*Everyone in This Room Will Someday Be Dead* Emily Austin 2021-07-06 "Gilda, a twenty-something, atheist, animal-loving lesbian, cannot stop ruminating about death. Desperate for relief from her panicky mind and alienated from her repressive family, she responds to a flyer for free therapy at a local Catholic church, and finds herself being greeted by Father Jeff, who assumes she's there for a job interview. Too embarrassed to correct him, Gilda is abruptly hired to replace the recently deceased receptionist Grace. In between trying to memorize the lines to Catholic mass, hiding the fact that she has a new girlfriend, and erecting a dirty dish tower in her crumbling apartment, Gilda strikes up an email correspondence with Grace's old friend. She can't bear to ignore the kindly old woman, who has been trying to reach her friend through the church inbox, but she also can't bring herself to break the bad news. Desperate, she begins impersonating Grace via email. But when the police discover suspicious circumstances surrounding Grace's death, Gilda may have to finally reveal the truth of her mortifying existence."--Amazon.

**Everybody's Got Something** Robin Roberts 2014-04-22 "Regardless of how much money you have, your race, where you live, what religion you follow, you are going through something. Or you already have or you will. As momma always said, "Everybody's got something." So begins beloved Good Morning America anchor Robin Roberts's new memoir in which she recounts the incredible journey that's been her life so far, and the lessons she's learned along the way. With grace, heart, and humor, she writes about overcoming breast cancer only to learn five years later that she will need a bone marrow transplant to combat a rare blood disorder, the grief and heartbreak she suffered when her mother passed away, her triumphant return to GMA after her medical leave, and the tremendous support and love of her family and friends that saw her through her difficult times. Following her mother's advice to "make your mess your message," Robin taught a nation of viewers that while it is true that we've all got something -- a medical crisis to face, aging parents to care for, heartbreak in all its many forms --- we've also all got something to give: hope, encouragement, a life-saving transplant or a spirit-saving embrace. As Robin has learned, and what readers of her remarkable story will come to believe as well, it's all about faith, family and friends. And finding out that you are stronger, much stronger, than you think.

*Everybody's Heard about the Bird* Rick Shefchik 2015-11-07 If you didn't experience rock and roll in Minnesota in the 1960s, this book will make you wish you had. This behind-the-scenes, up-close-and-personal account relates how a handful of Minnesota rock bands erupted out of a small Midwest market and made it big. It was a brief, heady moment for the musicians who found themselves on a national stage, enjoying a level of success most bands only dream of. In *Everybody's Heard about the Bird*, Rick Shefchik writes of that time in vivid detail. Interviews with many of the key musicians, combined with extensive research and a phenomenal cache of rare photographs, reveal how this monumental era of Minnesota rock music evolved. The chronicle begins with musicians from the 1950s and early 1960s, including Augie Garcia, Bobby Vee, the Fendermen, and Mike Waggoner and the Bops. Shefchik looks at how a local recording studio and record label, along with Minnesota radio stations, helped make their achievements possible and prepared the way for later bands to break out nationally. Shefchik delves deeply into the Trashmen's emblematic rise to fame. A Minneapolis band that recorded a fluke novelty hit called "Surfin' Bird" at Kay Bank Studios, the Trashmen signed with Soma Records, topped the local charts in late 1963, and were poised to top the national charts in early 1964. Hundreds of Minnesota bands took inspiration from the Trashmen's success, as teen dances with live bands flourished in clubs, ballrooms, gyms, and halls across the Upper Midwest. Here are the stories of bands like the Gestures, the Castaways, and the Underbeats, and the triumphs—and tragedies—of the most prominent Minnesota-spawned bands of the late 1960s, including Gypsy, Crow, and the Litter. For the baby boomers who remember it and everyone else who has felt its influence, the 1960s rock-and-roll scene in Minnesota was an extraordinary period both in musical history and popular culture, and now it's captured fully in print for the first time. *Everybody's Heard about the Bird* celebrates how these bands found their singular sound and played for their elated audiences from the golden era to today.

