Buddha and Buddhism Ruth Nason 2008-11 A fresh and attractive introduction to the life, teaching and influence of the Buddha for 9 - 12s (KS2 - KS3)

**God's Generals** Richard A. Gabriel 2017-01-03 Examines how the military experience of three religious founders shaped their spiritual legacy. It is one of the more startling facts of military history that the founders of three of the four "great religions"—Judaism, Buddhism, and Islam—were also accomplished field generals with extensive experience in commanding men in battle. One of these, Muhammad, fought eight battles and was wounded twice, once almost fatally. Another, Siddhartha Gautama (later to become the Buddha), witnessed so much battlefield carnage that he suffered a psychological collapse. Moses had become so much a "god-intoxicated" personality that it is a reasonable suspicion that he, like the Buddha, was murdered. Indeed, had the experiences of these men in war not been so successful, it is quite possible that their achievements as religious leaders would never have occurred. For all three, war and religion were so closely intertwined in their personalities that it is difficult to discern where the influence of one ended and the other began. This book attempts to explore the military lives of Moses, the Buddha, and Muhammad, and the role their war experiences played in their religious lives. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

*The Future of Religious Leadership* Alon Goshen-Gottstein 2018-08-08 The chapters collected in this book, prepared by a think tank of the Elijah Interfaith Academy, address the subject of religious leadership. The subject is of broad relevance in the training of religious leaders and in the practice of religious leadership. As such, it is also germane to religious thought, where reflections on religious leadership occupy an important place. What does it mean to be a religious leader in today's world? To what degree are the challenges that confront religious leadership today the same perennial challenges that have arrested the attention of the faithful and their leaders for generations, and to what degree do we encounter challenges today that are unique to our day and age? One dimension is surely unique, and that is the very ability to explore these issues from an interreligious perspective and to consider challenges, opportunities, and strategies across religious traditions. Studying the theme across six faith traditions--Christianity, Islam, Judaism, Sikhism, Hinduism, and Buddhism--*The Future of Religious Leadership: World Religions in Conversation* recognizes the common challenges to present-day religious leadership. Contributors: Awet Andemicael, Timothy J. Gianotti, Alon Goshen-Gottstein, Anantanand Rambachan, Maria Reis Habito, Meir Sendor, Balwant Singh Dhillon, Miroslav Volf

**The 100 Most Influential Religious Leaders of All Time** Hope Killcoyne 2016-07-15 This book presents biographies of 100 religious leaders who have had the greatest impact on their respective followers, nations, regions, and the world at large. Young readers not only learn about notable leaders of the various strands of Judaism, Christianity, Islam, Buddhism, and Hinduism, but also read about the contributions of offshoot sects and more obscure religions.

**How is Jesus Different from Other Religious Leaders?** Ralph O. Muncaster 2001 A concise, easy-to-understand study, "How Is Jesus Different

from Other Religious Leaders?" presents answers to hard questions of faith. Buddha, Confucius, Gandhi, Jesus -- did they all say the same thing? This step-by-step look at the hard evidence in the Bible details the once-for-all uniqueness of Jesus.

*Buddhism, the First Millennium* □□□□ 1977 An understanding of the early history of Buddhism must come from as much from an appreciation of the spirit imparted to it by its founder as from the accumulation of facts and theories, for the Indian people of time were little inclined to keep detailed historical records, and, like other religious leaders and great thinkers, the Buddha himself left no writings from his own hand. A major effort to formulate the Buddhist canon took place not long after the death of the Buddha. Subsequently there arose differences of interpretation and a schism between the monastic community and the lay community. Nevertheless, Buddhism survived and developed. The author pieces together the fabric of events from the distant past with insightful conjecture to bring to the surface the basic pattern of how and why Buddhism came to be a major world religion. In doing so, he shows that the relevance of the teachings and spirit of the Buddha not only to Indian society as it was then but to the world and mankind as they are now. -- From publisher's description.

