Revolting Prostitutes Molly Smith 2018-11-06 How the law harms sex workers—and what they want instead Do you have to endorse prostitution in order to support sex worker rights? Should clients be criminalized, and can the police deliver justice? In *Revolting Prostitutes*, sex workers Juno Mac and Molly Smith bring a fresh perspective to questions that have long been contentious. Speaking from a growing global sex worker rights movement, and situating their argument firmly within wider questions of migration, work, feminism, and resistance to white supremacy, they make it clear that anyone committed to working towards justice and freedom should be in support of the sex worker rights movement.

The Portrait Ilaria Bernardini 2021-01-05 "Electric. A wildly astute plunge into the depths of love, rivalry, betrayal and the power of women."—Bill Clegg An internationally renowned writer, Valeria Costas has dedicated her life to her work and to her secret lover, Martin Acla, a prominent businessman. When his sudden stroke makes headlines, her world implodes; the idea of losing him is terrifying. Desperate to find a way to be present during her lover's final days, Valeria commissions his artist wife, Isla, to paint her portrait—insinuating herself into Martin's family home and life. In the grand, chaotic London mansion where the man they share—husband, father, lover—lies in a coma, Valeria and Isla remain poised on the brink, transfixed by one another. Day after day, the two women talk to each other during the sittings, revealing truths, fragilities and strengths. But does Isla know of the writer's long involvement with Martin? Does Valeria grasp the secrets that Isla harbors? Amidst their own private turmoil, the stories of their lives are exchanged, and as the portrait takes shape, we watch these complex and extraordinary women struggle while the love of their lives departs, in an unforgettable, breathless tale of deception and mystery that captivates until the very end.

In Praise of Forgiveness Massimo Recalcati 2020-05-19 Relationships fall apart, marriages fail, couples break up - it happens to us all. Time corrodes passion and the routines of daily life kill the excitement that surrounds the emotion of the first encounter. The difficulty of uniting sexual pleasure with love, which Freud considered to be the most common neurosis in any love life, has become emblematic of a truth that seems undeniable: desire is destined to die if its object is not constantly renewed, if we do not change partner, if it is closed for too long in the restrictive chamber of the same bond. And yet what happens to these bonds when one of the two partners betrays the other, when the promise fails, when there is another emotional experience cloaked in secrecy and deceit? What happens if the traitor then begs forgiveness? Are they asking to be loved again and, having declared that it is not like it used to be, now want everything to go back to how it was? Should we make fun of lovers in their attempts to make love last? Or should we try to face up to the experience of betrayal, with the offence caused by the person we love most? Should we not perhaps attempt to praise forgiveness in love?

The kingdom of Judah is on the verge of annihilation by the Babylonians. In the chaos, the prophet Jeremiah saves the sacred Ark of the Covenant and hides it in a cave. He returns terrified, having made a discovery that appears to have sent him mad. The Middle East, early in the second millennium. Professor William Blake, renowned Egyptologist, has a surprising visit from representatives of an American mining corporation. They have discovered a strange Egyptian tomb, which risks exploding the powder keg of Middle Eastern geopolitics. Blake finds himself facing the most mysterious case of his life. The tomb of the Pharaoh lies in the middle of the desert, miles from the Nile and the Valley of the Kings. As he starts to unravel the Pharaoh's story, a disturbing theory forms in Blake's mind as to the identity of this mysterious ruler - a theory that could destroy the balance of the modern world.

Hipster Christianity Brett McCracken 2010-08-01 Insider twentysomething Christian journalist Brett McCracken has grown up in the evangelical Christian subculture and observed the recent shift away from the "stained glass and steeples" old guard of traditional Christianity to a more unorthodox, stylized 21st-century church. This change raises a big issue for the church in our postmodern world: the question of cool. The question is whether or not Christianity can be, should be, or is, in fact, cool. This probing book is about an emerging category of Christians McCracken calls "Christian hipsters"—the unlikely fusion of the American obsessions with worldly "cool" and otherworldly religion—an analysis of what they're about, why they exist, and what it all means for Christianity and the church's relevancy and hipness in today's youth-oriented culture.