**Everybody (Else) Is Perfect** Gabrielle Korn 2021-01-26 From the former editor-in-chief of *Nylon* comes a provocative and intimate collection of personal and cultural essays featuring eye-opening explorations of hot button topics for modern women, including internet feminism, impossible beauty standards in social media, shifting ideals about sexuality, and much more. Gabrielle Korn starts her professional life with all the right credentials. Prestigious college degree? Check. A loving, accepting family? Check. Instagram-worthy offices and a tight-knit group of friends? Check, check. Gabrielle's life seems to reach the crescendo of perfect when she gets named the youngest editor-in-chief in the history of one of fashion's most influential publications. Suddenly she's invited to the world's most epic parties, comped beautiful clothes and shoes from trendy designers, and asked to weigh in on everything from gay rights to lip gloss on one of the most influential digital platforms. But behind the scenes, things are far from perfect. In fact, just a few months before landing her dream job, Gabrielle's health and wellbeing are on the line, and her promotion to editor-in-chief becomes the ultimate test of strength. In this collection of inspirational and searing essays, Gabrielle reveals exactly what it's truly like in the fashion world, trying to find love as a young lesbian in New York City, battling with anorexia, and trying not to lose herself in a mirage of women's empowerment and Instagram perfection. Through deeply personal essays, Gabrielle recounts her struggles to reconcile her long-held insecurities about her body while coming out in the era of *The L Word*, where swoon-worthy lesbians are portrayed as skinny, fashion-perfect, and power-hungry.

She takes us with her everywhere from New York Fashion Week to the doctor's office, revealing that the forces that try to keep women small are more pervasive than anyone wants to admit, especially in a world that's been newly branded as woke. From #MeToo to commercialized body positivity, Korn's biting, darkly funny analysis turns feminist commentary on its head. Both an in-your-face take on impossible beauty standards and entrenched media ideals and an inspiring call for personal authenticity, this powerful collection is ideal for fans of Roxane Gay and Rebecca Solnit.

**Everybody's Got Something to Hide Except for Me and John Lennon** Bryan McGeary 2007 "John Lennon became a revolutionary force in popular music beginning in the 1960s. Despite his murder in 1980, his larger-than-life status continued to grow. Magazines have contributed to the increasing culture of celebrity worship. Rolling Stone was one of the magazines highly responsible for the transformation of popular musicians like Lennon into mythic figures. This qualitative, grounded framing study examined 243 articles and found six major recurring content frames in Rolling Stone's presentation of Lennon". -- abstract.

**I Can Do Hard Things** Gabi Garcia 2018-09-11 *I Can Do Hard Things* is a beautiful reminder to tune into and listen to that quiet voice inside so that you can do what's right for you. I don't always feel brave, confident or strong. Sometimes it seems easier to follow others along. It's hard to navigate a world in which we get so many messages about how we should be. We pause. We listen to the quiet voice inside. I connect with the love and strength it brings. It helps me remember: I can do hard things. *I Can Do Hard Things: Mindful Affirmations for Kids* is the perfect addition to your home or school library. (The book is available in Spanish as *Yo Puedo Hacer Cosas Dificiles: Afirmaciones Concientes Para Niños*).

**Everybody Loves Our Town** Mark Yarm 2012-03-13 A Time Magazine Best Book of 2011, Featuring Nirvana, Pearl Jam, Soundgarden, Alice In Chains, Mudhoney and more! Twenty years after the release of Nirvana's landmark album *Nevermind* comes *Everybody Loves Our Town: An Oral History of Grunge*, the definitive word on the grunge era, straight from the mouths of those at the center of it all. In 1986, fledgling Seattle label C/Z Records released *Deep Six*, a compilation featuring a half-dozen local bands: Soundgarden, Green River, Melvins, Malfunkshun, the U-Men and Skin Yard. Though it sold miserably, the record made music history by documenting a burgeoning regional sound, the raw fusion of heavy metal and punk rock that we now know as grunge. But it wasn't until five years later, with the seemingly overnight success of Nirvana's "Smells Like Teen Spirit," that grunge became a household word and Seattle ground zero for the nineties alternative-rock explosion. *Everybody Loves Our Town* captures the grunge era in the words of the musicians, producers, managers, record executives, video directors, photographers, journalists, publicists, club owners, roadies, scenesters and hangers-on who lived through it. The book tells the whole story: from the founding of the *Deep Six* bands to the worldwide success of grunge's big four (Nirvana, Pearl Jam, Soundgarden and Alice in Chains); from the rise of Seattle's cash-poor, hype-rich indie label Sub Pop to the major-label feeding frenzy that overtook the Pacific Northwest; from the simple joys of making noise at basement parties and tiny rock clubs to the tragic, lonely deaths of superstars Kurt Cobain and Layne Staley. Drawn from more than 250 new interviews—with members of Nirvana, Pearl Jam, Soundgarden, Alice in Chains, Screaming Trees, Hole, Melvins, Mudhoney, Green River, Mother Love Bone, Temple of the Dog, Mad Season, L7, Babes in Toyland, 7 Year Bitch, TAD, the U-Men, Candlebox and many more—and featuring previously untold stories and never-before-published photographs, *Everybody Loves Our Town* is at once a moving, funny, lurid, and hugely insightful portrait of an extraordinary musical era.

