Association Football and English Society, 1863-1915 Tony Mason 2022-12-30 "Association Football did no less than reshape British and indeed global society in its fast development as an organised sport over the course of the second half of the nineteenth century and leading up to the First World War. In this newly released edition of Tony Mason's essential account of the game's rise, issues such as the amateur professional divide, social class and mass spectatorship are seen as fundamental to the development of what is now a multi-trillion dollar industry. Dilwyn Porter supplements this classic text with a brand-new introduction"--

**Achtung-Panzer!** Heinz Guderian 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**The Comedy of Sentiment** Max Simon Nordau 1895

**Little Briar-Rose / Dornröschen (Bilingual Edition)** Brüder Grimm 2017-04-09 This edition contains the English translation and the original text in German. "Sleeping Beauty" (French: "La Belle au bois dormant" - "The Beauty Sleeping in the Wood") by Charles Perrault or "Little Briar Rose" (German: "Dornröschen") by the Brothers Grimm is a classic fairy tale involving a beautiful princess, a sleeping enchantment, and a handsome prince. The version collected by the Grimms was an orally transmitted version of the originally literary tale published by Charles Perrault in "Histoires ou contes du temps passé" in 1697. This in turn was based on Sun, Moon, and Talia by Giambattista Basile (published posthumously in 1634), which was in turn based on one or more folk tales. The earliest known version of the story is Perceforest, composed between 1330 and 1344 and first printed in 1528. "Dornröschen" ist ein Märchen (ATU 410). Es steht in den Kinder- und Hausmärchen der Brüder Grimm ab der 1. Auflage von 1812 an Stelle 50 (KHM 50) und geht durch mündliche Weitergabe über Marie Hassenpflug auf Charles Perraults "La belle au bois dormant" ("Die schlafende Schöne im Wald") zurück. Bei Perrault erschien es 1697 in Contes de ma Mère l'Oye und vorher 1696. Ludwig Bechstein übernahm das Märchen in sein Deutsches Märchenbuch als "Das Dornröschen" (1845 Nr. 63, 1853 Nr. 52).

**Venice, 360°** 1996 Venice is one of the most attractive and photogenic cities in the world, remembered fondly by its millions of visitors. Venice 360° captures the unique splendor and charm of the city perfectly. In a spectacular series of photographs, many taken with the same rotating camera that produced the images seen in New York 360°, the book travels the city and its environs, recording it all in beautifully reproduced images. There are fifty-six photographs in all. Most are double-page spreads, but there are some even larger in scale: panoramic shots of squares and bridges and views across the canals that pull out into spectacular three-, four-, and even six-page spreads of Venice's most memorable sights, such as the Grand Canal, the Piazza from St. Mark's, and the Bridge of Sighs. Each picture is accompanied by an explanatory caption giving artistic and historical context to the shot. Scattered throughout the book are line drawings of some of the architectural details of Venice's great buildings, sculptures, statues and

gargoyles. Venice 360° is an extravagant celebration of the city and an ideal gift book.

The Nation as a Local Metaphor Alon Confino 2000-11-09 All nations make themselves up as they go along, but not all make themselves up in the same way. In this study, Alon Confino explores how Germans turned national and argues that they imagined the nation as an extension of their local place. In 1871, the work of political unification had been completed, but Germany remained a patchwork of regions with different histories and traditions. Germans had to construct a national memory to reconcile the peculiarities of the region and the totality of the nation. This identity project, examined by Confino as it evolved in the southwestern state of Württemberg, oscillated between failure and success. The national holiday of Sedan Day failed in the 1870s and 1880s to symbolically commingle localness and nationhood. Later, the idea of the Heimat, or homeland, did prove capable of representing interchangeably the locality, the region, and the nation in a distinct national narrative and in visual images. The German nationhood project was successful, argues Confino, because Germans made the nation into an everyday, local experience through a variety of cultural forms, including museums, school textbooks, popular poems, travel guides, posters, and postcards. But it was not unique. Confino situates German nationhood within the larger context of modernity, and in doing so he raises broader questions about how people in the modern world use the past in the construction of identity.

**Vimanas and the wars of the gods** Enrico Baccarini 2016-08-03 An astonishing book that will lead to rewrite the history of mankind. An unexplored world, a journey beyond the boundaries of human history. From over five thousand years India and Pakistan seem to guard jealously a forgotten past, a secret locked inside of the oldest traditions that human history knows. The journey starts from an highly evolved civilization but fall into oblivion, a culture that left to posterity a huge amount of texts transmitted orally and later merged into Hinduism. Traditions that speak of lost civilizations, wars fought between men and gods with highly advanced technologies and machines capable of flying in the air and in space called Vimana. Following the tracks and studies conducted in the '70s by David William Davenport, has set new light on the events that led to the

destruction of the city of Mohenjo Daro (Pakistan) and the disappearance of the Harappan civilization tying their story to submerged ruins discovered in the Indian Ocean and dated back to 10,000 years ago.