The Angel Hans Christian Andersen 2020-06-26 When a child dies, an angel comes to find them and bring them to heaven and they take with them some flowers so that they can bloom again above. But, this time, when the angel came, he stayed on earth longer than usual and, in this story, Hans Christian Andersen tells us why. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

The Martial Artist Tiziano Bonanni 2021-11-30 Extracts from the life of an artist, an athlete, a philosopher; a man occupied with the determined and instinctive research of beauty, justice, and of the deepest truth. A search that crosses several fields: from the purely artistic one to the sacred one, from the most ancient and remote times to our modern and contemporary world. An observer that, thanks to painting, manages to escape from the day-to-day banality and human mediocrity. A fascinating text that proves the redeeming power of art. Artist and teacher, Tiziano Bonanni is a painter, sculptor, and writer. Among the most relevant masters in Tuscany and one of the most representative Italian painters, he alternates his profession with the practice of judo and martial philosophy as a lifestyle, a "creed", which generates creative thinking and excellency in a society that doesn't wish to "be" anymore, but rather to own, in a compulsive and dishonorable way. Deeply connected to Florence's history and culture, he's an honorary member of the Accademia Medicea and Knight of the Ordine di Parte Guelfa.

Sleeping Around Mark Ravenhill 2014-02-17 *Sleeping Around* is by four top British playwrights from England, Ireland, Scotland and Wales: Mark Ravenhill, Hilary Fannin, Stephen Greenhorn and Abi Morgan *Sleeping Around* is about love and sex in Britain as we approach the millennium. In a dozen scenes of likely and unlikely connections, two actors (Sophie Stanton and John Lloyd Fillingham) play a variety of couples whose ordinary lives erupt in extraordinary moments.

In Praise of Reading and Fiction Mario Vargas Llosa 2011-04-12 On December 7, 2010, Mario Vargas Llosa was awarded the Nobel Prize in Literature. His Nobel Lecture is a resounding tribute to fiction's power to inspire readers to greater ambition, to dissent, and to political action. "We

would be worse than we are without the good books we have read, more conformist, not as restless, more submissive, and the critical spirit, the engine of progress, would not even exist," Vargas Llosa writes. "Like writing, reading is a protest against the insufficiencies of life. When we look in fiction for what is missing in life, we are saying, with no need to say it or even to know it, that life as it is does not satisfy our thirst for the absolute—the foundation of the human condition—and should be better." Vargas Llosa's lecture is a powerful argument for the necessity of literature in our lives today. For, as he eloquently writes, "literature not only submerges us in the dream of beauty and happiness but alerts us to every kind of oppression."

A Short Border Handbook Gazmend Kapllani 2013-11-14 'It is not a recognized mental illness like agoraphobia or depression ... It's largely a matter of luck whether one suffers from border syndrome: it depends where you were born. I was born in Albania.' After spending his childhood and school years in Albania, imagining that the miniskirts and quiz shows of Italian state TV were the reality of life in the West, and fantasizing accordingly about living on the other side of the border, the death of Hoxha at last enables Gazmend Kapllani to make his escape. However, on arriving in the Promised Land, he finds neither lots of willing leggy lovelies nor a warm welcome from his long-lost Greek cousins. Instead, he gets banged up in a detention centre in a small border town. As Gazi and his fellow immigrants try to find jobs, they begin to plan their future lives in Greece, imagining riches and successes which always remain just beyond their grasp. The sheer absurdity of both their plans and their new lives is overwhelming. Both detached and involved, ironic and emotional, Kapllani interweaves the story of his experience with meditations upon 'border syndrome' - a mental state, as much as a geographical experience - to create a brilliantly observed, amusing and perceptive debut.

