The Lonely Tiger Hugh Allen 2014-09 '[...] I saw that he was staring intently at a leaf blowing over the surface and drifting towards him. When it came within reach he started to dab at it with his right front paw, but with a touch so gentle that his pad was the merest caress on the tiny tip of its curled-up sail. From that moment, I always called him the Lonely Tiger.' After being discharged from the British Armed Forces at the end of the Second World War, Hugh Allen and his widowed sister Babs decided on impulse to settle down on an estate in Mandikhera, an obscure village in central India, hoping to live the quiet life of a farmer. But even as his crops flourished, they suffered the attentions of the hungry denizens of the surrounding forest. Allen was thus compelled to take up arms to defend his crops and, occasionally, the villagers of Mandikhera. *The Lonely Tiger* recounts Allen's encounters with animals of all kinds: snappish tigers in heat; a wounded, angry leopard; a surly, murderous boar; chattering, helpful monkeys; an enraged she-bear protecting her cubs; and a melancholy tiger that has lost his family to poachers. Hugh Allen narrates his adventures in spare, taut and thrilling prose which brings the jungle and the hunt to pulsating life. And while *The Lonely Tiger* is one of the best shikar books to have been ever written, it is also one of the earliest appeals to conserve India's rapidly vanishing wildlife. Appearing in print after a hiatus of more than half a century, *The Lonely Tiger* is a must read.

My First Piano Adventure: Lesson Book A with CD 2007-01-01 (Faber Piano Adventures). Written for ages 5 and 6, *My First Piano Adventure* captures the child's playful spirit. Fun-filled songs, rhythm games and technique activities develop beginning keyboard skills. Three distinguishing features of the Lesson Book A make it unique and effective for the young 5-6 year old beginner. 1. A strong focus on technique embedded in the book through playful technique games, chants, and carefully-composed pieces that gently lead the child into pianistic motions. 2. An outstanding CD for the young student to listen, sing, tap, and play along with at the piano. The orchestrated songs on the CD feature children singing the lyrics, which has great appeal to the 5-6 year old beginner. The CD becomes a ready-made practice partner that guides the student and parent for all the pieces and activities in the books. 3. The fanciful art features five multi-cultural children who are also learning to play. These friends at the piano introduce basic rhythms, white key names, and a variety of white and black-key songs that span classical, folk, and blues. Young students will listen, sing, create, and play more musically with Nancy and Randall Faber's *My First Piano Adventure, Lesson Book A*. The Lesson Book introduces directional pre-reading, elementary music theory and technique with engaging songs, games, and creative discovery at the keyboard. Young students will enjoy the multi-cultural "friends at the piano" who introduce white-key names, basic rhythms, and a variety of songs which span classical, folk, and blues. Ear-training and eye-training are also part of the curriculum. The Fabers' instructional theory "ACE" - Analysis, Creativity, and Expression, guides the pedagogy of *My First Piano Adventure*. Analysis leads to understanding, creativity leads to self-discovery, and expression develops personal artistry. The CD for this book offers a unique listening experience with outstanding orchestrations and vocals. The recordings demonstrate a key principle of the course: when children listen, sing, tap, and move to their piano music, they play more musically. View Helpful Introductory Videos Here

As for Black George, such a good horse, it turns out he's a natural jumper. When he and Abby clear four feet easy as pie, heads start to turn at the ring-buyers' heads—and Abby knows Daddy won't turn down a good offer. Then a letter arrives from a private investigator, and suddenly Abby stands to lose not one horse but two. The letter states that Jack's mare may have been sold to the Lovitts as stolen goods. A mystery unfolds, more surprising than Abby could ever expect. Will she lose her beloved Jack to his rightful owners? 'Jane Smiley is one of the premiere novelists of her generation, possessed of a mastery of craft and an uncompromising vision that grows more powerful with each book.' Washington Post

