A Thousand Pieces of Gold Adeline Yen Mah 2002-10-08 A

Thousand Pieces of Gold is a cultural memoir as well as a personal account of China's past, illustrated by proverbs taken from a fascinating period of history when China was ruled by the First Emperor, Qin Shihuang (259–210 B.C.E.), the sovereign who united China, built the Great Wall, and standardized the Chinese language. New York Times bestselling author Adeline Yen Mah combines fascinating historical insights with personal stories from her own life to show the enduring relevance and influence of proverbs in Chinese life, even to the present day. Yen Mah recreates a lost world in which warlords, scholars, and courtiers plot and counter-plot to create some of the world's greatest dramas. Her unique perspective creates a window into the Chinese mind, enabling Western readers to better comprehend Chinese thought and culture, while being mesmerized by stories first told by the legendary historian Sima Qian, China's Herodotus. Combining probing historical analysis with stories of tremendous personal insight, *A Thousand Pieces of Gold* is a work of heartfelt intimacy and a singularly authentic portrait of Chinese culture.

A Hundred Little Pieces on the End of the World John Rember
2020-03-15 Written with clarity, tenacity, humor, and warmth, *A Hundred Little Pieces on the End of the World* attempts to find tolerable ethical positions in the face of barely tolerable events—and the real possibility of an intolerable future. It is a compelling, surprising, disturbing, and highly literate work of reportage and contemplation. It is both a collection of gentle-spirited wisdom and a rumination on ruin, as if distilled in equal measure from the spirits of Norman Maclean's *A River Runs Through It* and Cormac McCarthy's *The Road*. Through these ten essays, each further broken into ten smaller pieces, Rember examines the practical and ethical dilemmas of climate change, population, resource depletion, and mass extinction. At the same time, he never forgets those improbable connections between human beings that lead to moments of joy, empathy, and grace.

Gabi, a Girl in Pieces Isabel Quintero 2014-10-14 Gabi's a girl in pieces. She wants a lot of things. Will she find the thing she needs most?

Pieces for the Left Hand J. Robert Lennon 2010-08-31 Finally available in the United States, a singular story collection that Time Out declared "unsettlingly brilliant" Astudent's suicide note is not what it seems. A high school football rivalry turns absurd—and deadly. A much-loved cat seems to have been a different animal all along. A pair of identical twins aren't identical at all—or even related. A man finds his own yellowed birth announcement inside a bureau bought at auction. Set in a small upstate New York town, told in a conversational style, *Pieces for the Left Hand* is a stream of a hundred anecdotes, none much longer than a page. At once funny, bizarre, familiar, and disturbing, these deceptively straightforward tales nevertheless shock and amaze through uncanny coincidence, tragic misunderstanding, strange occurrence, or sudden insight. Unposted letters, unexpected visitors, false memories—in J. Robert Lennon's vision of America, these are the things that decide our fate. Wry and deadpan, powerful and philosophical, these addictive little tales reveal the everyday world as a strange and eerie place.

Artful Ali Smith 2013-01-24 "A stimulating combination of literary criticism, essay, and fiction" (*The New Yorker*) from the incomparable Ali Smith *Artful* is a celebration of literature's worth in and to the world—it is about the things art can do, the things art is made of, and the quicksilver nature of all artfulness. A magical hybrid that refuses to be tied down to either fiction or the essay form, *Artful* is narrated by a character who is haunted—literally—by a former lover, the writer of a series of lectures about art and literature. Ali Smith's heady powers as a novelist and short story writer harmonize with her keen

A Hundred Small Lessons Ashley Hay 2017-11-28 Through the richly intertwined narratives of two women from different generations, Ashley Hay, known for her "elegant prose, which draws warm and textured portraits as it celebrates the web of human stories" (New York Times Book Review) weaves an intricate, bighearted tale of the many small decisions—the invisible moments—that come to make a life. "Readers who loved the quiet introspection of Anita Shreve's *The Pilot's Wife* and Elizabeth Strout's *Olive Kitteridge* will enjoy the detailed emotional journeys of Hay's characters. Their stories will linger long after the final page is turned" (Library Journal). When Elsie Gormley falls and is forced to leave her Brisbane home of sixty-two years, Lucy Kiss and her family move in, eager to make the

house their own. Still, Lucy can't help but feel that she's unwittingly stumbled into an entirely new life—new house, new city, new baby—and she struggles to navigate the journey from adventurous lover to young parent. In her nearby nursing facility, Elsie traces the years she spent in her beloved house, where she too transformed from a naïve newlywed into a wife and mother, and eventually, a widow. Gradually, the boundary between present and past becomes more porous for her, and for Lucy—because the house has secrets of its own, and its rooms seem to share with Lucy memories from Elsie's life. Luminous and deeply affecting, *A Hundred Small Lessons* is a “lyrically written portrayal” (BookPage, Top Pick) of what it means to be human, and how a place can transform who we are. It's about a house that becomes much more than a home, and the shifting identities of mother and daughter; father and son. Above all else, this is a story of the surprising and miraculous ways that our lives intersect with those who have come before us, and those who follow.

he has arrived. She knows he will want the loveliest girl: her sister. She vows she will not let her be next. And so she is taken in her sister's place, and she believes death will soon follow. But back in their village her sister is mourning. Through her pain, she calls upon the desert winds, conjuring a subtle unseen magic, and something besides death stirs the air in its place. Lo-Melkhiin's court is a dangerous palace filled with pretty things: intricate statues with wretched eyes, exquisite threads to weave the most beautiful garments. She sees everything as if for the last time. But the first sun sets and rises, and she is not dead. Night after night Lo-Melkhiin comes to her, and listens to the stories she tells and day after day she is awoken by the sunrise. Exploring the palace, she begins to unlock years of fear that have tormented and silenced a kingdom. Lo-Melkhiin was not always a cruel ruler. Something went wrong. The words she speaks to him every night are given strange life of their own. She makes things appear. Little things, at first: a dress from home, a vision of her sister. With each tale she spins, her power grows. Soon she dreams of bigger, more terrible magic: power enough to save a king, if she can put an end to rule of a monster.

The Hundred-Year House Rebecca Makkai 2015-05-26 From the acclaimed author of *The Great Believers*, an original, mordantly witty novel about the secrets of an old-money family and their turn-of-the-century estate, Laurelfeld. Meet the Devohrs: Zee, a Marxist literary scholar who detests her parents' wealth but nevertheless finds herself living in their carriage house; Gracie, her mother, who claims she can tell your lot in life by looking at your teeth; and Bruce, her step-father, stockpiling supplies for the Y2K apocalypse and perpetually late for his tee time. Then there's Violet Devohr, Zee's great-grandmother, who they say took her own life somewhere in the vast house, and whose massive oil portrait still hangs in the dining room. Violet's portrait was known to terrify the artists who resided at the house from the 1920s to the 1950s, when it served as the Laurelfeld Arts Colony—and this is exactly the period Zee's husband, Doug, is interested in. An out-of-work academic whose only hope of a future position is securing a book deal, Doug is stalled on his biography of the poet Edwin Parfitt, once in residence at the colony. All he needs to get the book back on track—besides some motivation and self-esteem—is access to the colony records, rotting away in the attic for decades. But when Doug begins to poke around where he