This Is Your Brain on Music Daniel J. Levitin 2006-08-03 In this groundbreaking union of art and science, rocker-turned-neuroscientist Daniel J. Levitin explores the connection between music—its performance, its composition, how we listen to it, why we enjoy it—and the human brain. Taking on prominent thinkers who argue that music is nothing more than an evolutionary accident, Levitin poses that music is fundamental to our species, perhaps even more so than language. Drawing on the latest research and on musical examples ranging from Mozart to Duke Ellington to Van Halen, he reveals:

- How composers produce some of the most pleasurable effects of listening to music by exploiting the way our brains make sense of the world
- Why we are so emotionally attached to the music we listened to as teenagers, whether it was Fleetwood Mac, U2, or Dr. Dre
- That practice, rather than talent, is the driving force behind musical expertise
- How those insidious little jingles (called earworms) get stuck in our head

A Los Angeles Times Book Award finalist, *This Is Your Brain on Music* will attract readers of Oliver Sacks and David Byrne, as it is an unprecedented, eye-opening investigation into an obsession at the heart of human nature.

Got to Be Something Here Andrea Swensson 2017-10-10 Beginning in the year of Prince's birth, 1958, with the recording of Minnesota's first R&B record by a North Minneapolis band called the Big Ms, *Got to Be Something Here* traces the rise of that distinctive sound through two generations of political upheaval, rebellion, and artistic passion. Funk and soul become a lens for exploring three decades of Minneapolis and St. Paul history as longtime music journalist Andrea Swensson takes us through the neighborhoods and venues, and the lives and times, that produced the Minneapolis Sound. Visit the Near North neighborhood where soul artist Wee Willie Walker, recording engineer David Hersk, and the Big Ms first put the Minneapolis Sound on record. Across the Mississippi River in the historic Rondo district of St. Paul, the gospel-meets-R&B groups the Exciters and the Amazers take hold of a community that will soon be all but erased by the construction of I-94. From King Solomon's Mines to the Flame, from The Way in Near North to the First Avenue stage (then known as Sam's) where Prince would make a triumphant hometown return in 1981, Swensson

traces the journeys of black artists who were hard-pressed to find venues and outlets for their music, struggling to cross the color line as they honed their sound. And through it all, there's the music: blistering, sweltering, relentless funk, soul, and R&B from artists like Maurice McKinnies, Haze, Prophets of Peace, and The Family, who refused to be categorized and whose boundary-shattering approach set the stage for a young Prince Rogers Nelson and his peers Morris Day, André Cymone, Jimmy Jam, and Terry Lewis to launch their careers, and the Minneapolis Sound, into the stratosphere. A visit to Prince's Paisley Park and a conversation with the artist provide a rare glimpse into his world and an intimate sense of his relationship to his legacy and the music he and his friends crafted in their youth.

