Separate Rooms Pier Vittorio Tondelli 2004 Leo is an Italian writer in his thirties. Thomas, his German lover, is dead. On a plane to Munich, Thomas's home town, Leo slips into a reverie of their meeting and life in Paris, nights in Thomas's flat in Montmartre and a desperate, drug-induced flight through the forests of northern France that spells the end for Leo and Thomas' languid, erotic life together. Leo travels to find anonymity. Structured in three musical movements, *Separate Rooms* is a story of ideal love, broken by absence and separation. When Thomas was alive, he and Leo had separate rooms in order to preserve the urgency of their passion. Now, Leo faces solitude, the impossible striving of memory to recreate life and the hostility of a prejudiced world. *Separate Rooms*, Tondelli's last book, is a powerful novel of the strength of love and the trauma of death.

A nation's fate is soon to be decided in bitterly contested elections; once again, the brutal worlds of crime and politics collude and collide, creating an atmosphere that becomes more volatile with each passing day.

Medieval Callings Jacques Le Goff 1995-12-18 These essays by eleven internationally renowned historians present nuanced profiles of the major social and professional groups—the callings-of the Middle Ages. The contributors focus on attitudes of medieval men and women toward their own society. Through a variety of techniques, from a reading of the Song of Roland to a reading of administrative records, they identify characteristic viewpoints of members of the fighting class, the clergy, and the peasantry. Along with vivid descriptions of what life was like for warrior knights, monks, high churchmen, criminals, lepers, shepherds, and prostitutes, this innovative approach offers a valuable new perspective on the complex social dynamics of feudal Europe. "Very useful discussions of texts, both learned and literary."—Christopher Dyer, *Times Literary Supplement*

ANNO 2023 LO SPETTACOLO E LO SPORT SECONDA PARTE ANTONIO GIANGRANDE Antonio Giangrande, orgoglioso di essere diverso. ODIO OSTENTAZIONE, IMPOSIZIONE E MENZOGNA. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Tu esisti se la tv ti considera. La Tv esiste se tu la guardi. I Fatti son fatti oggettivi naturali e rimangono tali. Le Opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, diventano testimonianze. Ergo: Fatti. Con me le Opinioni cangianti e contrapposte diventano fatti. Con me la Cronaca diventa Storia. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

Asylums Erving Goffman 2017-09-08 A total institution is defined by Goffman as a place of residence and work where a large number of like-situated, individuals, cut off from the wider society for an appreciable period of time, together lead an enclosed, formally administered round of life. Prisons serve as a clear example, providing we appreciate that what is prison-like about prisons is found in institutions whose members have broken no laws. This volume deals with total institutions in general and, mental hospitals, in particular. The main focus is, on the world of the inmate, not the world of the staff. A chief concern is to develop a sociological version of the structure of the self. Each of the essays in this book were intended to focus on the same issue--the inmate's situation in an institutional context. Each chapter approaches the central issue from a different vantage point, each introduction drawing upon a different source in sociology and having little direct relation to the other chapters. This method of presenting material may be irksome, but it allows the reader to pursue the main theme of each paper analytically and comparatively past the point that would be allowable in chapters of an integrated book. If sociological concepts are to be treated with affection, each must be traced back to where it best applies, followed from there wherever it seems to lead, and pressed to disclose the rest of its family.

Stevens's portrayal of Ted, who is on the autism spectrum, is positive and empowering" -- *School Library Journal* "A welcome return for this dynamic trio." -- *Booklist*

What is Grounded Theory? Massimiliano Tarozzi 2020-07-09 *What is Grounded Theory?* provides a compelling account of an approach that has come to be one of the most widely used qualitative research methods across a wide range of subject areas and in the disciplines of nursing, health sciences, computer science, marketing, social psychology and education, among others. Drawing on two decades of research practice and teaching, Tarozzi explains what Grounded Theory (GT) is, exploring its historical context, the many and sometimes antithetical approaches that have emerged of it and the epistemological implications of its application to different disciplines. With chapter summaries, further reading lists and a wealth of practical examples, the author shows how to do GT, accompanying the reader through the various phases of the research project. Using GT in research is an

adventurous journey: one can only understand what GT is by doing it.

