**Heroes of the Valley** Jonathan Stroud 2010 YA. Adventure fiction. Fantasy fiction. Listen then, and I'll tell you again of the Battle of the Rock. But none of your usual wriggling, or I'll stop before I've begun . . . Halli loves the old stories from when the valley was a wild and dangerous place - when the twelve legendary heroes stood together to defeat the ancient enemy, the bloodthirsty Trows. Halli longs for adventure but these days the most dangerous thing in the valley is boredom. He tries to liven things up by playing practical jokes. But when one of his jokes goes too far, he reawakens an old blood feud and finds himself on a hero's quest after all. Along the way he meets a ruthless thief, a murderous rival, and a girl who may just be as fearless as he is . Jonathan Stroud has created an epic saga with a funny, unique spin, and an unforgettable anti-hero.

Dry Season Gabriela Babnik 2015 Gabriela Babnik's novel *Dry Season* breaks the mould of what we usually expect from a writer from a small, Central European nation. With a global perspective, Babnik takes on the themes of racism, the role of women in modern society and the loneliness of the human condition. *Dry Season* is a record of an unusual love affair. Anna is a 62-year-old designer from Slovenia and Ismael is a 27-year-old from Burkino Faso who was brought up on the street, where he was often the victim of abuse. What unites them is the loneliness of their bodies, a tragic childhood and the dry hamartan season, during which neither nature nor love is able to flourish. She soon realizes that the emptiness between them is not really caused by their

skin colour and age difference, but predominantly by her belonging to the Western culture in which she has lost or abandoned all the preordained roles of daughter, wife and mother. Sex does not outstrip the loneliness and repressed secrets from the past surface into a world she sees as much crueller and, at the same time, more innocent than her own. Cleverly written as an alternating narrative of both sides in the relationship, the novel is interlaced with magic realism.

**Pininfarina 90 anni. Ediz. italiana e inglese** Giorgio Nada

Editore Srl 2020 On the occasion of the 90th anniversary of Pininfarina, a marque synonymous with style and elegance applied to car design, Pininfarina is a book that surveys, for the first time, the entire output of the Turin coachbuilder, model by model. Produced in close collaboration with the company, it draws on invaluable photographic material accompanying brief contextualising texts. Tracing the history of Pininfarina from its origins to the present day entails reviewing some of the most iconic models in automotive history: from the numerous Ferraris bodied by the historic partner of the Maranello firm to cars such as the Cisitalia 202, the Lancia Aurelia, the Alfa Romeo Duetto and 164, the Maserati GranTurismo through to the current models born under the aegis of the Indian firm Mahindra. The book also covers the numerous Pininfarina concept cars that have written glorious pages in the history of design, raising the bar every time in terms of the excellence of the car product.

**The Disavowed Community** Jean-Luc Nancy 2016-09-01 Over thirty years after Maurice Blanchot writes *The Unavowable Community* (1983)—a book that offered a critical response to an early essay by Jean-Luc Nancy on “the inoperative community”—Nancy responds in turn with *The Disavowed Community*. Stemming from Jean-Christophe Bailly’s initial proposal to think community in terms of “number” or the “numerous,” and unfolding as a close reading of Blanchot’s text, Nancy’s new book addresses a range of themes and motifs that

mark both his proximity to and distance from Blanchot's thinking, from Bataille's "community of lovers" to the relation between community, communitarianism, and being-in-common; to Marguerite Duras, to the Eucharist. A key rethinking of politics and the political, this exchange opens up a new understanding of community played out as a question of avowal.

**Therapy of Autoimmune Diseases** Julius M. Cruse 1989

Berecche and the War Luigi Pirandello 2000 This represents the first time that Pirandello's Berecche and the War has been translated into the English Language. Pirandello's historical novella, set in the months preceding Italy's entry into the First World War, is amongst much else a highly individual contribution to war literature and historical fiction. As he charts the crisis of those times as it affects the carefully constructed identity of his protagonist, he embarks on a radical questioning of nineteenth-century notions of order, method and discipline. Further, his dialogue with historical narrative leads him to explore and expose the fiction inherent in representing historical reality, and the fictions by which we all live.

