Comprehensive Igbo Language presents a unique and easy structure to master essential, grammar, verbs and vocabulary. It contains words and names used for family, friends, people, plants, animals, foods, time, colours, days, nature, occupation and so on. It also has exercises to help you test what you've learned and measure your progress. About the Author Elisha O. Ogbonna hails from Enugu in Igbo land, and Igbo language is his first language. Elisha stated reading Igbo book and Bible at the age of nine to help his late parents who lacked the skill to read and write Igbo language. He started teaching and translating English words and sentences to Igbo language by the time he entered into high school (secondary school). His performance was excellent in West Africa examination during high school. He had done translation and interpretation, both in traditional and religious settings. He once taught Igbo language in adult class, when he was a teacher. He is happy to help anyone who is interested in learning Igbo language and have set up a platform for such project. His next upcoming book will be for advance learners.

**The Oxford English Dictionary** Oxford University Press 1989 The Oxford English Dictionary is the ultimate authority on the usage and meaning of English words and phrases, and a fascinating guide to the evolution of our language. It traces the usage, meaning and history of words from 1150 AD to the present day. No dictionary of any language approaches the OED in thoroughness, authority, and wealth of linguistic information. The OED defines over half a million words, and includes almost 2.4 million illustrative quotations, providing an invaluable record of English throughout the centuries. The 20-volume Oxford English Dictionary is the accepted authority on the evolution of the English language over the last millennium. It is an unsurpassed guide to the meaning, history, and pronunciation of over half a million words, both present and past. The OED has a unique historical focus. Accompanying each definition is a chronologically arranged group of quotations that trace the usage of words, and show the contexts in which they can be used. The quotations are drawn from a huge variety of international sources - literary, scholarly, technical, popular - and represent authors as disparate as Geoffrey Chaucer and Erica Jong, William Shakespeare and Raymond Chandler, Charles Darwin and John Le Carré. In all, nearly 2.5 million quotations can be found in the OED . Other features distinguishing the entries in the Dictionary are authoritative definitions of over 500,000 words; detailed information on pronunciation using the International Phonetic Alphabet; listings of variant spellings used throughout each word's history; extensive treatment of etymology; and details of area of usage and of any regional characteristics (including geographical origins).

**Wristwatch Handbook** The R. Schmidt 2016-10-12 'The Wristwatch Handbook' provides the reader with a comprehensive anatomy of the mechanical wristwatch; every conceivable function and form. It is the foundational text for the novice and the reference book for the seasoned enthusiast. Where other books about watches focus on advising the collector, on a single brand, or on a timeline of key historical figures and events, 'The Wristwatch Handbook' takes a detailed look at mechanical wristwatch complications (functions) and leaves no stone unturned. The reader will gain the ability to identify a complicated watch from twenty paces and perform a top-to-bottom assessment of even the most exotic timepiece in a matter of seconds. Despite the functional obsolescence of the mechanical wristwatch (our phones, computers, even microwaves tell more accurate time), there are more varieties of mechanical watches available than ever before. Today, innovation is no longer exclusively preoccupied with accuracy; pioneer manufacturers are also exploring friction reduction, anti-magnetism, scratch resistance, dial decoration, exotic materials and so on.

*The Comprehensive Guide for PMP® Certification* Kal Jayaswal, PMP and Archana Jayaswal, PMP, CSM 2019-06-30 Why you need this PMP guide: • Coverage of the 100% of the exam content • Lots of figures and tables for faster preparation • ITTO-made-easy with diagrams and built-in text • Simple explanations for difficult concepts • Synopsis and formulas section ... for reference before the PMP exam • Easy-to-follow layout • 400+ sample questions with detailed explanations • Full-length practice exam • Tips for practical project management • How-to for Microsoft Project (MPP) application This book is a must-have for those preparing for PMP certification. It is different than existing books because we believe that PMP preparation can be quick and efficient. We have read the existing books and taken the PMP exam and we have found that most books contain unnecessary content. • Reduce your preparation time: There are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time. This book has text that is concise and relevant for the exam. • Figures and tables: There are 200+ figures and tables in the book. When text is needed to explain the figure, the text is embedded into the figure, rather than forcing you to read long paragraphs and pages of commentary to find relevant material. • Personalized, conversational style: When possible, we use conversational style to make for easier reading. • Active learning: We believe that learning is best when the reader is involved (instead of doing a show and tell). Wherever applicable (e.g. for schedule, cost, quality, risk, procurement), there are workbook-style exercises. • Examples: You will find lots of examples followed by its underlying concept or generalized step-by-step procedure. This sequence makes it easier to understand concepts. REVIEW FROM CONTACT 1: I have studied various PMP guides and tutorials in the market. But this book is different, stands out and would be the best companion guide to the PMBOK. Difficult concepts are presented in a style that is easy to follow. The content is concise and supported by illustrative figures and tables. This will save you from wasting your time on irrelevant or copious content. In my opinion, this is the ONLY book you will need to pass the PMP exam. Other printed books and online sites have questions that are easier than the PMP exam and some wrong and answers and explanations. The 400+ questions are at the same level of rigor as you will find in the PMP exam. I wish I had this guide when I prepared for the PMP exam. - Andrew Anderson, PMP, Los Angeles, CA