**Histories of Peirene** Betsey Ann Robinson 2011 The Peirene Fountain as described by its first excavator, Rufus B. Richardson, is "the most famous fountain of Greece." Here is a retrospective of a wellspring of Western civilization, distinguished by its long history, service to a great ancient city, and early identification as the site where Pegasus landed and was tamed by the hero Bellerophon. Spanning three millennia and touching a fourth, Peirene developed from a nameless spring to a renowned source of inspiration, from a busy landmark in Classical Corinth to a quiet churchyard and cemetery in the Byzantine era, and finally from free-flowing Ottoman fountains back to the streams of the source within a living ruin. These histories of Peirene as a spring and as a fountain, and of its watery imagery, form a rich cultural narrative whose interrelations and meanings are best appreciated when studied together. The author deftly describes the evolution of the Fountain of Peirene framed against the underlying landscape and its ancient, medieval, and modern settlement, viewed from the perspective of Corinthian culture and spheres of interaction. Published with the assistance of the Getty Foundation. Winner of the 2011 Prose Award for Professional and Scholarly Excellence in the category of Archaeology/Anthropology. The Prose Awards are given annually by the Professional and Scholarly Publishing division of the American Association of Publishers.

**Post-Metropolitan Territories** Alessandro Balducci 2017-01-20 Processes of multi-scalar regional urbanization are occurring worldwide. Such processes are clearly distinguishable from those of the nineteenth and twentieth centuries due to the shifting concepts of both the city and the metropolis. International literature highlights how what we have historically associated with the idea of cities has long been subjected to consistent reconfiguration, which involves stressing some of the typical features of the idea of "cityness". *Post-Metropolitan Territories: Looking for a New Urbanity* is the product of a research project funded by the Italian Ministry for Education, Universities and Research (MIUR). It constitutes a thorough overview of a country that is one of Europe's most diverse in terms of regional development and performance: Italy. This book brings together case studies of a number of Italian cities and their hinterlands and looks at new forms of urbanization, exploring themes of sustainability, industrialization, de-industrialization, governance, city planning and quality of life. This volume will be of great interest to academics and students who study regional development, economic geography and urban studies, as well as civil servants and policymakers in the field of spatial planning, urban policy, territorial policies and governance.

**The Life and Death of Sophie Stark** Anna North 2015-05-19 Winner of the 2016 Lambda Literary Award for Bisexual Fiction "I read *The Life and Death of Sophie Stark* with my heart in my mouth. Not only a dissection of genius and the havoc it can wreak, but also a thunderously good story."—Emma Donoghue, New York Times bestselling author of *Room* "This novel is perceptive, subtle, funny and lingers in unexpected ways. The analysis of a woman who puts her art above all else is equal parts inspiration and warning story. Anna North makes prose look easy."—Lena Dunham Gripping and provocative, *The Life and Death of Sophie Stark* is a haunting story of fame, love, and legacy told through the propulsive rise of an iconoclastic artist. Sophie Stark begins her filmmaking career by creating a documentary about her obsession, Daniel, a college basketball star. But when she becomes too invasive, she finds herself the victim of a cruel retribution. The humiliation doesn't stop her. Visionary and unapologetic, Sophie begins to use stories from the lives of those around her to create movies, and as she gains critical recognition and acclaim, she risks betraying the one she loves most. Told in a chorus of voices belonging to those who knew Sophie best, *The Life and Death of Sophie Stark* is an intimate portrait of an elusive woman whose monumental talent and relentless pursuit of truth reveal the cost of producing great art. It is "not only a dissection of genius and the havoc it can wreak, but also a thunderously good story" (Emma Donoghue).

**Policing the European Union** Malcolm Anderson 1995 International co-operation in criminal law enforcement has become a centrally important policy issue for Europe in the 1990s. In criminal matters, when a decision is taken to go beyond the discretionary exchange of information towards institutionalized police co-operation, a whole Pandora's box of issues and problems is opened. This book, based on interviews in a wide variety of documentary sources, examines the progress of this co-operation. The authors cover all the major and theoretical issues associated with the emerging pattern of co-operation, including the harmonization of criminal law and criminal procedure, law enforcement strategies, police organization and discipline, and the politics of immigration and civil liberties. In a European Union without internal border controls there is widespread agreement on the objective of closer police co-operation. But prospects in some areas are not good and there are potential pitfalls, even dangers, along the road to more integrated arrangements. The authors conclude by making recommendations that proper accountability arrangements are a prerequisite of a balanced and efficient system of European police co-operation.