The End of Manners Francesca Marciano 2009-05-05 Maria Galante and Imo Glass are on assignment in Afghanistan: outgoing Imo to interview girls who have attempted suicide to avoid forced marriage to older men; and shy, perfectionist Maria to photograph them. But in a culture in which women shroud their faces and suicide is a grave taboo, to photograph these women puts everyone in danger. Before the assignment is over, Maria is forced to decide if it's more important to succeed at her work—and please Imo—or to follow her own moral compass. *The End of Manners* is a story of friendship and loyalty, of the transformative power of journeying outside oneself into the wider world.

The Cinema of Me Alisa Lebow 2012-05-29 When a filmmaker makes a film with herself as a subject, she is already divided as both the subject matter of the film and the subject making the film. The two senses of the word are immediately in play - the matter and the maker—thus the two ways of being subjectified as both subject and object. Subjectivity finds its filmic expression, not surprisingly, in very personal ways, yet it is nonetheless shaped by and in relation to collective expressions of identity that can transform the cinema of 'me' into the cinema of 'we'. Leading scholars and practitioners of first-person film are brought together in this groundbreaking collection to consider the theoretical, ideological, and aesthetic challenges wrought by this form of filmmaking in its diverse cultural, geographical, and political contexts.

The Silent Duchess Dacia Maraini 2000-01-01 The stunning English translation of the International Man Booker Prize Finalist novel hailed as “a story of grace and endurance, not mere survival” (The New York Times Book Review). Winner of the Premio Campiello, short-listed for the Independent Foreign Fiction Award, and published to critical acclaim in fourteen languages, this “spellbinding” historical novel by one of Italy’s premier authors is now available in this luminous new translation (Booklist). In early 18th century Sicily, noblewoman Marianna Ucria is trapped in a world of silence after a terrible childhood trauma left her deaf and mute. Married off to a lecherous uncle, she struggles to educate and elevate herself against all convention—and find her true place in a world that sees her as little more than property. In language that conveys the keen vision and deep human insight possessed by her protagonist, Dacia Maraini captures the splendor and the corruption of Marianna’s world, as well as the strength of her unbreakable spirit, in “one of those rare, rich, deep, strange novels that create a world so fantastic and so real you want to start reading it again as soon as you come to the last page” (Newsday).

As the child of a hoarder, sometimes it can be helpful to know that you are not alone. In *Children of Hoarders*, you will get the support that you need to deal with your hoarder parent, and reclaim your own life in the process.

The Wall of the Earth Giorgio Caproni 1992 "The work of Giorgio Caproni has been translated into French, German, and Chinese, among others, but this collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second World War and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from the Introduction by Pasquale Verdicchio

The Years of Alienation in Italy Alessandra Diazzi 2019-06-11 *The Years of Alienation in Italy* offers an interdisciplinary overview of the socio-political, psychological, philosophical, and cultural meanings that the notion of alienation took on in Italy between the 1960s and the 1970s. It addresses alienation as a social condition of estrangement caused by the capitalist system, a pathological state of the mind and an ontological condition of subjectivity. Contributors to the edited volume explore the pervasive influence this multifarious concept had on literature, cinema, architecture, and photography in Italy. The collection also theoretically reassesses the notion of alienation from a novel perspective, employing Italy as a paradigmatic case study in its pioneering role in the revolution of mental health care and factory work during these two decades.