Dinner with Darwin Jonathan Silvertown 2017-09-05 What do eggs, flour, and milk have in common? They form the basis of crepes of course, but they also each have an evolutionary purpose. Eggs, seeds (from which flour is derived by grinding) and milk are each designed by evolution to nourish offspring. Everything we eat has an evolutionary history. Grocery shelves and restaurant menus are bounteous evidence of evolution at work, though the label on the poultry will not remind us of this with a Jurassic sell-by date, nor will the signs in the produce aisle betray the fact that corn has a 5,000 year history of artificial selection by pre-Colombian Americans. Any shopping list, each recipe, every menu and all ingredients can be used to create culinary and gastronomic magic, but can also each tell a story about natural selection, and its influence on our plates--and palates. Join in for multiple courses, for a tour of evolutionary gastronomy that helps us understand the shape of our diets, and the trajectories of the foods that have been central to them over centuries--from spirits to spices. This literary repast also looks at the science of our interaction with foods and cooking--the sights, the smells, the tastes. The menu has its eclectic components, just as any chef is entitled. But while it is not a comprehensive work which might risk gluttony, this is more than an amuse bouche, and will leave every reader hungry for more.

Easy and Fundamental Instructions Whereby Either Vocal Or Instrumental Performers Unacquainted with Composition, May from the Mere Knowledge of the Most Common Intervals in Music Johann Joachim Quantz 2018-04-25 The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The eighteenth-century fascination with Greek and Roman antiquity followed the systematic excavation of the ruins at Pompeii and Herculaneum in southern Italy; and after 1750 a neoclassical style dominated all artistic fields. In this first novel of the series, Isabel witnesses a young man plunge to his death from the upper balcony of the Edinburgh Concert Hall. When Isabel discovers that the young victim had uncovered illicit activities at the brokerage house where he worked, the hunt for answers, and the killer, is on. This new series is a delightful look at a reasonable and logical woman who keeps getting involved in mysteries despite all reason and logic.

Oh, Freedom! Francesco D'Adamo 2016-06-09 This exciting adventure story follows a family of slaves in the USA in 1860 as they escape from a cotton plantation via the legendary Underground Railroad. An enthralling story of courage and resilience, centring on 10-year-old Tommy, it will fascinate children who might not know much about this secret escape route into Canada that was used by as many as 100,000 people. Ten-year-old Tommy roams the cotton fields of Alabama owned by the notorious Captain Archer. Intimidating guards with fierce dogs protect the land to prevent any slaves from leaving. That is until a supernatural spirit visits Tommy offering a way out. With his banjo slung over his shoulder, Peg Leg Joe guides Tommy, his family and other slaves out of Southern USA, and into Canada through the legendary Underground Railroads. Stretched for miles across the country's vastness, the network famously facilitated more than 100,000 slaves to a new life. For Tommy and his family, the escape is far from an easy ride. The young boy is forced to mature through this testing period and allow his strong will to guide himself and others to safety under the guidance of Peg Leg Joe. Set in the 19th century, D'Adamo's well-constructed novel tells a story distant in time, remains grounded in a reality that still exists today. Millions of people across the globe continue to be enslaved, including children.

The First Century After Beatrice Amin Maalouf 1995 In the 21st Century, a drug that guarantees the birth of boys--originally developed to reduce Third World populations--leads to a worldwide shortage of women. The result is an explosion of male violence, wars, and the sale of women on the black market. The narrator is a French entomologist trying to eradicate the drug.

Includes titles containing valuable introductory materials, bibliographies, motif indexes, and additional comparative notes, caters to storytellers, children's librarians, and researchers of children's literature.

Lisa Mara Batacchi: The Time of Discretion Veronica Caciolli 2020 'The Time of Discretion' is an intimate, slow and relational time. It is also an artistic project, at its first chapter. Besides Italy, it has been developed in the remote areas on the south-east border of the Gobi Desert and in the Guizhou Province (South China), in search of rituals, ancient textile practices or together in one. The research documented here crosses experience and representation, dramatically compares East and West, advancing a dense theoretical scenario in relation to globalization processes.