Irish Children's Literature and Culture Keith O'Sullivan 2011-03-17 *Irish Children's Literature and Culture* looks critically at Irish writing for children from the 1980s to the present, examining the work of many writers and illustrators and engaging with major genres, forms, and issues, including the gothic, the speculative, picturebooks, ethnicity, and globalization. It contextualizes modern Irish children's literature in relation to Irish mythology and earlier writings, as well as in relation to Irish writing for adults, thereby demonstrating the complexity of this fascinating area. What constitutes a "national literature" is rarely straightforward, and it is especially complex when discussing writing for young people in an Irish context. Until recently, there was only a slight body of work that could be classified as "Irish children's literature" in comparison with Ireland's contribution to adult literature in the twentieth century. The contributors to the volume examine a range of texts in relation to contemporary literary and cultural theory, and children's literature internationally, raising provocative questions about the future of the topic. *Irish Children's Literature and Culture* is essential reading for those interested in Irish literature, culture, sociology, childhood, and children's literature. Valerie Coghlan, Church of Ireland College of Education, Dublin, is a librarian and lecturer. She is a former co-editor of *Bookbird: An International Journal of Children's Literature*. She has published widely on Irish children's literature and co-edited several books on the topic. She is a former board member of the IRSCL, and a

founder member of the Irish Society for the Study of Children's Literature, Children's Books Ireland, and IBBY Ireland. Keith O'Sullivan lectures in English at the Church of Ireland College of Education, Dublin. He is a founder member of the Irish Society for the Study of Children's Literature, a former member of the board of directors of Children's Books Ireland, and past chair of the Children's Books Ireland/Bisto Book of the Year Awards. But when a fussy, grouchy, messy rabbit comes to stay, she discovers they aren't necessarily as adorable as they seem. Tippoo Sultan's Incredible White-Man-Eating Tiger Toy-Machine!!! Daljit Nagra 2011-08-18 Look We Have Coming to Dover!, the remarkable debut by Daljit Nagra, marked the arrival of a thrilling new voice in poetry and won the Forward Prize for Best First Collection along the way. In this, his second volume, his writing shows every bit the same verve and excitement that made his first book an unmissable event. Tippoo Sultan's Incredible White-Man-Eating Tiger Toy-Machine!!! takes its cue from the eighteenth-century automaton (a tiger savaging a British soldier) in a series of poems that begin at the throat of the old British Empire. In these vivid, real and sometimes surreal pieces, Daljit Nagra creates his own inimitable linguistic bhaji: where Shakespeare meets the Subcontinent in a range of forms from English sonnets to spectacular displays of 'bollyverse' or the tender love songs of the monsoon. The poems take their bearings from cornershops and classrooms, the strange, part-arcadian, part-hellish streets of 'Londonstan' and the places where the north of England collides with the Punjab: from Larkin to the ladoos in Raja t'Wonder Dog. Little escapes Nagra's tigerish gaze: race relations, family feuds, cultural inheritance, religious bigotry, the British honours system, Rudyard Kipling, the blurring of Kevin Keegan with Kabbadi. Comic, hard-hitting, passionate, satirical, Daljit Nagra has written a book that is as powerfully thought-provoking as it is delightful.

Taken Away Celine Kiernan 2011 I think the fire changed us - me and Dom. Though I didn't feel much different at first, I think something inside of us opened up, or woke up. I think, all at once, we began to understand how easily things are broken and taken and lost. It was like walking through a door: on one side was the warm, cosy sitting room of our childhood; on the other, a burnt-out shell of ash and char. I think that's how the goblin boy was able to see us. Though he'd been there for every summer of our childhood - mine and Dom's - we'd only been stupid boys until then. Stupid, happy, ignorant boys. And what in hell would he have had in common with two stupid boys? But after the fire we were different. We were maybe a little bit like him. And so he saw us, at last, and he thought he'd found a home...

NurtureShock Po Bronson 2009-09-03 In a world of modern, involved, caring parents, why are so many kids aggressive and cruel? Where is intelligence hidden in the brain, and why does that matter? Why do cross-racial friendships decrease in schools that are more integrated? If 98% of kids think lying is morally wrong, then why do 98% of kids lie? What's the single most important thing that helps infants learn language? NurtureShock is a groundbreaking collaboration between award-winning science journalists Po Bronson and Ashley Merryman. They argue that when it comes to children, we've mistaken good intentions for good ideas. With impeccable storytelling and razor-sharp analysis, they demonstrate that many of modern society's strategies for nurturing children are in fact backfiring--because key twists in the science have been overlooked. Nothing like a parenting manual, the authors' work is an insightful exploration of themes and issues that transcend children's (and adults') lives.