**The Best Punctuation Book, Period** June Casagrande 2014-04-15 This all-in-one reference is a quick and easy way for book, magazine, online, academic, and business writers to look up sticky punctuation questions for all styles including AP (Associated Press), MLA (Modern Language Association), APA (American Psychological Association), and Chicago Manual of Style. Punctuate with Confidence—No Matter the Style Confused about punctuation? There's a reason. Everywhere you turn, publications seem to follow different rules on everything from possessive apostrophes to hyphens to serial commas. Then there are all the gray areas of punctuation—situations the rule books gloss over or never mention at all. At last, help has arrived. This complete reference guide from grammar columnist June Casagrande covers the basic rules of punctuation plus the finer points not addressed anywhere else, offering clear answers to perplexing questions about semicolons, quotation marks, periods, apostrophes, and more. Better yet, this is the only guide that uses handy icons to show how punctuation rules differ for book, news, academic, and science styles—so you can boldly switch between essays, online newsletters, reports, fiction, and magazine and news articles. This handbook also features rulings from an expert "Punctuation Panel" so you can see how working pros approach sticky situations. And the second half of the book features an alphabetical master list of commonly punctuated terms worth its weight in gold, combining rulings from the major style guides and showing exactly where they differ. With *The Best Punctuation Book, Period*, you'll be able to handle any punctuation predicament in a flash—and with aplomb.

*bookdown* Yihui Xie 2016-12-12 *bookdown: Authoring Books and Technical Documents with R Markdown* presents a much easier way to write books and technical publications than traditional tools such as LaTeX and Word. The *bookdown* package inherits the simplicity of syntax and flexibility for data analysis from R Markdown, and extends R Markdown for technical writing, so that you can make better use of document elements such as figures, tables, equations, theorems, citations, and references. Similar to LaTeX, you can number and cross-reference these elements with *bookdown*. Your document can even include live examples so readers can interact with them while reading the book. The book can be rendered to multiple output formats, including LaTeX/PDF, HTML, EPUB, and Word, thus making it easy to put your documents online. The style and theme of these output formats can be customized. We used books and R primarily for examples in this book, but *bookdown* is not only for books or R. Most features introduced in this book also apply to other types of publications: journal papers, reports, dissertations, course handouts, study notes, and even novels. You do not have to use R, either. Other choices of computing languages include Python, C, C++, SQL, Bash, Stan, JavaScript, and so on, although R is best supported. You can also leave out computing, for example, to write a fiction. This book itself is an example of publishing with *bookdown* and R Markdown, and its source is fully available on GitHub.

**The Negro Motorist Green Book** Victor H. Green The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Această carte antrenantă și practică este ghidul de care ai nevoie ca să scapi de deprinderile proaste și să-ți formezi unele bune." – Adam Grant, autorul bestsellerurilor Originalii și Option B. Inspirându-se din cele mai noi descoperiri din biologie, psihologie și neuroștiințe, James Clear a conceput un ghid ușor de asimilat, cu ajutorul căruia obiceiurile bune devin inevitabile, iar cele rele, imposibile. Învață: \* să-ți construiești un sistem pentru a deveni cu 1% mai bun în fiecare zi; \* să renunți la obiceiurile rele și să le păstrezi pe cele bune; \* să eviți greșelile comise în general de cei care încearcă să-și schimbe obiceiurile; \* să depășești lipsa de motivație și de voință; \* să-ți dezvolti o identitate mai puternică și să crezi în tine însuși; \* să-ți faci timp pentru noile obiceiuri (chiar și când viața o ia razna); \* să-ți concepi un mediu care să favorizeze succesul; \* să faci schimbări mici, ușoare, care oferă rezultate mari; \* să-ți revii atunci când te abați de la drum; \* și, cel mai important, cum să aplici aceste idei în viața reală... .. și multe altele Indiferent dacă e vorba de o echipă care încearcă să câștige un campionat, o organizație care speră să redefiniească o industrie sau pur și simplu un om care vrea să se lase de fumat, să slăbească, să reducă stresul ori să realizeze orice alt obiectiv, Atomic Habits este soluția. „Nu mă consider un expert și nu dețin toate răspunsurile, dar sunt fericit să împărtășesc ceea ce am învățat până acum." – James Clear „O carte deosebită, care îți va schimba felul în care îți organizezi ziua și îți trăiești viața." – Ryan Holiday, autorul bestsellerurilor The Obstacle is the Way și Ego is the Enemy „În Atomic Habits, Clear îți va arăta cum să depășești lipsa de motivație, cum să schimbi mediul înconjurător ca să încurajezi succesul și cum să-ți faci timp pentru obiceiuri noi și mai bune." – Glamour.com

