

The MX Of New Sherlock Holmes Stories Part VI 2017 Annual

The MX Book of New Sherlock Holmes Stories - Part VI David Marcum 2021-01-18 2017 is the 130th anniversary of the publication of *A Study in Scarlet*, the first recorded adventure of Sherlock Holmes and Dr. John H. Watson. What an amazing journey it's been! In addition to the pitifully few sixty tales originally presented in *The Canon*, published between 1887 and 1927, there have been literally thousands of additional Holmes adventures in the form of books, short stories, radio and television episodes, movies, manuscripts, comics, and fan fiction. And yet, for those who are true friends and admirers of the Master Detective of Baker Street, where it is always 1895 (or a few decades on either side of that!) these stories are not enough. Give us more! In 2015, *The MX Book of New Sherlock Holmes Stories* burst upon the scene, featuring stories set within the correct time period, and written by many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received, and there were soon calls for additional collections. Since then, the popularity has only continued to grow. Two more volumes were released in 2016, and this the first of two planned for 2017 - with no end in sight! The thirty-five stories in this volume - now bringing the total number of narratives and participating authors in this series to well over one-hundred! - represent some of the finest new Holmesian storytelling to be found, and honor the man described by Watson as "the best and wisest ... whom I have ever known." All royalties from this collection are being donated by the writers for the

benefit of the preservation of Undershaw, one of the former homes of Sir Arthur Conan Doyle. Part VI: 2017 Annual features contributions by: Bob Byrne, Julie McKuras, Derrick Belanger, Robert Perret, Deanna Baran, G.C. The MX Book of New Sherlock Holmes Stories - Part XIX David Marcum 2020-06-25 In 2015, the first three volumes of The MX Book of New Sherlock Holmes Stories arrived, containing over 60 stories in the true traditional Canonical manner, revisiting Holmes and Watson in those days where it is “always 1895” ... or a few decades on either side of that. That was the largest collection of new Holmes stories ever assembled, and originally planned to be a one-time event. But readers wanted more, and the contributors had more stories from Watson's Tin Dispatch Box, so the fun continued. Now, with the release of Parts XIX, XX, and XXI, the series has grown to over 450 new Holmes adventures by nearly 200 contributors from around the world. Since the beginning, all contributor royalties go to the Stepping Stones School for special needs children at Undershaw, one of Sir Arthur Conan Doyle's former homes, and to date the project has raised nearly \$60,000 for the school. As has become the tradition, this new collection of 64 adventures features Holmes and Watson carrying out their masterful investigations from the early days of their friendship in Baker Street to the post-War years during Holmes’s retirement. Along the way they are involved in some fascinating mysteries - some relating Untold Cases, others

sequels to Canonical adventures, and a number progressing along completely unexpected lines. Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes, described by the estimable Dr. Watson as “the best and wisest ... whom I have ever known.” Featuring - Roger Riccard, Matthew White, Kevin P. Thornton, Chris Chan, Nick Cardillo, MJH Simmonds, Craig Stephen Copland, Will Murray, Ian Ableson, Thomas A. Turley, David Marcum, Dick Gillman, David Friend, Arthur Hall, Brenda Seabrooke, James Moffett, Robert Stapleton, Andrew Bryant, Will Murray, Andrew Bryant, Peter Coe Verbica, Sean M. The Collected Papers of Sherlock Holmes - Volume 6 David Marcum 2023-05-09 At the age of ten in the mid-1970's, David Marcum discovered Mr. Sherlock Holmes, and from that point, he knew that the original 60 Canonical adventures would never be enough. This, coupled with his life-long desire to write, meant that eventually he would find a way to add new stories to The

Great Holmes Tapestry. Since then, in addition to editing over 80 volumes (most of which are Sherlockian anthologies), David has written and published over 100 Sherlockian adventures in a variety of his own books, as well as anthologies and magazines. Now these are being collected - along with a few others that haven't been seen before. These first five volumes of The Collected Papers of Sherlock Holmes contained 77 of David's Holmesian stories, and now we present Volume VI - Muniments - with 21 more! Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes, the man described by the estimable Dr. Watson as "the best and wisest . . . whom I have ever known."

