**Polpette (di carne, pesce, verdure)** Artemisia Abbondanza 2012-11-05T00:00:00+01:00 Nessun piatto più delle polpette sa di mamma, quindi di casa: per questo motivo, in Italia e in tutto il mondo, sono così amate. Pochi piatti sono tanto eclettici, pochi altrettanto economici, pochi così buoni. Oggi le polpette sono diventate di moda e in questo libro vi proponiamo una serie di ricette: a base di carne, pesce o verdure, dolci, classiche o meno, sempre ghiotte. Siamo certi che ognuna vi saprà soddisfare. Come tutti i piatti di Artemisia, anche questi sono facili e veloci da preparare, il più possibile leggeri, utilizzano i prodotti di mercato e rispettano la stagionalità. Nella certezza che un pizzico di inventiva e di disponibilità al nuovo ci vuole.

**Dimagrire: una scelta consapevole** Emanuela Scanu 2013-05-07 Questo non è un altro libro sulle diete. Certo, si parla di cibo, di alimentazione, ma principalmente si parla di cambiamenti che devono avvenire dentro di voi, se volete veramente raggiungere l'obiettivo della perdita e del successivo mantenimento del peso corporeo. Se sperate di trovare qui la formula magica, la bacchetta della felicità, rimarrete delusi. Forse non ve ne siete accorti, ma nella vita senza sacrifici non si ottiene nulla. Il percorso proposto è una strada in salita, costellata da mille difficoltà: ma una volta arrivati al traguardo quello che avrete imparato sarà vostro per sempre.

Quality Attributes and their Measurement in Meat, Poultry and Fish Products A. M. Pearson 2013-11-09 The theme for this volume was chosen because no previous book has discussed the quality attributes of meat, poultry and fish and the methods that can be utilized for their measurement. The topics are not only timely but of great importance. Chapter I provides an introduction to the topic and presents a brief overview of the subject to be discussed. The next two chapters review information on the importance of color and some color problems in muscle foods, and explains the basis of color vision and perception of color before describing the methods that may be used for its measurement. The following chapter discusses water binding and juiciness and their importance, while Chapter 5 provides the first intensive modern review on measurement of juiciness that has been published (to the knowledge of the author and editors). Chapter 6 reviews the physiology and psychology of flavor and aroma, which serves as a background for further discussion on the flavor and aroma of foods. The next chapter discusses the chemistry of flavor and aroma in muscle foods, while measurement of flavor and aroma are covered in Chapter 8. Chapter 9 reviews the species-specific meat flavors and aromas. Chapter 10 reviews some flavor and aroma problems in muscle foods and their measurement.

**A Dictionary of English and Italian Equivalent Proverbs** Teodor Flonta 2011-10-29 This dictionary assembles 2,513 English proverbs and their Italian equivalents. Equivalent proverbs are those which express the same concept, be it literally, such as "Love is blind" = "L'amore è cieco," or with completely different words, such as "Every cloud has a silver lining" = "Non tutto il male viene per nuocere." The Dictionary is a very useful reference tool for scholars of the two languages, for researchers working in various associated fields such as linguistics, literature, folklore, anthropology, psychology, sociology, history, and for workers in newer areas such as advertising and contemporary media. The Dictionary is also of interest to diplomats and politicians who try to improve their communication by sharing ideas formulated in some common meaningful expressions; it will assist interpreters and translators, and teachers and students for whom it is important to understand not only what the target culture expresses in the same way as their own, but also what is formulated in a different way. The Dictionary is also of benefit to non-professionals who, for the sheer enjoyment of it, wish to savour the wisdom, wit, poetry and the colourful language of proverbs.

Mi piaci molto! Ti va se ci vediamo ancora?—(I like you very much! Shall we see each other again?) Answer this correctly in Italian and you may be going on a hot date. Incorrectly, and you could be hurting someone's feelings or getting a slap! Italian Language classes and textbooks tend to spend a lot of time rehearsing for the same fictitious scenarios but chances are while in Italy you will spend a lot more time trying to make new friends or start new romances—something you may not be prepared for. This friendly and easy-to-use Italian phrasebook makes this possible. Making Out in Italian has been carefully designed to act as a guide to modern colloquial Italian for use in everyday informal interactions—giving access to the sort of catchy Italian expressions that aren't covered in traditional language materials. Each expression is given in Italian so that in the case of difficulties the book can be shown to the person the user is trying to communicate with. In addition, phonetic spellings of all words and phrases are included, making speaking Italian a breeze. For example, "Hi!"—ciao is also written as chah-oh. This Italian phrasebook includes: A guide to pronouncing Italian words correctly including double consonants and syllable stresses. **A Dictionary of English and Romance Languages Equivalent Proverbs** Teodor Flonta This dictionary assembles 3,246 English proverbs and thousands of equivalents in five national Romance languages: French, Italian, Spanish, Portuguese and Romanian. The Dictionary is a very useful reference tool for scholars of these languages, for researchers working in various associated fields such as linguistics, literature, folklore, anthropology, psychology, sociology, history, and for workers in newer areas such as advertising and contemporary media. The Dictionary is also of benefit to diplomats and politicians who try to improve their communication by sharing ideas formulated in some common meaningful expressions; it will assist interpreters and translators, and teachers and students for whom it is important to understand not only what the target culture expresses in the same way as their own, but also what is formulated in a different way. Finally, the Dictionary will be of great interest to non-professionals who, for the sheer enjoyment of it, wish to savour the wisdom, wit, poetry and the colourful language of proverbs.
