**What To Focus On** Matthew Gumke 2019-12-08 It's never been easier to become a millionaire than now. This is because of many reasons. 1) Online business. It's never been easier to create a \$1m+ per year business on the internet 2) Social media. It's never been easier to connect with and learn from other millionaires. 3) Inflation. \$1m isn't what it used to be. It's becoming less in terms of real wealth every year 4) Easy money/low interest rates. You only need \$200,000 in cash to borrow the remaining \$800,000. 1700 new millionaires are created every day in the United States. This is an unbelievable statistic and shows how easy it is to become a millionaire. If all these people are becoming millionaires, why aren't you? It's usually down to a few reasons: 1) No personal brand. No reason for people to purchase your products or services. Who are you and why should they buy from you? 2) Not enough products/services. Hoping, wishing and wanting to become a millionaire without products and services that solve people's problems. 3) Not surrounding yourself with winners/other millionaires. Millionaires create opportunities. In this book, you'll learn how I'm financially free from meeting 1 millionaire who connected me to someone else. All 3 of us are now making passive income profits from an opportunity this

millionaire created for the 3 of us. 4) Not having systems for your products and services. If you're doing all the work for your products and services, you're not able to use leverage. This means using your money to buy other people's time. This gives you time freedom to learn more skills and improve your systems. This is why the rich get richer so quickly, they can use leverage to speed up their success. 5) Not investing back into their business. Non-millionaires invest in other people's companies while their business is still in the growth phase. Whatever I put into my business during the growth stage, I'm looking at massive returns. People are looking for safety instead of looking for freedom. 6) Not learning enough. Millionaires spend a lot of time learning new information to grow their businesses. 7) Focusing on the wrong things. In this book, you'll learn what to focus on to become a millionaire. You'll learn how I've become financially free at 24 years old by focusing on less than the average person. I believe that it's crucially important for you to become a millionaire as soon as possible. Why? 1) Rapid inflation. \$1m isn't what it used to be. It's becoming less and less every year. Soon you'll need to be a millionaire just to have a middle class quality of life. When I look at my middle class friends, everything's changed. They used to go on many holidays a year, now they go on 1. They used to go shopping for clothes almost every weekend, now they only go when the sales are on. They used to go out for dinner multiple nights a week, now they go during special occasions. The middle class is dying. How to protect yourself? Become a millionaire ASAP. 2) Machine learning algorithms. Machine learning (artificial intelligence) is here. Soon they'll replace a large percentage of the jobs. This will cause massive inequality and a 2 tier system of have's and have not's. The have not's will need to be given a universal basic income. Although living standards will increase, it'll become almost impossible to become rich once machine learning is fully implemented. There isn't much time left. If you're a millionaire before it happens, you

can protect yourself and your family. There's something I learned from when I had no money - when you have no money, no one wants to help you, even if you can help them. 3) Market manipulation. Since 2008, the markets have been manipulated. It's caused small sections of society to become extremely wealthy. Now they've got used to this drug, they won't be able to stop. You can either get rich and capitalise on the manipulation or stay poor and get robbed blind. Learn how to become a millionaire. Read today.

*How to Make Money As an Amazon Associate* Ron Alderman

2017-08-13 "Ron Alderman helped me double my income. Listen to what he tells you. He knows his stuff." Bradford Sullivan Learn the tactics I used to earn as much as \$200 per hour of my time, with nothing more than a computer and internet connection - no prior experience required! I work WHENever and WHEREever I want, plus take time off whenever I please. Want to know how I did it? And don't worry - I'm not about to suggest that you make money online by writing books, becoming a blogger, building an online income from websites, starting a Multi-Level Marketing business, filling out a pile of mind-numbing surveys, selling stuff on eBay, or bugging your friends by trying to sell things to them. My system for online income is much easier to get up and running, similar to Scott Voelker, Bradford Sullivan and Avery Brewer, only I added a hack directly through Amazon and utilizing their algorithm, it can be set up within 1 day - and can put cash in your pocket a lot sooner than most of those other options, plus has little to no start-up costs. Imagine if you could earn this income online, make money in your spare time on YOUR terms, and... \*work when you want, where you want \*set your own schedule and enjoy the flexibility that goes with it \*finally have the extra cash you need to afford a few luxuries in your monthly budget \*take time off whenever you want, without having to beg for permission from your boss and arrange for it weeks or months in advance \*double, triple, or quadruple your hourly wage once you learn to be more efficient at your work, rather than having your boss reward you with more work and zero extra pay This book will teach you my method for building an online income with Amazon that can provide all that, and more. Forget getting another job - work for yourself on YOUR terms instead! Although my hourly earnings may not be typical, I'm completely convinced that the average person can have success and significantly boost

