The Ulysses Butterfly La Farfalla di Ulisse Virna Chessari 2020-10-26 "The Ulysses Butterfly La farfalla di Ulisse" is a Poetry collection in English and Italian, which tells the story of a woman who finds herself and her inner strength, and ultimately learns how to fly. In the book, joyful events alternate with moments of discouragement and abandonment, and with dreams and sweet memories that colour with tenderness the void of the present. Alongside is the great love between her parents to which she dedicates the collection, and also the love of a wife for the husband lost too soon and that of a generous and exemplary mother. "Surrounded by ghosts haunting our lives, poems allow us to lose ourselves in search of something indefinite. In her verses, the author expresses the illusion, well lived, of an oneiric life escaping banal reality. It is a soul that awakens in the writing, bringing to light intimate passions, waking dreams; it is the confirmation that the best way to escape the ordinary is poetry", from the Foreword of the journalist Mario Azzolini. "The Ulysses Butterfly La farfalla di Ulisse" è una raccolta poetica in inglese e in italiano che racconta la storia di una donna che riscopre se stessa e la sua forza interiore fino ad imparare a volare. Nella narrazione si alternano vicende liete e momenti di sconforto, abbandoni ma anche sogni e dolci ricordi che colorano di tenerezza i vuoti del presente. Sullo sfondo l'amore grande dei genitori a cui è dedicata la raccolta e in particolare quello di una moglie per lo sposo perso troppo presto e mai sopito e di madre generosa ed esemplare. "Poesie per perdersi alla ricerca di qualcosa di indefinito circondati da fantasmi che popolano le nostre vite. L'autrice nelle sue rime esprime l'illusione ben vissuta di una

vita onirica che sfugge la banale realtà. È un'anima che si risveglia nella scrittura, mettendo in luce intime passioni, sogni ad occhi aperti; la conferma che non c'è modo migliore per sfuggire alla normalità che la poesia", dalla Prefazione del giornalista Mario Azzolini. Virna Chessari graduated from Palermo University in Classical Literature, studying Latin and Greek. She is an Italian and History teacher at a high school in Palermo, where she is in charge of communication and projects of innovative teaching like Avanguardie Educative-Indire. She is also a CLIL (Content and Language Integrated Learning) teacher. She has been published in newspapers, magazines and cultural websites. Poetry in particular is a recent adventure for her. Some of the poems in the collection have been published in Straylight Magazine and Blue Lake Review. She has found in English the right notes to express her inner world and her missing words. Virna Chessari, docente di Lettere Classiche e CLIL (Content and Language Integrated Learning) insegna Italiano e Storia in una scuola secondaria di Palermo dove è referente della comunicazione e di progetti di didattica innovativa come Avanguardie Educative-Indire. Suoi contributi sono stati pubblicati in giornali, riviste, siti e blog di divulgazione culturale. La Poesia, in particolare, è una recente avventura. Alcune poesie della raccolta sono state pubblicate nelle riviste americane "Straylight Magazine" e "Blue Lake Review". L'autrice ha trovato nell'Inglese la melodia per dare voce al suo mondo interiore, alle parole mancanti.

*Sweet Thunder* Vivienne Suvini-Hand 2017-12-02 "Italian music of the 1960s is one of the most unjustly neglected areas in the arena of twentieth-century classical music. This volume pays tribute to the astounding complexity of the music and libretti of five vocal compositions by leading experimental composers of the decade: Luigi Dallapiccola, Bruno Maderna, Luciano Berio, Giacomo Manzoni, and Armando Gentilucci. It highlights how the 'difficult' and unconventional methods of composition employed by these artists - dodecaphony, total serialism, Webernian minimalist techniques, aleatory and electronic music - displayed a refusal to compete with the market-place values of Italy's new capitalist society. At the same time, the libretti's collage arrangement of a plethora of European and Oriental literary sources dating from the sixteenth century BC onwards, reflected the contemporary Neo-avant-garde rejection of conventional literary practice, and their preference for 'organised disorder', in Umberto Eco's phrase."

**The World Map, 1300-1492** Evelyn Edson 2007-05-30 In the two centuries before Columbus, mapmaking was transformed. *The World Map, 1300--1492* investigates this important, transitional period of mapmaking. Beginning with a 1436 atlas of ten maps produced by Venetian Andrea Bianco, Evelyn Edson uses maps of the fourteenth and fifteenth centuries to examine how the discoveries of missionaries and merchants affected the content and configuration of world maps. She finds that

both the makers and users of maps struggled with changes brought about by technological innovation -- the compass, quadrant, and astrolabe -- rediscovery of classical mapmaking approaches, and increased travel. To reconcile the tensions between the conservative and progressive worldviews, mapmakers used a careful blend of the old and the new to depict a world that was changing -- and growing -- before their eyes. This engaging and informative study reveals how the ingenuity, creativity, and adaptability of these craftsmen helped pave the way for an age of discovery.