**The Broken Mirror** Jonathan Coe 2017-11-02 Can desire really transform reality? From award-winning novelist Jonathan Coe and distinguished Italian artist Chiara Coccoresese comes The Broken Mirror, a political parable for children, a contemporary fairy tale for adults, and a fable for all ages. One day Claire, to escape her quarrelsome parents, takes refuge in the dump behind her house. There she finds a broken mirror, a nasty piece of sharp glass... yet she is strangely drawn to it. She soon discovers it has the power to transform even the most drab reality into a fairy-tale world: the grey sky is reflected blue, and Claire's modest, suburban house is transformed into the most beautiful castle. As Claire grows older, always accompanied by her magic mirror, she can see her face without her teenage acne, and her town before it fell victim to

thieving property developers. But, in reality, libraries are being turned into luxury flats wherever she looks, and the boy Claire loves is instead her worst enemy. Frustrated and angry with the mirror's illusions, Claire is about to destroy it when the mysterious Peter steps in: he has also found a shard of broken mirror, and so begins their journey to piece together the larger puzzle... Previously published in Italian, French, Greek and Dutch, *The Broken Mirror* comes to life in English for the first time, to be read with equal pleasure by children and adults.

Andy Warhol Arthur C. Danto 2009-10-20 "Astutely traces the ripple effects of Warhol's blurring of the lines between commercial and fine art, and art and real life...masterful."—Booklist (starred review) Art critic, philosopher, and winner of a National Book Critics Circle Award Arthur Danto delivers a compact, masterful tour of Andy Warhol's personal, artistic, and philosophical transformations. Danto traces the evolution of the pop artist, including his early reception, relationships with artists such as Jasper Johns and Robert Rauschenberg, and the Factory phenomenon. He offers close readings of individual Warhol works, including their social context and philosophical dimensions, key differences with predecessors such as Marcel Duchamp, and parallels with successors like Jeff Koons. By drawing on subject matter understandable to the ordinary American, Warhol revolutionized the way we look at art. In this book, Danto brings to bear encyclopedic knowledge of Warhol's time and shows us Warhol as an endlessly multidimensional figure—artist, political activist, filmmaker, writer, philosopher—who retains permanent residence in our national imagination.

**From the Dust Returned** Ray Bradbury 2013-06-25 Ray Bradbury, America's most beloved storyteller, has spent a lifetime carrying readers to exhilarating and dangerous places, from dark street comers in unfamiliar cities and towns to the edge of the universe. Now, in an extraordinary flight of the imagination a half-century in the making, he takes us to a most wondrous destination: into the heart of an Eternal Family. They have lived for centuries in a house of legend and mystery in upper Illinois -- and they are not like other midwesterners. Rarely encountered in daylight hours, their children are curious and wild; their old ones have survived since before the Sphinx first sank its paws deep in Egyptian sands. And some sleep in beds with lids. Now the house

is being readied in anticipation of the gala homecoming that will gather together the farflung branches of this odd and remarkable family. In the past-midnight stillness can be detected the soft fluttering of Uncle Einars wings. From her realm of sleep, Cecy, the fairest and most special daughter, can feel the approach of many a welcome being -- shapeshifter, telepath, somnambulist, vampire -- as she flies high in the consciousness of bird and bat. But in the midst of eager anticipation, a sense of doom pervades. For the world is changing. And death, no stranger, will always shadow this most singular family: Father, arisen from the Earth; Mother, who never sleeps but dreams; A Thousand Times Great Grandmère; Grandfather, who keeps the wildness of youth between his ears. And the boy who, more than anyone, carries the burden of time on his shoulders: Timothy, the sad and different foundling son who must share it all, remember, and tell...and who, alone out of all of them, must one day age and wither and die. By turns lyrical, wistful, poignant, and chilling, *From the Dust Returned* is the long-awaited new novel by the peerless Ray Bradbury -- a book that will surely be numbered among his most enduring masterworks.

Mapping Discord Jeffrey N. Peters 2004 *Mapping Discord* examines a series of allegorical maps published in France during the seventeenth century that cast in spatial terms a number of heated aesthetic and social debates. It discusses the convergence of map-making and literary creation in the context of early modern cartographic practice, and demonstrates that the unique language of allegorical cartography raises important theoretical questions about the relations between rationalist discourses of science and the figural designs of imaginative writing. In detailed analyses of the imaginary maps that appeared in seventeenth-century novels and stories, as well as of maps, atlases, and geographic treatises produced by professional scholars and engineers of the period, *Mapping Discord* considers the ideological structure and uses of cartographic language, and

argues that allegorical maps have much to tell us about the potential capacity of every map to operate as a visual metaphor for power. Illustrated, Jeffrey N. Peters is Associate Professor of French at the University of Kentucky.

Atlas of Emotion Giuliana Bruno 2020-05-05 Atlas of Emotion is a highly original endeavour to map a cultural history of spatio-visual arts. In an evocative montage of words and pictures, emphasises that "sight" and "site" but also "motion" and "emotion" are irrevocably connected. In so doing, Giuliana Bruno touches on the art of Gerhard Richter and Annette Messager, the film making of Peter Greenaway and Michelangelo Antonioni, the origins of the movie palace and its precursors, and her own journeys to her native Naples. Visually luscious and daring in conception, Bruno opens new vistas and understandings at every turn.