**Buddhists Talk About Jesus, Christians Talk About the Buddha** Rita M. Gross 2000-02-01 What does Jesus mean to a Buddhist, or the Buddha to a Christian? What is it about the Buddha that is appealing to a Christian, or unappealing? In this volume 12 scholars, six of them Christian and six of them Buddhists, speak simply and from the heart about their personal relationship to the great religious leader from the other tradition. The diversity of views within each tradition could be a shock to the average Buddhist or Christian on the street. Buddhists argue about Buddha's nature, Buddha veneration, and the role the Buddha plays in human liberation. Christians argue about Jesus' human and divine status, his uniqueness, and the role he plays in human salvation. The contributors celebrate the family likeness between Jesus and the Buddha, but they also acknowledge the differences as well, for it is at the points of difference that potentially there is the most opportunity for growth.

**Eastern Religions** Vasudha Narayanan 2005 Authoritative and accessible, this fascinating volume provides a concise, illustrated introduction to five of the great religious traditions of the world--Buddhism, Hinduism, Taoism, Confucianism, and Shinto. 125 illustrations.

**Prince Siddartha** John L. Atkinson 2015-06-02 Excerpt from Prince Siddartha: The Japanese Buddha In many respects this is a very unusual book. While it has the interest of a story, it will be peculiarly fascinating to many minds because from the Oriental point of view it relates the life of a great religious leader, who bears sway over uncounted millions of our fellow men. This book is not open to the charge of being colored by Western prejudices or preconceived Christian ideas, for it is a translation, not literal, to be sure, but substantially accurate, of the Japanese' own account of their greatest god. It speaks the best word that can be spoken for Buddha and Buddhism. It presents the hero, whether he be a mythical or real character, in the most attractive light. The mellow haze of Oriental imagination covers up whatever is false and hideous in the religion of the East and presents that which is most worth studying. As an account of the best things which a false religion can say for itself, it is well worth reading. As an attempt to put us in sympathetic relation with the thought and aspirations of the devout souls in the far East it has a claim upon every Christian, but above all will it be of use, I believe, in showing every reader how infinitely superior the religion of Christ is to the best of false religions. The light which sometimes shines from Asia is a false and flickering Jack-o'-lantern. Its uncertain rays may lead many a young person astray unless he traces it to its source and finds what a poor phosphorescent glow it is, after all, as compared with the light that shines from the Sun of Righteousness. **Buddhism** T. W. Rhys Davids 2005-12-01 The remarkable fact is, that we have here set forth a view of religion entirely independent of the soul theories, on which all the various philosophies and religions then current in India were based; entirely free from the idolatries and superstitions of the day.... We are struck at once with the analogy between it and the ideals of the last pagan thinkers in Europe before the rise of Christianity, and of some of the most advanced thinkers to-day. And the similarity is no mere chance.-from "The Signs, the Path, and the Fetters" What firsthand sources of information do we have about the life of the Buddha? What are the stages of the Wheel of Life? How well do modes of Eastern and Western thought mesh? One of the late 19th century's foremost experts on sacred Buddhist texts offered this layman's introduction to India's great religious tradition in a series of popular lectures delivered in 1894-1895 at a variety of highly respected educational institutions, including Cornell University, Columbia College, and the Lowell Institute. Published in book form in 1896, the lectures cover: .Religious Theories in India Before Buddhism.Authorities on Which Our Knowledge of Buddhism Is Based.Notes on the Life of the Buddha.The Secret of Buddhism.Some Notes on the History of Buddhism Lucid and informative, this remains an excellent primer on Buddhistic beliefs and practices. British scholar THOMAS WILLIAM RHYS DAVIDS (1843-1922) was an expert in the ancient Indian language Pali and served as professor of Pali at the University of London from 1882 to 1904. He wrote numerous articles about and published many translations of sacred Buddhist texts.

Beyond Religion The Dalai Lama 2011-12-06 A guide to leading an ethical, happy, and spiritual life beyond religion and cultivating key human values, from a beloved world religious leader. Ten years ago, in the best-selling *Ethics for a New Millennium*, His Holiness the Dalai Lama first proposed an approach to ethics based on universal rather than religious principles. With *Beyond Religion*, he returns to the conversation at his most outspoken, elaborating and deepening his vision for the nonreligious way—a path to lead an ethical, happy, and spiritual life. Transcending the religion wars, he outlines a system of ethics for our shared world, one that makes a stirring appeal for a deep appreciation of our common humanity, offering us all a road map for improving human life on individual, community, and global levels. “Best Religious Books of 2011” *Huffington Post* “A book that brings people together on the firm grounds of shared values, reminding us why the Dalai Lama is still one of the most important religious figures in the world.”— “Cogent and fresh... This ethical vision is needed as we face the global challenges of technological progress, peace, environmental destruction, greed, science, and educating future generations.”—*Spirituality & Practice*