The Power Broker Robert A. Caro 1974-07-12 PULITZER PRIZE WINNER • A modern American classic, this huge and galvanizing biography of Robert Moses reveals not only the saga of one man's incredible accumulation of power but the story of his shaping (and mis-shaping) of twentieth-century New York. One of the Modern Library's hundred greatest books of the twentieth century, Robert Caro's monumental book makes public what few outsiders knew: that Robert Moses was the single most powerful man of his time in the City and in the State of New York. And in telling the Moses story, Caro both opens up to an unprecedented degree the way in which politics really happens—the way things really get done in America's City Halls and Statehouses—and brings to light a bonanza of vital information about such national figures as Alfred E. Smith and Franklin D. Roosevelt (and the genesis of their blood feud), about Fiorello La Guardia, John V. Lindsay and Nelson Rockefeller. But *The Power Broker* is first and foremost a brilliant multidimensional portrait of a man—an extraordinary man who, denied power within the normal framework of the democratic process, stepped outside that framework to grasp power sufficient to shape a great city and to hold sway over the very texture of millions of lives. We see how Moses began: the handsome, intellectual young heir to the world of *Our Crowd*, an idealist. How, rebuffed by the entrenched political establishment, he fought for the power to accomplish his ideals. How he first created a miraculous flowering of parks and parkways, playlands and beaches—and then ultimately brought down on the city the smog-choked aridity of our urban landscape, the endless miles of (never sufficient) highway, the hopeless sprawl of Long Island, the massive failures of public housing, and countless other barriers to humane living. How, inevitably, the accumulation of power became an end in itself. Moses built an empire and lived like an emperor. He was held in fear—his dossiers could disgorge the dark secret of anyone who opposed him. He was, he claimed, above politics, above deals; and through decade after decade, the newspapers and the public believed. Meanwhile, he was developing his public authorities into a fourth branch of government known as "Triborough"—a government whose records were closed to the public, whose policies and plans were decided not by voters or elected officials but solely by Moses—an immense economic force directing pressure on labor unions, on banks, on all the city's political and economic institutions, and on the press, and on the Church. He doled out millions of dollars' worth of legal fees, insurance commissions, lucrative contracts on the basis of who could best pay him back in the only coin he coveted: power. He dominated the politics and politicians of his time—without ever having been elected to any office. He was, in essence, above our democratic system. Robert Moses held power in the state for 44 years, through the governorships of Smith, Roosevelt, Lehman, Dewey, Harriman and Rockefeller, and in the city for 34 years, through the mayoralties of La Guardia, O'Dwyer, Impellitteri, Wagner and Lindsay. He personally conceived and carried through public works costing 27 billion dollars—he was undoubtedly America's greatest builder. This is how he built and dominated New York—before, finally, he was stripped of his reputation (by the press) and his power (by Nelson Rockefeller). But his work, and his will, had been done.

**Ignore Everybody** Hugh MacLeod 2009-06-11 When Hugh MacLeod was a struggling young copywriter, living in a YMCA, he started to doodle on the backs of business cards while sitting at a bar. Those cartoons eventually led to a popular blog - [gapingvoid.com](http://gapingvoid.com) - and a reputation for pithy insight and humor, in both words and pictures. MacLeod has opinions on everything from marketing to the meaning of life, but one of his main subjects is creativity. How do new ideas emerge in a cynical, risk-averse world? Where does inspiration come from? What does it take to make a living as a creative person? Now his first book, *Ignore Everyone*, expands on his sharpest insights, wittiest cartoons, and most useful advice. A sample: \*Selling out is harder than it looks. Diluting your product to make it more commercial will just make people like it less. \*If your plan depends on you suddenly being "discovered" by some big shot, your plan will probably fail. Nobody suddenly discovers anything. Things are made slowly and in pain. \*Don't try to stand out from the crowd; avoid crowds altogether. There's no point trying to do the same thing as 250,000 other young hopefuls, waiting for a miracle. All existing business models are wrong. Find a new one. \*The idea doesn't have to be big. It just has to be yours. The sovereignty you have over your work will inspire far more people than the actual content ever will. After learning MacLeod's 40 keys to creativity,

you will be ready to unlock your own brilliance and unleash it on the world.

**Felon: Poems** Reginald Dwayne Betts 2019-10-15 Winner of the 2019 NAACP Image Award for Outstanding Literary Work in Poetry Finalist for the 2019 Los Angeles Times Book Prize in Poetry A searing volume by a poet whose work conveys "the visceral effect that prison has on identity" (Michiko Kakutani, *New York Times*). *Felon* tells the story of the effects of incarceration in fierce, dazzling poems—canvassing a wide range of emotions and experiences through homelessness, underemployment, love, drug abuse, domestic violence, fatherhood, and grace—and, in doing so, creates a travelogue for an imagined life. Reginald Dwayne Betts confronts the funk of postincarceration existence and examines prison not as a static space, but as a force that enacts pressure throughout a person's life. The poems move between traditional and newfound forms with power and agility—from revolutionary found poems created by redacting court documents to the astonishing crown of sonnets that serves as the volume's radiant conclusion. Drawing inspiration from lawsuits filed on behalf of the incarcerated, the redaction poems focus on the ways we exploit and erase the poor and imprisoned from public consciousness. Traditionally, redaction erases what is top secret; in *Felon*, Betts redacts what is superfluous, bringing into focus the profound failures of the criminal justice system and the inadequacy of the labels it generates. Challenging the complexities of language, Betts animates what it means to be a "felon."

There are actually eight types of smarts: words smarts, music smarts, number smarts, picture smarts, body smarts, people smarts, self smarts, nature smarts."--Amazon.com.
