Beloved Toni Morrison 2006-10-17 Winner of the Pulitzer Prize, Toni Morrison's *Beloved* is a spellbinding and dazzlingly innovative portrait of a woman haunted by the past. Sethe was born a slave and escaped to Ohio, but eighteen years later she is still not free. She has borne the unthinkable and not gone mad, yet she is still held captive by memories of Sweet Home, the beautiful farm where so many hideous things happened. Meanwhile Sethe's house has long been troubled by the angry, destructive ghost of her baby, who died nameless and whose tombstone is engraved with a single word: *Beloved*. Sethe works at beating back the past, but it makes itself heard and felt incessantly in her memory and in the lives of those around her. When a mysterious teenage girl arrives, calling herself *Beloved*, Sethe's terrible secret explodes into the present. Combining the visionary power of legend with the unassailable truth of history, Morrison's unforgettable novel is one of the great and enduring works of American literature.

Born a Crime Trevor Noah 2016-11-15 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconditional love.

Handbook of African Medicinal Plants, Second Edition Maurice M. Iwu 2014-02-04 With over 50,000 distinct species in sub-Saharan Africa alone, the African continent is endowed with an enormous wealth of plant resources. While more than 25 percent of known species have been used for several centuries in traditional African medicine for the prevention and treatment of diseases, Africa remains a minor player in the global natural products market largely due to lack of practical information. This updated and expanded second edition of the Handbook of African Medicinal Plants provides a comprehensive review of more than 2,000 species of plants employed in indigenous African medicine, with full-color photographs and references from over 1,100 publications. The first part of the book contains a catalog of the plants used as ingredients for the preparation of traditional remedies, including their medicinal uses and the parts of the plant used. This is followed by a pharmacognostical profile of 170 of the major herbs, with a brief description of the diagnostic features of the leaves, flowers, and fruits and monographs with botanical names, common names, synonyms, African names, habitat and distribution, ethnomedicinal uses, chemical constituents, and reported pharmacological activity. The second part of the book provides an introduction to African traditional medicine, outlining African cosmology and beliefs as they relate to healing and the use of herbs, health foods, and medicinal plants. This book presents scientific documentation of the correlation between the observed folk use and demonstrable biological activity, as well as the characterized constituents of the plants.

They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. *A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It is the first book in *The Time Quintet*, which consists of *A Wrinkle in Time*, *A Wind in the Door*, *A Swiftly Tilting Planet*, *Many Waters*, and *An Acceptable Time*. *A Wrinkle in Time* is now a movie from Disney, directed by Ava DuVernay, starring Storm Reid, Oprah Winfrey, Reese Witherspoon and Mindy Kaling.