*Towards The True Kinship Of Faiths* The Dalai Lama 2010-09-02 No country, no culture, no person today is untouched by what happens in the rest of the world, and globalization presents many challenges. The Dalai Lama understands that the essential task of humanity in the twenty-first century must be to cultivate peaceful coexistence. In this book the Dalai Lama shows how in our globalized world, nations, cultures and individuals can find opportunities to connect through their shared human nature. All faiths turn to compassion as a guiding principle for living a good life. It is the responsibility of all people with an aspiration to spiritual perfection to help develop a deep recognition of the value of other faiths, and it is on that basis alone that we can cultivate genuine respect and cooperation. *Towards the True Kinship of Faiths* is a hopeful yet realistic look at how humanity can embrace a harmonious future.

Makers of Modern Indian Religion in the Late Nineteenth Century Torkel Brekke 2002-12-05 This is a book about religious transformation in South Asia in the nineteenth century. On the one hand, a fundamental conceptual transformation in the world of religion among people who were exposed to English language and culture took place. This transformation crystallized religious communities with sharp boundaries and distinct histories. On

the other hand, the emerging feeling of religious-communal identity motivated religious and lay leaders to work in the interest of the community. This book is about both of these interrelated developments: the conceptual change and the application of the new ideas to political discourse; the construction and the politics of religious identity.

*And Live Rejoicing* Huston Smith 2012-08-22 Spiritual trailblazer Huston Smith has written comprehensive books about religion and a memoir of his own life, but nowhere has he merged the two elements of seeking and experience with such storytelling flair as he has in these pages. Few have done as much as Smith to explore and illuminate the world's religions and spiritual traditions, and none have done it with such accessibility, wonder, and delight. In this joyous volume, he looks back on his extraordinary life, describing riveting scenes with unforgettable characters in India, Africa, Tibet, and Japan. Smith's charm and exuberance come through on every page.

**Buddhist and Protestant Korean Immigrants** Okyun Kwon 2003 Kwon explores how Korea's two major religious groups, Buddhists and Protestants, have emigrated and how their religious beliefs affect their adjustments after immigration. Kwon bases his study on a survey of 114 Korean congregations, participatory observation of a Buddhist temple and a Protestant church, and in-depth interviews with 109 devout immigrants. He finds that non-religious variables-urban background, educational level, and social class-have a greater effect on adjustment to the host society than religion does. Religious congregations promote members' social capital for adjustment, but at the same religious participation serves as a barrier to assimilation.

**Buddha & Christ** Robert Elinor 2000 Exploring the visual images produced by two of the world's great religions, this text considers the cultural and spiritual translations that inform and support them, focusing on three key principles. Firstly, it looks at how these images embody history, myth and doctrine, offering a comparative introduction to Buddhism and Christianity. Secondly, it invites readers to see similarities and differences between the images as local inflections of a universal archetype, and the basis for dialogue between two faiths. Finally it aims to make some of the world's most profound and moving art more accessible by illustrating and explaining its patterns and styles.

**Thoughts On The East** Thomas Merton 2000-02-01 The Eastern religious traditions, especially the varieties of Buddhism, were the last great passion in Thomas Merton's life. His participation in a monastic conference in Asia led to his premature, accidental death. He discoursed on equal terms with the Dalai Lama, and extracts from their interviews appear in this book. The introduction brings together extracts from Merton's "Asian Journal" (Hinduism and varieties of Buddhism), and other short works on Eastern religions written in the last few years of his life. They all combine to demonstrate the breadth of vision that is such an integral part of Merton's lasting appeal, his quest for a deeper unity underlying apparent fragmentation. They might be regarded as steps toward the great book on monasticism that Merton might have written but never did. As they stand, they provide Merton's essential definitions of the religions that so interested him in the last years of his life, and of which he became a skilful Western interpreter.

**In the Path of the Masters** Denise Lardner Carmody 2015-05-20 Reflecting on the legacy of four great religious figures, this book places each in

their historical context, offers glimpses of what they were like personally, assesses how they saved their followers from confusion, and traces each religious tradition after its founder's death.

