Under the Banner of Heaven Jon Krakauer 2004-06-08 NATIONAL BESTSELLER • From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. • Now an acclaimed FX limited series streaming on HULU. "Fantastic.... Right up there with *In Cold Blood* and *The Executioner's Song*." —San Francisco Chronicle Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

The Man Who Laughs Victor Hugo 2011-05-01 Moving away from the explicitly political content of his previous novels, Victor Hugo turns to social commentary in *The Man Who Laughs*, an 1869 work that was made into a popular film in the 1920s. The plot deals with a band of miscreants who deliberately deform children to make them more effective beggars, as well as the long-lasting emotional and social damage that this abhorrent practice inflicts upon its victims.

Underland: A Deep Time Journey Robert Macfarlane 2019-06-04 National Bestseller • New York Times "100 Notable Books of the Year" • NPR "Favorite Books of 2019" • Guardian "100 Best Books of the 21st Century" • Winner of the National Outdoor Book Award From the best-selling, award-winning author of *Landmarks* and *The Old Ways*, a haunting voyage into the planet's past and future. Hailed as "the great nature writer of this generation" (*Wall Street Journal*), Robert Macfarlane is the celebrated author of books about the intersections of the human and the natural realms. In *Underland*, he delivers his masterpiece: an epic exploration of the Earth's underworlds as they exist in myth, literature, memory, and the land itself. In this highly anticipated sequel to his international bestseller *The Old Ways*, Macfarlane takes us on an extraordinary journey into our relationship with darkness, burial, and what lies beneath the surface of both place and mind. Traveling through "deep time"—the dizzying expanses of geologic time that stretch away from the present—he moves from the birth of the universe to a post-human future, from the prehistoric art of Norwegian sea caves to the blue depths of the Greenland ice cap, from Bronze Age funeral chambers to the catacomb labyrinth below Paris, and from the underground fungal networks through which trees communicate to a deep-sunk "hiding place" where nuclear waste will be stored for 100,000 years to come. Woven through Macfarlane's own travels are the unforgettable stories of descents into the underland made across history by explorers, artists, cavers, divers, mourners, dreamers, and murderers, all of whom have been drawn for different reasons to seek what Cormac McCarthy calls "the awful darkness within the world." Global in its geography and written with great lyricism and power, *Underland* speaks powerfully to our present moment. Taking a deep-time view of our planet, Macfarlane here asks a vital and unsettling question: "Are we being good ancestors to the future Earth?" *Underland* marks a new turn in Macfarlane's long-term mapping of the relations of landscape and the human heart. From its remarkable opening pages to its deeply moving conclusion, it is a journey into wonder, loss, fear, and hope. At once ancient and urgent, this is a book that will change the way you see the world.

Medical Heroes and Heretics Wayne Martin 1977 Orthodox science -- particularly in the medical profession -- has for centuries resisted change. It traces back at least as far as Socrates who was done to death for corrupting youth with his innovative ideas. In recent times, practically all the great advances in medicine have been made against a powerfully entrenched orthodoxy. Wayne Martin's book is about some of the men involved -- then and now: Oliver Wendell Holmes, Sr., who made physicians wash their hands; Louis Pasteur, who postulated the connection between bacteria and certain diseases; Frederick Banting, who discovered insulin; Jonas Salk, who solved the mystery of polio, to mention but a few. These men all braved the wrath of the medical establishment of their day. Heretics they were, but Heroes they became. Similarly, today a group of brave pioneers are fighting the same fight. They are, says the author, the heroes of tomorrow: Ernst Krebs, Jr., Evan Shute, Dean Burk, Denis Burkitt, Virginia Livingston and a dozen others, all of whose careers and

findings are described here by a man who has pursued his topic for the past ten years.

The Head Beneath the Altar Brian Collins 2014-01-01 In the beginning, says the ancient Hindu text the *Rig Veda*, was man. And from man's sacrifice and dismemberment came the entire world, including the hierarchical ordering of human society. *The Head Beneath the Altar* is the first book to present a wide-ranging study of Hindu texts read through the lens of René Girard's mimetic theory of the sacrificial origin of religion and

culture. For those interested in Girard and comparative religion, the book also performs a careful reading of Girard's work, drawing connections between his thought and the work of theorists like Georges Dumézil and Giorgio Agamben. Brian Collins examines the idea of sacrifice from the earliest recorded rituals through the flowering of classical mythology and the ancient Indian institutions of the duel, the oath, and the secret warrior society. He also uncovers implicit and explicit critiques in the tradition, confirming Girard's intuition that Hinduism offers an alternative anti-sacrificial worldview to the one contained in the gospels.

House of Leaves Mark Z. Danielewski 2000-03-07 "A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

The Man Who Mistook His Wife For A Hat: And Other Clinical Tales Oliver Sacks 1998 Explores neurological disorders and their effects upon the minds and lives of those affected with an entertaining voice.

Beneath the Stands Emily McIntire 2021-08 BeccaI hated before I loved.I loved and then I lost.And the only man I've ever wanted is the one out of reach.Temptation is the Devil's candy, but I lost my faith in God years ago.He's forbidden.Off-limits.My biggest secret.One I'm determined to take to my grave.I've learned to live in the ghost of his memory. Craving his touch, but relieved he never comes home.Until one day, he does. And everything comes crashing down.After all, nothing secret stays hidden for long.EliI lost before I left.I left and then I loved.And the only woman I've ever seen is the one that I resent.There's a thin line between love and hate, but I stopped playing in-bounds years ago.She's forbidden.Off-limits.My sister's best friend.The one who blazes like the sun.I've learned to live in the shade.Forgetting the heat and embracing the cold.Until finally, I'm home. And everything goes up in flames.After all, she's the one who lights my fire, and I always chase the match.
