**Born Liquid** Zygmunt Bauman 2018-11-26 Born Liquid is the last work by the great sociologist and social theorist Zygmunt Bauman, whose brilliant analyses of liquid modernity changed the way we think about our world today. At the time of his death, Bauman was working on this short book, a conversation with the Italian journalist Thomas Leoncini, exactly sixty years his junior. In these exchanges with Leoncini, Bauman considers, for the first time, the world of those born after the early 1980s, the individuals who were 'born liquid' and feel at home in a society of constant flux. As always, taking his cue from contemporary issues and debates, Bauman examines this world by discussing what are often regarded as its most ephemeral features. The transformation of the body - tattoos, cosmetic surgery, hipsters - aggression, bullying, the Internet, online dating, gender transitions and changing sexual preferences are all analysed with characteristic brilliance in this concise and topical book, which will be of particular interest to young people, natives of the liquid modern world, as well as to Bauman's many readers of all generations.

**The Via Veneto Papers** Ennio Flaiano 1992 The first section of The Via Veneto Papers is an evocation of the Rome of La Dolce Vita, of the early stages in the writing and the realizing of the film itself, and, through a series of brilliant little sketches, a commemoration of the aging poet Vincenzo Cardarelli, skeptical survivor from an earlier time, representative of an altogether different life. "Occasional Notebooks" comprises the second section and the third section is an interview given by Flaiano shortly before his death.

**The Baron in the Trees** Italo Calvino 2017 "Cosimo di Rondó, a young Italian nobleman of the eighteenth century, rebels against his parents by climbing into the trees and remaining there for the rest of his life. He adapts efficiently to an existence in the forest canopy he hunts, sows crops, plays games with earth-bound friends, fights forest fires, solves engineering problems, and even manages to have love affairs. From his perch in the trees, Cosimo sees the Age of Enlightenment pass by and a new century dawn. Long considered one of Calvino's finest works, The baron in the trees exemplifies this brilliant writer's gift for fantasy."--Page [4] of cover.

**The Unknown Pope** John Pollard 2014-03-04 Best known for his efforts to end World War I, Benedict XV was the first contemporary pope to assume the role peacemaker, a role that has persisted in the papacy since. Although Benedict's 1917 Peace Note was rejected by officials, he went on to help establish Save the Children and to lead European efforts at humanitarian aid. His brief pontificate resulted in a positive reassessment of the Church's attitude towards colonialism and colonized peoples. Using previously unpublished correspondence and private papers from the

Vatican archives, John Pollard has written the first biography on Benedict XV in almost half a century.

**Europe and Empire** Massimo Cacciari 2016-01-04 The European Union and the single currency have given Europe more stability than it has known in the past thousand years, yet Europe seems to be in perpetual crisis about its global role. The many European empires are now reduced to a multiplicity of ethnicities, traditions, and civilizations. Europe will never be One, but to survive as a union it will have to become a federation of "islands" both distinct and connected. Though drawing on philosophers of Europe's past, Cacciari calls not to resist Europe's sunset but to embrace it. Europe will have to open up to the possibility that in few generations new exiles and an unpredictable cultural hybridism will again change all we know about the European legacy. Though scarcely alive in today's politics, the political unity of Europe is still a necessity, however impossible it seems to achieve.

**The London Eye Mystery** Siobhan Dowd 2008-02-12 Ted and Kat watched their cousin Salim board the London Eye. But after half an hour it landed and everyone trooped off-except Salim. Also, Penpen has recently espoused a new philosophy - whatever shows up on your doorstep you have to let in. *A Family Is a Family Is a Family* Sara O'Leary 2020-07-10 When a teacher asks her class to think about what makes their families special, the answers are all different, but the same in one important way ... When a teacher asks the children in her class to think about what makes their families special, the answers are all different in many ways — but the same in the one way that matters most of all. One child is worried that her family is just too different to explain, but listens as her classmates talk about what makes their families special. One is raised by a grandmother, and another has two dads. One has many stepsiblings, and another has a new baby in the family. As her classmates describe who they live with and who loves them — family of every shape, size and every kind of relation — the child realizes that as long as her family is full of caring people, it is special. A warm and whimsical look at many types of families, written by award-winning author Sara O'Leary, with quirky and sweet illustrations by Qin Leng. Global Business Today Charles W. L. GBT's concise chapters give a general introduction to international business - emphasizing the environmental factors, with less coverage of operations. Charles Hill is renowned for his attention to research trends and that is evident in *Global Business Today, 4e* through a variety of real world examples and cases from small, medium, and large companies throughout the world

