Uncle Petros and Goldbach's Conjecture Apostolos Doxiadis 2012-11-15 Uncle Petros is a family joke. An ageing recluse, he lives alone in a suburb of Athens, playing chess and tending to his garden. If you didn't know better, you'd surely think he was one of life's failures. But his young nephew suspects otherwise. For Uncle Petros, he discovers, was once a celebrated mathematician, brilliant and foolhardy enough to stake everything on solving a problem that had defied all attempts at proof for nearly three centuries - Goldbach's Conjecture. His quest brings him into contact with some of the century's greatest mathematicians, including the Indian prodigy Ramanujan and the young Alan Turing. But his struggle is lonely and single-minded, and by the end it has apparently destroyed his life. Until that is a final encounter with his nephew opens up to Petros, once more, the deep mysterious beauty of mathematics. Uncle Petros and Goldbach's Conjecture is an inspiring novel of intellectual adventure, proud genius, the exhilaration of pure mathematics - and the rivalry and antagonism which torment those who pursue impossible goals.

Consulting Pupils Julia Flutter 2004-03-04 Consulting Pupils considers the potential benefits and implications of talking to students about teaching and learning in school, exploring its impact at different levels. Key issues included are: \* the importance of engaging young learners in a focused dialogue about learning \* the role of pupil consultation in helping schools to develop new directions for improvement \* the wider implications of pupil consultation and participation in teaching the principles of citizenship and democracy. Through examples of pupil consultation initiatives in primary and secondary schools, the authors demonstrate how an agenda for change based on pupils' perspectives on teaching and learning can be used to improve classroom practice. Part of the What's In It For Schools series aimed at making educational policy issues relevant to practitioners, this book will be a valuable resource for practitioners, students and researchers interested in exploring pupils' perspectives on teaching and learning.

The Comrade from Milan Rossana Rossanda 2020-10-27 In this much-lauded memoir, acclaimed for its blend of literary elegance and political passion, Rossana Rossanda, a legendary figure on the Italian left, reflects on a life of radical commitment. Active as a communist militant in the Italian Resistance against fascism during World War Two, Rossanda rose rapidly in its aftermath, becoming editor of the Communist Party weekly paper and a member of parliament. Initially a party loyalist, she was critical of the party's conservatism in the face of new radical movements and moved into opposition during the late 1960s. The breach widened after she and others publicly opposed the Soviet invasion of Czechoslovakia, and were expelled in 1969. She went on to help found the influential paper *il manifesto*, which remains the most critical daily in Berlusconi's Italy. Her unique experience enables her to reconstruct that period with flair and authority. She paints a revealing picture of fascism, communism, post-war reconstruction and the revolts that shook Europe in the 1960s. In *The Comrade from Milan*, one of the most influential intellectuals of the European Left relives the storms of the twentieth century. Both cool-headed and precise, Rossanda provides a rare insight into what it once meant to be politically engaged.

The Poems of Giacomo Leopardi (Esprios Classics) Giacomo Leopardi 2021-02-25 Giacomo Leopardi (Recanati June 29, 1798 - Naples June 14, 1837) was an Italian poet, essayist, philosopher, and philologist. He is considered one of the greatest poets of the 19th century. Even if he lived in a secluded town in the ultra-conservative Papal States, he came in touch with the main thoughts of the Enlightenment, and, by his own literary evolution, created a remarkable, renowned and pessimist poetic work, related to the Romantic era.

Faith and the Future Pope Benedict XVI 2010-05-11 Increasingly, the future is becoming a theme for theological reflection. In the background we can detect a growing concern among many people for the future of faith. Does faith have any future at all, and, if so, where in all the confusion of today's trends will we discover its embryo? But the problem of the future assails not only the believer. In the ever more rapidly advancing process of historical evolution, man is confronted with enormous opportunities, but also with colossal perils. For him, the future is not only hope, but sorrow a nightmare, indeed. He cannot avoid asking what part faith can play in building tomorrow's world. Joseph Ratzinger, now Pope Benedict XVI, approaches this problem of universal concern from a variety of angles, bringing his deep personal faith and theological brilliance to bear on these serious questions.

