Narratives Unfolding Martha Langford 2017-07-18 Somewhere

between global and local, the nation still lingers as a concept.

National art histories continue to be written - some for the first

time - while innovative methods and practices redraw the

boundaries of these imagined communities. *Narratives Unfolding*

considers the mobility of ideas, transnationalism, and entangled

histories in essays that define new ways to see national art in ever-changing nations. Examining works that were designed to reclaim or rethink issues of territory and dispossession, home and exile, contributors to this volume demonstrate that the writing of national art histories is a vital project for intergenerational exchange of knowledge and its visual formations. Essays showcase revealing moments of modern and contemporary art history in Canada, Egypt, Iceland, India, Ireland, Israel/Palestine, Romania, Scotland, Turkey, and the United Arab Emirates, paying particular attention to the agency of institutions such as archives, art galleries, milestone exhibitions, and artist retreats. Old and emergent art cities, including Cairo, Dubai, New York, and Vancouver, are also examined in light of avant-gardism, cosmopolitanism, and migration. Narratives Unfolding is both a survey of current art historical approaches and their connection to the source: art-making and art experience happening somewhere.

[Southern Edwardseans](#) Obbie Tyler Todd 2022-01-17 The

founders and forerunners of the Southern Baptist Convention were fundamentally shaped by the thought of Puritan theologian Jonathan Edwards and his theological successors. While Baptists in the antebellum South boasted a different theological pedigree than Presbyterians or Congregationalists, and while they inhabited a Southern landscape unfamiliar to the bustling cities and tall forests of New England, they believed their similarities with Edwards far outweighed their differences. Like Edwards, these Baptists were revivalistic, Calvinistic, loosely confessional, and committed to practical divinity. In these four things, Southern Edwardseanism lived, moved, and had its being. In the nineteenth-century, when so many Presbyterians scoffed at Edwards's "innovation" and Methodists scorned his Calvinism, Baptists found in Edwards a man after their own heart. By 1845, at the first Southern Baptist Convention, Southern Edwardseans had laid the groundwork for a convention marked by the theology of Jonathan Edwards.

**Where's My Jetpack?** Daniel H. Wilson 2018-03-27 It's the twenty-first century and let's be honest-things are a little disappointing. Despite every World's Fair prediction, every futuristic ride at Disneyland, and the advertisements on the last page of every comic book, we are not living the future we were promised. By now, life was supposed to be a fully automated, atomic-powered, germ-free Utopia, a place where a grown man could wear a velvet spandex unitard and not be laughed at. Where are the ray guns, the flying cars, and the hoverboards that we expected? What happened to our promised moon colonies? Our servant robots? In *Where's My Jetpack?*, roboticist Daniel H. Wilson takes a hilarious look at the future we always imagined for ourselves. He exposes technology, spotlights existing prototypes, and reveals drawing-board plans. You will learn which technologies are already available, who made them, and where to find them. If the technology is not public, you will learn how to build, buy, or steal it. And if doesn't yet exist, you will learn what stands in the way of making it real. With thirty entries spanning everything from teleportation to self-contained skyscraper cities, and superbly illustrated by Richard Horne (*101 Things to Do Before You Die*), *Where's My Jetpack?* is an endlessly entertaining, one-of-a-kind look at the world that we always wanted. Daniel H. Wilson, Ph.D, has a degree in Robotics from Carnegie-Mellon. He is the author of *How to Survive a Robot Uprising*. He lives in Portland, Oregon. *The Wonderful Future that Never was* Gregory Benford 2010 "Flying cars, mail delivery by parachute, and other predictions from the past"--Jacket.

*The Diary of A Young Girl (Deluxe Hardbound Edition)* Anne Frank 2022-12-06 A thirteen-year-old Jewish girl and her family abandoned their house in Amsterdam and went into hiding in 1942, when Nazis occupied Holland. They and another family stayed cloistered in the "Secret Annex" of an old office building for the next two years, until their whereabouts were revealed to the Gestapo. They suffered starvation, boredom, the daily cruelties of living in tight quarters, and the ever-present prospect of discovery and death because they were cut off from the outside world. Anne Frank kept a diary throughout this time, recording vivid recollections of her events. Her story is a fascinating meditation on human tenacity and weakness, as well as a riveting self-portrait of a sensitive and vibrant young woman whose promising future was sadly cut short.

**The Making of Modern Colombia** David Bushnell 1993-02-09 Colombia's status as the fourth largest nation in Latin America and third most populous—as well as its largest exporter of such disparate commodities as emeralds, books, processed cocaine, and cut flowers—makes this, the first history of Colombia written in English, a much-needed book. It tells the remarkable story of a country that has consistently defied modern Latin American stereotypes—a country where military dictators are virtually unknown, where the political left is congenitally weak, and where urbanization and industrialization have spawned no lasting populist movement. There is more to Colombia than the drug trafficking and violence that have recently gripped the world's attention. In the face of both cocaine wars and guerrilla conflict, the country has maintained steady economic growth as well as a relatively open and democratic government based on a two-party system. It has also produced an impressive body of art and

literature. David Bushnell traces the process of state-building in Colombia from the struggle for independence, territorial consolidation, and reform in the nineteenth century to economic development and social and political democratization in the twentieth. He also sheds light on the modern history of Latin America as a whole.

*Caroline Gordon* Veronica A. Makowsky 1989 The author of nine novels, three collections of short stories, and two critical works, Caroline Gordon produced an impressive--though unjustly neglected--body of work. Her considerable contributions to modern Southern fiction notwithstanding, her life was especially fascinating for two other reasons: the prominent literary circles in which she moved and her heroic efforts to "have it all"--marriage, career, and family--at a time when such aspiration was neither touted nor supported. Sensitive, engaging, and richly detailed, this biography captures Gordon's life in all its multiple layers. As the wife of the poet Allen Tate, Gordon became intimately connected with members of the Fugitive/Agrarian circle, notably Robert Penn Warren and Andrew Lytle. As the Fugitives expanded their vision from Southern to modernistic approaches to literature, Gordon's circle of friends and acquaintances grew to include Ford Madox Ford, T.S. Eliot, Katherine Anne Porter, Scott and Zelda Fitzgerald, Ernest Hemingway, Flannery O'Connor, Walker Percy, Eudora Welty, Robert Lowell, Maxwell Perkins, Hart Crane, William Faulkner, and many others. Even more intriguing, though, is Gordon's story as a Southerner, a woman, and a writer--roles that, for her, were as often mutually exclusive as synergistic. Her life was in some ways similar to that of Zelda

Fitzgerald: the Southern belle with the writer-husband and artistic aspirations of her own. Unlike Zelda, Caroline Gordon did not collapse under the strain, although there were prices she paid--particularly in her intense and tangled relationship with Allen Tate, whose work overshadowed her own (or so it seemed to her) and whose philanderings were a continual source of strain and jealousy. In addition to following the windings of Gordon's life--through New York and Tennessee, through England and Paris--Veronica Makowsky looks closely at Gordon's key works--including such novels as *Penhally*, a complex family saga that was her first published book; *Aleck Maury*, *Sportsman*, the much loved classic for which she is still remembered; *The Malefactors*, a portrait of an aging poet modeled after Tate; and her much admired short stories. In conducting her research, Makowsky interviewed Gordon shortly before her death in 1981 and also received the full cooperation of Gordon's family in gaining access to the novelist's papers. From such rich sources she has produced a compellingly readable portrait of a remarkable woman.