their income by doing what I've done. Join me! Learn how to work from home, or anywhere in the world! I've used this system just by using Amazon to work all over the world, including my couch in North American suburbia, an exotic villa in Vietnam, and even a cozy coffee shop overlooking a bustling marina in the tropics. How many JOBS can offer you that kind of flexibility? Whether you want to top up your income, or you're looking for a complete income replacement, read this book to see how my techniques can be part of creating your dream life! If you're looking for real ways to earn money from home, a flexible side hustle, or you dream of running your own biz full-time, you should read this book. I know this system for building an online income works, because I use it even now. Think you will work from home in 2017? Then you've got to take action to make it happen. Want to know the real reason I'm sharing all this with you? Here's the truth. I'm really excited about the results I've seen with the techniques you'll learn about in this book - wouldn't you be if you were in my shoes? and above all I believe in giving back. And I'd love for you to have a chance to have some of that success for yourself. Finally, I'm confident there are enough opportunities for all of us. Now keep in mind that I don't believe in "get rich quick" schemes, and neither should you! But I know plenty of good people for whom a willingness to learn combined with effort, has paid off enormously. Want to be next? Buy this book and find out how to do it.

*How To Make Money As A Foodie Online, How To Turn Your Passion For Food Into A Profitable Career, And How To Effectively Market Your Food Review Brand In The Digital Era* Dr Harrison Sachs 2020-02-24 This essay sheds light on how to make money as a foodie online and elucidates how to turn your passion

for food into a profitable career overtime. Additionally, how to effectively market your food review brand in the digital era is delineated in this essay. The advent of social media platforms has rendered it easier than ever before in the digital era to monetize your passion for food and subsequently turn it into a profitable career. There are ample ways in which foodies have been able to generate passive income streams online which has allowed them to quit working their unfulfilling, minimum wage, dead end 9-to-5 job that did not even provide them with sustenance. Platforms such as YouTube, Twitch, Instagram, and Patreon encourage creativity and allow foodies to parlay their passion for food into lucrative opportunities for generating ample passive income streams online. Being a successful foodie content creator is truly the utmost liberating and fulfilling job since it allows you to have full purview over your work, schedule, and business growth strategies. Monetizing your work as a foodie can start with something as simple as producing your own food videos and broadcasting live streams of yourself eating your own meals. Moreover, being a prolific foodie can eventually lend itself to other profitable passive income generating opportunities you would have never imagined possible as your food review brand grows and as you gain more clout as an influencer of your niche. Earning substantially more than over 4 billion views per day, YouTube is the second largest search engine worldwide and provides a myriad of ways for foodie to capitalize on the opportunity to monetize their own content. One of the primary ways to generate revenue on YouTube is through having advertisements run on your video content. When your channel has met the partnership criterion, you can begin monetizing your video content with a Google AdSense account. This will enable you to begin generating passive income from your archived videos. To join the YouTube Partner Program, you will need to have earned at least 4,000 watch hours in the previous a year in addition to having a minimum of 1,000 subscribers. Additionally,