Don Vito Massimo Ciancimino 2013-11-05 This is the true story of Vito Ciancimino--Don Vito da Corleone, the "Mayor of the Corleones"--who spent forty years in the grip of death, mafia, politics, business deals and the secret service. Don Vito recounts years of clandestine and previously censored contacts between politicians and the mafia--between the Italian State and the Cosa Nostra. The key witness is Massimo, the penultimate and hitherto closest of Don Vito's five children, who has given his personal testament for the first time. His account rewrites some of the most important events of

Italy's recent history. If Roberto Saviano's Gomorra revealed the workings of the mafia system from street level, Francesco La Licata and Massimo Ciancimino's Don Vito tells us about the people who held the reins of power. In the words of Attilio Bolzoni of Repubblica: "This is the portrait of a man who was a key player from post war Italy to our days in one of the most daunting of Italian affairs, a figure who inspired fear, a devil. He was friend with mafia bosses and great politicians, of killers and respectable gentlemen. Vito Ciancimino was the incarnation of power itself, maybe the most hated and feared, the most suspected and worshipped, man of Palermo and of the whole Sicilian society."

Ayrton Senna Giorgio Terruzzi 2016 Telling the story of Ayrton Senna is not easy. It means retracing an intense competitive career, looking into the vulnerable soul of a complex man, and reliving his tragic death, which came during the bloodiest weekend in the history of modern motor racing. It also means paying homage to a truly heroic figure, whose grace and appeal remain intact. In other words, we are talking about a journey into the collective memory, within which each racing fan cherishes particular moments, personal memories, emotions and grief related to a figure who in some way continues to appear and to race in a highly colourful firmament. This brings us to Ercole Colombo. His photos. His passion for Formula 1, and his innate ability as a reporter, combined with the aesthetic touch of a great photographer.

Notes on a Shipwreck Davide Enia 2019-02-19 A moving firsthand account of migrant landings on the island of Lampedusa that gives voice to refugees, locals, and volunteers while also exploring a deeply personal father-son relationship. On the island of Lampedusa, the southernmost part of Italy, between Africa and Europe, Davide Enia looks in the faces of those who arrive and those who wait, and tells the story of an individual and collective shipwreck. On one side, a multitude in motion, crossing entire nations and then the Mediterranean Sea under conditions beyond any imagination. On the other, a handful of men and women on the border of an era and a continent, trying to welcome the newcomers. In the middle is the author himself, telling of what actually happens at sea and on land, and the failure of words in the attempt to understand the present paradoxes. Enia reveals the emotional consequences of this touching and disconcerting reality, especially in his relationship with his father, a recently retired doctor who agrees to travel with him to Lampedusa. Witnessing together the public pain of those who land and those who save them from death, alongside the private pain of his uncle's illness, pushes them to reinvent their relationship, to forge a new and unprecedented dialogue that replaces the silences of the past.

Requiem for a Lightning Bolt Manuel Scorza 2000 The five novels of Manuel Scorza's *La guerra silenciosa* are self-contained, yet reading them in the order of their appearance enhances an appreciation of the saga's underlying thematic development. In this final volume, the Indian struggle, which began in the first book as a single-handed revolt against the despotism of Judge Montenegro, has evolved into a fully organized insurrection against the oppression by ruthless landowners and the powerful mining company of Cerro de Pasco. This novel also depicts the culmination of the gradual shift in the Indians' psyche from a mythical interpretation of events to a more realistic worldview.

Seven weeks later Moro's body was discovered in the boot of a Renault parked in the crowded centre of Rome. In *The Moro Affair*, Leonardo Sciascia - a master of detective fiction - untangles the real-life events of these crucial weeks and provides a unique insight into the dangerous world of Italian politics in the 1970s.
