The Pininfarina Book Günther Raupp 2015-03 What is innovation? The dictionary defines it as "renewal through the use of new processes and technologies." In advertising, everything is an innovation. But what is truly innovative? Since 1930, the Pininfarina design firm of Turin, Italy, has been answering that question. This is where the Cistalia 202 was developed, the first vehicle to be added to MoMA's permanent collection. The list goes on: the interior of the new stadium for Juventus Turin, the Nash Healey Spider seen in Billy Wilder's *Sabrina*, and the legendary Ferrari Dino 246 and Ferrari Testarossa. However, Pininfarina is not resting on its laurels, but blasting full speed ahead into the future with an expanded portfolio while honoring its heritage. Whether it's a solution for sustainable mobility, interior designs, or household gadgets, all Pininfarina projects bear an unmistakable signature. To visually celebrate the history and influence of Pininfarina, there is no one better suited than a man who has made his own unmistakable mark on automotive photography. Gunther Raupp has spent 30 years photographing cars for Ferrari's official calendars, which enjoy a cult following among the experts. He has two successful books with teNeues, the most recent being *The Ferrari Book*. As a star photographer and connoisseur of industrial design, Raupp showcases a company that embodies true Italianità.

The Zohar Michael Laitman 2009-01-01 The wisdom of Kabbalah teaches us how to perceive and live in the reality that spreads before us. It is a systematic method that has evolved over thousands of years, nurtured by individuals whose task was to ensure that the true wisdom would be given to those ready to receive it. The Book of Zohar (The Book of Radiance) is an ageless source of wisdom and the basis for all Kabbalistic literature. Since its appearance nearly 2,000 years ago, it has been the primary, and often only, source used by Kabbalists. Written in a unique and metaphorical language. The Book of Zohar enriches our understanding of reality and expands our worldview. However, this text should not be read in an ordinary fashion. We should patiently and repeatedly read and think about each sentence as we try to penetrate the author's feelings. We should read it slowly and try to extract the nuances of the text. Although the text deals with one subject only-how to relate to the Creator-it approaches it from different angles. This allows each of us to find the particular phrase or word that will carry us into the depths of this profound and timeless wisdom.

Written Word in the Medieval Arabic Lands Konrad Hirschler 2011-12-20 Winner of the 2012 BRISMES book prize. How the written text became accessible to wider audiences in medieval Egypt and Syria. Medieval Islamic societies belonged to the most bookish cultures of their period. Using a

wide variety of documentary, narrative and normative sources, Konrad Hirschler explores the growth of reading audiences in a pre-print culture. The uses of the written word grew significantly in Egypt and Syria between the 11th and the 15th centuries, and more groups within society started to participate in individual and communal reading acts. New audiences in reading sessions, school curricula, increasing numbers of endowed libraries and the appearance of popular written literature all bear witness to the profound transformation of cultural practices and their social contexts.

Kanta and the Deer Daisaku Ikeda 2001-11 A beautiful children's story originally published in Tokyo, Japan, in 1989. This English translation by Kyoko Selden has charming color illustrations by Christina Sun. The book tells the story of a little boy named Kanta, who lives way up in the mountains, and a magic deer. While out in the snow with his relatives, hunting wild asparagus, Kanta finds a young deer that is weeping in the shadow of a tree. He takes the fawn home, names him Poyu, and raises him through the summer. But there is something unusual about Poyu. He grows so much faster than the rest of the deer. It is like magic. When hunting season returns with the snow, Poyu disappears and Kanta must find him again.

Siberian Education: Growing Up in a Criminal Underworld Nicolai Lilin 2011-04-11 "Marvelous and Illuminating. . . . Forces us to reassess our notions of good and evil." —Irvine Welsh In a contested, lawless region between Moldova and Ukraine known as Transnistria, a tightly knit group of "honest criminals" live according to strict codes of ritualized respect and fierce loyalty. In a voice utterly compelling and unforgettable, Nicolai Lilin, born and raised within this exotic subculture, tells the story of his moral education outside the bounds of "society" as we know it, where men uphold values with passion—and often by brute force.

As in her other novels, Austen explores the concerns and difficulties of genteel women living in Georgian-Regency England; she also creates a lively comedy of manners among her characters. Before she began the novel, Austen wrote, "I am going to take a heroine whom no one but myself will much like." In the first sentence she introduces the title character as "Emma Woodhouse, handsome, clever, and rich." Emma is spoiled,

headstrong, and self-satisfied; she greatly overestimates her own matchmaking abilities; she is blind to the dangers of meddling in other people's lives; and her imagination and perceptions often lead her astray. This novel has been adapted for several films, many television programs, and a long list of stage plays.