The MX Book of New Sherlock Holmes Stories - Part XIII David Marcum 2019-05-15 In 1881, a weary doctor - wounded while serving in the military in Afghanistan - returned to London, only to be introduced to a most unusual young man who was already making a name for himself as the world's first consulting detective. At that time, the young man and his unique colleague were only just in their late twenties, unaware of their legendary futures... but they would go on to become two of the most famous and recognizable figures in the world: Sherlock Holmes and Dr. John H. Watson. In 1887, Holmes and Watson's first investigation as a team - *A Study in Scarlet* - was published. *The Sign of Four* followed in 1890, and then, in 1891, the world was electrified with the publication of *The Adventures of Sherlock Holmes* in the newly-formed *Strand Magazine*... and the world would never be the same! Through the remainder of the nineteenth Century and all the way through the twentieth, Holmes and Watson's fame would grow. We're now well into the twenty-first century, yet the much-loved duo are just as popular today - if not even more so. In 2015, *The MX Book of New Sherlock Holmes Stories* burst upon the scene, featuring stories set within the canon's correct time period, written by the very best of today's Sherlockian authors from around the world. That first anthology, spread over three

huge volumes, contained sixty-three stories and was the largest collection of its kind assembled at the time. Response was immediately and overwhelmingly positive, and soon there were calls from fans for additional collections. Over 150 contributors so far have joined together from around the world to produce well over three hundred new adventures to honour Sherlock Holmes, the man described by Watson as “the best and wisest whom I have ever known.” We now proudly present Parts XIII, XIV, and XV, three volumes which break the record of the initial triple offering, with an incredible sixty-six new adventures featuring the eternal duo Watson and Holmes. *** Part XIII in the popular MX series of new Sherlock Holmes stories features contributions from Derrick Belanger, Mark Mower, Brenda Seabrook, David Marcum, Robert Stapleton, S.F. Bennett, Edwin A. Enstrom, M.J.H. Simmonds, Andrew Bryant, Tim Gambrell, Tracy Revels, Hugh Ashton, Sean M. Wright, Marino C. Alvarez, Paul Hiscock, Arthur Hall, Kevin P. Thornton, Stephen Seitz, Jim French, David Friend, Shane Simmons, Peter Coe Verbica, and Mark Wardecker with a Poem by Jacquelynn Morris and Forewords by Will Thomas, Roger Johnson, Melissa Grigsby, Steve Emecz and David Marcum

Watson, M.D., Late Indian Army, painted upon the lid. It is crammed with papers, nearly all of which are records of cases to illustrate the

curious problems which Mr. Sherlock Holmes had at various times to examine” – Dr. John H. Watson So wrote Dr. Watson in “The Problem of Thor Bridge” – and ever since, Sherlockians have been bringing us new adventures from this legendary tin dispatch box. While Watson’s original First Literary Agent only edited the pitifully few sixty stories that make up the original Canon, there have since been literally thousands of traditional adventures about the true Sherlock Holmes – and there will never be enough! In 2015, The MX Book of New Sherlock Holmes Stories burst upon the scene, featuring adventures set within the correct time period, and written by many of today’s leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received, and there were soon calls for additional collections. Since then, their popularity has only continued to grow. In Fall 2016, the series presented its first “themed” collection – Part V: Christmas Adventures – containing 30 new adventures that proved to be extremely and enduringly popular. With that in mind, we now revisit that season, with 57 more Christmas Adventures, ranging from a consequential case that occurred when Holmes was still a teenager, to another in the late 1920’s when Holmes – in retirement – was still at the top of his game. The fifty-seven stories in these three companion volumes are a thrilling mix of mysteries, whatever the season. Some are directly involved with Christmas, while others occur during and in around that season. These represent some of the finest new Holmesian storytelling to be found by the best pasticheurs, and once again they honor the man described by Watson as “the best and wisest . . . whom I have ever known.” 57 new traditional Holmes adventures in three simultaneously published volumes The game is afoot! features contributions by: Mike Hogan, Kelvin Jones, Jim French, Arthur Hall, Steve Ehrman, Greg Hatcher, Jayantika Ganguly, Paul Freeman, Dick Gillman, Maurice Barkley, Daniel D. Victor, Martin Rosenstock, Peter Coe Verbica, Hugh Ashton, Will Murray, Robert Perret, Thaddeus Tuffentsamer, G.L. Schulze, Tim Symonds, and a poem by Derrick Belanger... and Forewords in both volumes by Nicholas Meyer, Roger Johnson, and David Marcum. Once again, the adventures of Sherlock Holmes and Dr. Watson continue in this acclaimed anthology series, with thirty-seven new tales presented in two companion volumes - more Holmes than could fit into one book! In 2015, *The MX Book of New Sherlock Holmes Stories* was first published, a huge three-book set featuring over sixty new traditional Holmes exploits, all set within the correct time period. Soon, the demand for even more traditional Holmes adventures led to further volumes. The next year brought Part IV: 2016 Annual, and then Part V: Christmas Adventures. In spring 2017 there was Part VI: 2017 Annual, and that fall revealed the massive two-volume set, Parts VII and VIII: *Eliminate the Impossible*. Now we present another two simultaneous volumes, Parts IX and X: 2018 Annual (1879-1895) and (1896-1916). There can be no argument that Sherlock Holmes is one of the most famous and recognizable figures in the world. There were only sixty narratives brought to us by the original Literary Agent, Sir Arthur Conan Doyle. Clearly that is not enough. Watson once wrote that he kept his unpublished cases in his old Tin Dispatch Box. Now, with the publication of these latest volumes, that box has again been explored by some of today's best Sherlockian writers, all of whom are donating their royalties from these anthologies toward the restoration of Undershaw, one of Sir Arthur Conan Doyle's houses, and the location where *The Hound of the Baskervilles* and many later Holmes stories were completed. Climb the seventeen steps to the sitting room at 221b Baker Street. Sherlock Holmes and Doctor Watson are waiting.... The game is afoot!

