**The Work of Art** Gérard Genette 1997 What art is--its very nature--is the subject of this book by one of the most distinguished continental theorists writing today. Informed by the aesthetics of Nelson Goodman and referring to a wide range of cultures, contexts, and media, *The Work of Art* seeks to discover, explain, and define how art exists and how it works. To this end, Gérard Genette explores the distinction between a work of art's immanence--its physical presence--and transcendence--the experience it induces. That experience may go far beyond the object itself. Genette situates art within the broad realm of human practices, extending from the fine arts of music, painting, sculpture, and literature to humbler but no less fertile fields such as haute couture and the culinary arts. His discussion touches on a rich array of examples and is bolstered by an extensive knowledge of

the technology involved in producing and disseminating a work of art, regardless of whether that dissemination is by performance, reproduction, printing, or recording. Moving beyond examples, Genette proposes schemata for thinking about the different manifestations of a work of art. He also addresses the question of the artwork's duration and mutability.

**The Wall of the Earth** Giorgio Caproni 1992 "The work of Giorgio Caproni has been translated into French, German, and Chinese, among others, but this collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second World War and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from the Introduction by Pasquale Verdicchio

On Modern Poetry Guido Mazzoni 2022-04-19 Guido Mazzoni tells the story of poetry's revolution in the modern age. The chief transformation was the rise of the lyric as it is now conceived: a genre in which a first-person speaker talks about itself. Mazzoni argues that modern poetry embodies the age of the individual and has wrought profound changes in the expectations of readers.

The Apprenticeship of Duddy Kravitz Mordecai Richler 2010-12-22 The Apprenticeship of Duddy Kravitz is the novel that established Mordecai Richler as one of the world's best comic writers. Growing up in the heart of Montreal's Jewish ghetto, Duddy Kravitz is obsessed with his grandfather's saying, "A man without land is nothing." In his relentless pursuit of property and his drive to become a somebody, he will wheel and deal, he will swindle and forge, he will even try making movies. And in spite of the setbacks he suffers, the sacrifices he must make along the way, Duddy never loses faith that his dream is worth the price he must pay. This blistering satire traces the eventful coming-of-age of a cynical dreamer. Amoral, inventive, ruthless, and scheming, Duddy Kravitz is one of the most magnetic anti-heroes in literature, a man who learns the hard way that dreams are never exactly what they seem, even when they do come true.

**Hotel Savoy** Joseph Roth 2003-10-28 A POW meets other survivors of World War I in a Polish hotel in this acclaimed classic novel by the author of The Radetzky March. Still bearing the scars from gulag experiences, a freed POW traverses Russia to arrive at the Polish town of Lodz. In its massive Hotel Savoy, he meets a surreal cast of characters, each eagerly awaiting the return from America of a rich man named Bloomfield. Like Europe itself at the time, the hotel is the stage upon which characters follow fate to its tragic destination . . . Praise for Hotel Savoy "Superb Roth: witty, elegant, invariably honing in on the point where history trickles down to the level of the individual character and turns into fate." —The Nation "Roth's considerable gift lay in sketching myriad personal convulsions in that time of conflagration." —Publishers Weekly

*War in the Mountains* Rudyard Kipling 2015 Brought together in book form for the first time, this is a collection of Rudyard Kipling's articles describing the Italian war effort during the First World War. Published to coincide with the 150th anniversary of Rudyard Kipling's birth.

*Notes Without a Text and Other Writings* Roberto Bazlen 2019-05 An advisor to Italian publishing houses, a translator of Freud and Jung, a friend of Montale and Calvino, Roberto Bazlen was nothing if not a literary man, but kept his writings to himself. Here, translated into English for the first time, the reader will discover Bazlen's private oeuvre: an unfinished novel, *The Sea Captain*, which bears comparison with the fiction of Kafka and Beckett; a selection of entries from his notebooks dealing with topics as various as whether or not there is an "animal Jahweh" and the aesthetic limitations of the cinema; a trio of essays on his native city of Trieste; and a sampling of his editorial letters. *Notes Without a Text* is an introduction to the work of one of the unknown masters of twentieth-century European literature.

*Aesthetics of the Virtual* Roberto Diodato 2012-11-15 Reconfigures classic aesthetic concepts in relation to the novelty introduced by virtual bodies. Arguing that the virtual body is something new—namely, an entity that from an ontological perspective has only recently entered the world—Roberto Diodato considers the implications of this kind of body for aesthetics. Virtual bodies insert themselves into the space opened up by the famous distinction in Aristotle's *Physics* between natural and artificial beings—they are both. They are beings that are simultaneously events; they are images that are at once internal and external; they are ontological hybrids that exist only in the interaction between logical-computational text and human bodies endowed with technological prostheses. Pursuing this line of thought, Diodato reconfigures classic aesthetic concepts such as mimesis, representation, the relation between illusion and reality, the nature of images and imagination, and the theory of sensory knowledge. Roberto Diodato is Associate Professor of Aesthetics at the Catholic University of the Sacred Heart in Milan, Italy. Justin L. Harmon is a teaching assistant in the Philosophy Department at the University of Kentucky. Silvia Benso is Professor of Philosophy at the Rochester Institute of Technology.