The Wolf of Wall Street Jordan Belfort 2007-09-25 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for *The Wolf of Wall Street* "Raw and frequently hilarious."—*The New York Times* "A rollicking tale of [Jordan Belfort's] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives."—*Forbes* "A cross between Tom Wolfe's *The Bonfire of the Vanities* and Scorsese's *GoodFellas* . . . Belfort has the Midas touch."—*The Sunday Times (London)* "Entertaining as pulp fiction, real as a federal indictment . . . a hell of a read."—*Kirkus Reviews*

Camera Lucida Roland Barthes 1981 "Examining the themes of presence and absence, the relationship between photography and theatre, history and death, these 'reflections on photography' begin as an investigation into the nature of photographs. The Cloven Viscount Italo Calvino 2012-10-26 When a nobleman is split in two, his separate halves pursue different adventures in a fantastically macabre tale by the author of *Invisible Cities*. It is the seventeenth century, and the Viscount Medardo of Terralba must go into battle against the Turks. But the inexperienced warrior is soon bisected lengthwise by a cannonball. Through a miracle of stitching, one half of him survives, returning to his feudal estate to lead a lavishly evil life. But soon his other, virtuous half appears—also very much alive. When the two halves become rivals for the love of the same woman, there's no telling the lengths each will go to in order to win. Now available in an independent volume for the first time, this deliciously bizarre novella of is Calvino at his most devious and winning.

How to Live Sarah Bakewell 2010-10-19 Winner of the 2010 National Book Critics Circle Award for Biography How to get along with people, how to deal with violence, how to adjust to losing someone you love—such questions arise in most people's lives. They are all versions of a bigger question: how do you live? How do you do the good or honorable thing, while flourishing and feeling happy? This question obsessed Renaissance writers, none more than Michel Eyquem de Montaigne, perhaps the first truly modern individual. A nobleman, public official and wine-grower, he wrote free-roaming explorations of his thought and experience, unlike anything written before. He called them "essays," meaning "attempts" or "tries." Into them, he put whatever was in his head: his tastes in wine and food, his childhood memories, the way his dog's ears twitched when it was dreaming, as well as the appalling events of the religious civil wars raging around him. The *Essays* was an instant bestseller and, over four hundred years later, Montaigne's honesty and charm still draw people to him. Readers come in search of companionship, wisdom and entertainment—and in search of themselves. This book, a spirited and singular biography, relates the story of his life by way of the questions he posed and the answers he explored. It traces his bizarre upbringing, youthful career and sexual adventures, his travels, and his friendships with the scholar and poet Étienne de La Boétie and with his adopted "daughter," Marie de Gournay. And we also meet his readers—who for centuries have found in Montaigne an inexhaustible source of answers to the haunting question, "how to live?"

Less Than Zero Bret Easton Ellis 2010-06-09 NEW YORK TIMES BESTSELLER • The timeless classic from the acclaimed author of *American Psycho* about the lost generation of 1980s Los Angeles who experienced sex, drugs, and disaffection at too early an age. • The basis for the cult-classic film "Possesses an unnerving air of documentary reality." —*The New York Times* They live in a world shaped by casual nihilism, passivity, and too much money in a place devoid of feeling or hope. When Clay comes home for Christmas vacation from his Eastern college, he re-enters a landscape of limitless privilege and absolute moral entropy, where everyone drives Porsches, dines at Spago, and snorts mountains of cocaine. He tries to renew feelings for his girlfriend, Blair, and for his best friend from high school, Julian, who is careering into hustling and heroin. Clay's holiday turns into a dizzying spiral of desperation that takes him through the relentless parties in glitzy mansions, seedy bars, and underground rock clubs and also into the seamy world of L.A. after dark. Look for Bret Easton Ellis's new novel, *The Shards!*

Women and Language in Transition Joyce Penfield 1987-08-01 This collection of essays deals with the interplay of language and social change, asking the question: How can language and society be made gender equal? The contributors examine the critical role of language in the lives of white women and women of color in the United States. Since language pervades many dimensions of women's lives, this study takes a multi-disciplinary approach to the issues considered. The volume is divided into three sections. The first, "Liberating Language," focuses on the active role women had in altering the extent of linguistic sexism in English during the 1970s. A second section, "Identity Creation," deals with the alteration of that portion of language which serves to name women and their experiences. The final section, "Women of Color," offers a rare and timely look at the particular problems confronted by minority women. It argues that women of color have different problems and different links to language than white middle-class women.