Rebel Fire Andrew Lane 2012-04-24 Fourteen-year-old Sherlock Holmes knows that Amyus Crowe, his mysterious American tutor, has some dark secrets. But he didn't expect to find John Wilkes Booth, the notorious assassin, apparently alive and well in England—and Crowe somehow mixed up in it. When no one will tell you the truth, sometimes you have to risk all to discover it for yourself. And so begins an adventure that will take Sherlock across the Atlantic, to the center of a deadly web—where a friend is in peril and a defeated army threatens to rise again. Andrew Lane's exciting second case for the teenage Sherlock leads the young detective to America, straight into the heart of a shocking conspiracy.

Sherlock Holmes: The Baker Street Case Files Mark Mower 2017-11-07 Following the success of the earlier volume, *A Farewell to Baker Street*, we have another collection of previously unknown Holmes and Watson tales that will excite the interests of readers across the globe - *The Baker Street Case-Files*. A decade before his death, Dr Watson let it be known that with his passing he wished his nephew, Christopher Henry Watson MD, to be the executor of his will and guardian of all his personal and pecuniary affairs. One of the tasks he sanctioned was that his nephew should use his discretion in selecting for publication some of the three dozen or so cases involving Holmes and Watson which had not already seen the light of day. These seven new stories shed more light on the remarkable talents of Mr Sherlock Holmes. The first in the collection, *The Case of the Rondel Dagger*, occurred before Holmes and Watson met. *The Mile End Mynah Bird* is a fascinating tale set in the period beyond *The Great War* when both men appear reluctant to retire. From the plotting of *The Radicant Munificent Society* to the hidden message of *The Manila Envelope*, there is much to entertain and enthrall us. As before, these tales are designed to contribute in some small part to the lasting memory of two extraordinary men who once occupied that setting we have come to know and love as 221B Baker Street.

Once again, 'The game is afoot!'

