*October 16, 1943/Eight Jews* Giacomo Debenedetti 2020-11-15 For more than fifty years, Giacomo Debenedetti's *October 16, 1943* has been considered one of the best and most accurate accounts of the shockingly brief and efficient roundup of more than one thousand Roman Jews from the oldest Jewish community in Europe for the gas chambers of Auschwitz. Completed a year after the event, Debenedetti's intimate details and vivid glimpses into the lives of the victims are especially poignant because Debenedetti himself was there to witness the event, which forced him and his entire family into hiding. *Eight Jews*, the companion piece to *October 16, 1943*, was written in response to testimony about the Ardeatine Cave Massacres of March 24, 1944. In this essay, Debenedetti offers insights into that grisly horror and into assumptions about racial equality. Both of these stunning works are appearing together, along with Alberto Moravia's preface to Debenedetti's *October 16, 1943*, for the first time in an American translation. *October 16, 1943/Eight Jews* gives American readers a first glimpse into the extraordinary mind of the man who was Italy's foremost critic of twentieth-century literature. In addition to probing the deeper, haunting questions of the Holocaust, Debenedetti briefly describes the seizure of the Roman Jewish community's library of early manuscripts and incunables, the most valuable Jewish library in all of Italy. Following the roundup, this library was never seen again. Award-winning translator Estelle Gilson offers an additional essay on the history of the library and modern-day attempts to locate it. *October 16, 1943/Eight Jews* is a moving work that will continue to challenge readers long after they have closed its pages.

*Italian Science Fiction* Simone Brioni 2019-07-18 This book explores Italian science fiction from 1861, the year of Italy's unification, to the present day, focusing on how this genre helped shape notions of Otherness and Normalness. In particular, Italian Science Fiction draws upon critical race

studies, postcolonial theory, and feminist studies to explore how migration, colonialism, multiculturalism, and racism have been represented in genre film and literature. Topics include the role of science fiction in constructing a national identity; the representation and self-representation of "alien" immigrants in Italy; the creation of internal "Others," such as southerners and Roma; the intersections of gender and race discrimination; and Italian science fiction's transnational dialogue with foreign science fiction. This book reveals that though it is arguably a minor genre in Italy, science fiction offers an innovative interpretive angle for rethinking Italian history and imagining future change in Italian society.

Economy of the Unlost Anne Carson 2009-04-11 The ancient Greek lyric poet Simonides of Keos was the first poet in the Western tradition to take money for poetic composition. From this starting point, Anne Carson launches an exploration, poetic in its own right, of the idea of poetic economy. She offers a reading of certain of Simonides' texts and aligns these with writings of the modern Romanian poet Paul Celan, a Jew and survivor of the Holocaust, whose "economies" of language are notorious. Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or disposition toward the world, language and the work of the poet. *Economy of the Unlost* begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he himself, writing in German, became estranged from his native language. Carson goes on to consider various aspects of the two poets' techniques for coming to grips with the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean composition of the material fact of inscription on stone, Carson suggests that a need for brevity influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the "negative design" of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's juxtaposition of the two poets illuminates their differences--Simonides' fundamental faith in the power of the word, Celan's ultimate despair--as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility.

**Pinocchio, the Tale of a Puppet** Carlo Collodi 2011-02 *Pinocchio, The Tale of a Puppet* follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by

Non esiste spiegazione alle ingerenze improvvise del nemico sul territorio. Le protezioni sembrano attive, ma le Forze del Vuoto riescono a penetrare e a seminare il panico tra gli abitanti del Regno. Tentando di varcare i confini protetti, Celine realizza che il Male annienta le sue capacità e il suo compagno, non avendo ancora recuperato i poteri da Prescelto, non è in grado di fornirle sufficiente supporto. Aidan, intuendo le vere ragioni del nemico, decide che è giunto il momento di agire, di dimostrare al mondo, e a se stesso, che è davvero degno di essere uno dei Prescelti. Tenendo Celine all'oscuro del pericolo al quale ha deciso di esporsi, combatterà una guerra molto più significativa di quella per riconquistare il Regno, ma dovrà valutare con attenzione ogni scelta poiché il peso delle sue azioni ricadrà su tutti, specialmente su colei che ama. Aidan sarà abbastanza forte da mettere a tacere definitivamente quell'anima oscura che lo perseguita? Quale condizione porrà loro lo Spirito dell'Acqua per venire a capo dell'enigma? *Achilleion* Marija Gimbutas 1989 A rich picture of village life in the 7th and 6th millennia BC, as seen through the excavations of an important site in Greece. **A Splurc in the Kisser** Sam Wasson 2010-03-01 With one of the longest and most controversial careers in Hollywood history, Blake Edwards is a phoenix of movie directors, full of hubris, ambition, and raving comic chutzpah. His rambunctious filmography remains an artistic force on par with Hollywood's greatest comic directors: Lubitsch, Sturges, Wilder. Like Wilder, Edwards's propensity for hilarity is double-helixed with pain, and in films like *Breakfast at Tiffany's*, *Days of Wine and Roses*, and even *The Pink Panther*, we can hear him off-screen, laughing in the dark. And yet, despite those enormous successes, he was at one time considered a Hollywood villain. After his marriage to Julie Andrews, Edwards's Darling Lili nearly sunk the both of them and brought Paramount Studios to its knees. Almost overnight, Blake became an industry pariah, which ironically fortified his sense of satire, as he simultaneously fought the Hollywood tide and rode it. Employing keen visual analysis, meticulous research, and troves of interviews and production files, Sam Wasson delivers the first complete account of one of the maddest figures Hollywood has ever known.