The Blue Flowers Raymond Queneau 1985-04-17 Only a pataphysician nurtured lovingly on surrealist excess could have come up with *The Blue Flowers*, Queneau's 1964 novel. At his death in 1976, Raymond Queneau was one of France's most eminent men of letters—novelist, poet, essayist, editor, scientist, mathematician, and, more to the point, pataphysician. And only a pataphysician nurtured lovingly on surrealist excess could have come up with *The Blue Flowers*, Queneau's 1964 novel, now reissued as a *New Directions Paperbook*. To a pataphysician all things are equal, there is

no improvement or progress in the human condition, and a "message" is an invention of the benighted reader, certainly not the author or his perplexing creations--the sweet, fennel-drinking Cidrolin and the rampaging Duke d'Auge. History is mostly what the duke rampages through--700 years of it at 175-year clips. He refuses to crusade, clobbers his king with the "in" toy of 1439--the cannon--dabbles in alchemy, and decides that those musty caves down at Altamira need a bit of sprucing up. Meanwhile, Cidrolin in the 1960s lolls on his barge moored along the Seine, sips essence of fennel, and ineffectually tries to catch the graffitist who nightly defiles his fence. But mostly he naps. Is it just a coincidence that the duke appears only when Cidrolin is dozing? And vice versa? In the tradition of Villon and Céline, Queneau attempted to bring the language of the French streets into common literary usage, and his mad word-plays, bad puns, bawdy jokes, and anachronistic wackiness have been kept amazingly and glitteringly intact by the incomparable translator Barbara Wright.

The Refugee Surge in Europe Mr. Shekhar Aiyar 2016-01-19 Against the background of political turmoil in the Middle-East, Europe faces an unprecedented surge in asylum applications. In analyzing the economic impact of this inflow, this paper draws from the experience of previous economic migrants and refugees, mindful of the fact that the characteristics of economic migrants can be different from refugees. In the short-run, additional public expenditure will provide a small positive impact on GDP, concentrated in the main destination countries of Germany, Sweden and Austria. Over the longer-term, depending on the speed and success of the integration of refugees in the labor market, the increase in the labor force can have a more lasting impact on growth and the public finances. Here good policies will make an important difference. These include lowering barriers to labor markets for refugees, for example through wage subsidies to employers, and, in particular, reducing legal barriers to labor market participation during asylum process, removing obstacles to entrepreneurship/self-employment, providing job training and job search assistance, as well as language skills. While native workers often have legitimate concerns about the impact of immigrants on wages and employment, past experience indicates that any adverse effects are limited and temporary.

Terror and Modernity Donatella Di Cesare 2019-06-10 We are inclined to see terrorist attacks as an aberration, a violent incursion into our lives that bears no intrinsic relation to the fundamental features of modern societies. But does this view misconstrue the relationship between terror and modernity? In this book, philosopher Donatella Di Cesare takes a historical approach and argues that terror is not a new phenomenon, but rather one that has always been a key part of modernity. At its most basic level, terrorism is about the struggle for power and sovereignty. The growing concentration of power in the hands of the state, which is a constitutive feature of modern societies, sows the seeds of terrorism, which is deployed as a weapon by those who are exposed to the violence of the state and feel that they have no other recourse. As Di Cesare illustrates her argument with examples ranging from the Red Brigades and 9/11 to jihadism and ISIS, her sophisticated analysis will appeal to anyone who wishes to understand contemporary terrorism more deeply, as well as to students and scholars of philosophy and political theory.