**Spiritual Masters of the World's Religions** Victoria Kennick 2012-12-28 Discusses the notion of a spiritual master and looks at examples in a variety of world religions. What is a spiritual master? *Spiritual Masters of the World's Religions* offers an important contribution to religious studies by addressing that question in the context of such themes as charismatic authority, role models, symbolism, and categories of religious perception. The book contains essays by scholar-practitioners on the topic of spiritual masters in Judaic, Christian, Islamic, Hindu, Sikh, Buddhist, Confucian, and Daoist traditions. It provides a full spectrum of exemplars, including founders, spiritual masters who highlight cultural themes, and problematic figures of modern times. To define spiritual master, the work of Max Weber, Mircea Eliade, Daniel Gold, and Bruce Lincoln is referenced to provide a balanced notion that includes both religionist and reductionist perspectives. This book takes readers from the past spiritual masters to the future of masters of any sort, posing food for thought about the future of master-disciple relationships in an emerging age of egalitarian sentiments. Victoria Kennick is Professor of Humanities at the University of Maryland University College and the author of *Introducing World Religions*. Arvind Sharma is Birks Professor of Comparative Religion at McGill University. His many books include *Hinduism as a Missionary Religion*; *One Religion Too Many: The Religiously Comparative Reflections of a Comparatively Religious Hindu*; and *Religious Studies and Comparative Methodology: The Case for Reciprocal Illumination*, all published by SUNY Press.

**Tibetan Buddhism: A Very Short Introduction** Matthew T. Kapstein 2013-09-27 The Tibetan Buddhist tradition has known over thirteen centuries of continuous development. During that time, it has spread among the neighboring peoples - the Mongol, Himalayan, and Siberian peoples, Manchus and Chinese. At its height it has been practiced in regions as far west as the Volga river and to the east in Beijing. Its capacity for creative adaptation is demonstrated by its recent growth in Europe and America. At the same time, it is at the center of political contestation in ethnically Tibetan regions of China, while its best known exponent, the Dalai Lama, has become one of the most admired religious leaders in the world today. But what does this religion teach? Just what is the position of the Dalai Lama, and how will his succession be assured? Is it true that Tibetan Buddhism is entirely suppressed in China? Scholar Matthew Kapstein offers a brief account responding to these questions and more in this *Very Short Introduction*, in terms that are accessible to students, general readers, journalists, and others who are curious to learn the most essential features of Tibetan Buddhist history, teachings, and practice. About the Series: Oxford's *Very Short Introductions* series offers concise and original introductions to a wide range of subjects--from Islam to Sociology, Politics to Classics, Literary Theory to History, and Archaeology to the Bible. Not simply a textbook of definitions, each volume in this series provides trenchant and provocative--yet always balanced and complete--discussions of the central issues in a given discipline or field. Every *Very Short Introduction* gives a readable evolution of the subject in question, demonstrating how the subject has developed and how it has influenced society. Eventually, the series will encompass every major academic discipline, offering all students an accessible and abundant reference library. Whatever the area of study that one deems important or appealing, whatever the topic that fascinates the general reader, the *Very Short Introductions* series has a handy and affordable guide that will likely prove indispensable.

**Buddhism in America** Richard Hughes Seager 2012-07-03 Over the past half century in America, Buddhism has grown from a transplanted philosophy to a full-fledged religious movement, rich in its own practices, leaders, adherents, and institutions. Long favored as an essential guide to this history, *Buddhism in America* covers the three major groups that shape the tradition—an emerging Asian immigrant population, native-born converts, and old-line Asian American Buddhists—and their distinct, yet spiritually connected efforts to remake Buddhism in a Western context. This edition updates existing text and adds three new essays on contemporary developments in American Buddhism, particularly the aging of the baby

boom population and its effect on American Buddhism's modern character. New material includes revised information on the full range of communities profiled in the first edition; an added study of a second generation of young, Euro-American leaders and teachers; an accessible look at the increasing importance of meditation and neurobiological research; and a provocative consideration of the mindfulness movement in American culture. The volume maintains its detailed account of South and East Asian influences on American Buddhist practices, as well as instances of interreligious dialogue, socially activist Buddhism, and complex gender roles within the community. Introductory chapters describe Buddhism's arrival in America with the nineteenth-century transcendentalists and rapid spread with the Beat poets of the 1950s. The volume now concludes with a frank assessment of the challenges and prospects of American Buddhism in the twenty-first century.

