Intimate Deception Dr. Sheri Keffer 2018-03-20 Nothing destroys trust like sexual betrayal. Beyond broken vows, a woman who discovers that the man she loves has been viewing pornography or having an affair must deal with devastating blows to her self-image and self-worth. She must grapple with the fact that the man she thought she knew has lied and deceived her. She may even bear the brunt of shame and judgment when the people around her find out. Drawing from her experience both as a marriage and family therapist and a woman who personally

She explains how the trauma of betrayal affects our minds, bodies, spirits, and sexuality. She offers practical tools for dealing with emotional triggers and helps women understand the realities of sexual addiction. And she shows women how to practice self-care, develop healthy boundaries, protect themselves from abuse or manipulation, and find freedom from the burden of shame and guilt.

Is This Seat Taken? Kristin S. Kaufman 2015-01-13 "Now, what do I do?!" I dare say, there is not a single person who at least once in his or her life has not faced an unexpected situation, a newfound reality, a daunting challenge, or veiled opportunity and not wondered what to do. You may feel that you have made poor

choices, that your opportunities have passed you by, or that you're playing musical chairs, the music has stopped, and all the seats are taken. This book is for those individuals like you who have come to a fork in the road, chosen a path, and found themselves twenty to thirty (or more) years later in a destination they didn't quite recognize. But the stories are relevant for anyone, at any age, at any station in life who has awakened and wondered what they are going to do next or how will they move forward. I want to offer hope, inspiration, and applicable lessons as derived from the lives of well known, and not-so-famous men and women who found new and unexpected success—by many definitions—late in life. My hope is that these remarkable transformational stories will light a spark—whether you are twenty-five or sixty-five—to take back the reins of your life and become clear on exactly what you are going to do now and how you wish to contribute to the world. The music has not stopped, and there is still time to find your seat.

Analyzing Christmas in Film Lauren Rosewarne 2017-12-06
Film plays a vital role in the celebration of Christmas. For decades, it has taught audiences about what the celebration of the season looks like - from the decorations to the costumes and to the expected snowy weather - as well as mirrors our own festivities back to us. Films like *It's a Wonderful Life* and *Home Alone* have come to play key roles in real-life domestic celebrations: watching such titles has become, for many families, every bit as important as tree-trimming and leaving cookies out for Santa. These films have exported the American take on the holiday far and wide and helped us conjure an image of the perfect holiday. Rather than settling the 'what is a Christmas film?' debate - indeed, *Die Hard* and *Lethal Weapon* are discussed within - *Analyzing Christmas in Film: Santa to the Supernatural* focuses on the how Christmas is presented on the deluge of occasions when it appears. While most Christmas films are secular, religion makes many cameos, appearing through Nativity references, storylines involving spiritual rebirth, the framing of Santa as a Christ-like figure and the all-importance of family, be it the Holy family or just those gathered around the dining table. Also explored are popular narratives involving battles with stress and melancholy, single parents and Christmas martyrs, visits from ghosts and angels, big cities and small towns, break-ups and make-ups and the ticking clock of mortality. Nearly 1000 films are analyzed in this volume to determine what the portrayal of Christmas reveals about culture, society and faith as well as sex roles, consumerism, aesthetics and aspiration.

Hazing Aging Robert Buckingham, MD, FACP 2015-07-24
When you get older, your joints don't have to hurt, your heart doesn't have to fail, and your brain doesn't have to rot. But all those things will likely happen—and you'll be a shell of your former

self—if you don't manage your health properly. Dr. Robert Buckingham, a practicing physician for thirty-six years, has seen and experienced the consequences of aging firsthand, and he provides insights and advice so you can get older joyfully and gracefully. He focuses on the vascular endothelium, which is a group of cells that line the body's blood vessels. These cells have evolved in both structure and function to facilitate efficient and specific exchanges between blood and organs. In the process, they communicate with other endothelial cells, immune cells, proteins, and other end organs. From regulating immune surveillance, clotting or blood flow, these cells are constantly assessing, adapting, and signaling to help the body carry out critical functions. By focusing on the health of these cells, you'll improve end-organ function, reverse adverse effects of aging, and live a happier life. Start taking care of yourself, and make healthy living a reality by Hazing Aging.

