Comasito Nancy Flowers 2007-01-01 Living among other people, in their families and communities, children become aware from a very early age of questions related to justice, and they search for the meaning of the world. By fostering an understanding of human rights, shaping opinion and developing attitudes, human rights education strongly supports this natural interest and learning process. This is what human rights education is about and this is what 'Comasito manual on human rights education for children' is for. 'Comasito' is a starting point for educators, teachers and trainers who are ready to deal with human rights education with children of 7-13 years. The book covers the key concepts of human rights and children's rights, and provides substantial theoretical background to 13 key human rights issues, such as democracy, citizenship, gender equality, environment, media, poverty, and violence. The 42 practical activities serve to engage and motivate children to recognise human rights issues in their own environment. They help children to develop critical thinking, responsibility and a sense of justice, and help them learn how to take action to contribute to the betterment of their school or community. The manual also gives practical tips on how it can be used in various formal and non-formal educational settings.

*Turn of Mind* Alice LaPlante 2011-07-05 The New York Times bestseller—a stunning first novel, both literary and thriller, about a retired orthopedic surgeon with dementia. With unmatched patience and a pulsating intensity, Alice LaPlante brings us deep into a brilliant woman's deteriorating mind, where the impossibility of recognizing reality can be both a blessing and a curse. As the book opens, Dr. Jennifer White's best friend, Amanda, who lived down the block, has been killed, and four fingers surgically removed from her hand. Dr. White is the prime suspect and she herself doesn't know whether she did it. Told in White's own voice, fractured and eloquent, a picture emerges of the surprisingly intimate, complex alliance between these life-long friends—two proud, forceful women who were at times each other's most formidable adversaries. As the investigation into the murder deepens and White's relationships with her live-in caretaker and two grown children intensify, a chilling question lingers: is White's shattered memory preventing her from revealing the truth or helping her to hide it? "An electrifying book. Thought-provoking, humane, funny, tragic, a tour de force that can't be a first novel—and yet it is." —Ann Packer, New York Times–bestselling author "This poignant debut immerses us in dementia's complex choreography . . . [A] lyrical mosaic, an indelible portrait of a disappearing mind." —People "LaPlante has imagined a lunatic landscape well. The twists and turns of mind this novel charts are haunting and original." —The New York Times Book Review
