years studying Spanish before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and

using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Fluent Forever Gabriel Wyner 2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Marcus Vega Doesn't Speak Spanish Pablo Cartaya 2019-07-09 One boy's search for his father leads him to Puerto Rico in this moving-middle grade novel, for fans of Ghost and See You in the Cosmos. Marcus Vega is six feet tall, 180 pounds, and the owner of a premature mustache. When you look like this and you're only in the eighth grade, you're both a threat and a target. After a fight

at school leaves Marcus facing suspension, Marcus's mom decides it's time for a change of environment. She takes Marcus and his younger brother to Puerto Rico to spend a week with relatives they don't remember or have never met. But Marcus can't focus knowing that his father-- who walked out of their lives ten years ago--is somewhere on the island. So begins Marcus's incredible journey, a series of misadventures that take him all over Puerto Rico in search of his elusive namesake. Marcus doesn't know if he'll ever find his father, but what he ultimately discovers changes his life. And he even learns a bit of Spanish along the way.

It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

It's time to begin the adventure of learning Spanish through simple and quick lessons you can listen to in your car! Estas pronto? Here's what you'll learn from the Spanish For Beginners book: Chapter 1: Learning Strategies Chapter 2: The Fundamentals of Spanish Chapter 3: Numbers, Colors, Time, and Date Chapter 4: Nouns and Articles Chapter 5: Pronouns Chapter 6: Verbs Chapter 7: Adjectives Chapter 8: Prepositions, Adverbs, and Conjunctions Chapter 9: Forming sentences Chapter 10: The Subjunctive & Imperative Mood Chapter 11: Making comparisons Chapter 12: Conversational phrases And much more! Here's what you'll learn from the Spanish

Short Stories: The Spanish language is rich, full of small differences between the different countries. Things that might be one way in Argentina might be different in Spain or Mexico. But don't worry, with this book, you will have a firm grasp on the language, and you will be able to understand and have a conversation with any Spanish speaker. In this book, I will give you 20 short stories that will range from science fiction to romance, everything in between and sometimes even more. These stories will give you an entire picture of the Spanish language, and how to appreciate the subtlety of the language. After each story, there will be a questionnaire section where you will answer questions about the stories in Spanish. I really suggest to grab a blank page, and write down the answers, or the small assignments that you will be given (don't worry, they won't be long!). Remember to write them in Spanish, so you can practice and use the language. Also, in this section, you will find grammar and fun facts not just from the stories themselves, but from the inspirations behind them, and facts about living in a Spanish country. All these stories are written from my heart, and I deeply hope that you will find them funny, mysterious, romantic, or at least entertaining. Here's what you'll learn from the Spanish Language Lessons book: Traveling in Spanish countries can be hard. Believe me, I'm a frequent traveler, and I've been all around the world. I've been in Europe, Asia, and South America, and I have to say that of all the places that I've been, I've never found more caring and lovely people than in Spanish countries. Maybe it is their past, maybe is their language, but they are always available to give you a hand, talk to you, have fun, grab a drink, and generally have a good time. But the language barrier might be hard. You might find yourself trying to say something, and the interlocutor understanding another thing entirely. It might be quite frustrating, and then you end up using your fingers or pointing to what you want, and to be honest, it's quite ridiculous and a bit childish. That's why I'm writing this book, to help you on your travels, so if you want to take a

trip to a Spanish Country, you won't find it hard to express yourself. And I will not just explain you some phrases in Spanish to ease your life in your trip, I will also teach the differences between countries, and how to travel from one place to another. So, if you were planning a trip, or maybe you are already in one and found yourself in a problem, this is the book for you. I hope it helps you with anything that might arise on your trip. get your copy today

The Way of the Linguist Steve Kaufmann 2005-11 The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language

of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.