Capitalist Realism Mark Fisher 2009-11-27 After 1989, capitalism has successfully presented itself as the only realistic political-economic system - a situation that the bank crisis of 2008, far from ending, actually compounded. The book analyses the development and principal features of this capitalist realism as a lived ideological framework. Using examples from politics, films, fiction, work and education, it argues that capitalist realism colours all areas of contemporary experience. But it will also show that, because of a number of inconsistencies and glitches internal to the capitalist reality program capitalism in fact is anything but realistic.

The House of Others Silvio D'Arzo 1995 The illegitimate son of a fortune teller, Ezio Comparoni (1920-52) never knew his father, rarely left his home town, and admitted no one to his home. His deliberate obscurity was compounded by his use of many pseudonyms, including Silvio d'Arzo, under which he wrote the remarkable novella and three stories collected in *The House of Others*. The novella *The House of Others* is among the rare perfect works of twentieth century fiction. In a desolate mountain village an old woman visits the parish priest, ostensibly to ask about dissolving a marriage. Gradually, as she probes for information on "special cases"--cases in which what is obviously wrong can also be irrefutably right--it becomes clear her true question is whether or not she might take her own life. The question is metaphysical, involving not only the woman's life but the priest's; and to it he has no answer.

**Artemisia** Anna Banti 1995-01-01 Artemisia Gentileschi, born in 1598, the daughter of an esteemed painter, taught art in Naples and painted the great women of Roman and biblical history: Esther, Judith, Cleopatra, Bathsheba. She also painted the rich and royal, but her wealthy male patrons wanted admiration while her women models wanted disguise. This woman, who had been violated in her youth and reviled as a rap victim in a public trial before going off to heretical England, who was rejected by her father and later abandoned by her husband and misunderstood by her daughter, who could not read or write but who could only paint--this woman was one of the first modern times to uphold through her work and deeds the right

of women to pursue careers compatible with their talents and on an equal footing with men. Artemisia lives again in Anna Banti's novel, which was first published to critical acclaim in Italy in 1947 (Banti was the pseudonym of Lucia Lopresti, 1895-1978). Recognized as a consummate stylist, she was one of the most successful women writers in Italy before the resurgence of the feminist movement. Although Artemisia describes life in seventeenth-century Rome, Florence, and Naples, the time setting of the novel is, in a deeper sense, a historical, merging as it does the experience of a woman dead for three centuries with the terrors of World War II experienced by the author. Shirley D'Ardia Caracciolo's English translation of Banti's novel skillfully renders its complexity and poignancy as a study of courage.

The Book of Disquiet: The Complete Edition Fernando Pessoa 2017-08-29 For the first time—and in the best translation ever—the complete Book of Disquiet, a masterpiece beyond comparison The Book of Disquiet is the Portuguese modernist master Fernando Pessoa's greatest literary achievement. An "autobiography" or "diary" containing exquisite melancholy observations, aphorisms, and ruminations, this classic work grapples with all the eternal questions. Now, for the first time the texts are presented chronologically, in a complete English edition by master translator Margaret Jull Costa. Most of the texts in The Book of Disquiet are written under the semi-heteronym Bernardo Soares, an assistant bookkeeper. This existential masterpiece was first published in Portuguese in 1982, forty-seven years after Pessoa's death. A monumental literary event, this exciting, new, complete edition spans Fernando Pessoa's entire writing life.

The Mother's Hands: Desire, Fantasy and the Inheritance of the Maternal Massimo Recalcati 2019-06-04 In this book the bestselling author and psychoanalyst Massimo Recalcati offers a fundamental re-examination of what 'being a mother' means today, in a world where new social and sexual freedoms mean that motherhood is no longer the sole destiny of women. Questioning the belief that a mother's love is natural and unconditional, he paints a more complex and troubling picture of the mother-child relationship, observing that mothers may even resent their children as a result of unresolved conflicts between different dimensions of love. The mother's hands not only nurture but can also potentially harm. Recalcati argues that it is precisely in these competing demands that motherhood fulfils its function: only if the mother is 'not-all-mother' can a child experience the absence that enables it to access the symbolic and cultural world. Recalcati cuts through conventional wisdom to offer a fresh perspective on the changing nature of motherhood today. An international bestseller, this book will appeal to a wide general readership, as well as to students and scholars of gender studies, psychoanalysis and related disciplines.

