*Never Quit* Jimmy Settle 2017-03-07 "That Others May Live" is a mantra that defines the fearless men of Alaska's 212th Pararescue Unit, the PJs, one of the most elite military forces on the planet. Whether they are rescuing citizens injured and freezing in the Alaskan wilderness or saving wounded Rangers and SEALs in blazing firefights at war, the PJs are the least known and most highly trained of America's warriors. Never Quit is the true story of how Jimmy Settle, an Alaskan shoe store clerk, became a Special Forces Operator and war hero. After being shot in the head during a dangerous high mountain operation in the rugged Watapur Valley in Afghanistan, Jimmy returns to battle with his teammates for a heroic rescue, the bullet fragments stitched over and still in his skull. In a cross between a suicide rescue mission and an against-all-odds mountain battle, his team of PJs risk their lives again in an epic firefight. When his helicopter is hit and begins leaking fuel, Jimmy finds himself in the worst possible position as a rescue specialist—forced to leave members from his own team behind. Jimmy will have to risk everything to get back into the battle and bring back his brothers. From death-defying Alaskan wilderness training, wild rescues, and vicious battles against the Taliban and Al Qaeda, this is an explosive special operations memoir unlike any that has come before, and the true story of a man from humble beginnings who became an American hero.

Into the Wild Jon Krakauer 2009-09-22 NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. "It may be nonfiction, but Into the Wild is a mystery of the highest order." —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. Into the Wild is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

*Wyoming Road Trip by the Mile Marker* Brook Besser 2010-03 NEW REVISED EDITION that simplifies the highway naming and adds a number of new features that make the book easier to understand and navigate. Contact info@nightblazebooks.com with any questions. Please read this entire description and the notes at the end... Yellowstone National Park is the focal point of Wyoming; however, there is so much more if you know where to look. Hidden gems like badlands and petroglyphs can be found in the plains and valleys, and with 15 mountain ranges over 9,000 ft, Wyoming is hardly the boring prairie that many people envision. Even where the plains seem unspectacular there is a rich history along pioneer trails that served as the gateway to the west throughout the 19th century. This book identifies ALL of this, and is simply a book you should not be without. Most Wyoming travel guides are written to explore a specific subject or location, but it would take a stack of books to cover the state for all subjects. Think of these books as a mile wide and 100 miles deep. This remarkable guide, on the other hand, has most everything in the entire state laid out by the highway mile markers so you will always know what is ahead and exactly how to get there. This book covers National Parks and Monuments, State Parks, sightseeing, camping, picnicking, hiking, historical sites, archaeological sites, rest areas, RV dumps, and general points of interest. The book has over 1900 entries, so think of it as 100 miles wide and 10 miles deep -- enough information to get around, but not an overload of information to wade through. Without a book like this putting together a trip across the state requires a great commitment of time and effort. The author knows this, because he has done it many times. In order to provide massive amounts of information into a book of reasonable size and cost, first off the book, it is not a pocket guide but instead is full A4 paper size measuring 8.3 x 11.7 x 0.5 inches. If this was a pocket guide it would be well over a thousand pages. Secondly, the book is laid out in a clear and concise report style format. The descriptions are brief and to the point and not filled with colorful adjectives. Instead the book uses a simple 5-star "Cool Rating" to convey the author's opinion of the impressiveness of each attraction. In addition, the first two lines for each attraction provide the mileage, GPS coordinates, elevation, which entity owns the land, and a grid system that corresponds to the maps in the book, or can locate the attraction on any map. The detailed

directions are also condensed to generally fit on a single line. Just to put a final point on the amount of information in this book, the index is extracted directly from the book itself, and therefore is so comprehensive that it contains over 2,300 entries. So, don't think of whether you should buy this book or that book, this book stands on its own or as the ultimate companion book to any other Wyoming travel book. It will pay for itself many times over in time and fuel savings. If you put it in perspective, the price of the book is around what it costs to operate a vehicle for about 30 miles; maybe 10 or 20 in a big RV -- pretty insignificant. Complete coverage of Yellowstone National Park, Grand Teton National Park, Devils Tower National Monument, Fossil Butte National Monument, Bighorn Canyon National Recreation Area, Fort Laramie National Historic Site, Medicine Lodge State Archaeological Site, Snowy Range, Bighorn Mountains, Wind River Mountains, Sinks Canyon State Park, Guernsey State Park, Glendo State Park, Keyhole State Park, Green River Lakes, Casper Mountain Park, Jackson Hole and much more. NOTES: Because grayscale photos never do justice to things of beauty, the book contains no photos. However, dozens of color photos can be seen on the book website [wyomingroadtripbythemilemarker.com](http://wyomingroadtripbythemilemarker.com).

**Amnesia** Cambria Hebert 2017-06-12 I washed ashore in a little lake town. A place where everyone knows everyone, yet... No one knows me. I don't know me. If a woman doesn't know her own name, does she really exist? I don't know my natural hair color, my birthdate, or where I live. I am invisible. To everyone, to everything, even to myself. Except to him. I see the recognition deep in his stare, the way it lingers on my face as if I'm a puzzle he's desperate to put together. I just want answers, the truth... knowledge. His lips are sealed. Still, his eyes beguile me. I can't trust anyone, not even myself. Someone wants me dead, the same someone who tried to bury me in a watery grave. They'll come for me again... I won't know their face. I don't even know mine. I am amnesia.

**Black Diamonds** Mór Jókai 1896 We are in the depths of an underground cavern. It is bad enough to be underground, but here we are all enveloped in black as well: the ceiling is black, so are the walls; they are made of blocks of coal. The floor is one great black looking-glass. It is a sort of pond, polished as steel. Over this polished surface glistens the reflection of a solitary light, the light of a safety-lamp shining through a wire net. A man guides himself over the pond in a narrow boat. By the doubtful light of the lamp he sees high pillars, which rise out of the depths below and reach to the very roof of the cavern-pillars slender, like the columns of a Moorish palace. These pillars are half white and half black; up to a certain point only are they coal black, beyond that they are light in color. What are these pillars?