**The Dogs of the Sinai** Franco Fortini 2013 "Fortini/Cani" presents Fortini reading excerpts from his book, focusing on his alienation from Judaism and social relations, the rise of fascism in Italy, and the anti-Arab attitude of European culture. The Italian landscape provides a backdrop that highlights the meaning of the text.

**Gorsky** Vesna Goldsworthy 2015-10-20 "An impressively accomplished retelling of the Gatsby story," in which a Russian businessman engages an impoverished bookseller's help pursuing a lover. (Los Angeles Review of Books) On a rainy afternoon in London's old Chelsea, a charming multi-billionaire Russian oligarch, Gorsky, walks into an ailing bookshop and writes the first of several quarter-of-a-million pound checks. With that money, Gorsky has tasked Nikola, the store's bored and brilliant clerk, with sourcing books for a massive personal library, which will be housed in the magnificent, palatial home Gorsky happens to be building immediately next to Nikola's own modest dwelling. Gorsky needs a tasteful collection of Russian literature to woo a long-lost love—no matter that she happens to be married to an

Englishman. His passion for her surpasses even his immeasurable wealth, and Nikola will be drawn into a world of opulence, greed, capitalism, sex, and beauty as he helps Gorsky pursue this doomed love. "An accomplished retelling of an American classic." —Tablet "It's a very clever idea: to update "The Great Gatsby" by making the bootlegger into a Russian arms-dealing billionaire and transplanting the action from Jazz Age New York to 21st-century London, a city increasingly shaped by global wealth." —The New York Times Book Review "A tense, witty page-turner." —The Spectator "Entertaining." —New York Journal of Books "[A] kind of novel-length love letter to the written word." —Jewish Book Council

amazing, sad, shocking, but touching novel, based on a real-life event, could be right out of *The Handmaid's Tale*." -Margaret

ideas that touches on the nature of evil, questions of free will, collective responsibility, cultural determinism, and, above all,

forgiveness." -New York Times Book Review, Editors' Choice One

evening, eight Mennonite women climb into a hay loft to conduct

a secret meeting. For the past two years, each of these women,

and more than a hundred other girls in their colony, has been

repeatedly violated in the night by demons coming to punish them

for their sins. Now that the women have learned they were in fact

drugged and attacked by a group of men from their own

community, they are determined to protect themselves and their

daughters from future harm. While the men of the colony are off

in the city, attempting to raise enough money to bail out the rapists and bring them home, these women—all illiterate, without any knowledge of the world outside their community and unable even to speak the language of the country they live in—have very little time to make a choice: Should they stay in the only world they've ever known or should they dare to escape? Based on real events and told through the “minutes” of the women's all-female symposium, Toews's masterful novel uses wry, politically engaged humor to relate this tale of women claiming their own power to decide.

The Hanoverian Dimension in British History, 1714-1837 Brendan Simms 2007-02-08 For more than 120 years (1714-1837) Great Britain was linked to the German Electorate, later Kingdom, of Hanover through Personal Union. This made Britain a continental European state in many respects, and diluted her sense of insular apartness. The geopolitical focus of Britain was now as much on Germany, on the Elbe and the Weser as it was on the Channel or overseas. At the same time, the Hanoverian connection was a major and highly controversial factor in British high politics and popular political debate. This volume was the first systematically to explore the subject by a team of experts drawn from the UK, US and Germany. They integrate the burgeoning specialist literature on aspects of the Personal Union into the broader history of eighteenth- and early nineteenth-century Britain. Never before had the impact of the Hanoverian connection on British politics, monarchy and the public sphere, been so thoroughly investigated.

**Maps of the Imagination** Peter Turchi 2011-06-01

Maps of the Imagination takes us on a magic carpet ride over terrain both familiar and exotic. Using the map as a metaphor, fiction writer Peter Turchi considers writing as a combination of exploration and presentation, all the while serving as an erudite and charming guide. He compares the way a writer leads a reader through the imaginary world of a story, novel, or poem to the way a mapmaker charts the physical world. "To ask for a map," says Turchi, "is to say, 'Tell me a story.'" With intelligence and wit, the author looks at how mapmakers and writers deal with blank space and the blank page; the conventions they use or consciously disregard; the role of geometry in maps and the parallel role of form in writing; how both maps and writing serve to re-create an individual's view of the world; and the artist's delicate balance of intuition with intention. A unique combination of history, critical cartography, personal essay, and practical guide to writing, Maps of the Imagination is a book for writers, for readers, and for anyone interested in creativity. Colorful illustrations and Turchi's insightful observations make his book both beautiful and a joy to read.