**Family and Borghesia** Natalia Ginzburg 2021-04-13 Two novellas about domestic life, isolation, and the passing of time by one of the finest Italian writers of the twentieth century. Carmine, an architect, and Ivana, a translator, lived together long ago and even had a child, but the child died, and their relationship fell apart, and Carmine married Ninetta, and their child is Dodò, who Carmine feels is a little dull, and these days Carmine is still spending every evening with Ivana, but Ninetta has nothing to say about that. *Family*, the first of these two novellas from the 1970s, is an examination, at first comic, then progressively dark, about how time passes and life goes on and people circle around the opportunities they had missed, missing more as they do, until finally time is up. *Borghesia*, about a widow who keeps acquiring and losing the Siamese cats she hopes will keep her company in her loneliness, explores similar ground, along with the confusions of feeling and domestic life that came with the loosening social strictures of the 1970s. "She remembered saying that there were three things in life you should always refuse," thinks one of Natalia Ginzburg's characters, beginning to age out of youth: "Hypocrisy, resignation, and unhappiness. But it was impossible to shield yourself from those three things. Life was full of them and there was no holding them back."

**Nature and Its Symbols** Lucia Impelluso 2004 "The Guide to Imagery series introduces readers to important visual vocabulary of Western art."--Back cover.

*The Savage Father* Pier Paolo Pasolini 1999 This is one of Pasolini's least known books, it is one of his most important challenges to himself and to the world. The book pits assumed Western cultural supremacy against the battle for Africa's freedom and self-assertion. *The Savage Father* offers a deep analysis of the internal struggles between the coloniser and the colonised, as well as showing us the externalised conditioning to which both are prey.

**Fables of Fact** John Hellmann 1981 Hellmann argues that "new journalism" is a new genre of fiction,

one that deals with fact through fable, discovering, constructing and self-consciously exploring meaning beyond our media-constructed reality. He applies his theory to books by Wolfe, Thompson, Mailer and Herr.

**The Dark Design** Philip Jose Farmer 2010-06-08 A New York Times bestseller, *The Dark Design* is the third novel in Hugo and Nebula award-winning science fiction legend Philip José Farmer's Riverworld series. Milton Firebrass, once Mark Twain's enemy and now his greatest ally, plans to build a giant airship that can fly to the North Pole of Riverworld. Once there, he hopes to learn the secret of the mysterious tower that dominates the landscape and find the answer to his most urgent question: could the tower contain the Ethicals, the enigmatic beings that created Riverworld? Meanwhile, Jill Gulbirra is challenged for the job of piloting the airship by none other than Cyrano de Bergerac. *Imprimatur* Rita Monaldi 2013-03 11 September 1683, Rome. The citizens of the city wait anxiously for the outcome of the battle for Vienna as Ottoman forces lay siege to the defenders of Catholic Europe. Meanwhile, a suspected outbreak of plague causes a famous Roman tavern to be placed under quarantine. One of its detainees, the mysterious Atto Melani, a spy in the service of France, discovers a secret passage leading deep into the Roman underworld. A plot to assassinate the pope and plans to use the plague as a weapon of mass destruction in the battle between Islam and the West are discovered. Meticulously researched and brilliantly conceived, *Imprimatur* contains startling revelations that have been concealed for centuries, drawing on original papers discovered in the Vatican archives. A thriller in the vein of Umberto Eco's *The Name of the Rose*, this novel sheds new light on the power struggles of 17th-century Europe, the repercussions of which are still felt today. First published to great controversy in Italy in 2002, *Imprimatur* was boycotted by the Italian press and publishing world. Despite this, the novel has gained European bestseller status; it has been translated into 20 languages with editions published in 45 countries. Over 1 million copies have been sold to date.

**Homo Narrans** John D. Niles 2010-08-03 It would be difficult to imagine what human life would be like without stories—from myths recited by Pueblo Indian healers in the kiva, ballads sung in Slovenian market squares, folktales and legends told by the fireside in Italy, to jokes told at a dinner table in Des Moines—for it is chiefly through storytelling that people possess a past. In *Homo Narrans* John D. Niles explores how human beings shape their world through the stories they tell. The book vividly weaves together the study of Anglo-Saxon literature and culture with the author's own engagements in the field with some of the greatest twentieth-century singers and storytellers in the Scottish tradition. Niles ponders the nature of the storytelling impulse, the social function of narrative, and the role of individual talent in oral tradition. His investigation of the poetics of oral narrative encompasses literary works, such as the epic poems and hymns of early Greece and the Anglo-Saxon *Beowulf*, texts that we know only through written versions but that are grounded in

oral technique. That all forms of narrative, even the most sophisticated genres of contemporary fiction, have their ultimate origin in storytelling is a point that scarcely needs to be argued. Niles's claims here are more ambitious: that oral narrative is and has long been the chief basis of culture itself, that the need to tell stories is what distinguishes humans from all other living creatures.
