**K-pop - The International Rise of the Korean Music Industry** JungBong Choi 2014-09-15 K-pop, described by Time Magazine in 2012 as "South Korea's greatest export", has rapidly achieved a large worldwide audience of devoted fans largely through distribution over the Internet. This book examines the phenomenon, and discusses the reasons for its success. It considers the national and transnational conditions that have played a role in K-pop's ascendancy, and explores how they relate to post-colonial modernisation, post-Cold War politics in East Asia, connections with the Korean diaspora, and the state-initiated campaign to accumulate soft power. As it is particularly concerned with fandom and cultural agency, it analyses fan practices, discourses, and underlying psychologies within their local habitus as well as in expanding topographies of online networks. Overall, the book addresses the question of how far "Asian culture" can be global in a truly meaningful way, and how popular culture from a "marginal" nation has become a global phenomenon.

The Island of Bicycle Dancers Jiro Adachi 2005-02 This is the coming-of-age story of twenty-year old Yurika Song, a Korean-Japanese woman who comes from Japan to New York City for a summer to work with her Korean relatives and improve her English. Yurika's friends back home have always joked that she is half-sushi/half kim-chi. But cross-Asian ethnicities turn out to be far less jarring than her entree into New York life in the guise of bicycle messengers and the street culture in which they thrive. On one level this is a tale of mistaken love--Yurika falls hard for an attractive, but dangerous, Puerto Rican bicycle messenger nicknamed "Bone." But on another, deeper level, our heroine finds freedom in this new language, which to her "is like a huge octopus, very clever and sometimes hard to catch."

The Asian Mystique Sheridan Prasso 2009-04-29 Few Westerners escape the images, expectations and misperceptions that lead us to see Asia as exotic, sensual, decadent, dangerous, and mysterious. Despite — and because of — centuries of East-West interaction, the stereotypes of Western literature, stage, and screen remain pervasive icons: the tea-pouring, submissive, sexually available geisha girl; the steely cold dragon lady dominatrix; as well as the portrayal of the Asian male as effeminate and asexual. These "Oriental" illusions color our relations and relationships in ways even well-respected professional "Asia hands" and scholars don't necessarily see. *The Asian Mystique* lays out a provocative challenge to see Asia and Asians as they really are, with unclouded, deerotized eyes. It traces the origins of Western stereotypes in history and in Hollywood, examines the phenomenon of 'yellow fever,' then goes on a reality tour of Asia's go-go bars, middle-class homes, college campuses, business districts, and corridors of power, providing intimate profiles of women's lives and vivid portraits of the human side of an Asia we usually mythologize too well to really understand. It strips away our misconceptions and stereotypes, revealing instead the fully dimensional human beings beyond our usual perceptions. *The Asian Mystique* is required reading for anyone with interest in or interaction with Asia or Asian-origin people, as well as any serious student or practitioner of East-West relations.

*Information Modelling and Knowledge Bases XXIX V*. Sornlertlamvanich 2018-02-09 Information modelling and knowledge bases have become ever more essential in recent years because of the need to handle and process the vast amounts of data which now form part of everyday life. The machine to machine communication of the Internet of Things (IoT), in particular, can generate unexpectedly large amounts of raw data. This book presents the proceedings of the 27th International Conference on Information Modelling and Knowledge Bases (EJC2017), held in Krabi, Thailand, in June 2017. The EJC conferences originally began in 1982 as a co-operative initiative between Japan and Finland, but have since become a world-wide research forum bringing together researchers and practitioners in information modelling and knowledge bases for the exchange of scientific results and achievements. Of the 42 papers submitted, 29 were selected for publication here, and these cover a wide range of information-modelling topics, including the theory of concepts, semantic computing, data mining, context-based information retrieval, ontological technology, image databases, temporal and spatial databases, document data management, software engineering, cross-cultural computing, environmental analysis, social networks, and WWW information. The book will be of interest to all those whose work involves dealing with large amounts of data.

**YouTube Wives Or Stepping Stones** Obediah Michael Smith 2014-05-16 YouTube Wives Or Stepping Stones is, before everything, first and foremost, a literary act. Keats' urns and Rilke's torsos, Bishop's fish and Mussorgsky's pictures at an exhibition, this is the company that Smith is writing to keep as he doggedly pursues his models. In the concrete this litany of wives appears as a series of tawdry fetishes predestined to fail: dancing girls for Degas, barmaids for Manet, pubescence for Balthus, this Korean for Orientalism, those women for Woman, these artists for ART. These poems and pieces, confessions and letters and descriptions, are essays toward bringing art to life. Smith screens them all, flexing his desire toward the idea of their beauty, even as he is frustrated by their overwhelming distance and his underwhelming isolation. Smith is a Kemp Road Warhol. And so these poems are markers of a journey, in pursuance of an absolute level, a true altitude. This is a Baudelarian night-walk for beauty. Who are these wives? Where do these stepping stones lead?