**Haunting Experiences** Diane Goldstein 2007-09-15

Ghosts and other supernatural phenomena are widely represented throughout modern culture. They can be found in any number of entertainment, commercial, and other contexts, but popular media or commodified representations of ghosts can be quite different from the beliefs people hold about them, based on tradition or direct experience. Personal belief and cultural tradition on the one hand, and popular and commercial representation on the other, nevertheless continually feed each other. They frequently share space in how people think about the supernatural. In Haunting Experiences, three well-known folklorists seek to broaden the discussion of ghost lore by examining it from a variety of angles in various modern contexts.

Diane E. Goldstein, Sylvia Ann Grider, and Jeannie Banks Thomas take ghosts seriously, as they draw on contemporary scholarship that emphasizes both the basis of belief in experience (rather than mere fantasy) and the usefulness of ghost stories. They look closely at the narrative role of such lore in matters such as socialization and gender. And they unravel the complex mix of mass media, commodification, and popular culture that today puts old spirits into new contexts.

*Like a Fiery Elephant* Jonathan Coe 2013-03-07 In his heyday, during the 1960s and early 1970s, B. S. Johnson was one of the best-known young novelists in Britain. A passionate advocate for the avant-garde in both literature and film, he became famous -- not to say notorious -- both for his forthright views on the future of the novel and for his idiosyncratic ways of putting them into practice. But in November 1973 Johnson's lifelong depression got the better of him, and he was found dead at his north London home. He had taken his own life at the age of forty. Jonathan Coe's biography is based upon unique access to the vast collection of papers Johnson left behind after his death, and upon dozens of interviews with those who knew him best. As unconventional in form as one of its subject's own novels, it paints a remarkable picture -- sometimes hilarious, often overwhelmingly sad -- of a tortured personality; a man whose writing tragically failed to keep at bay the demons that pursued him.

**In Praise of Mathematics** Alain Badiou 2016-09-30 Why bother to praise mathematics when you claim, as Alain Badiou does, that philosophy is first and foremost a metaphysics of happiness, or else it's not worth an hour of trouble? What possible relationship can there be between mathematics and happiness? That is precisely the issue at stake in this dialogue, which serves as a very accessible introduction to what mathematics is and an exploration of the crucial influence it has always exerted on the greatest philosophers. Far from the thankless, pointless exercises

they are often thought to be, mathematics and logic are indispensable guides to ridding ourselves of dominant opinions and making possible an access to truths, or to a human experience of the utmost value. That is why mathematics may well be the shortest path to the true life, which, when it exists, is characterized by an incomparable happiness.

Since then his work has consistently demonstrated that his strength is an equal awareness of the conditions of individual lives and the historical and political forces affecting them. The plays in this first volume ( Philadelphia, Here I Come!, The Freedom of the City, Living Quarters, Aristocrats, Faith Healer and Translations) are introduced by Professor Seamus Deane of University College, Dublin.

*The Terrible Privacy of Maxwell Sim* Jonathan Coe 2011-03-08

Maxwell Sim can't seem to make a single meaningful connection. His absent father was always more interested in poetry; he maintains an e-mail correspondence with his estranged wife, though under a false identity; his incomprehensible teenage daughter prefers her BlackBerry to his conversation; and his best friend since childhood is refusing to return his calls. He has seventy-four friends on Facebook, but nobody to talk to. In an attempt to stir himself out of this horrible rut, Max quits his job as a customer liaison at the local department store and accepts a strange business proposition that falls in his lap by chance: he's hired to drive a Prius full of toothbrushes to the remote Shetland Islands, part of a misguided promotional campaign for a dental-hygiene company intent on illustrating the slogan "We Reach Furthest." But Max's trip doesn't go as planned, as he's unable to resist making a series of impromptu visits to important figures from his past who live en route. After a string of cruelly enlightening and intensely awkward misadventures, he finds himself falling in love with the soothing voice of his GPS system ("Emma") and obsessively identifying with a sailor who perpetrated a notorious hoax and subsequently lost his mind. Eventually Max begins to wonder if perhaps it's a severe lack of self-knowledge that's hampering his ability to form actual relationships. A humane satire and modern-day picaresque, *The Terrible Privacy of Maxwell Sim* is a gently comic and rollickingly entertaining novel about the paradoxical difficulties of making genuine attachments in a world of advanced communications technology and rampant social networking.