Children of the New World Alexander Weinstein 2016-09-13 Includes "After Yang," the basis for the acclaimed A24 film *After Yang*, starring Colin Farrell, Jodie Turner-Smith, and Haley Lu Richardson, and directed by Kogonada. A New York Times Notable Book "A darkly mesmerizing, fearless, and exquisitely written work. Stunning, harrowing, and brilliantly imagined." —Emily St. John Mandel, author of *Station Eleven* Children of the New World introduces readers to a near-future world of social media implants, memory manufacturers, dangerously immersive virtual reality games, and alarmingly intuitive robots. Many of these characters live in a utopian future of instant connection and technological gratification that belies an unbridgeable human distance, while others inhabit a post-collapse landscape made primitive by disaster, which they must work to rebuild as we once did millennia ago. In "The Cartographers," the main character works for a company that creates and sells virtual memories, while struggling to maintain a real-world relationship sabotaged by an addiction to his own creations. In "After Yang," the robotic brother of an adopted Chinese child malfunctions, and only in his absence does the family realize how real a son he has become. Children of the New World grapples with our unease in this modern world and how our ever-growing dependence on new technologies has changed the shape of our society. Alexander Weinstein is a visionary and singular voice in speculative fiction for all of us who are fascinated by and terrified of what we might find on the horizon.

A Practical Guide for Raising a Self-Directed and Caring Child Louis J. Lichtman 2011-04 Countering the "Tiger Mother" parenting style, this research-based, practical guide provides an excellent framework for raising competent and compassionate children. In an era of "helicopter" parents-moms and dads who constantly hover over their children to monitor and manage their lives-and our culture's focus on personal gain and corporate greed, there is great need for a parenting guide that outlines how to raise children who are well adjusted. A Practical Guide for Raising a Self-Directed and Caring Child fills that void. In response to Amy Chua's recent bestseller, *Battle Hymn of the Tiger Mother*, psychologist Louis J. Lichtman, PhD, presents a compelling case for the notion that children will be more successful if they are self-directed rather than parent-controlled. Through anecdotes and research studies, Lichtman illustrates how to build a child's self-esteem and delves into how parenting styles and disciplinary practices influence a child's behavior and character. Lichtman also gives special attention to the topics of achievement, parenting during the adolescent years, and how family structure impacts children. In addition, Lichtman discusses how to avoid common parenting mistakes, issues to consider before deciding to become a parent, and how to give children the best possible start in life. Designed to help parents develop a set of guiding parenting principles, this guide is applicable to all situations and to children of all ages. A Practical Guide for Raising a Self-Directed and Caring Child offers a solid, comprehensive resource for today's parents.

Then Dog Cullen and his sidekick, Kit, turn up, and the four friends begin to sneak out at midnight to go down to the beach, daring each other to swim closer and closer to the creature . . . What Happened to You? James Catchpole 2021-03-30 The first ever picture book addressing how a disabled child might want to be spoken to. What happened to you? Was it a shark? A burglar? A lion? Did it fall off? Every time Joe goes out the questions are the same . . . what happened to his leg? But is this even a question Joe has to answer? A ground-breaking, funny story that helps children understand what it might feel like to be seen as different. 'A revolutionary book on disability.' Inclusive Storytime 'Catchpole's beautifully judged, child-friendly words ably evoke the fatigue and wariness of repeatedly being asked the same question rather than simply being accepted and allowed to play, while George's warm images amplify the delight of shared imagination.' The Guardian 'Wonderful, delightful and important. [...] Not only will it help nondisabled adults and children understand what it is like to be singled out for being different, but it will empower disabled children and help them realise they don't have to justify themselves to people they don't know.' Jen Campbell, bestselling author of Franklin's Flying Bookshop 'With beautifully characterful illustrations and plenty of calming white space, it exudes gentle energy and humour to appeal to every child. This is a stunningly clever book.' BookTrust 'The beauty of What Happened to You? is its focus on empathy... a brilliant book to open up the conversation with pre-school kids.' Disability Arts Online 'A groundbreaking picture book reflecting the world of a visibly disabled child... a funny and very enjoyable read that will nevertheless perform an urgently needed task and generate very useful discussion at home and school.'