**The World of Tibetan Buddhism** Dalai Lama 2005-06-10 With characteristic humility, His Holiness the Dalai Lama begins this landmark survey of the entire Buddhist path by saying, "I think an overview of Tibetan Buddhism for the purpose of providing a comprehensive framework of the path may prove helpful in deepening your understanding and practice." In this book, the Dalai Lama delivers a presentation that is both concise and profound, accessible and engaging. As readers explore Tibetan Buddhism more fully than ever before, they will find in His Holiness a great friend and authority.

**Beyond Dogma** His Holiness The Dalai Lama 1996-06-25 Beyond Dogma presents a record of a 1993 visit to France by His Holiness the Dalai Lama, recipient of the 1989 Nobel Peace Prize and the world's most prominent Buddhist leader. During a series of public lectures and question-and-answer sessions with political activists, religious leaders, students, scientists, Buddhist practitioners, and interfaith organizations, His Holiness responds to a wider range of contemporary social, political, and religious issues. Topics include the practice of Buddhism in the West; nonviolence, human rights, and the Tibetan crisis; ecumenical approaches to spirituality; the meeting of Buddhism and science; and more.

**Buddhist Approach to Global Leadership and Shared Responsibilities for Sustainable Societies** Thich Nhat Tu 2019-05-03 FOREWORD In 1999, the General Assembly of the United Nations adopted the resolution to recognize the Vesak Day as an International Day of Recognition of Buddhists and the contribution of the Buddha to the world. Since then, the people and the Royal Government of the Kingdom of Thailand, in general, and Mahachulalongkornrajavidyalaya University, in particular, were very honored to have successively and successfully held for twelve years the United Nations Day of Vesak Celebrations in Thailand. From 2004 to date, we have come a long way in the celebrations, and we are happy to be the host and organizer, but it is time for the celebrations to grow and evolve. The United Nations Day of Vesak is coming to maturity, with twelve celebrations under our belt, much experience gained, and it is time now to share this with others. There will always be room for growth and development, and we are elated to see it grow. In 2006-2007, having joined the International Organizing Committee for the UN Day of Vesak as Deputy Secretary General, Ven. Dr. Thich Nhat Tu has played a crucial role in building strong relationships between the National Vietnam Buddhist Sangha and the International Council for Day of Vesak in particular and the Global Buddhist communities in general. We have supported and congratulated Vietnam on organizing successful UNDV celebrations and conference in 2008 and 2014, respectively. We have full trust in Vietnam being the host of UNDV 2019 for the third time. We like to thank all those who have contributed to the success of previous celebrations and wish all future celebrations be successful. The teachings of the Buddha see no boundaries; the minds of all are alike; the sufferings of all are similar and truly; and the liberation of all is the same. We are happy to initiate the process, develop the scope, and now it is time for others to follow in similar footsteps, evolve the celebrations into a truly international event that can be shared with Buddhists and Non-Buddhists alike. Let the Dhamma of the Buddha be the beacon to the world, shredding away the ignorance within our hearts, bringing development into sustainable capacity for humanity and more importantly, peace and harmony to the world. Most Ven. Prof. Brahmapundit President, International Council for Day of Vesak (ICDV)