The MX Book of New Sherlock Holmes Stories - Part XVIII David Marcum 2020-03-03 In 2015, *The MX Book of New Sherlock Holmes Stories* burst upon the scene, featuring adventures set within the correct time period, and written by many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received, and there were soon calls for additional collections. Since then, their popularity has only continued to grow. And now we present a new three-volume set. Like 2017's two-volume set, *Eliminate the Impossible*, this new collection, *Whatever Remains ... Must Be the Truth* features tales of Holmes's encounters with seemingly impossible events - ghosts and hauntings, cults and curses, mythical beasts and mediums, angels and demons, and more. In "The Sussex Vampire", Holmes tells Watson: "This agency stands flat-footed upon the ground, and there it must remain. The world is big enough for us. No ghosts need apply." In each of the stories presented in this huge three-volume collection, Holmes approaches the varied problems with one of his favorite maxims firmly in place: "...When you have eliminated the impossible whatever remains, however improbable, must be the truth..." But what, exactly, is the truth? *A Study in Scarlet*, the first recorded adventure of Sherlock Holmes and Dr. John H. Watson, was first published in 1887. Sherlock Holmes and the Crowned Heads of Europe Thomas A. Turley 2021-09-28 This collection contains four cases that chronicle Sherlock Holmes and Dr. Watson's quarter-century of espionage against the German Empire. As most readers know, that campaign ended in triumph on the night of August 2, 1914. Along the way, there were many ups and downs, some of them recorded in this series... The Case of the Dying Emperor (1888). Our Heroes journey to Charlottenburg to defend Frederick III, Germany's stricken emperor, from the wily machinations of the “Iron Chancellor,” Otto von Bismarck, and Frederick’s cold and calculating son, the future “Kaiser Bill.” The Inconvenient Heir-

Apparent (1898). Holmes is summoned to Geneva by the legendary “Sisi,” Empress Elisabeth of Austria, to “rake through the coals of Mayerling” and learn the true fate of Crown Prince Rudolf, her dead son. A Scandal in Serbia (1903). The actual events behind “A Scandal in Bohemia.” Get ready for surprising revelations about that story’s heroine and meet two non-Bohemian kings, a hapless queen, and conspirators who will light “the Balkan Powder Keg” that sets off World War I. The Welbeck Abbey Shooting Party (1913). A prequel to “His Last Bow.” Can Holmes save a threatened heir-apparent without compromising his more vital mission to outwit a German spy? Can Watson spend a week in the country with two beautiful, aristocratic ladies and still go home to his third wife?

The Curious Incident of the Dog in the Night-Time Mark Haddon 2009-02-24 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative

draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

The Complete Dr. Thorndyke - Volume 2 R. Austin Freeman 2019-08-19 Volume II contains roughly the first half of the Thorndyke Short Stories. In all, there are over forty Thorndyke short stories, spread over six books. This volume contains the fifteen short stories from the first three, John Thorndyke's Cases, The Singing Bone, and The Great Portrait Mystery. Some of the stories in this book are especially famous, as they were the first use of the "inverted" mystery, in which the criminal (and how he did it) are identified from the first, and the second half of the narrative shows how Thorndyke solves it, in spite of the criminal's every effort. (The "inverted" crime story was later used to great success by Columbo, as well as other detectives.) In addition to

these fifteen stories, this book also contains a couple of Apocryphal Thorndyke tales: - The original novella of "31, New Inn" from 1905, which became The Mystery of 31 New Inn, the third Thorndyke novel from 1912. This is the doctor's true first appearance - written and published several years before the appearance of The Red Thumb Mark (1907), which is commonly believed to be Thorndyke's first published adventure; and - "The Dead Hand" (1912), which later became the revised and expanded Thorndyke novel The Shadow of the Wolf (1925). Join us as these handsome new editions bring back one of the truly great detectives who has been neglected for far too long.

"Freeman was eminently successful in creating, in Thorndyke, a noble, highly convincing and thoroughly consistent character who was precisely fitted to his role." - Norman Donaldson, Thorndyke Scholar, In Search of Dr. Thorndyke (1971) You know Sherlock Holmes of Baker Street. Now meet Dr. John Thorndyke of 5A Kings Bench Walk, London. When Sherlock Holmes began his practice as a "Consulting Detective", his ideas of scientific criminal investigations caused the London police to look upon him as a mere "theorist". And yet, through his work, the science behind catching criminals became so important that it's hard to now imagine the world without them. Many famous Great Detectives followed in Holmes's footsteps - Nero Wolfe and Ellery Queen, Hercule Poirot and Solar Pons - but before they began their careers, and while Holmes was still in practice in Baker Street, another London consultant - Dr. John Thorndyke - opened his doors, using the scientific methods developed and perfected by Holmes and taking them to a whole new level of brilliance. Between 1905, with his first appearance in a nearly forgotten novella (see below), to 1942, and through the course of twenty-one novels and over forty short stories, Dr. Thorndyke, often with the assistance of his friend Dr. Christopher Jervis, unraveled some incredibly complex puzzles. Besides providing very satisfying mysteries - some of which turned the literary form