A Cultural Symbiosis Klazina D. Botke 2021-12-15 The history of the Florentine patriciate did not end with the establishment of the Medici Duchy and Grand Duchy of Tuscany. Proud and self-confident, these patricians were not subservient courtiers; on the contrary, they continued to exert a considerable influence on Florentine culture and politics for centuries. The patrician class in sixteenth-century Florence were the descendants of wealthy, sophisticated and politically savvy families who, while acquiring noble titles, estates, and villas, retained their long-standing urban identity. The mark they left on the city's cultural and artistic life was embraced by the Medici, who used their political and diplomatic knowhow, elaborate artistic commissions, and European networks to enhance their power and prestige. A Cultural Symbiosis highlights the contributions to Florentine art and culture of eight patricians, focusing on the Valori, Pucci, Ridolfi, Vecchietti, del Nero, Salviati, Guicciardini, and Niccolini families.

*The Sea Within Us* Lawrence Ferlinghetti 2013-02-14 Lawrence Ferlinghetti nasce nel 1919 a

Yonkers, New York, da padre italiano e madre di origini franco-portoghesi. È poeta, romanziere, traduttore, editore, pittore, autore di teatro e drammi radiofonici. Anima della San Francisco Renaissance, che negli anni 50 stravolge le convenzioni letterarie e sociali del tempo, Ferlinghetti è da allora protagonista di una intensa attività creativa, mai disgiunta da una profonda attenzione a tematiche politiche, sociali ed ecologiche. Fondatore assieme a Pete D. Martin della famosa City Lights Bookstore, Ferlinghetti ha sempre compiuto scelte editoriali coraggiose, come la pubblicazione di “Urlo” di Allen Ginsberg, vero manifesto della beat generation, per la quale viene accusato di vendita e distribuzione di materiale osceno: il noto processo del 1956 termina con una storica vittoria legale contro la censura. Negli anni ha partecipato a numerosi festival e reading di poesia, tra i quali quelli storici alla Royal Albert Hall di Londra (1965), a Castelporziano (1978), ad Amsterdam (1981), dimostrandosi viaggiatore instancabile e artista sempre attento alla difesa degli ultimi e del pianeta. Ha esposto le proprie opere pittoriche in diversi musei e gallerie sia negli Stati Uniti che in Europa. Insignito nel 1998 del titolo di primo Poeta Laureato della città di San Francisco, Ferlinghetti ha ricevuto svariati riconoscimenti, tra cui recentemente quello di Commendatore al merito della Repubblica Italiana. Il suo “A Coney Island of the Mind” tradotto in decine di lingue, è tra i libri di poesia più letti al mondo con oltre un milione di copie stampate.

**Dante and Islam** Jan M. Ziolkowski 2014-12-01 Dante put Muhammad in one of the lowest circles

of Hell. At the same time, the medieval Christian poet placed several Islamic philosophers much more honorably in Limbo. Furthermore, it has long been suggested that for much of the basic framework of the Divine Comedy Dante was indebted to apocryphal traditions about a “night journey” taken by Muhammad. Dante scholars have increasingly returned to the question of Islam to explore the often surprising encounters among religious traditions that the Middle Ages afforded. This collection of essays works through what was known of the Qur’an and of Islamic philosophy and science in Dante’s day and explores the bases for Dante’s images of Muhammad and Ali. It further compels us to look at key instances of engagement among Muslims, Jews, and Christians.

[Io, marinaio figlio di Ulisse... e anche un po' figlio di Troia](#) Giorgio Longato 2021-12-01 Ulisse è probabilmente il personaggio più complesso e affascinante dell’intera letteratura occidentale. Non solo ingegno multiforme, eroe dalle mille astuzie e dalle mille risorse, ma anche protagonista del più bel racconto di mare mai scritto, l’Odissea. Dalla Troia omerica alla scoperta adolescenziale di Ulisse, dai ricordi liceali alla scelta di diventare marinaio e velista per professione, questo libro è una rilettura ironica dell’Odissea, filtrata attraverso le esperienze di vita e di navigazione dell’autore, da sempre affascinato dalla Grecia e dal suo mare in cui natura e cultura, storia e mito,

sacro e profano, luce e vento sembrano fondersi in un'armonia irripetibile. Per approdare infine alla propria Troia personale, intesa come meta reale e simbolica indispensabile per riconoscersi figlio di Ulisse.