*Bridges to Scandinavia* Collectif 2020-01-15 This volume is the final output of a project started in 2013 on the occasion of the fortieth anniversary of the Scandinavian Section of the University of Milan. A group of scholars working on different European and non-European cultural and literary traditions come together here to discuss the relationships between their areas of study and the Nordic countries. The range of the contributions expands over time and space, from the Middle Ages to the present day, from Poland in the east to the United States in the west, across various European countries. Through various kinds of expertise and different perspectives, this intercultural discourse deals with diverse themes, including the perception of Nordic culture(s) by foreign writers as well as the image of other cultures in Scandinavian works. In particular, the literary and cultural interchange of models and ideas between the North and other areas is investigated in a number of essays devoted to numerous authors, including, among others, Klaus Bödl, Carmen de Burgos, Carlo Emilio Gadda, Gerhart Hauptmann, Henrik Ibsen, Stieg Larsson, Carl von Linné, Rainer Maria Rilke, J.D. Salinger, Henryk Sienkiewicz, Mme de Staël, August Strindberg, and Tomas Tranströmer.

*Cardinal Giacomo Antonelli and Papal Politics in European Affairs* Frank J. Coppa 1990-01-01 Coppa provides the first full-length study of Giacomo Antonelli, friend and advisor to Pope Pius IX (Pio Nono) and his Secretary of State and chief minister from 1849 to 1876. Based on the documents of the secret Vatican Archives, and neglected family papers in the State Archive in Rome, the book gives an important reevaluation of this key diplomatic figure, separating the man from the myth and delving into his character and policies. The book examines both the personality and policies of the Cardinal, who was seen to be the Pope's Richelieu and Mazarin combined. Confronting the polemical literature which has charged him with sexual misconduct and venality, the study examines his early formation and career, the inspiration for his European policies, his relationship to Pio Nono, and the part he played in the Counter-Risorgimento and the Papal reaction. By improving our understanding of Papal, Italian, and European developments during these crucial decades, this study provides new insights into Rome's fortress mentality and its rejection of the main currents that were transforming western life—currents that influenced not only the Catholic Church but European society as a whole.

**The Great Big Book of Families** Mary Hoffman 2015-03-05 What is a family? Once, it was said to be a father, mother, boy, girl, cat and dog living in a house with a garden. But as times have changed, families have changed too, and now there are almost as many kinds of families as colours of the rainbow - from a mum and dad or single parent to two mums or two dads, from a mixed-race family to children with different mums and dads, to families with a disabled member. Mary Hoffman takes a look through children's eyes at the wide varieties of family life: from homes, food, ways of celebrating, schools and holidays to getting around, jobs and housework, from extended families, languages and hobbies to pets and family trees - and she concludes that, for most people, their own family is the best one of all! With Ros Asquith's delightful pictures, this book takes a fresh, optimistic look at families of today.

Praised during his life as well as today, Middleton remains relevant and influential. "A Trick to Catch the Old One" (1608) is a delightful comedy following a young Thomas Witgood who has managed to squander his fortune and is now in debt to his uncle Pecunius Lucre. In order to manage and pay off his debts, an elaborate scheme to court a wealthy mistress is devised. What ensues is a comedy of intrigue filled with wit and bawdy. Benner 2001 This coherent presentation of clinical judgement, caring practices and collaborative practice provides ideas and images that readers can draw upon in their interactions with others and in their interpretation of what nurses do. For nurses and healthcare professionals.

**Child Migration and Human Rights in a Global Age** Jacqueline Bhabha 2016-05-17 The first

comprehensive look at the global dilemma of child migration Why, despite massive public concern, is child trafficking on the rise? Why are unaccompanied migrant children living on the streets and routinely threatened with deportation to their countries of origin? Why do so many young refugees of war-ravaged and failed states end up warehoused in camps, victimized by the sex trade, or enlisted as child soldiers? This book provides the first comprehensive account of the widespread but neglected global phenomenon of child migration, exploring the complex challenges facing children and adolescents who move to join their families, those who are moved to be exploited, and those who move simply to survive. Spanning several continents and drawing on the stories of young migrants, *Child Migration and Human Rights in a Global Age* provides a comprehensive account of the widespread and growing but neglected global phenomenon of child migration and child trafficking. It looks at the often-insurmountable obstacles we place in the paths of adolescents fleeing war, exploitation, or destitution; the contradictory elements in our approach to international adoption; and the limited support we give to young people brutalized as child soldiers. Part history, part in-depth legal and political analysis, this powerful book challenges the prevailing wisdom that widespread protection failures are caused by our lack of awareness of the problems these children face, arguing instead that our societies have a deep-seated ambivalence to migrant children—one we need to address head-on. *Child Migration and Human Rights in a Global Age* offers a road map for doing just that, and makes a compelling and courageous case for an international ethics of children's human rights.