inside out - these adventures present vivid pictures of England in the late Victorian and early Edwardian eras, ranging from the doctor's own vividly drawn chambers at 5A Kings Bench Walk in the Temple to the surrounding London streets, and beyond into the villages and towns of the countryside. Many of the Thorndyke volumes have been difficult to obtain for decades. MX Publishing is proud to announce the return of Dr. Thorndyke in a collection of omnibus editions, bringing these masterful adventures of one of the world's greatest detectives together in an easily available format for modern readers. "Thorndyke will cheerfully show you all the facts. You will be none the wiser...." - Dorothy L. Sayers, Chronicler of Lord Peter Wimsey

In 2015, the first three volumes of The MX Book of New Sherlock Holmes Stories arrived, containing over 60 stories in the true traditional Canonical manner, revisiting Holmes and Watson in those days where it is “always 1895” . . . or a few decades on either side of that. That was the largest collection of new Holmes stories ever assembled, and originally planned to be a one-time event. But readers wanted more, and the contributors had more stories from Watson’s Tin Dispatch Box, so the fun continued. Now, with the release of Parts XXXI, XXXII, and XXXIII, the series has grown to nearly 700 new Holmes adventures by over 200 contributors from around with world. Since the beginning, all contributor royalties have gone to the Undershaw school (formerly Stepping Stones) for special needs children at Undershaw, one of Sir Arthur Conan Doyle’s former homes, and to date the project has raised nearly \$100,000 for the school - as well as helping provide a world-wide awareness of its mission. As has become the tradition, this new collection of 61 adventures features Holmes and Watson carrying out their masterful investigations from the early days of their friendship in Baker Street to the post-War years during Holmes’s retirement. 1892-1905 features contributions by: Deana Baran, Tim Symonds,

Sandor Jay Sonnen, Ben Cardall, Andrew Lane, Michael Mallory, Wendy C. Fries, Aaron Smith, Arthur Hall, Robert Perret, Nick Cardillo, Paul D. Gilbert, Cindy Dye, Tracy Revels, Derrick Belanger, William Meikle, Marcia Wilson, David Friend, Roger Riccard, Craig Janacek, Jeremy Branton Holstein, Will Murray, David Ruffle, Daniel McGachey, and David Marcum, with a poem by Christopher James, and forewords by David Marcum, Lee Child, Rand Lee, Michael Cox, and Melissa Farnham. In 2015, *The MX Book of New Sherlock Holmes Stories* burst upon the scene, featuring adventures set within the correct time period, and written by many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received, and there were soon calls for additional collections. Since then, their popularity has only continued to grow, with six volumes already released, and now two more, *Eliminate the Impossible*, featuring tales of Holmes's encounters with seemingly impossible events - ghosts and hauntings, curses and mythical beasts, and more. In "The Sussex Vampire", Holmes tells Watson: "This agency stands flat-footed upon the ground, and there it must remain. The world is big enough for us. No ghosts need apply." In each of the stories presented in this massive two-volume collection, Holmes approaches the varied problems with one of his favorite maxims firmly in place: ". . . when you have eliminated the impossible whatever remains, however improbable, must be the truth" But what, exactly, is the truth? 2017 is the 130th anniversary of the publication of *A Study in Scarlet*, the first recorded adventure of Sherlock Holmes and Dr. John H. Watson. What an amazing journey it's been! In addition to the pitifully few sixty tales originally presented in *The Canon*, published between 1887 and 1927, there have been literally thousands of additional Holmes adventures in the form of books, short stories, radio and television episodes, movies, manuscripts, comics, and fan fiction. And yet, for those who are true friends and admirers of the Master Detective of Baker Street,

where it is always 1895 (or a few decades on either side of that!) these stories are not enough. Give us more! The forty-eight stories in these two companion volumes represent some of the finest new Holmesian storytelling to be found, and honor the man described by Watson as "the best and wisest . . . whom I have ever known."