*A Tokyo Odyssey* Graham Thomas 2023-11-06 'An easily digestible, vividly illustrated look at Tokyo. I discovered stuff I'd never known despite living here for over thirty years.' Rupert Miller. 'Some amazing photographs that really open your eyes to the city's history and what it is today.' Lu Passidino. 'A must read, browse or dip into for anyone visiting Tokyo for the first time or the tenth time.' Dr. Ginny Butterfield. In this scintillating new book, the author peels away the fog that so easily obscures the world's biggest, most baffling city. It is a piercing analysis of the place, the people, its history, and yet the picture painted is both beautiful and eloquent. The book covers much ground and yet is bang up-to-date including the fiasco of the Olympic Games. At the same time it avoids all the cliches that so many books about Tokyo fall back on. It is close to 300 pages long but also heavily illustrated with many images, most of which have never been published before. This is a history that also uses the voices of the people who lived and visited here, adding an authenticity that is beguiling. Tokyo is a baffling city but know its history and this facade can be unravelled. This is a thorough but also a personal history that meanders through a place that can confuse all comers. Read it and enjoy the journey.

*In Defense of Ourselves* Linda Tschirhart Sanford 1979 "In Defense of Ourselves is a book that will make women feel safer on the streets or when home alone. As a practical guide to help women cope with, and hopefully avoid, attack of any sort, this book deals with emotional readiness (how to overcome feeling helpless or being polite when someone makes an unwelcome advance) as well as the physical ability to defend ourselves. For example, the authors cover voice and body stance, and they provide physical exercises (with step-by-step instructions and accompanying photographs) that you can do to be prepared for any attacker. But nowhere does this book say that you have to fight back or react in a specific way in every case - it simply gives you the knowledge and confidence to evaluate each situation and respond intelligently."--Back cover.

The Color of the Sky Is the Shape of the Heart Chesil 2022-04-05 A Zainichi Korean teen comes of age in Japan in this groundbreaking debut novel about prejudice and diaspora. Seventeen-year-old Ginny Park is about to get expelled from high school—again. Stephanie, the picture book author who took Ginny into her Oregon home after she was kicked out of school in Hawaii, isn't upset; she only wants to know why. But Ginny has always been in-between. She can't bring herself to open up to anyone about her past, or about what prompted her to flee her native Japan. Then, Ginny finds a mysterious scrawl among Stephanie's scraps of paper and storybook drawings that changes everything: The sky is about to fall. Where do you go? Ginny sets off on the road in search of an answer, with only her journal as a confidante. In witty and brutally honest vignettes, and interspersed with old letters from her expatriated family in North Korea, Ginny recounts her adolescence growing up Zainichi, an ethnic Korean born in Japan, and the incident that forced her to leave years prior. Inspired by her own childhood, author Chesil creates a portrait of a girl who has been fighting alone against barriers of prejudice, nationality, and injustice all her life—all while searching for a place to belong.

**On the Barricades, and Off** Melvin J. Lasky The importance of Melvin J. Lasky and of the journals he has edited ("Encounter "in London, "Der Monat "in Berlin) has been beautifully captured by a young European intellectual, Dr. Michael Naumann: "Lasky's work, quite apart from its value as a meditation, is a testimony of personal courage. This is the work of an outsider, of a thinker in crazed times, who ranks with the few who can apply that 16th-century observation of Richard Hooker to themselves with every justification: 'Posterity may know we have not loosely through silence permitted things to pass away as in a dream.'..." "On The Barricades, And Off, "is an extraordinary collection of writings by Lasky dealing with Revolutionaries and Ideologies, with the German Problem and the Russian Question, with Travelling and Climates of Opinion. But there is nothing eclectic or random about this effort. Indeed the essays are stitched together by an impassioned dedication to the open society and, no less, a universal, even-handed critique of all closed societies. Born in New York City, Melvin J. Lasky has been co-editor of "Encounter "in London (called "the most brilliant European periodical") since he succeeded Irving Kristol in 1958. He was educated at the City College of New York, at the University of Michigan, and Columbia University. He was the literary editor of the New Leader before serving in World War II as a combat historian in France and -Germany. After the war he was a foreign correspondent for the "New York Times, The Reporter, Partisan Review, "and other publications. His work as an editor and writer reflects that unusual group of cosmopolitan scholars and men of letters who emerged from the ashes of conflict to help recreate the intellectual climate for democracy in Europe, indirectly reestablishing transatlantic critical standards in America.

**Crying in H Mart** Michelle Zauner 2021-04-20 #1 NEW YORK TIMES BESTSELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—"in losing her mother and cooking to bring her back to life, Zauner became herself" (NPR). • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BESTSELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.