**Confessions of an Italian** Ippolito Nievo 2014-05-29 An overlooked classic of Italian literature, this epic and unforgettable novel recounts one

man's long and turbulent life in revolutionary Italy. At the age of eighty-three and nearing death, Carlo Altoviti has decided to write down the confessions of his long life. He remembers everything: his unhappy childhood in the kitchens of the Castle of Fratta; romantic entanglements during the siege of Genoa; revolutionary fighting in Naples; and so much more. Throughout, Carlo lives only for his twin passions in life: his dream of a unified, free Italy and his undying love for the magnificent but inconstant Pisana. Peopled by a host of unforgettable characters - including drunken smugglers, saintly nuns, scheming priests, Napoleon and Lord Byron - this is an epic historical novel that tells the remarkable and inseparable stories of one man's life and the history of Italy's unification. Ippolito Nievo was born in 1831 in Padua. Confessions of an Italian, written in 1858 and published posthumously in 1867, is his best known work. A patriot and a republican, he took part with Garibaldi and his Thousand in the momentous 1860 landing in Sicily to free the south from Bourbon rule. Nievo died before he reached the age of thirty, when his ship, en route from Palermo to Naples, went down in the Tyrrhenian Sea in early 1861. He was, Italo Calvino once said, the sole Italian novelist of the nineteenth century in the 'daredevil, swashbuckler, rambler' mould so dear to other European literatures. Frederika Randall has worked as a cultural journalist for many years. Her previous translations include Luigi Meneghello's Deliver Us and Ottavio Cappellani's Sicilian Tragedy and Sergio Luzzatto's Padre Pio: Miracles and Politics in a Secular Age. Lucy Riall is Professor of Comparative History at the European University Institute. Her many books include Garibaldi. Invention of a Hero. 'Of all the furore that came out of the Risorgimento, only Manzoni and Nievo really matter today' - Umberto Eco 'The one 19th century Italian novel which has [for an Italian reader] that charm and fascination so abundant in foreign literatures' - Italo Calvino 'Perhaps the greatest Italian novel of the nineteenth century' - Roberto Carnero 'A spirited appeal for liberté, égalité and fraternité, the novel is also an astute, scathing and amusing human comedy, a tale of love, sex and betrayal, of great wealth and grinding poverty, of absolute power and scheming submission, of idealism and cynicism, courage and villainy' - The Literary Encyclopedia

In Praise of the Bicycle Marc Augé 2019-11-15 Witness the French anthropologist as we have never seen him before. Marc Augé coined the term "non-place" to describe the ubiquitous airports, hotels, and motorways filled with anonymous individuals. In this new book, he casts his anthropologist's eye on a subject close to his heart: cycling. With In Praise of the Bicycle, Augé takes us on a two-wheeled ride around our cities and on a personal journey into ourselves. We all remember the thrill of riding a bike for the first time and the joys of cycling. Here he reminds us that these memories are not just personal, but rooted in a time and a place, in a history that is shared with millions of others. Part memoir, part manifesto, Augé's book celebrates cycling as a way of reconnecting with the places in which we live, and, ultimately, as a necessary alternative to our disconnected world.

*The Great Pox* Jon Arrizabalaga 1997-01-01 A century and a half after the Black Death killed over a third of the population of Western Europe, a new plague swept across the continent. The Great Pox - commonly known as the French Disease - brought a different kind of horror: instead of killing its victims rapidly, it endured in their bodies for years, causing acute pain, disfigurement and ultimately an agonising death. The authors analyse the symptoms of the Great Pox and the identity of patients, richly documented in the records of the massive hospital of 'incurables' established in early sixteenth-century Rome. They show how the disease threw accepted medical theory and practice into confusion and provoked public disputations among university teachers. And at the most practical level they reveal the plight of its victims at all levels of society, from ecclesiastical lords to the poor who begged in the streets. Examining a range of contexts from princely courts and republics to university faculties, confraternities and hospitals, the authors argue powerfully for a historical understanding of the Great Pox based on contemporary perceptions rather than on a retrospective diagnosis of what later generations came to know as 'syphilis'.

*This Body That Inhabits Me* Rossana Rossanda 2022-01-15 A collection of essays on the mysteries of the body from one of Italy's leading postwar communist intellectuals. Politician, translator, and journalist Rossana Rossanda was the most important female left-wing intellectual in post-war Italy. Central to the Italian Communist Party's cultural wing during the 1950s and '60s, she left an indelible mark on the life of the mind. The essays in this volume, however, bring together Rossanda's reflections on the body--how it ages, how it is gendered, what it means to examine one's own body. The product of a decades-long dialogue with the Italian women's movement (above all with Lea Melandri, a vital feminist writer who provides an afterword to the current volume), these essays represent an honest and raw meeting between communist and feminist thought. Ranging from reflections on her own hands through to Chinese cinema, from figures such as the Russian cross-dressing soldier Nadezhda Durova to the Jacobin revolutionary Theroigne de Mericourt, here we see Rossanda's fierce intellect and extraordinary breadth of knowledge applied to the body as a central question of human experience.