Irregular Lives Kim Krisco 2016-11-29 Sherlock Holmes's relationship with the band of street Arabs known at the Baker Street Irregulars has largely been untold ... until now. Holmes sometimes relied upon a gang of adolescent boys and girls who he recruited from the slums of London. Indeed, some of Sherlock Holmes's most bizarre cases involved the irregulars: a hideous execution of a man who had been strapped to the barrel of cannon, a fiend who hoped he could live forever on the blood of others, and the largest jewel robbery in Britain. *Irregular Lives* begins in post WWI London, when Holmes visits a mysterious photography exhibit that has him recall adventures with Wiggins, Ugly, Kate, and other members of his urban army. But, his reminiscences are merely a prelude to a thrilling adventure that begins when a jolly reunion with the irregulars abruptly erupts in a terrible tragedy. If you were ever curious about how Holmes shaped and changed the lives of the irregulars, and how they transformed his life ... then, this is the book for you.

The MX Book of New Sherlock Holmes Stories - Part XV

David Marcum 2019-07-17 In 1881, a weary doctor - wounded while serving in the military in Afghanistan - returned to London, only to be introduced to a most unusual young man who was already making a name for himself as the world's first consulting detective. At that time, the young man and his unique colleague were only just in their late twenties, unaware of their legendary futures... but they would go on to become two of the most famous and recognizable figures in the world: Sherlock Holmes and Dr.

John H. Watson. In 1887, Holmes and Watson's first investigation as a team - A Study in Scarlet - was published. The Sign of Four followed in 1890, and then, in 1891, the world was electrified with the publication of The Adventures of Sherlock Holmes in the newly-formed Strand Magazine... and the world would never be the same! Through the remainder of the nineteenth Century and all the way through the twentieth, Holmes and Watson's fame would grow. We're now well into the twenty-first century, yet the much-loved duo are just as popular today - if not even more so. In 2015, The MX Book of New Sherlock Holmes Stories burst upon the scene, featuring stories set within the canon's correct time period, written by the very best of today's Sherlockian authors from around the world. MX BK OF NEW SHERLOCK HOLMES S David Marcum

2017-05-22 The MX Book of New Sherlock Holmes Stories - Part VI: 2017 Annual is the sixth volume of the world's largest collection of new traditional Sherlock Holmes stories. All royalties are donated by the authors to restoration projects at Undershaw, Sir Arthur Conan Doyle's former home, and the new home of Stepping Stones School.

Sherlock's Home Steve Emecz 2016-12-20 1903 saw The Adventure of The Empty House and the return of Sherlock Holmes to 221b Baker Street where he explains the deception of his death at the Reichenbach Falls to his faithful friend Dr John Watson. 2012 sees The Crime of The Empty House where the former home of Sir Arthur Conan Doyle, Undershaw, lies in disrepair and the threat of being destroyed forever.

Commissioned by Sir Arthur Conan Doyle himself, Undershaw was witness to the creation of many of his most famous works, including The Hound of the Baskervilles and The Return of Sherlock Holmes. It is a building deserving preservation for the British nation, and indeed the world, for all time. Sadly, the building is currently under threat from the property developers who wish to divide the house into 3 separate units and build a further 5 alongside. Planning permission for development has already been approved by Waverley Borough Council. The Undershaw Preservation Trust (UPT), with Mark Gatiss [BBC Sherlock] as Patron, is dedicated to the preservation and protection of this important literary building and are campaigning to get this decision overturned, so the house can be restored to its original glory and enjoyed as the single dwelling Sir Arthur Conan Doyle intended it to be. This book is a collection of short Sherlock Holmes stories and poems written by fans from around the world in support of the Save Undershaw campaign - even the cover has been designed by fans. Royalties from the book go towards the UPT to preserve this wonderful house for future generations of Doyleans, Sherlock Holmes enthusiasts and literary fans of all kinds. More information on the Save Undershaw campaign can be

Watson explains that he wishes to leave, not only his family but the public with a final compilation of adventures that he and Sherlock shared while he is still able. In these seven stories Holmes and Watson are caught in the middle of multiple Government Scandals (Acquitted Client & Diamond Jubilee) cold blooded murders (Poisoned Affair & Saint Mary s Murder) and Terrorist groups (The Yellow Handkerchief). As well Holmes and Watson come face to face the spirits of darkness (The Haunted Hotel) and in a story that works through over a decade of Holmes' cases, we learn the truth about Watson's marital life and what happened to his wife Mary after Holmes' apparent death at Reichenbach (The Solved Problem).