**Persuasion and Rhetoric** Carlo Michelstaedter 2004-01-01 Emerson and Thoreau are the most celebrated odd couple of nineteenth-century American literature. Appearing to play the roles of benign mentor and eager disciple, they can also be seen as bitter rivals: America's foremost literary statesman, protective of his reputation, and an ambitious and sometimes refractory protege. The truth, Joel Porte maintains, is that Emerson and Thoreau were complementary literary geniuses, mutually inspiring and inspired. In this book of essays, Porte focuses on Emerson and Thoreau as writers. He traces their individual achievements and their points of intersection, arguing that both men, starting from a shared belief in the importance of self-culture, produced a body of writing that helped move a decidedly provincial New England readership into the broader arena of international culture. It is a book that will appeal to all readers interested in the writings of Emerson and Thoreau.

**The Lord Chandos Letter** Hugo Von Hofmannsthal 2012-05-16 Hugo von Hoffmannsthal made his mark as a poet, as a playwright, and as the librettist for Richard Strauss's greatest operas, but he was no less accomplished as a writer of short, strangely evocative prose works. The atmospheric stories and sketches collected here—fin-de-siècle fairy tales from the Vienna of Klimt and Freud, a number of them never before translated into English—propel the reader into a shadowy world of uncanny fates and secret desires. An aristocrat from Paris in the plague years shares a single night of passion with an unknown woman; a cavalry sergeant meets his double on the battlefield; an orphaned man withdraws from the world with his four servants, each of whom has a mysterious power over his destiny. The most influential of all of Hofmannsthal's writings is the title story, a fictional letter to the English philosopher Francis Bacon in which Lord Chandos explains why he is no longer able to write. The "Letter" not only symbolized Hofmannsthal's own turn away from poetry, it captured the psychological crisis of faith and language which was to define the twentieth century.

**Venice Saved** Simone Weil 2019-06-13 Towards the end of her life, the French philosopher and mystic Simone Weil (1909-43) was working on a tragedy, *Venice Saved*. Appearing here in English for the first time, this play explores the realisation of Weil's own thoughts on tragedy. A figure of affliction, a central theme in Weil's religious metaphysics, the central character offers a unique insight into Weil's broader philosophical interest in truth and justice, and provides a fresh perspective on the wider conception of tragedy itself. The play depicts the plot by a group of Spanish mercenaries to sack Venice in 1618 and how it fails when one conspirator, Jaffier, betrays them to the Venetian authorities, because he feels compassion for the city's beauty. The edition includes notes on the play by the translators as well as introductory material on: the life of Weil; the genesis and purport of the play; Weil and the tragic; the issues raised by translating *Venice Saved*. With additional suggestions for further reading, the volume opens up an area of interest and research: the literary Weil.

*Ariosto, the Orlando Furioso and English Culture* Jane E. Everson 2019 Marking the fifth centenary of the publication of the first edition of the Italian masterpiece, *Ariosto, the Orlando Furioso and English Culture, 1516-2016* brings together an international team of Renaissance scholars from a wide variety of disciplines to analyse in detail the diffuse impact which the epic poem had upon English culture from the Tudor century to the present day. Translated into English in the 1590s by Sir John Harington, godson of Elizabeth I, the influence of Ariosto's poem can be traced in literature, music and the visual arts, from Spenser and Milton to modern media adaptations. In addition, the collection reflects upon the ways in which successive editions and translations, examples of critical reception, rewritings and adaptations in different media (in particular opera) all shaped the rich and evolving understanding of the adventures of Orlando, Angelica, Medoro, Olympia, and Sacripante in the cultural and artistic production of England across the centuries.

*For the Baptism of Our Fragments* Mario Luzi 1992 Described as the most conspicuous voice in Italian poetry after Eugenio Montale, Mario Luzi created for himself an unmistakably individual rhythm, idiom, and ethos ...Particular to Luzi's poetry is the quality of lyricism, and tone of conversational intimacy, of which *For the Baptism of Our Fragments* represents the crowning achievement of a long poetic career which began with his first book of poems in 1935.