*Ancient Sacred Sites in the Gulf of Naples* Luca Di Franco 2023-12-07 The geographical position between the gulfs of Naples and Salerno made pre-Roman Sorrento a fundamental point of passage. Around the inhabited centre, sacred sites or scattered settlements developed, including the sanctuary of Athena on the extreme tip of the peninsula near Punta Campanella. This book explores the historical development of the sanctuary from the 6th century BC to the 1st century AD. Drawing on partly unpublished archaeological documentation and literary sources, the book provides useful elements for understanding the site and its relationship with the surrounding area. Sorrento and the Greek presence in the Gulf of Naples are linked to the sanctuary installation, perhaps first dedicated to the Sirens but surely after to Athena. Judging from literary sources, it was one of the best-known places of worship in ancient Italy. It was only in the 1980s that the discovery of an Oscan inscription with a dedication to Minerva made it possible to hypothesise the presence of a sanctuary near the Medieval tower at Punta Campanella. The analysis of the archaeological documentation known until now, the study of the new archaeological plans and the material culture (ceramics) from the site make it possible to better understand the development and the importance of the sanctuary. This book, therefore, defines the historical and territorial development of the sanctuary of Athena, reconstructing the history of the territory of ancient Surrentum and, above all, its most important

sanctuary. The book will be of particular interest to archaeologists, ancient historians and historians of religion.

**La Leggenda di Ulisse** Francesco Sgrò 2012-07-07 Era da un po' di tempo che sentivo il bisogno di raccontare una storia epica, ricca di grandi e alti sentimenti, e mi accorsi che nell'Odissea c'era proprio tutto quel che cercavo. Sapevo già, però, che molti episodi sono difficili da rappresentare in teatro perché richiedono certi effetti speciali a volte anche costosi che, se realizzati male, rischiano di ridicolizzare tutta la messinscena. Per questo motivo, a malincuore, ho dovuto tagliare a volte anche libri interi aggiungendo, però, di mio pugno, alcune scene che potessero in qualche modo riassumerli. Questo mio scritto vuole essere in ogni caso un invito a leggere di nuovo un poema che, sopravvissuto a circa tremila anni di storia, ha ed avrà sempre qualcosa da insegnare. Questa è la forza dei classici. (Scaricabile in PDF)

**Dante** John Took 2020-01-28 An authoritative and comprehensive intellectual biography of the author of the Divine Comedy For all that has been written about the author of the Divine Comedy, Dante Alighieri (1265-1321) remains the best guide to his own life and work. Dante's writings are therefore never far away in this authoritative and comprehensive intellectual biography, which offers a fresh account of the medieval Florentine poet's life and thought before and after his exile in

1302. Beginning with the often violent circumstances of Dante's life, the book examines his successive works as testimony to the course of his passionate humanity: his lyric poetry through to the Vita nova as the great work of his first period; the Convivio, De vulgari eloquentia and the poems of his early years in exile; and the Monarchia and the Commedia as the product of his maturity. Describing as it does a journey of the mind, the book confirms the nature of Dante's undertaking as an exploration of what he himself speaks of as "maturity in the flame of love." The result is an original synthesis of Dante's life and work.

**Designing Futuring beyond the emergency scenario** Lotti, Giuseppe 2022-11-30 The book picks up a series of contributions born from an online column edited by the Design Laboratory for Sustainability of Dipartimento DIDA (UNIFI) during the period of the pandemic (March 2020, COVID-19): Marco Petroni, Formafantasma, Lorenzo Giorgi, Duccio Maria Gambi and Federica Fragapane. Designing Futuring - beyond the emergency scenario reflects on the heavy contemporary global upheavals through a collection of ideas, actions and case studies of particular interest, representing the different souls and fields of action of the discipline. Designers, researchers, historians, thinkers and activists called to share their thoughts have been involved in building a cartography of alternative landscapes and visions to recognize complexity by learning to navigate it, for a more sustainable future.

**Il letto di Ulisse** Giuseppe Lotti 2011-11-10T00:00:00+01:00 Mediterraneo come mare di mezzo tra terre, culture, modelli di sviluppo. Mediterraneo come confine in cui si gioca la partita del confronto. Mediterraneo come culla di luoghi e cose. Mediterraneo dove anche il design è chiamato a giocare una sfida importante; contro il progressivo abbassamento della soglia simbolica degli oggetti, come

piattaforma di confronto culturale, nel tentativo di definire un modello di sviluppo 'altro' maggiormente sostenibile. Due progetti pilota, come contributo al dibattito, come possibili azioni da intraprendere. Dall'impegno di Giuseppe Lotti non è detto che si arrivi a definire esattamente le peculiarità di un design mediterraneo in tutte le sue paradigmatiche caratterizzazioni. Il testo apre tuttavia una strada originale e di grande interesse alla riflessione su una tematica che si esplicita in un'ottica del tutto innovativa. La prospettiva e l'obiettivo centrale di questo importante lavoro di ricerca resta comunque e sempre il progetto, unico, insostituibile strumento, di integrazione, di evoluzione, e - perché no? - di progresso. Giuseppe Lotti, ricercatore di Disegno Industriale alla Facoltà di Architettura dell'Università di Firenze, è docente al Corso di Laurea in Disegno Industriale e all'ISIA di Firenze. È autore di testi sul design e curatore di esposizioni in Italia e all'estero.