In 2015, *The MX Book of New Sherlock Holmes Stories* was first published, a huge three-book set featuring over sixty new traditional Holmes exploits, all set within the correct time period. Soon, the demand for even more traditional Holmes adventures led to further volumes. The next year brought Part IV: 2016 Annual, and then Part V: Christmas Adventures. In spring 2017 there was Part VI: 2017 Annual, and that fall revealed the massive two-volume set, Parts VII and VIII: *Eliminate the Impossible*. Now we present another two simultaneous volumes, Parts IX and X: 2018 Annual (1879-1895) and (1896-1916). There can be no argument that Sherlock Holmes is one of the most famous and recognizable figures in the world. There were only sixty narratives brought to us by the original Literary Agent, Sir Arthur Conan Doyle. Clearly that is not enough. Watson once wrote that he kept his unpublished cases in his old Tin Dispatch Box. Now, with the publication of these latest volumes, that box has again been explored by some of today's best Sherlockian writers, all of whom are donating their royalties from these anthologies toward the restoration of Undershaw, one of Sir Arthur Conan Doyle's houses, and the location where *The Hound of the Baskervilles* and many later Holmes stories were completed. Climb the seventeen steps to the sitting room at 221b Baker Street. Sherlock Holmes and Doctor Watson are waiting... The game is afoot!

volumes - more Holmes than could fit into one book! Part X: 2018 Annual (1896-1916) features contributions by: Mike Hogan, Kelvin Jones, Jim French, Arthur Hall, Steve Ehrman, Greg Hatcher, Jayantika Ganguly, Paul Freeman, Dick Gillman, Maurice Barkley, Daniel D. Victor, Martin Rosenstock, Peter Coe Verbica, Hugh Ashton, Will Murray, Robert Perret, Thaddeus Tuffentsamer, G.L. Schulze, Tim Symonds, and a poem by Derrick Belanger... and Forewords in both volumes by Nicholas Meyer, Roger Johnson, and David Marcum. In 2015, The MX Book of New Sherlock Holmes Stories was first published, a huge three-book set featuring over sixty new traditional Holmes exploits, all set within the correct time period. Soon, the demand for even more traditional Holmes adventures led to further volumes. The next year brought Part IV: 2016 Annual, and then Part V: Christmas Adventures. In spring 2017 there was Part VI: 2017 Annual, and that fall revealed the massive two-volume set, Parts VII and VIII: Eliminate the Impossible. Now we present another two simultaneous volumes, Parts IX and X: 2018 Annual (1879-1895) and (1896-1916). There can be no argument that Sherlock Holmes is one of the most famous and recognizable figures in the world. There were only sixty narratives brought to us by the original Literary Agent, Sir Arthur Conan Doyle. Clearly that is not enough. Watson once wrote that he kept his unpublished cases in his old Tin Dispatch Box. Now, with the publication of these latest volumes, that box has again been explored by some of today's best Sherlockian writers, all of whom are donating their royalties from these anthologies toward the restoration of Undershaw, one of Sir Arthur Conan Doyle's houses, and the location where The Hound of the Baskervilles and many later Holmes stories were completed. Climb the seventeen steps to the sitting room at 221b Baker Street. Sherlock Holmes and Doctor Watson are waiting.... The game is afoot!

An Investees' Anthology David Marcum 2023-01-05 Featuring Contributions by: Mark Alberstat, Marino C. Alvarez, Peter