lyrics of “Imagine” and Buddhist philosophy, everything is carefully planned and controlled: the seasons, the weather—and the residents. To prevent mankind from destroying each other again, its citizens undergo a memory wipe every four years in a process called tabula rasa, a blank slate, to remove learned prejudices. With each new cycle, they begin again with new names, jobs, homes, and lives. No memories. No attachments. No wars. Aris, a scientist who shuns love, embraces tabula rasa and the excitement of unknown futures. Walling herself off from emotional attachments, she sees relationships as pointless and avoids deep connections. But she is haunted by a recurring dream that becomes more frequent and vivid as time passes. After meeting Benja, a handsome free-spirited writer who believes his dreams of a past lover are memories, her world is turned upside down. Obsessed with finding the Dreamers, a secret organization thought to have a way to recover memories, Benja draws her down a dangerous path toward the past. When Metis, the leader of the Dreamers, appears in Aris’s life, everything she believes falls to pieces. With little time left before the next tabula rasa, they begin a bittersweet romance, navigating love in a world where names, lives, and moments are systematically destroyed. Thought-provoking and emotionally resonant, *Reset* will make you consider the haunting reality of love and loss, and the indelible marks they leave behind.

Reset for Parents Todd Friel 2017-01-26 Raising a prodigal is every Christian parent’s worst nightmare. Horrifyingly, George Barna contends that over 60 percent of Christian kids will run off

Your child can become an adult who loves the Lord the same way you do — but this will likely require a radical parenting reset on your part. Todd Friel has witnessed to hundreds of university students, most of whom are Bible-belt backsliders. Reset for Parents gets to the heart of the issue and presents a solid, biblical roadmap for parents to avoid the pain and heartache of raising a prodigal.

Younger Sara Gottfried, M.D. 2017-03-07 NEW YORK TIMES BESTSELLER The New York Times bestselling author of *The Hormone Cure* and *The Hormone Reset Diet* shows every woman how to create a lifestyle that will help her look great, feel energized, and slow down the effects of aging. Feel destined for cellulite, saddle bags, and belly fat? Does your family come from a long line of Alzheimer's, cancer, or heart disease? Will nothing help your aging skin or declining libido or flagging energy? This book is for you. The body is magnificent but it doesn't come with a lifetime warranty, or an operating manual. You're the result of millions of years of evolution, but many of the adaptations that helped your ancestors survive are now working overtime to accelerate the aging process. The assumption here is that we are our genes and therefore trapped by the past. The good news is that your genetic code—the DNA sequence that is the biochemical basis of heredity—can play a minor role in the way you age. The scientific reality is that 90 percent of the signs of aging and disease are caused by lifestyle choices, not your genes. In other words, you have the capability to overcome and transform your genetic history and tendencies. Harvard/MIT—trained physician Sara Gottfried, M.D. has created a revolutionary 7-week program that empowers us to make the critical choices necessary to not just look young, but also feel young. Dr. Gottfried identifies and builds this book around the five-key factors that lead to

accelerated aging -the muscle factor, the brain factor, the hormone factor, the gut factor, and the toxic fat factor. The 7-week program addresses these factors and treats them in an accessible and highly practical protocol and is as follows: Feed—Week 1 Sleep—Week 2 Move—Week 3 Release—Week 4 Expose—Week 5 Soothe—Week 6 Think—Week 7 Younger increases not only your lifespan, but also your healthspan. Dr. Gottfried's program makes it possible to change the way you age, stay younger longer, and remain healthy and vibrant for all of your days.

Moving Forward John Siebeling 2016-12-06 Let Go of What Holds You Back and Fulfill God's Purpose Far too many people are not living up to God's best for them, limited by habits and hang-ups from which they just can't seem to break free. Unforgiveness, addictive behavior, unhealthy financial patterns--limitations come in all shapes and sizes. Breaking free from any of them starts the same way: by walking in the truth. Jesus died on the cross to set us free and enable us to experience life to the full; anything less than that is not God's best. If we are followers of Christ, freedom is not just a benefit to embrace if we choose; it's a responsibility we are called to. Pastor and author John Siebeling helps readers connect the dots between what they read in God's Word and their everyday lives. Each chapter highlights a specific hang-up or habit that holds people back, explains what God says about it, and points to a way forward in freedom. Practical advice and suggestions for next steps help readers see how to implement changes that give them the traction they need to move forward.