**Handbook of Climate Services** Walter Leal Filho 2020-01-17 This book explores climate services, including projections, descriptive information, analyses, assessments, and an overview of current trends. Due to the pressures now being put on the world's climate, it is vital to gather and share reliable climate observation and projection data, which may be tailored for use by different groups. In other words, it is essential to offer climate services. But despite the growth in the use of these services, there are very few specialist publications on this topic. This book addresses that need. Apart from presenting studies and the results of research projects, the book also offers an overview of the wide range of means available for providing and using climate services. In addition, it features case studies that provide illustrative and inspiring examples of how climate services can be optimally deployed.

**Comprehensive Literacy for All** Karen A. Erickson 2019-12 "Grounded in the belief that all students can learn to read and write print, this book is a thorough yet practical guide for teaching students with significant disabilities. It explains how to provide comprehensive literacy instruction addressing these students' needs, whether they are emergent readers and writers or students acquiring conventional literacy skills. General and special educators, speech-language pathologists, and other professionals will find concise research synopses and theoretical frameworks, practical lesson formats, guidance on incorporating assessment and using assistive technology, and more"--

**The Pastor's Book** R. Kent Hughes 2015-10-14 Pastors are tasked with the incredibly demanding job of caring for the spiritual, emotional, and, at times, physical needs of their people. While seminary is helpful preparation for many of the challenges pastors face, there's far more to pastoral ministry than what can be covered in the classroom. Designed as a reference guide for nearly every situation a pastor will face, this comprehensive book by seasoned pastors Kent Hughes and Doug O'Donnell is packed full of biblical wisdom and practical guidance related to the reality of pastoral ministry in the trenches. From officiating weddings to conducting funerals to visiting the sick, this book will equip pastors and church leaders with the knowledge they need to effectively minister to their flocks, both within the walls of the church and beyond.

**Pronunciation Guide for the Lectionary** Lorie Simmons 2017-12-14 Anyone called upon to read from the Lectionary at Mass will appreciate LTP's Pronunciation Guide for the Lectionary. Like the first edition, it includes words from the full Lectionary for Mass-- Sundays, weekdays, ritual, and votive Masses. But LTP has added to this second edition the names of recently canonized saints for the United States and Canada and additional words suggested by readers. The easy-to-understand pronunciation aids have been updated. This resource will enrich anyone who reads, studies, and prays the Scriptures privately, but it will be especially helpful to liturgical ministers who proclaim the Word in the liturgy: readers, deacons, priests, and masters of ceremony. Knowing how to pronounce the words gives readers the confidence and freedom to be fully present to their ministries—to be a clear channel for God's Word to the assembly. Although readers who proclaim at Sunday Masses are usually assigned far ahead and expected to prepare their proclamations, weekday readers sometimes have less time to prepare. To make things more challenging, weekday readings often include difficult place names and personal names. Providing a copy of Pronunciation Guide for the Lectionary in the sacristy could be a great service to weekday readers—and to everyone else. Those who lead Bible study groups in parishes would also find this guide invaluable. Anyone who loves to read and discuss Scripture will want a copy handy at home.

**NTC's Dictionary of Latin and Greek Origins** Robert J. Moore 1997-10-02 This unique reference equips students with vocabulary skills that will last a lifetime. Students study Latin and Greek roots and learn the huge number of English words that derive from them. The impressive number of entries and explanations, presented in a light and non-threatening manner, will give students the vocabulary boost they need.