Calamai, Catherine Cooke, Carla Coupe, David Stuart Davies, John Farrell, Lyndsay Faye, Sonia Fetherston, Jayantika Ganguly, Jeffrey Hatcher, Roger Johnson, Leslie S. Klinger, Ann Margaret Lewis, Bonnie MacBird, Stephen Mason, Julie McKuras Nicholas Meyer, Jacquelynn Morris, Otto Penzler, Christopher Redmond, Tracy J. Revels, Steven Rothman, Nancy Holder, Mark Levy (and Arlene Mantin Levy), Nicholas Utechin, and Sean M. Wright (and DeForeest B. Wright, III) In 2015, *The MX Book of New Sherlock Holmes Stories* burst upon the scene, featuring traditional Canonical adventures set within the correct time period, and written by many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received, and soon there were calls for additional collections. Since then, their popularity has only continued to grow, and the series is currently up to 36 massive volumes (and more in preparation!) with over 750 new Holmes adventures from over 200 contributors worldwide. Since the beginning, all royalties from these volumes have gone to the Undershaw school for special needs children, (formerly known as "Stepping Stones"), and as of mid-2022, the books have raised over \$100,000 for the school, with no end in sight. From the very beginning, members of *The Baker Street Irregulars* stepped up to contribute, providing stories, poems, and forewords. Now, in this collection, we present something from nearly all of those previous BSI contributors and, as always, the royalties go to support the Undershaw school. These stories, poems, and forewords, along with the those in the original 36 volumes of *The MX Book of New Sherlock Holmes Stories*, represent some of the finest new Holmesian storytelling to be found, and honor the man described by Watson as "the best and wisest . . . whom I have ever known." Stories, Forewords, and Poems in this volume have previously appeared in Parts I - XXXVI of *The MX Book of New Sherlock Holmes Stories*. All royalties from this collection are being donated for the benefit of the preservation of Undershaw, a school for special needs students

located at one of the former homes of Sir Arthur Conan Doyle.

A Ghost From Christmas Past Tom Turley 2022-12-14

In this story, readers will discover the solutions to several Sherlockian mysteries. Why are there so few cases from the middle 1880s? Why did such a ladies' man as John H. Watson wait so long to take himself a wife? What about those puzzling canonical references to a wife who can't be Mary Morstan? Travel with the Doctor to America, where you'll meet the beautiful young woman who preceded Mary, as well as Watson's "black sheep" brother Henry and characters who figure in such cases as "The Blue Carbuncle" and "The Five Orange Pips." Here is a literally haunting tale that Publishers Weekly called a "standout." This is the 13th story from The Art of Sherlock Holmes project and first appeared in The MX Book of New Sherlock Holmes Stories, Part VII. The artist was Nune Asatryan creating the art from the story. The original painting measures 18 x 24 and is an oil on canvas. You can view the original in The Art of Sherlock Holmes Virtual Gallery.

XXXVII David Marcum 2023-06-27 Featuring Contributions by:

Will Murray, Brenda Seabrooke, Arthur Hall, Steven Philip Jones, Dan Rowley and Don Baxter, David Marcum, Hugh Ashton, Sonya Kudei, Barry Clay, DJ Tyrer, Mark Wardecker, Paul Hiscock, Tom Turley, Brett Fawcett, Martin Daley, Bob Byrne, Tracy J. Revels, James Gelter, and Matthew White, with a poem by Kevin Patrick McCann, and forewords by Michael Sims, Roger Johnson, Emma West, Steve Emecz, and David Marcum. 59 New Traditional Canonical Holmes Adventures Collected in Three Companion Volumes In 2015, the first three volumes of The MX Book of New Sherlock Holmes Stories arrived, containing over 60 stories in the true traditional Canonical manner, revisiting Holmes and Watson in those days where it is "always 1895" . . . or a few decades on either side of that. That was the largest collection of new Holmes stories ever assembled, and originally planned to be a one-time event. But readers wanted more, and the contributors had more

stories from Watson's Tin Dispatch Box, so the fun continued. Now, with the release of Parts XXXVII, XXXVIII, and XXXIX, the series has grown to over 800 new Holmes adventures by over 200 contributors from around with world. Since the beginning, all contributor royalties go to the Undershaw school for special needs children, located at one of Sir Arthur Conan Doyle's former homes, and to date the project has raised over \$110,000 for the school. This new collection of 59 adventures features Holmes and Watson carrying out their masterful investigations from the early days of their friendship in Baker Street to the post-War years during Holmes's retirement. Along the way, Our Heroes are involved in dozens of fascinating mysteries - some relating Untold Cases, sequels to Canonical adventures, and a number or others that progress along completely unexpected lines. Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes, described by the estimable Dr. Watson as "the best and wisest . . . whom I have ever known."