**Entello, Ulisse la matrona e la fanciulla** Giorgio Bàrberi Squarotti 2015-10-18 Profondità di cultura, passione per la letteratura, precisione del dettaglio, sicurezza dell'informazione: queste, con l'aggiunta di quella particolare sensibilità che troviamo anche nel suo lavoro di poeta, sono le ragioni che fanno di Bàrberi Squarotti uno dei più attenti e credibili studiosi della nostra letteratura, e in particolare della poesia italiana contemporanea. Di ciò si ha certa prova dalla sua ricchissima bibliografia, che allinea i volumi monografici (come quello dedicato a Sbarbaro nel 1971, quando ben pochi si erano accorti della grandezza del poeta ligure) a quelli tematici (come *Gli inferi* e *il labirinto*. Da Pascoli a Montale del 1974 o *La Forma e la vita*. Il romanzo del '900 del 1987), dai profili su periodi e movimenti (sul realismo del 1958) ai bilanci sul complesso della produzione letteraria italiana (come *Poesia e narrativa del secondo novecento* del 1978), alla curatela di opere e

autori ai numerosi testi ad uso scolastico, dai saggi pubblicati sulle riviste specialistiche come "Il giornale storico della letteratura italiana" o "Lettere italiane" e quelle più orientate verso l'intervento militante come "Paragone" e "Aut-aut", alle recensioni sui quotidiani; e poi le centinaia di prefazioni — spesso anteposte a pagine di autori allora sconosciuti ma poi giunti all'affermazione — e le altrettanto numerose relazioni presentate a convegni e occasioni di pubblico incontro.

*Geographies of Myth and Places of Identity* Marco Benoît Carbone 2022-01-13 Turning to a region of South Italy associated with Greater Greece and the geographies of Homer's Odyssey, Marco Benoît Carbone delivers a historical and ethnographic treatment of how places defined in public imagination and media by their associated histories become sites of memory and identity, as their landscape and mythologies turn into insignia of a romanticised antiquity. For the ancient Greeks, Homer had set the marine monsters of the Odyssey in the Strait between Calabria and Sicily. Since then, this passage has been glowing with the aura of its mythological landmarks. Travellers and tourists have played Odysseus by re-enacting his journey. Scholars and explorers have explained the myths as metaphors of whirlpools and marine fauna. The iconic Strait and village of Scilla have turned into place-myths and playgrounds, defined by the region's heritage. Carbone observes the enduring impact of Hellas on the real Strait today. The continuous rekindling of cultural and visual traditions of place in the arts, media, travel, and tourism have intersected with philhellenic historiographies, shaping local policies, public histories, views of development, and forms of Hellenicist identitarianism. Elements of society have celebrated the landscape of the Odyssey, appropriated Homer as their imagined heirs, and purported themselves as the original Europeans—pandering to outdated ideological appropriations of 'classical' antiquity and exclusionary, West-centric views of the Mediterranean.

È lontano da casa da dieci anni, passati a Troia a causa della guerra (suo è l'espedito del cavallo di legno che permetterà di sconfiggere i troiani). Finita la guerra, l'odio di un dio avverso, Poseidone, gli impedisce il ritorno. Costretto da continui incidenti e incredibili peripezie, solo dopo altri dieci anni, grazie all'aiuto della dea Atena, riuscirà a portare a compimento il proprio viaggio. **At the origin of middle-class rationality** Ruggero D'Alessandro 2019-01-18T00:00:00+01:00 The Odyssey is rightly celebrated as a story that goes far beyond the scope of epic poetry. It is an open window to an entire era and its social systems as well as its theological, cultural, economic and political structures, while running simultaneously in the register of the earthly and of the divine. Within The Odyssey, the episode of the Sirens stands out as an exceptionally evocative example of this kind of achievement. This volume is dedicated to exploring the myriad levels of analysis that are allowed by this famous episode, following in the footsteps of celebrated readers of The Odyssey such as Adorno, Horkheimer, Lukàcs, Auerbach, Kerény, Bloch, Auden, Pound, Tolstoj, Elster and Steiner.

By looking at the brief encounter between Ulysses and the Sirens, the reader of this volume will discover the roots of our modern concept of middle class rationality and its profound ramifications stretching between economy, politics, and the divine.