President, International Association of Buddhist Universities (IABU) ----- PREFACE The history of mankind records how the Buddha got enlightenment and showed a path which not only leads but also guides the world till date. That is solely to emanate wisdom and offer insights which help us overcome numerous challenges and achieve the welfare of humanity. Recognizing his pragmatic approach, values and contribution of Buddhism, the United Nations in a resolution in 1999 decided to celebrate the Triply Blessed Day of Vesak (Birth, Enlightenment and Passing Away of Gautama), falling mostly in a lunar calendar in the month of May. The first celebrations were held way back in the year 2000 at the United Nations Headquarters in New York and subsequently the day has been celebrated hugely in different countries. Today our planet is confronted with a number of crises and unprecedented natural disasters. The imminent threat of terrorism and ethnic violence, tackling poverty, providing education and sustainable development leads us to strive for social justice. There is an urgent need for concerted and constant planning and right effort at an international level to foster permanent peace in the societies and in the lives of individuals. Against the backdrop of such widespread misery and strife leading to complex issues and crises, Buddhism with its rich heritage of tolerance and non-violence can contribute immensely and inspire us with His message of loving-kindness, peace and harmony in today's world. The United Nations Day of Vesak (UNDV) 2019 is a testimony to this fact. Vietnam got the chance and responsibility of hosting this international Buddhist event UNDV in 2008 and 2014 respectively. The event proved an amazing spectacle of religious and spiritual festivity, with thousands of Buddhists from around the world converging in Vietnam, to spread the Buddha's message of peace, love and harmony. This is the third time that Vietnam is hosting this important international event which is viewed by Buddhists as an opportunity to spread the Buddha's message and values of love, peace, non-violence, tolerance and compassion across the world. It is a great honor for Vietnam, the Vietnamese people, the National Vietnam Buddhist Sangha and Buddhists all around the world to participate in the UNDV celebrations and spread the rich Buddhist heritage, especially its teachings of equality, social justice, respect and understanding for the benefit of all humanity. World Buddhists and particularly the Vietnamese people are excited about their country hosting this auspicious and important event for the third time. This international religious, cultural and academic event would also certainly promote interaction and exchange of Buddhist cultural and intellectual values among diverse countries. The International Buddhist conference with the main theme of "Buddhist Approach to Global Leadership and Shared Responsibilities for Sustainable Societies" during the celebrations could not have been more relevant and timely. The present book is the outcome of one workshop representing one perspective of the conference. Other perspectives of the conference include: (i) Mindful Leadership for Sustainable Peace, (ii) Buddhist Approach to Harmonious Families, Healthcare and Sustainable Societies, (iii) Buddhist Approach to Global Education in Ethics, (iv) Buddhism and the Fourth Industrial Revolution, and (v) Buddhist Approach to Responsible Consumption and Sustainable Development. This international conference aims to foster co-operation among Buddhist communities and institutions, and to develop Buddhist solutions to the global crisis. Papers selected for this volume are those that combine thematic relevance, familiarity with the main theme or sub-themes, significant research in primary resources, innovative theoretical perspectives, clarity of organization and accessible prose style. Acceptable articles in this volume are determined by the Academic Peer-Review Committee. UNDV 2019 certainly is an opportunity for the world Buddhists, the National Vietnam Buddhist Sangha and all the members of the international community to benefit from the rich traditions, values and spiritual ideals of Buddhism. The pragmatic path shown by Buddha can make the world a better, safer, more peaceful and harmonious place to be cherished and enjoyed by all sentient beings. On behalf of the National Vietnam Buddhist Sangha and myself, I would like to warmly welcome President of Myanmar, H.E. Mr. U Win Myint, Prime Minister of Nepal, Right Hon. Mr. K.P. Sharma Oli, Vice President of India, H.E Mr. Shri M. Venkaiah Naidu, Chairperson of the National Council of Bhutan, H.E. Mr. Tashi Dorji, Under-Secretary-General of the United Nations/ Executive Secretary of the Economic Commission for Asia and the Pacific, H.E. Ms. Armida

Salsiah Alisjahbana, Director-General of UNESCO, H.E. Ms. Audrey Azoulay, Ambassadors, and many other dignitaries. It is my honor to warmly welcome National Assembly Chairwoman H.E. Ms. Nguyen Thi Kim Ngan, Prime Minister of Vietnam, H.E. Mr. Nguyen Xuan Phuc, President of the Vietnam Fatherland Front Central Committee H.E. Mr. Tran Thanh Man, Permanent Deputy Prime Minister H.E. Mr. Truong Hoa Binh, Deputy Prime Minister-Minister of External Affairs H.E. Mr. Pham Binh Minh, other dignitaries including former Political leaders of the Government of Vietnam. I extend my warmest welcome to all respected Sangharajas, Sangha Leaders, Buddhist Leaders, Sangha members and 1600 Buddhist Scholars and practitioners from 115 countries and territories, participating in this international celebration and conference. Let me thank all of you for your contributions to this celebration and Conference. My heartfelt thanks are extended to respected members of the Supreme Patriarch Council and Executive members of the National Vietnam Buddhist Sangha, especially 25 sub-committees for UNDV 2019 in Vietnam for their devotion and contribution. I take this opportunity to express here my profound gratitude to Most Ven. Prof. Brahmapundit for his continuous supporting Vietnam to host this international event. I also thank profusely all members of the International Council for Day of Vesak (ICDV), Conference Committee and Editorial Board for their devotion. I am grateful to Mr. Xuan Truong for his generosity and other donors, sponsors, volunteers and agencies from the public sector and the private sector for their excellent contribution. This publication and other 29 books printed for Vesak could not have been possible without the persistence, hard work, and dedication of Editorial Committee for their devotion including Most Ven. Dr. Thich Duc Thien, Prof. Le Manh That, and especially Most Ven. Dr. Thich Nhat Tu serving as the international conference coordinator. I extend my warmest and best wishes to all the delegates and participating countries on this special occasion which strengthens our resolve to improve the world by walking on the path shown by the Lord Buddha. Whatever merit there is in publishing this book may be transferred over to the welfare and happiness of all sentient beings. May all sentient beings be happy and released from suffering. We wish the celebration of the United Nations Day of Vesak 2019 in Vietnam every success. Most Ven. Thich Thien Nhon President of National Vietnam Buddhist Sangha Chairman of the United Nations Day of Vesak 2019 in Vietnam

