**Family Love in the Diaspora** Mary Chamberlain 2017-07-05 Colonial social policy in the British West Indies from the nineteenth century onward assumed that black families lacked morals, structure, and men, a void that explained poverty and lack of citizenship. African-Caribbean families appeared as the mirror opposite of the "ideal" family advocated by the white, colonial authorities. Yet contrary to this image, what provided continuity in the period and contributed to survival was in fact the strength of family connections, their inclusivity and support. This study is based on 150 life story narratives across three generations of forty-five families who originated in the former British West Indies. The author focuses on the particular axes of Caribbean peoples from the former British colonies of Jamaica, Trinidad and Tobago and Barbados, and Great Britain. Divided into four parts, the chapters within each present an oral history of migrant African-Caribbean families, demonstrating the varieties, organization, and dynamics of family through their memories and narratives. It traces the evolution of Caribbean life; argues how the family can be seen as the tool that helps transmit and transform historical mentalities; examines the dynamics of family life; and makes comparisons with Indo-Caribbean families. Above all, this is a story of families that evolved, against the odds of slavery and poverty, to form a distinct Creole form, through which much of the social history of the English-speaking Caribbean is refracted. "Family Love in the Diaspora" offers an important new perspective on African-Caribbean families, their history, and the problems they face, for now and the future. It offers a long overdue historical dimension to the debates on Caribbean families.

**Daddy and Dada** Ryan Brockington 2021 "A little girl explains how families, including hers, come in many shapes and sizes--some with a mom and a dad, some with two dads, some with two moms, and more"--

**Everywhere Babies** Susan Meyers 2004 Every day, everywhere, babies are born. They're kissed and dressed and rocked and fed--and completely adored by the families who love them. **Families...sometimes** Marta Schmidt-Mendez Ma 2016-09-17 Families come in all shapes, sizes, and configurations. It is important for us to let children feel great about the uniqueness of their own family and also to teach them to be accepting and respectful of those they may experience as "different." As our world becomes more and more diverse, there has never been a better, or a more important time, for us to learn to live together and to teach children about diversity and acceptance. As children become aware of family structures that may be different than their own, they may ask questions. They might ask, "Why does Jimmy have two mommies?" or "Can someone have two daddies?" Young children are concrete thinkers and they are not looking for a philosophical response. They don't need a full discussion on sexual orientation. Typically when a young child asks a question, he is looking for a simple "yes" or "no" response. Children's awareness of family, whether their own or someone else's, is a perfect opportunity to teach them about celebrating family, accepting diversity and having open discussions. Children will thrive and learn when they come to understand that not only are all families different but that all families have something in common. It's love and support that makes a family a family. Families...Sometimes was written to help parents and caregivers talk to their children about diversity and acceptance. Using a book is a good way to help start a conversation or to help you continue one your child may have already started. Since young children form ideas about themselves and others in the early school years, it is important to begin to teach tolerance and anti-bias lessons early. Ultimately, we want to raise children who appreciate, rather than fear differences.

Wherever You Are Nancy Tillman 2010-09-14 . . . I wanted you more than you'll ever know, so I sent love to follow wherever you go. . . . Love is the greatest gift we have to give our children. It's the one thing they can carry with them each and every day. If love could take shape it might look something like these heartfelt words and images from the inimitable Nancy Tillman. **An Identity to Die For** PAUL MALLARD 2020-02-20 Who am I and do I really matter? This is a heartfelt cry today, articulated in different ways, often even among those who claim to be Christians. Paul Mallard shows us what the Bible teaches us about our identity as human beings and, more specifically, as Christians. We look at our relationship with God, with the church, with our family and in the workplace. The starting point is the NT book of Ephesians, which is far more relevant today than we might think. The author brings us right into the heart of his family, explaining how Abe, his young grandson, in spite of severe disability from birth, was made by a loving and kind Creator, with unique value and immeasurable dignity. In fact, our dignity as humans stems from the fact that God has created us in his image - how amazing is that! This is a book which will orientate and reassure us, offering genuine confidence. But it will also move our hearts to praise God for investing such value in human beings like us, and for sending his Son, Jesus, so that we could have freedom from sin and enjoy the status of sons and daughters. Preface 1 Who am I? 2 Unbelievably blessed 3 Undeservedly rescued 4 Unimaginably transformed 5 Every barrier is down 6 Every person is needed 7 Everyone worships something 8 Against the flow 9 The home - men and women 10 Fight for who you are 11 People of hope 12 More loved than you can imagine

**A Family Is a Family Is a Family** Sara O'Leary 2020-07-10 When a teacher asks her class to think about what makes their families special, the answers are all different, but the same in one important way ... When a teacher asks the children in her class to think about what makes their families special, the answers are all different in many ways — but the same in the one way that matters most of all. One child is worried that her family is just too different to explain, but listens as her classmates talk about what makes their families special. One is raised by a grandmother, and another has two dads. One has many stepsiblings, and another has a new baby in the family. As her classmates describe who they live with and who loves them — family of every shape, size and every kind of relation — the child realizes that as long as her family is full of caring people, it is special. A warm and whimsical look at many types of families, written by award-winning author Sara O'Leary, with quirky and sweet illustrations by Qin Leng. *The Love that Will Not Let You Go* Paul Douglas Heidt 2015-05-04 This book is an alternative to what passes for Christianity in movies, television, videos, novels, political campaigns, and, sadly, in many churches. It is for Christians, people of other faiths, and people of no faiths. It is for those who have given up on religion and those with secret doubts about concepts and biblical narratives most Christians seem to believe easily. Douglas Heidt contends that traditional Christian theology deals primarily with intellectual conclusions and emotion, leaving seekers with the idea that if they believe certain propositions, and love God, they will lead safe, happy lives, and go to heaven when they die. But this book argues that Jesus didn't teach a theological or ecclesiastical system. By his words and life he simply revealed a way to live, the way God created life to be lived, the life of sacrificial, eternal, universal love, kindness, forgiveness, justice, and compassion. Life's goal is not to believe certain things and go to heaven. Life's goal is to love your neighbor. This uncomplicated assertion has crucial implications for the church, how we understand the Bible, the Christian story, and the Christian life and its conclusion. It presents ideas that may be challenging, and describes how being Christian is not what you think, it's what you do.