**Libri e riviste d'Italia** 1977

*Elektra* Richard Strauss 1909

**Tomorrow's Eve** Auguste comte de Villiers de L'Isle-Adam 1982 "Take one inventive genius indebted to the friend who saved his life; add an English aristocrat hopelessly consumed with a selfish and spiritually bankrupt woman; stir together with a Faustian pact to create the perfect woman--and voilà! *Tomorrow's Eve* is served. Robert Martin Adams's graceful translation is the first to bring to English readers this captivating fable of a Thomas Edison-like inventor and his creation, the radiant and tragic android Hadaly. Adams's introduction sketches the uncompromising idealism of the proud but penurious aristocrat Jean Marie Mathias Philippe Auguste, Count Villiers de l'Isle-Adam, a friend and admired colleague of Charles Baudelaire, Stéphane Mallarmé, and Richard Wagner. Villiers dazzles us with a gallery of electronic wonders while unsettling us with the implications of his (and our) increasingly mechanized and mechanical society. A witty and acerbic tale in which human nature, spiritual values, and scientific possibilities collide, *Tomorrow's Eve* retains an enduring freshness and edge." --Descripción del editor.

**Yes** Thomas Bernhard 1992-11 The narrator, a scientist working on antibodies and suffering from emotional and mental illness, meets a Persian woman, the companion of a Swiss engineer, at an office in rural Austria. For the scientist, his endless talks with the strange Asian woman mean release from his condition, but for the Persian woman, as her own circumstances deteriorate, there is only one answer. "Thomas Bernhard was one of

the few major writers of the second half of this century."—Gabriel Josipovici, Independent "With his death, European letters lost one of its most perceptive, uncompromising voices since the war."—Spectator Widely acclaimed as a novelist, playwright, and poet, Thomas Bernhard (1931-89) won many of the most prestigious literary prizes of Europe, including the Austrian State Prize, the Bremen and Brückner prizes, and Le Prix Séguier. Becoming a Translator Douglas Robinson 2004-03 Robinson reveals how to translate faster and more accurately, how to deal with problems and stress, and how the market works. This second edition has been revised throughout, and includes an exploration of new technologies used by translators.

**Vailima Letters** Robert Louis Stevenson 1895

**The Cube and the Face** Georges Didi-Huberman 2015 This monograph of French art theorist and philosopher Georges Didi-Huberman centers around a single sculpture: Alberto Giacometti's "Cube" from 1934 (Kunsthaus Zurich), possibly his most peculiar and atypical creation, being his only abstract sculptural work within a wider oeuvre, which consistently had the exploration of reality as its main objective. By conducting a meticulous formal analysis of the sculpture, and consulting sketches, etchings, other sculptural works and texts of Giacometti originating from 1932 to 1935, the formative years of "Cube," Didi-Huberman unwinds a net of questions, hypotheses, and historical contextualizations in which he envelops his investigation to unfold for the reader a wide spectrum of new perspectives. "Cube," as it turns out, marks an exception. It is a self-containing work, barred from any stylistic kinship and functions prismatically at the same time, delineates Giacometti's transition from his surrealist to his realist phase and thus contains in nuce principles which underlie his entire aesthetic understanding: the relation of the body to geometry, the problem of dimensionality, the separation between face and skull, the question of the portrait, which, in regards to this sculpture, prompts Didi-Huberman to develop the new notion of an abstract anthropomorphism. Referencing the works of Freud, Bataille, Leiris and Carl Einstein, which had a lasting influence on Giacometti as well, this study presents the reader with an exuberant plurality of methodological approaches and readings. Out of a newly arising sensibility for a formal analysis, Didi-Huberman develops his very own anthropological perspective on the notion of the image."

**Microliths They Are, Little Stones: Posthumous Prose** Paul Celan 2020-10-02 In the mid-fifties Paul Celan suggested that he had a mind for writing that "would be a bit more sober & more spacious" than his poems. And yet, in his life-time Celan published very little of such "more spacious" work - i.e. prose. It is only with this volume that Celan's multifaceted achievements as a prose writer can be discovered.

The Angelic Avengers Isak Dinesen 2001-11-29 Lucan has been orphaned and Zosine has been deserted, and London is a hostile place for two young girls without a home. Bound together by poverty, grief and their shared years at school, they set out to make a future for themselves in new surroundings. They are adopted by the austere, puritanical Reverend Pennhallow and his wife, and in their large, gloomy house they become immersed in study. **The Conservatory of Santa Teresa** Bilenchi, Romano 2015-10-22 This volume is the first translation of Romano Bilenchi's 1940 masterpiece to appear in English. This is surprising since The Conservatory of Santa Teresa is much more than an invaluable historical document of life in provincial

Tuscany around the time of the First World War. It is truly one of the most important works of fiction published in Italy under Fascism. In telling of the pre-adolescent Sergio's encounter with the larger world of sex, politics, and the violence and cruelty of adult life, Bilenchi succeeds in representing a universal paradigm, that of the clash of innocence with experience. But what makes Sergio's trajectory unique is that he goes through it in the company of three extraordinary women who are at once femmes fatales and benevolent guides: his mother, his aunt, and his tutor, all almost unbearably beautiful, as least in Sergio's eyes. These women, plus the dazzling landscape of the Sienese countryside as captured by Bilenchi, make Sergio's journey an enviable even if sometimes painful and bewildering experience.