*God among Sages* Kenneth Richard Samples 2017-01-31 Was Jesus just a spiritual leader, like Buddha, Krishna, Confucius, and Muhammad? Or is he something more--something else entirely? In *God among Sages*, apologist Ken Samples offers readers a biblical and historical portrait of Jesus, grounded in the claims Jesus makes about himself. Then Samples compares and contrasts Jesus with Buddha, Krishna, Confucius, and Muhammad using eight relevant categories of evaluation. He also helps readers understand the competing philosophies of religious pluralism, inclusivism, and exclusivism. The result is a clearer understanding of what sets Jesus apart as not simply a teacher to follow but God himself, worthy of our full allegiance and worship. Christians who struggle to answer claims that Jesus was just a good teacher, as well as those haven't quite made up their

minds about Jesus's claims to divinity, will value this accessible introduction to comparative religions.

**The Buddha** John Strong 2009-01-15 From his many births to his deathbed deeds, this authoritative biography unites the Buddha of history with the Buddha of legend in a bid to reveal the lasting spiritual relevance at the heart of the Buddhist tradition. Acclaimed scholar John Strong examines not only the historical texts, but also the supernatural accounts that surround this great religious figure, uncovering the roots of many Buddhist beliefs and practices. Accompanied by helpful charts and tables, and drawing on a vast array of primary sources, the text also features such key topics as: biographical accounts from all the Buddhist schools, an analysis of the Buddha's enlightenment, the life of the Buddha as depicted by Buddhist art and rituals, and the relics of Siddhartha Gautama, and how they continue his story, even after his lifetime.

The Dawn of Religious Pluralism Richard Hughes Seager 1993 Nothing like the 1893 World's Parliament of Religions had been seen in the history of the world, and nothing like it was to be seen for again for many years: a gathering of representatives of numerous world religions for an exchange of views. It was a turning point in American life, presaging the multiculturalism of a century later. This volume contains a selection of 60 representative and revealing addresses given to the Parliament, with authoritative introductions and notes. The addresses include contributions by Protestant mainstream ministers, African-Americans, Roman Catholics, Orthodox Christians, Jews, Muslims, Buddhists, Hindus, and representatives of other Asian religions. Also included are various "points of contact and contention," in which religious leaders attempted to analyze or reach out to their counterparts in other traditions.