foodie YouTubers can also sell product placements, avail themselves of sponsorship opportunities, can capitalize on affiliate marketing opportunities, can generate revenue from Super Chat donations, can receive royalty payments from selling customized branded merchandise, and can also generate revenue from selling channel memberships in order to draw forth even more revenue. Foodie content creators who are cultivating a robust food review brand can create Mukbang videos, food exploration videos, food challenge videos, and food review videos on monetizable video hosting platforms, such as YouTube and DailyMotion. Food videos of many kinds have grown in popularity on internet broadcasting platforms in recent years since people love to not only learn about the merits of disparate cultural foods, but also relish experiencing the sensation of vicariously eating various foods via watching the social eating videos and food videos produced by their favorite foodies. When creating video content for their food review brand, foodies not only meticulously review foods and shed light on the flavor profiles of the foods, but also show their viewers ascetically appealing imagery of luscious foods in their videos. Moreover, foodies can broadcast their own content on live streaming platforms, such as Twitch and Smashcast.TV. Twitch has become the YouTube of live streaming, allowing content creators to earn multiple streams of revenue, donations, and also gain significant exposure without having to overcome any barriers to entry to commence broadcasting their video footage. Popular Twitch streamers are generating substantially above the average household income per month as a result of having the power of clout and global digital distribution.

**Passive Income Ideas 2 Books In 1** Michael Cruz 2020-10-23  
Amazon FBA Selling Guide What was one of the first things you wanted to sell when you were a kid? Did you have a lemonade stand that went bust after two weeks, or did you sell baseball bats at little league games? Whatever kickstarted your selling career shows the true determination of a natural-born seller that was

meant to take advantage of one of the world's greatest merchandise companies: Amazon. Amazon has been around for over 25 years, and it only continues to build momentum. Once marketed as only an online bookstore, it was unclear if the company would survive the next few years against such large alternatives such as Barnes & Noble. The company was completely internet-based, which many thought would be the end of the website, but it only became more popular with the addition of new products such as music and clothes. Some may not realize that the company that started off as an internet-based store for books was one of the first platforms to encourage outside sales. Originally called zShops, people could market original work or hard-to-find items. The idea exploded as more than half a million people purchased something on Amazon by 2000. Jeff Bezos was dubbed the king of e-commerce in 2001, just seven years after Amazon's launch. From its birth until now, Amazon has acquired 40 companies, but its major commerce is now in its third-party marketers. Outside sellers make up more than 50% of Amazon commerce today, and that number is only growing over the years. Online shopping has become the norm, and Amazon is leading the way in sales, accumulating billions of dollars every year, and its third-party sellers are riding the train to financial freedom. Amazon FBA was officially launched in 2006, so it is far from the newest selling platform, but it has shaped the path for other platforms of its kind, and it should be considered as the best service possible. Sellers can use accounts created with Amazon to sell their own merchandise with small fees collected by Amazon. With the internet growing in importance every year, selling online has never been easier. But why would you want to get involved with Amazon FBA? Well, if you have a knack for selling products, feel as though you have always wanted an online store, or just want to try something new, Amazon FBA is one of the easiest ways to get started. From its promises of prime delivery to customers to its total management of your products as soon as

they are delivered to the warehouse, Amazon has you covered. They provide a service unmatched by any outside company, and they make selling easier every year. Passive Income Ideas The concept of making money when you sleep has drawn a crowd to the pursuit of passive income. Theoretically, you put in some time and money in the start, then relax and let the money pour in when you focus on other things. This appears like a dream become a reality, but it's mostly only a dream. In today's workforce, relying on one income source is risky. Job protection is rarely guaranteed, and a little extra cash is useful always. By using your primary income source to cover basic expenses, you may use extra income streams to pay off debts, reduce your economic burden, or avoid going further into debt when you are able to pay for larger purchases up front rather than with a credit card or loan. Conversely, passive income is cash that continues to pay out following the initial work is done. Traditionally, income that were considered "passive" generally included money earned from investments in shares or profit acquired by a person who had invested in accommodations property but wasn't involved in the management or day-to-day functions of that property. This book covers: Passive Income Dropshipping Affiliate Marketing Blogging Dividend Stocks Merch By Amazon Programs Amazon FBA Ebook Online Courses Freelancing As A Virtual Assistant.....AND MORE!!!