The Swallows of Monte Cassino Frederika Randall 2013-10-14 The Strega Prize-winning author of *The Girl with a Leica* delivers a novel that hinges on one of the bloodiest World War II battles and those who fought it. In this highly original novel, Janeczek retells the four-month-long Battle of Monte Cassino from the point of view of the Maori, Gurkha, Polish, North African, small-town American and other Allied foot soldiers who fought and died under German fire near that 6th century Benedictine abbey. Twined through the battle is another story, a memory of the drowned and the saved in Janeczek's own family in wartime Eastern Europe, where Jews who did not go to Nazi death camps went to Soviet gulag camps, and sometimes survived, and even went on to fight at Monte Cassino. A powerful reflection on all the ways that rights can be taken from us. "Helena Janeczek's novel is this: a tattoo etched on the skin, and not painlessly. A vast design that brings together threads from all the various lives that converged in that legendary battle. The beauty of her tale lies in its structure, the way opposites converge: the chaos of battle and the silence of the defeated, ordinariness and the heroism of the powerless, carefully guarded memory and impetuous youth, the past perpetually intertwined with the present." —Roberto Saviano, author of *Gomorra*

**Separate Rooms** Pier Vittorio Tondelli 2004 Leo is an Italian writer in his thirties. Thomas, his German lover, is dead. On a plane to Munich, Thomas's home town, Leo slips into a reverie of their meeting and life in Paris, nights in Thomas's flat in Montmartre and a desperate, drug-induced flight through the forests of northern France that spells the end for Leo and Thomas' languid, erotic life together. Leo travels to find anonymity. Structured in three musical movements, *Separate Rooms* is a story of ideal love, broken by absence and separation. When Thomas was alive, he and Leo had separate rooms in order to preserve the urgency of their passion. Now, Leo faces solitude, the impossible striving of memory to recreate life and the hostility of a prejudiced world. *Separate Rooms*, Tondelli's last book, is a powerful novel of the strength of love and the trauma of death.

Under Arturo's Star Stefania Lucamante 2006 Elsa Morante has long been recognized internationally as one of the most significant, innovative, and important writers of the 20th century Italy. Nonetheless, there has, to date, been no full-length study in English dedicated to her work. Critical perspectives on Morante's literary achievement have shifted dramatically in recent years, and while this volume proposes to offer the first comprehensive evaluation of Morante to appear outside Italy, it also aims to take into account modern critical and theoretical developments. The authors' aim is to underline Morante's centrality in a broader context which goes beyond Italian national frontiers and deserves critical attention across a range of transcultural disciplines, departing from the traditional realm of philological analysis to encompass approaches informed by cultural and interdisciplinary studies. This volume gives a comprehensive insight into current thinking on and understanding of Elsa Morante's work. This book places her work in a much wider context of European culture, and traces her influence on a younger generation of writers.

*Stasiland* Anna Funder 2015-10-29 *Stasiland* tells true stories of people who heroically resisted the communist dictatorship of East Germany, and of people who worked for its secret police, the Stasi. Internationally hailed as a classic, it is 'fascinating, entertaining, hilarious, horrifying and very important' (Tom Hanks) and 'a heartbreaking, beautifully written book.' (Claire Tomalin). East Germany was one of the most intrusive surveillance states of all time. One in 7 people spied on their friends, family and colleagues. In 'the most humane and sensitive way' (J.M. Coetzee) Funder tells the true stories of four people who had the extraordinary courage to refuse to collaborate with the Stasi, and the price they paid. She meets Miriam Weber, who was imprisoned at 16 after scaling the Berlin Wall. She drinks with the legendary "Mik Jagger" of the Eastern Bloc who was 'disappeared'. And she finds former Stasi men who defend their regime long past its demise, and yearn for the second coming of Communism. *Stasiland* won the Samuel Johnson Prize for best non-fiction published in English in 2004. It was a finalist for the Guardian First Book Award, the W.H. Heinemann Award, the Index Freedom of Expression Awards, The Age Book of the Year Awards, the Queensland Premier's Literary Award and the Adelaide Festival Awards for Literature (Innovation in Writing). It is read in schools and universities in many countries, and has been adapted for CD and the stage by The National Theatre, London.

He falls in love with Merete, a ceramicist, and moves in with her and her young daughter. It analyzes the development by focusing on both the interior and the external influences. Italian mathematics in that period was shaped by a colorful array of strong personalities who concentrated their efforts on a select number of fields and won international recognition and respect in an incredibly short time. Consequently, Italy was considered a third mathematical power after France and Germany.