Religions View Religions Jerald D. Gort 2006 Because religion is so central to the lives and experience of the vast majority of people throughout the world, it figures very prominently in a variety of ways in interhuman relations. Unfortunately, 'religion' often appears to be one of the potent sources of mistrust, discord and strife between and among individuals, groups and cultures. What frequently lies at the root of such suspicion and dissension is general ignorance concerning the religious other, a lack of knowledge about his or her beliefs, aspirations and views of the good and morally honorable life. And even if people have some factual knowledge about other religions, they regularly display little understanding of them and their adherents. Learning both to know and understand people of other faiths and their religions is absolutely requisite to the realization of paradigms of coherent and intelligent 'convivance,' that is, living together in sensible, peaceable and cooperative harmony. An effective agency for fostering such knowledge and understanding is the discipline of theology of religions, which examines how religions have and ought to view other religions. And it is particularly the practice of comparative theology of religions which bears the most promise in this regard. The present symposium consists of precisely this kind of comparative exercise and may be viewed as an important contribution to the development of a new project which endeavors to enlarge the horizon and broaden the focus and reflection of theology of religions as that has been gradually developed during the last few decades, a new enterprise, in other words, which seeks to universalize and mutualize theology-of-religions discourse. One of the important things this volume shows is that the views religions have of other religions differ from one another in very substantial ways, which is explained by the fact that they derive from diverging paradigms of faith, belief and ritual and specific cultural and social contexts. This textbook demonstrates how strongly different Hindu, Buddhist, Shinto and Confucian views are from those of Islam, Judaism and Christianity, which latter in turn also exhibit considerable differences among themselves. These differences are greater than people immersed in their own cultures often realize or expect. It is becoming ever more clear that ignorance of or disinclination to acknowledge or refusal to accept these real differences constitute major root causes of serious conflicts in the world. The essays in this book, written by representatives of the major world religions, offer descriptive and/or prescriptive appraisals of other religions in general or one other religion in particular from the perspective of the religion of the author concerned. It is hoped that this unique exercise in intercultural theology of religions will generate insights and new forms of understanding which can be used by religious

leaders and other educators to help correct the disposition toward religious haughtiness, insularity and communalism and the dangerous leanings toward interreligious suspicion, antipathy and animosity which are all too often evident in our contemporary societies.

**The Great Religious Leaders** Charles Francis Potter 1958

Toward a True Kinship of Faiths Dalai Lama 2011-09-06 "A must read." -The Huffington Post "May the effort of this book be of benefit to the emergence of a genuine understanding between the world's great religions, and may it foster in us deep reverence toward each other." The Dalai Lama In perhaps his most important book, the Dalai Lama shares his hopeful yet realistic views on how humanity must step into the future. In our daily lives today no one is untouched by what happens in the rest of the world. New technology, environmental problems, economic gain and loss, nuclear weapons, and instant communication have all created unprecedented familiarity among the world's many cultures. With this historic development, the Dalai Lama understands that the essential task of humanity in the twenty-first century is to cultivate peaceful coexistence. Many believe in the inevitability of an escalating "clash of civilizations". Peaceful coexistence has long been problematic between religions, and while previous conflicts over religious differences may have been significant and regrettable, they did not threaten the very survival of humanity. Now, when extremists can persuade followers with the immense emotional power of faith and have access to powerful technological resources, a single spark could ignite a powder keg of frightening proportions. Yet the Dalai Lama shows how the challenges of globalization can also move us in another direction, to a deeper plane where nations, cultures, and individuals connect through their shared human nature. All major religions confront the same perennial questions; each have distinct forms of expression. But this marvelous diversity of insight has the potential for inspiring dialogue which can enrich everyone's pursuit of wisdom. In Toward a True Kinship of Faiths, the Dalai Lama also explores where differences between religions can be genuinely appreciated instead of becoming sources of conflict. Creating genuine harmony does not depend on accepting that all religions are fundamentally the same or that they lead to the same place. Many fear that recognizing the value of another faith is incompatible with having devotion to the truth of one's own. Nevertheless, the Dalai Lama shows how a sincere believer can, with integrity, be a pluralist in relation to other religions without compromising commitment to the essence of the doctrinal teachings of their own faith. An issue of central importance for the Dalai Lama personally and for the entire world in general, Toward a True Kinship of Faiths offers a hopeful yet realistic look at how humanity must step into the future.

**The Leader's Way** HRH the Dalai Lama 2011-03-04 Born out of a decade of discussion and collaboration between The Monk and the Management Consultant - His Holiness the Dalai Lama and Laurens van den Muyzenberg - The Leader's Way represents the synthesis of East and West and provides an inspiring manifesto for business change. The world today faces many challenges. While our total wealth has increased enormously and we benefit from technological miracles, billions of people are living in abject poverty, we face the threat of environmental disaster, and even those in prosperous nations feel insecure about the future. Addressing these problems requires a different kind of leadership which sees things as they really are and resolves them in a holistic way. That is what The Leader's Way offers - a manifesto for change which can have an impact at every level, from the individual to the global.
